All overtime worked in every department must have the prior approval of the County Manager, except in cases where emergency situations occur. Accounting for overtime for all departments shall be done on the official payroll time cards. Overtime for law enforcement and detention employees, however, shall be based on a 14-day cycle with overtime being any hours worked in excess of 86 hours for law enforcement and detention employees during the cycle. All overtime shall be paid or compensated for in accordance with the FLSA.

(b) The payment in cash for overtime will be made only for hours worked over and above a 40- hour, seven-day work week for other than law enforcement and detention employees. Overtime payment for covered nonexempt law enforcement and detention employees will be made only for hours worked over and above 86 hours during a 14-day cycle.

(c) Hours worked in excess of those listed in the preceding paragraphs are considered overtime for pay purposes. Pay for vacation time, sick time, holidays, etc. is not pay for time worked and is therefore not considered as hours worked for purposes of overtime computations. Pay for overtime hours worked shall be at the rate of one and one-half times the employee's hourly rate of pay.

(d) Compensatory time off for overtime hours worked may be provided in lieu of immediate overtime pay in cash in accordance with appropriate current FLSA rules, at the option of the County Manager, for covered nonexempt employees.

(1) Covered nonexempt employees shall be granted compensatory time for overtime hours worked at a rate of one and one-half hours for each hour of overtime worked subject to the following provisions:

- a. The maximum compensatory time which may be accrued by any affected employee shall be 480 hours (i.e. not more than 320 hours of actual overtime hours worked) for all law enforcement and detention employees and 240 (i.e. not more than 160 hours of actual overtime hours worked) for all other employees. An employee who has accrued the maximum number of compensatory hours shall be paid overtime compensation in cash for any additional overtime hours of work.
- b. An employee shall be encouraged to use accrued compensatory time within a reasonable period, e.g., within 30 days, if to do so would not unduly disrupt the operations of the work site.
- c. Nonexempt employees having accrued compensatory time upon termination of employment shall be paid for such time which shall be calculated at the average regular rate of pay for the final three years of employment, or the final regular rate received by the employee, whichever is higher.
- d. Compensatory time off is encouraged with covered nonexempt employees when it is given within the same work week and for law enforcement and detention employees within a 28-day cycle to avoid an overtime situation from occurring.

(2) Exempt employees shall not receive payment or compensatory time off for hours worked, travel time, attendance at meetings, etc. in excess of the normal work week. However, exempt employees who are asked to work on a weekend or Union County observed holiday may work with their supervisor regarding time off at another time.

SECTION 12

Payroll Procedure

Revised June 21, 2021

All employees shall be paid on a bi-weekly basis, with every other Thursday designated as pay day. The check will reflect the two weeks preceding the week containing the pay day. If pay day falls on a County- observed holiday, employees will be paid on the last working day before the holiday.

SECTION 13

Salary adjustments shall become effective on the date of the actual adjustment and will be reflected in the paycheck that is compensation for work performed during the pay period immediately following the adjustment.

Supervisors will endeavor to respond to the employee's vacation leave request(s) within ten (10) calendar days of his/her request(s) for use of vacation.
- c. If operational needs do not permit the approval of simultaneous requests for vacation leave, preference in granting the request shall be based on the respective seniority of the employees.
- d. Vacation leave may be requested by eligible employees after satisfactorily completing three (3) months of initial service subject to the prior approval of the immediate supervisor.
- e. Employees are cautioned not to retain excess accumulation of accrued vacation leave until late in the "Leave Year" due to the necessity to keep all County functions in operation. If an employee has excess leave accumulation during the latter part of the leave year and is unable to take such leave

because of staffing demands, the employee shall receive no special consideration either in having accrued vacation leave approved or in receiving any exception to the maximum accumulation.

