

Government Center Lobby Improvements

July 14, 2025

UNIONCOUNTY
north carolina

Project Summary

Goals

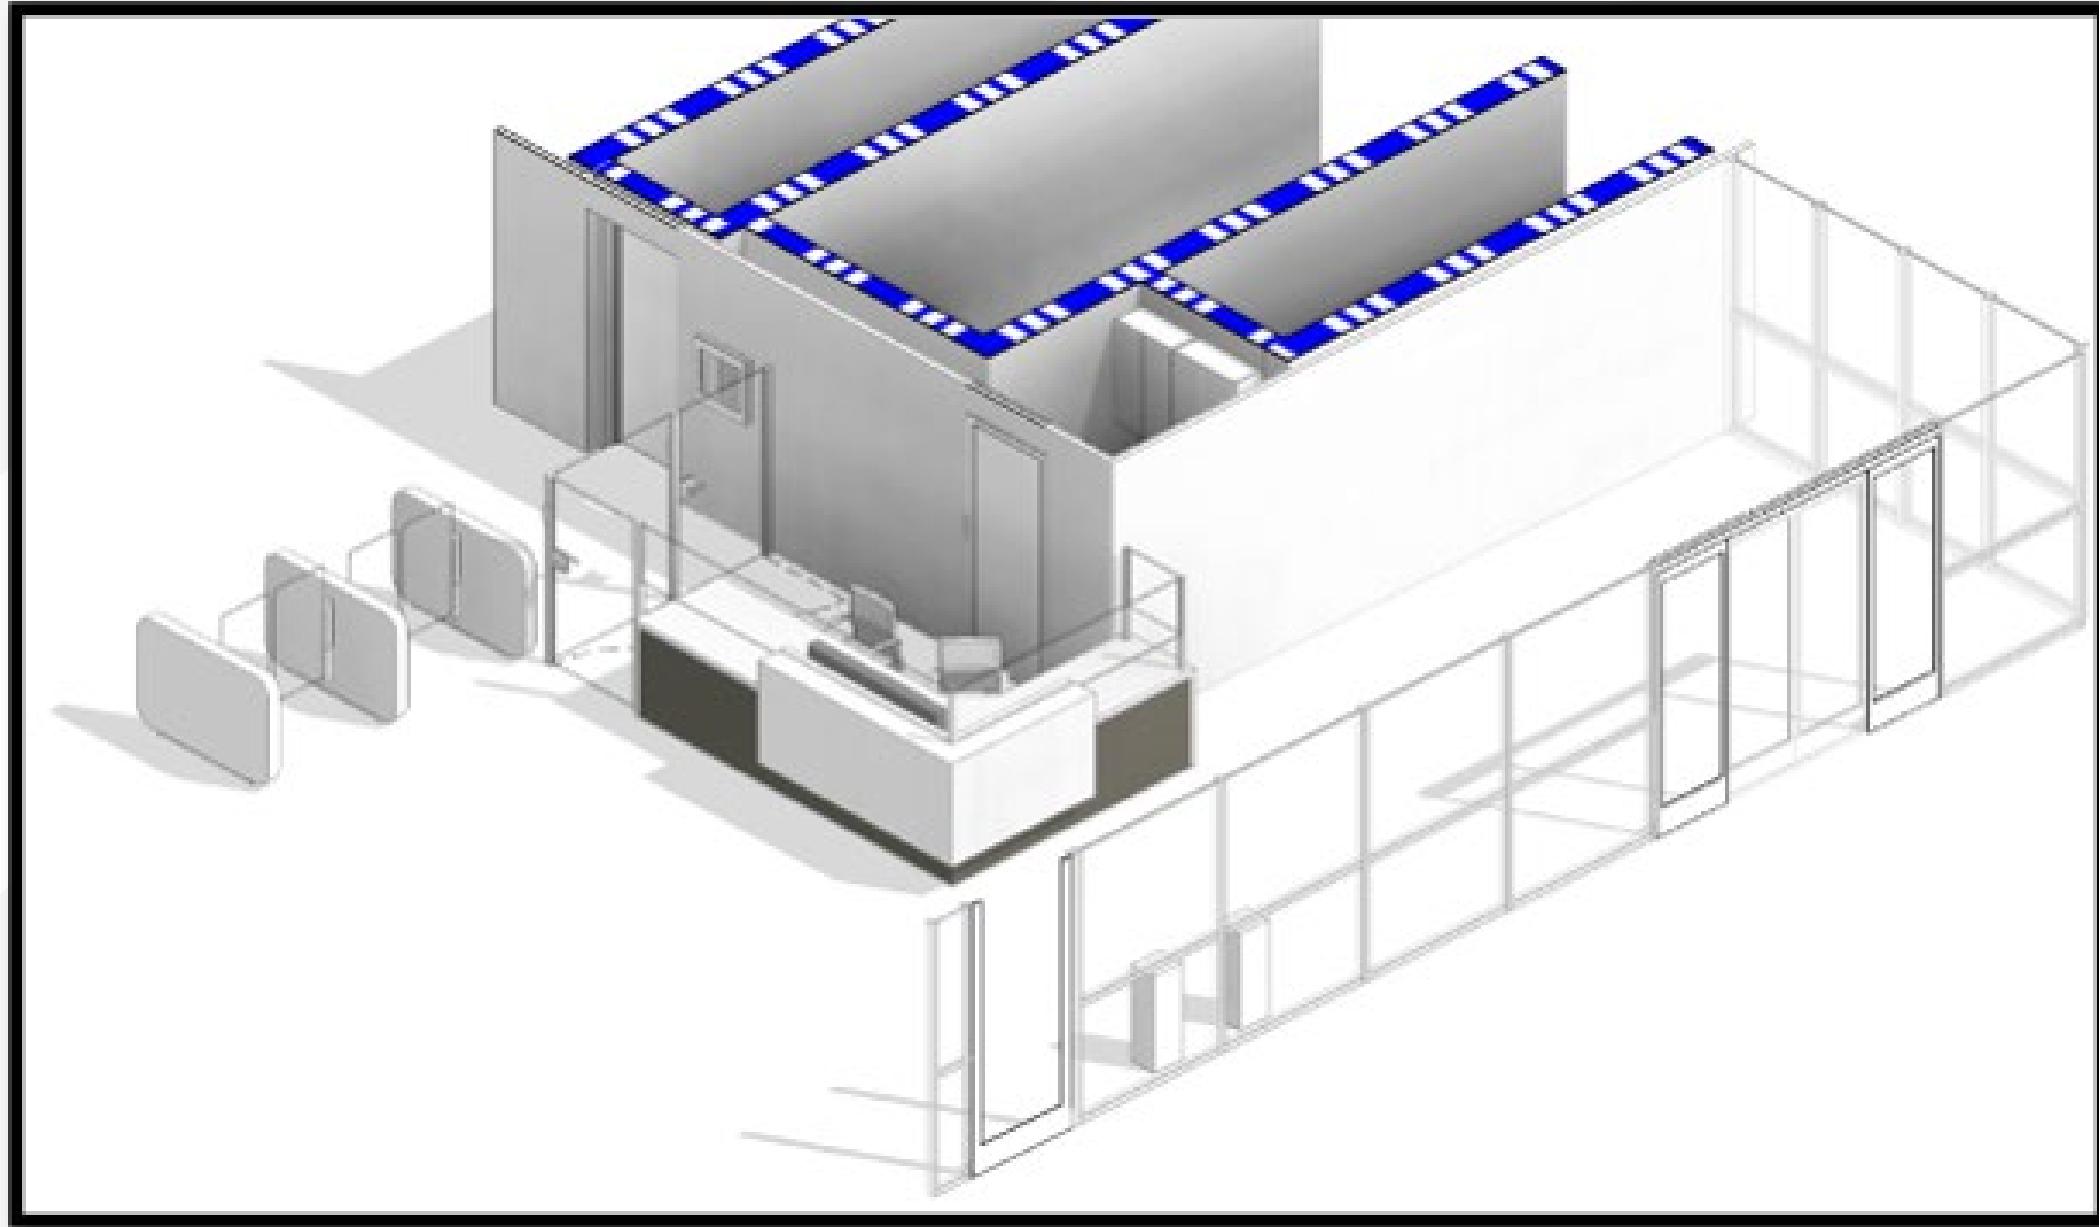

- Enhance customer service with improved access, better organized visitor flow, and more up-to-date finishes

Planned Improvements

- New visitor desk
- Turnstiles for entry and exit
- Automated double-sliding doors for main entrance
- Single door for exit with push-plate
- Replace carpet and tile in lobby, 1st floor corridor, Board Meeting Room and Stony Rushing Conference Room