3.8 Coordination of Vacation Leave

- a. Pay in lieu of vacation shall not be an option.
- b. The County does not advance vacation time. Employees must have earned vacation leave before the leave may be used.
- c. Vacation leave used to complete a two-week resignation after the last day of actual work may not be approved in light of the work needs, training availability, and transition duties of an exiting employee, in the discretion of their supervisor.
- d. If an employee is on vacation and becomes hurt or ill, that person may exercise the option to use sick time; the Department Director may request medical verification.
- e. Holidays occurring during vacation leave will be paid and recorded as holidays.
- f. The floating holiday, vacation leave or compensatory time off may be used to account for an approved absence from a regular work schedule during periods of inclement weather as outlined in this Article.
- g. An employee may request to use the floating holiday, vacation leave or compensatory time off for any (otherwise) unpaid leave for established religious holidays, for Parental Involvement in Schools, or Inactive/Active Duty Military Leave.
- h. After having used all eligible sick leave, an employee may request to use the floating holiday, vacation leave or compensatory time off for a qualified sick leave event under this Article OR a qualified Family and Medical Leave (FML) event.

3.9 Final Disposition of Vacation Leave Benefits

- a. Individuals who separate from employment without failure in performance of duties or personal conduct shall be paid a lump sum payment for unused vacation leave at the time of separation. The separation must be due to resignation, after having given and worked a two-week notice (if required), reduction-in-force, service or disability retirement.
- b. An employee shall not receive a lump sum payment for vacation leave if each of the following conditions occurs: (1) The employee's separation results from dissolution of a County department by the Board of County Commissioners; (2) The Board contracts with another entity for provision of that department's services; (3) The Board, through contractual provision, requires such entity to offer employment to employees of the dissolved department and to accept transfer of their accrued vacation; and (4) The employee accepts such employment. In this event, the employee's accrued vacation leave will transfer to the new service provider.
- c. Upon an employee's death, a sum equal to all unused vacation leave shall be paid to their estate.

SECTION 4

Sick Leave

Revised June 19, 2023

4.1 Purpose

Paid sick leave provides employees protection against loss of income during absences from work due to illness or injury that prevent performance of duties and provides limited paid leave during periods of bereavement. It is intended to cover the needs of the employee and provide a reasonable amount of coverage for situations related to the illness or injury of an immediate family member that requires direct care by the employee. Sick leave is intended to be used only for the purposes set forth herein.

Sick leave with pay is a privilege and not an earned right which the eligible employee may demand.

4.2 Eligibility

Sick leave is earned by eligible employees who are either a:

- 1) Full-time employee, **OR**
- 2) Benefited part-time employee.

And who are currently:

- 1) On a pay for work status, **OR**
- 2) On a paid leave status.

Pay for work status is defined as a regularly scheduled work day, a scheduled day off, sick leave with pay, vacation with pay, compensatory time off, or use of the floating holiday.

4.3 Manner of Sick Leave Accumulation

- a. For the purpose of earning sick leave, the twelve (12) month period between January 1 and December 31 is established as the leave year.
- b. Eligible employees who are on pay status the 15th day of the month shall earn a sick leave benefit for that month.

Full-Time Employees

Sick leave is earned at a fixed monthly accrual rate based on the annual number of hours regularly scheduled for work.

Benefited Part-Time Employees

Sick leave is earned at a fixed monthly accrual rate based on the annual number of hours regularly scheduled for work as a percentage of full-time equivalency (FTE) associated with the position.

4.4 Maximum Sick Leave Accumulation

The amount of sick leave that may be accumulated is unlimited.

4.5 Sick Leave Accrual Rates

For the purposes of determining sick leave accrual rates, the 40 hour per week (2080 hours annually) work schedule is designated as the basis for the Standard Sick Leave Accrual Rate. Sick leave accrual rates for all other annualized work schedules are to be calculated as a percentage differential that is either greater than or less than the Standard Rate.