Timeframe

- Construction starts July 21 and lasts approximately 6 months

Impacts

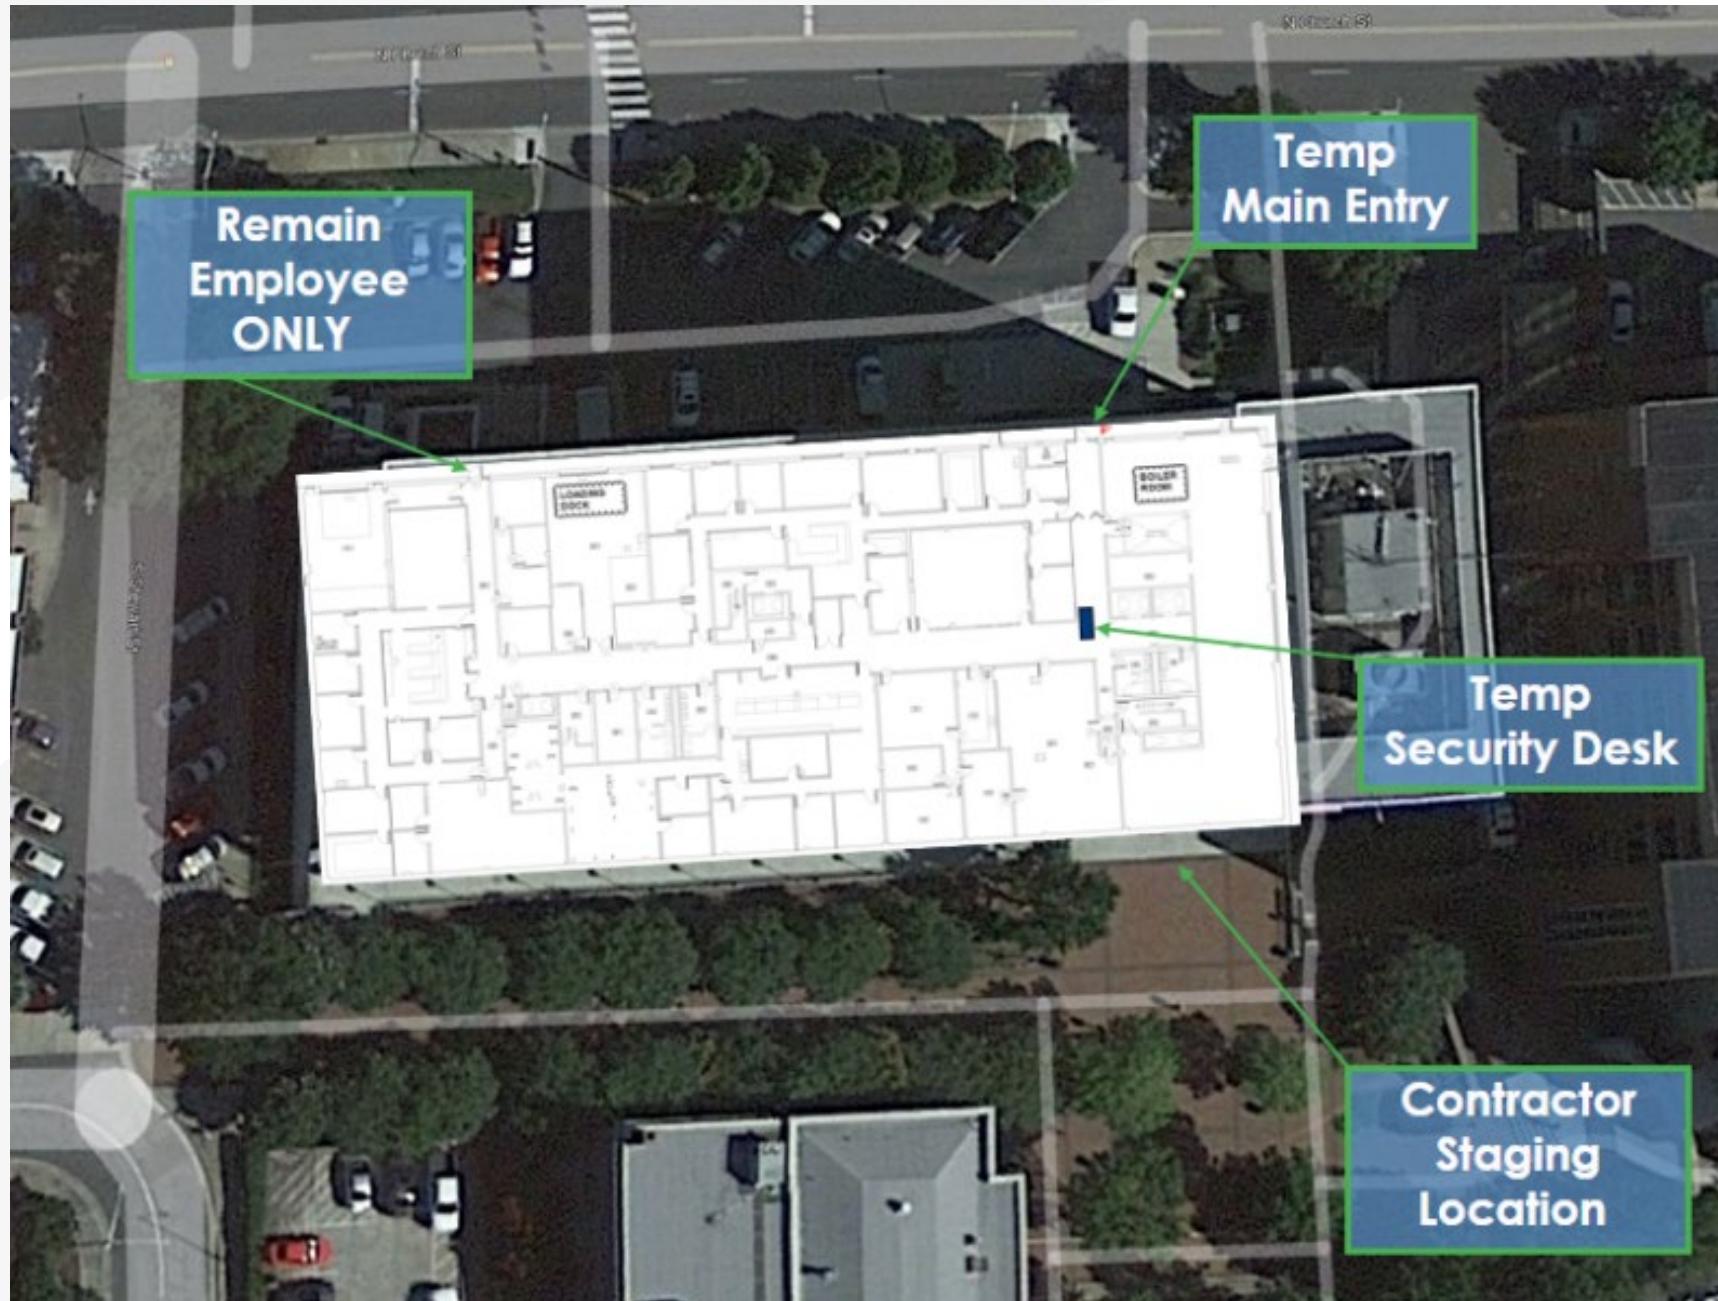

During Regular Business Hours (M-F, 8am-5pm)

- >Main entrance to the Government Center off Main Street Plaza will be closed
- All visitors and staff will enter and exit through the ground floor entrance off Church Street across the street from the public parking lot
- Visitor desk will be temporarily relocated to the ground floor entrance by the main elevators to assist visitors
- Visitors will be able to use the main elevators to access floors 2 and up
- Visitors can access the Tax Office on the 1st floor by using the alternate elevator on the ground floor near Building Code Enforcement
- Wayfinding signage will help direct visitors on the ground floor
- Additional ADA accessible parking space will be added to the rear parking lot adjacent to the Government Center

Impacts

During Board Meetings

- Visitors can access Board meeting chambers by using the alternate elevator on the ground floor by Building Code Enforcement
- Wayfinding signage will help direct visitors on the ground floor
- Staff is working to provide a second secure check-in for visitors just outside the Board meeting room to minimize impact on visitors during Board meetings
- Board members can use County ID badge to enter at the employee-only entrance

plant your future.

Pardon Our Progress

We're renovating our first-floor
lobby & corridor to serve you better.

During the renovation, please use the
ground floor entrance off N. Church Street
to enter and exit the Government Center.

Estimated Project Timeframe
July 2025-January 2026