<u>Hours Worked Annually</u>	<u>% of Standard</u>	<u>Sick Hours Per Month</u>
2080	Standard	8
2184	105%	8.4
1768	85%	6.8
1560	75%	6
1325	65%	5.2
1144	55%	4.4

4.6 Sick Leave Transfer from Other Agencies

Unused sick leave earned from another North Carolina Governmental Agency and/or entity, immediately prior to employment with Union County will be accepted and transferred to Union County according to the following provisions:

- a. Verification of unused sick leave must be received in writing by Union County directly from the previous jurisdiction.
- b. The total balance of unused sick leave from the NC local or state government employer of the transferring employee will be verified and recorded by Union County at the time of employment.
- c. Upon the request of the employee, up to twelve (12) sick leave days, at the employee's current rate of accrual, will be transferred and added to the employee's active sick leave balance after completion of the initial six (6) month probationary period.
- d. The remaining balance of prior unused sick leave documented at the time of employment will be recorded in the employee's permanent personnel file. On the fifth anniversary of employment with Union County, the employee may request that the remaining balance of prior unused sick leave be added to their active sick leave balance.

4.7 Coordination of Sick Leave

- a. Payment for sick leave hours in excess of the employee's scheduled work hours shall not be an option. Sick leave is authorized only for the time off that would fall on a scheduled workday.
- b. Pay in lieu of sick leave shall not be an option.
- c. The County does not advance sick leave.
- d. After having used all eligible sick leave an employee may request to use the floating holiday, vacation leave or compensatory time off.
- e. Sick leave cannot be used for vacation purposes. However, sick leave may be used if an employee becomes ill while on vacation leave. A doctor's statement, certifying the dates of illness, will be required in order to make this change upon return to work.
- f. Sick leave used during a vacation leave period does not extend the length of previously authorized vacation leave.

4.8 Requesting Use of Sick Leave

- a. Employees must receive approval from their supervisors to charge absences against accumulated sick leave. To use sick leave, an employee is required:
 - 1) To give at least 30 days advance notice of foreseeable medical needs (e.g., a planned medical treatment) whenever possible to give supervisors maximum opportunity to arrange schedules to accommodate the employee's request and adequately staff the workplace.
 - 2) To notify the appropriate supervisor or their designee of any unplanned sick leave event, as outlined in this Section, for which the employee will be absent from work, consistent with department or agency guidelines for such notification.
- b. In the absence of any formal department or agency guideline for notification of an unplanned sick leave event, the employee is required to provide notice of an absence from work due to an unplanned Sick leave event no later than 30 minutes after reporting time of the first full day that the absence occurs. The employee shall notify the supervisor of the nature of the circumstances bringing about the absence and anticipated length of the absence to allow time to reassign specific duties during the employee's absence. Failure to make this notification to the appropriate supervisor or their designee may prohibit the use of sick leave.
- c. In the case of emergency circumstances, it is the responsibility of the employee to notify his/her immediate supervisor as soon as possible.
- d. The employee may be required to provide their supervisor a physician's certification acceptable to the County for the purpose of supporting sick leave use, its continuance, or the employee's ability to return to work.
- e. If the absence exceeds three (3) consecutive work days, the employee is required to submit a FML Request Form to their immediate supervisor. (Administrative Note: The FML Employer Response Form must be completed and returned to the employee within two (2) business days.)
- f. The County may request a periodic report on the employee's status with respect to returning to work. These may be made by telephone, written correspondence or sent by fax.

4.9 Use of Sick Leave

Use of accrued sick leave may be approved for the following reasons:

- a. Illness or injury of the employee that prevents the employee from performing the essential functions of his /her job.
- b. Appointment for medical or dental examination or treatment when such appointment cannot reasonably be scheduled before or after scheduled work hours or on a day off.
- c. Quarantine due to a contagious disease in the employee's immediate family, or exposure to a contagious disease when continuous work might jeopardize the health of others.
- d. Caring for members of immediate family during periods of illness, injury or medical/dental appointments. For purposes of this Section, the employee's "immediate family" is defined as the employee's spouse, dependent children, or parents.
- e. The actual period of temporary disability caused or contributed by pregnancy to include: prenatal care, pregnancy related illness, miscarriage, childbirth, and recovery.
- f. For the placement with the employee of a son or daughter for adoption or foster care.
- g. Bereavement
 - i. An employee shall be permitted to use not more than five days of sick leave when an absence is required due to the death of the employee's spouse, parent, child, brother, sister, grandparent, grandparent-in-law, parent-in-law, sister-in-law, brother-in-law, step-parent, step- child, son-in-law, daughter-in-law, grandchild, foster parent, or legal guardian. Employees may be requested to provide proof of relationship or guardianship.
 - ii. An employee shall be permitted to use not more than one day of sick leave for bereavement or funeral attendance due to the death of an extended family member or close personal friend.
 - iii. The floating holiday, vacation leave or compensatory time off may be requested for any additional bereavement time off other than as outlined above.
 - iv. The employee shall provide notice to the immediate supervisor as to the need for and likely length of any such bereavement leave.
 - v. The employee may be required to provide their supervisor adequate proof of the death (e.g. a newspaper obituary).

4.10 Sick Leave Abuse

Acceptable certification or documentation will be required whenever the supervisor has sufficient justification to believe that the employee is abusing sick leave or is using sick leave as it is earned and otherwise does not have a valid reason for requesting sick leave. An attendance record indicating a pattern of excessive use or previous abuse of sick leave is considered sufficient justification.

- a. Abuse of sick leave is defined as the use of sick leave for purposes other than those outlined in this Section.
- b. Supervisors should periodically analyze attendance records for evidence of possible abuse (e.g., patterns of unplanned absences such as frequent absences on Fridays/Mondays, seasonal absences, absences when a vacation request has been denied).
- c. Sick leave should be denied when there is evidence or reason to believe abuse has occurred until or unless the employee provides satisfactory evidence of legitimate use of sick leave.
- d. Abuse of sick leave is subject to the disciplinary provisions of this resolution.

4.11 Final Disposition of Sick Leave Benefits

- a. No employee shall be paid for any accrued or unused sick leave at the time of separation from service.
- b. Employees who are separated from service and are subsequently re-employed with Union County within a three (3) year period and who are otherwise eligible, shall have their unused sick leave balance reinstated.

SECTION 5

Voluntary Shared Leave

Revised September 16, 2014, June 21, 2021, June 19, 2023

5.1 Purpose

Voluntary Shared Leave (“Shared Leave”) allows an employee to assist another employee who has a prolonged medical condition and has exhausted all available paid leave that would otherwise force the employee to be placed on Family and Medical Leave without pay status, resulting in a loss of income and benefits.

This policy does not apply to incidental and/or short-term medical conditions. In addition, the policy is not intended to circumvent the management of essential job functions or limit management's right to deny a request for leave without pay.

5.2 Eligibility

Shared Leave may be requested by eligible employees who are either a:

- 1) Full time employee, **OR**
- 2) Benefited part-time employee.

And who are currently:

- 3) On a pay for work status,
- 4) On a paid leave status, **OR**
- 5) On Family and Medical Leave.

Pay for work status is defined as a regularly scheduled work day, a scheduled day off, sick leave with pay, vacation with pay, compensatory time off, or use of the floating holiday.

5.3 Qualifying Conditions

Prolonged Medical Condition: A prolonged medical condition is one that requires an employee's absence from duty for a prolonged period (at least 20 consecutive work days).

The 20-day requirement may be satisfied if the employee has had previous absences for the same condition as that for which Shared Leave is currently being requested; or if the employee has had a different but prolonged medical condition within the past 12 months.

In either case, a “Certification of Health Care Provider Form” completed and signed by a health care provider, listing the condition, prognosis, and the estimated time for treatment or recovery is required as part of the application process.

Birth of a Child: The period of actual physical disability as a result of pregnancy and childbirth, as certified by a physician, is a condition covered by this policy. Eligibility also may be extended for complications related to the pregnancy and delivery. Both parents are eligible for Shared Leave for the period of disability of the mother, and the physician's statement must specify the anticipated period of disability.

NOTE: Although an employee may receive up to 12 weeks of Family and Medical Leave for birth, adoption or foster care placement, only the period of actual physical disability as a result of

pregnancy or childbirth is covered under the Voluntary Shared Leave Policy. The additional "bonding time" allowed under FMLA is not eligible for Shared Leave coverage.

Non-Qualifying Conditions: Shared Leave will not ordinarily apply to short-term or sporadic conditions or illnesses. Each case must be examined and decided based on its conformity to policy intent, and must be handled consistently and fairly. Examples of non-qualifying conditions include, but are not limited to, conditions such as:

- short-term or sporadic occurrence of allergies
- short-term or sporadic absences due to contagious disease
- short-term or sporadic medical or therapeutic treatments
- an occupational illness or injury covered by the North Carolina Workers' Compensation Act.

5.4 Shared Leave Use

- a. The number of Shared Leave hours an employee can receive is equal to the projected recovery or treatment period, less the employee's combined holiday, vacation, sick leave and compensatory time balances as of the beginning of the recovery or treatment period.
- b. Program participation is limited to a lifetime maximum of 480 hours (pro-rated for benefited part-time employees) and a per-leave-event minimum of 80 hours (pro-rated for benefited part-time employees).
- c. The employee must exhaust all accrued compensatory time, the floating holiday, vacation, paid parental leave (if applicable) and sick leave balances before using any donated Shared Leave.
- d. Because an employee remains in pay status while on Shared Leave, he/she continues to accrue vacation and sick leave provided he/she remains in pay status on the 15th day of the month. This leave must be exhausted as it is earned.
- e. During and after the Shared Leave period:
 - Leave transferred under this program is available for use on a current basis, or may be retroactive for up to 30 calendar days from the date the recipient's application is qualified by the Shared Leave Committee.
 - Donated leave cannot replace leave already used by the employee.
 - Each Department is responsible for initiating personnel actions when a Shared Leave recipient exhausts all forms of paid leave and Family and Medical Leave.
- f. Shared Leave shall not be used on an intermittent basis.
- g. If an employee's actual recovery or treatment period is less than the projected recovery or treatment period, and any donated Shared Leave remains in the employee's leave account, then the remaining Shared Leave shall revert to the donors of the Shared Leave pursuant to Section 5.6 of this Article.

5.5 Application for Shared Leave

An application to receive leave must be reviewed by the employee's Department Director before it is forwarded to the Shared Leave Committee for action. Approval for Shared Leave is not guaranteed.

Employees and their supervisors should review the Family and Medical Leave, Voluntary Shared Leave, and all paid leave policies to understand the applicability of these programs to the employee's specific situation.

In order to apply for Shared Leave:

1. The employee must complete and submit to his/her immediate supervisor for review:
 - a “Request for Shared Leave Form”,
 - Included with the Request for Shared Leave Form, the employee must provide a list of all verbal warnings, written warnings, and letters of concern issued to them within the past five (5) years regarding the abuse of sick leave.
 - a "Family Medical Leave Request Form," and
 - a “Certification of Health Care Provider Form" completed and signed by a health care provider.
2. The employee’s immediate supervisor must:
 - Verify that the medical leave request is qualified under the Family and Medical Leave Act.
 - Verify all verbal warnings, written warnings, and letters of concern regarding abuse of sick leave that were issued to the employee within the past five (5) years.
 - Verify improvement by the employee in managing sick leave usage after having received a verbal warning, written warning, or letter of concern.
 - Complete the “Request for Shared Leave Form for Immediate Supervisor.”
 - Review all forms of paid leave available to the employee and verify on the “Request for Shared Leave Form” the amount of Shared Leave needed to fulfill the employee’s request.
 - Obtain a completed “Shared Leave Form for Department Director” from the employee’s Department Director, whichever is applicable.
 - Forward the employee’s “Request for Shared Leave Form”, the “Shared Leave Form for Immediate Supervisor”, the “Shared Leave Form for Department Director,” and all required supporting documents to the FML Coordinator for Shared Leave Committee action.

An updated “Certification of Health Care Provider Form" is required from the applicant if donations of leave are still being requested 60 days after the "Request for Shared Leave Form" is approved by the Shared Leave Committee.

The recipient is responsible for making sure that all information submitted in their request is complete and concise. If additional information is required, it could cause a delay in the review process.

If the employee’s Shared Leave Request is denied and the employee’s circumstances change from those circumstances under which the Shared Leave Request was originally submitted, the employee may reapply for Shared Leave.

5.6 Maximum Limit of Shared Leave Donation

Any employee of Union County may voluntarily donate a portion of their floating holiday, vacation or sick leave (not to exceed 40 hours) to the sick leave account of another employee of Union County who is qualified for Shared Leave.

Any Shared Leave donations not used by the recipient shall revert to all donors of the leave on a prorated basis.

5.7 Donating Shared Leave

Employees donating leave shall have the complete understanding that once donated, their leave will be deducted from the specified leave account.

Compensation will not be provided in exchange for donated leave.

Employees must maintain a minimum of 80 hours sick leave in their own sick leave account before leave may be donated.

To donate leave for an employee's Shared Leave Request the donating employee must complete the "Donation of Shared Leave Form" and submit it to the Human Resources Office for processing.

The FML Coordinator verifies the donation information and completes the transfer process.

The FML Coordinator will send a letter to the donor indicating the number of hours that will be subtracted from their leave balance and added to the recipient's Shared Leave balance.

The FML Coordinator will update the recipient's sick leave balance with donated leave.

If two or more requests for Shared Leave are approved simultaneously, any donated leave will be distributed equally among the recipients.

5.8 Shared Leave Committee

A committee shall be appointed by the County Manager consisting of a minimum of seven (7) appointed members. A minimum of five (5) appointed members are required to establish a quorum and determine eligibility.

The Shared Leave Committee shall review each Shared Leave request to determine if it meets the qualifying requirements for eligibility as follows:

1. Does a prolonged medical condition exist?
2. Does a physical disability exist as a result of pregnancy and childbirth?
3. Has the employee exhausted all available forms of paid leave?
4. Will the circumstances otherwise force the employee to be placed on Family and Medical Leave without pay status or lose employment?
5. Has the employee's immediate supervisor reviewed the request and supporting documents?
6. Has the employee made a concerted effort to avoid a leave without pay situation?
7. Has documentation of a true impending hardship been provided?

The FML Coordinator will notify the applicant of the Shared Leave Committee's decision regarding eligibility.

Once the request for use of Shared Leave is determined to be qualified, a bulletin shall be posted by the FML Coordinator announcing the need for Shared Leave Donations. The bulletin shall describe the general circumstances of the need and the procedures for donating the leave.

SECTION 6

Family and Medical Leave Policy

Revised April 6, 2009, June 19, 2023

6.1 Purpose

In accordance with the Family and Medical leave Act of 1993, effective August 5, 1993, and as amended, Union County shall grant each eligible employee leave entitlements consistent with the provisions outlined in the Act. The terms used in this Section which are defined in the Act shall have the meanings assigned to them therein.

6.2 Eligibility

To be eligible for leave under this Section, the employee must:

- (1) Have been employed by Union County for at least 12 months; and
- (2) Have worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the leave.

6.3 Manner of Accumulation

Family and Medical Leave

The eligible employee is entitled to a total of 12 work weeks of unpaid leave during any 12-month period. The term "12-month period" shall be defined as a rolling 12-month period measured backward from the date an employee uses any FMLA leave (except that such measure may not extend back before August 5, 1993).

Military Family Leave

Care Giver Leave

The eligible employee is entitled to a combined total of 26 work weeks of unpaid leave during any 12-month period. The term "12-month period" shall be defined as a rolling 12-month period measured backward from the date an employee uses any FML.

Qualifying Exigency Leave

The eligible employee is entitled to a combined total of 12 work weeks of unpaid leave during any 12-month period. The term "12-month period" shall be defined as a rolling 12-month period measured backward from the date an employee uses any FML.

6.4 Qualifying Reasons for Family and Medical Leave

Family and Medical Leave shall be granted for the following reasons:

- 1) The birth of a son or daughter, and to care for the newborn child;
- 2) The placement with the employee of a son or daughter for adoption or foster care;
- 3) The care of an employee's spouse, son, daughter, or parent with a serious health condition; or
- 4) A serious health condition that makes the employee unable to perform the essential functions of the employee's job.

6.5 Qualifying Reasons for Military Family Leave

Military Family Leave shall be granted for the following reasons:

- 1) The care of a spouse, son, daughter, parent or next of kin who is a military service member recovering from a serious illness or injury sustained in the line of active duty. Up to 26 weeks may be granted.
- 2) Any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation. Up to 12 weeks may be granted.

6.6 Requesting Use of Family and Medical or Military Family Leave

Pursuant to this Article, it is the duty of each employee to indicate the nature of circumstances bringing about an absence from work. If the absence exceeds three (3) consecutive work days, the employee is required to submit a FML Request Form to their immediate supervisor. (Administrative Note: The FML Employer Response Form must be completed and returned to the employee within five (5) business days.)

Planned

In cases where the need for leave is foreseeable, such as planned medical treatment, the employee is required to provide the immediate supervisor a FML Request Form and a Certification of Health Care Provider Form at least thirty (30) days in advance of the date the leave is to begin.

In cases of leave for planned medical treatment, the employee is required to make a reasonable effort to schedule the treatment so as not to unduly disrupt the operations of his or her department.

Unplanned

In cases when circumstances do not permit a thirty (30) day notification, the employee must follow the departmental or County reporting to work policy, whichever is applicable, and provide at least verbal notification to the immediate supervisor of when the need for leave becomes known to the employee. The notice shall be sufficient to make the immediate supervisor aware that the employee needs FML-qualifying leave, and the anticipated timing and duration of the leave.

6.7 Health Care Provider's Certification for Medical Leave

The Certification of Health Care Provider Form for the employee's or family member's serious health condition must be submitted to the employee's immediate supervisor within fifteen (15) calendar days of the request for verification on a form prescribed by the County.

In cases of an employee's serious health condition, it is important for the Health Care Provider to be familiar with the tasks and physical requirements of the employee's work in order to give specific feedback on the employee's ability to perform essential functions of the job. At the time Medical Leave is requested, the immediate supervisor shall provide the employee with both a copy of his/her job description and the Certification of Health Care Provider Form.

The County may require re-certification if:

- 1) Circumstances or length of requested leave described by the original certification have changed significantly,
- 2) The County receives information that casts doubt upon the continuing validity of the certification.

6.8 Coordination of Leave

To the extent the employee has earned and accrued paid sick leave, the employee shall be required to use all accumulated sick leave for any (otherwise) unpaid Family and Medical or Military Family Leave.

Upon use of all earned sick leave, the employee may elect, but is not required to use the floating holiday or vacation leave for the remaining balance of any (otherwise) unpaid Family and Medical or Military Family Leave.

When an employee has used all accrued paid sick leave, the employee may then request the use of accrued compensatory time off during the qualified Family and Medical or Military Family Leave event. Compensatory time off is not a form of paid benefit leave. In accordance with the provisions of the Family and Medical Leave Act, any compensatory time off taken during a qualified event shall not be deducted from the employee's remaining balance of Family and Medical or Military Family Leave.

6.9 Maternity

Time taken away from work for maternity-related reasons shall be considered a qualified Family and Medical Leave event.

At any stage of the pregnancy, a supervisor or Department Director may request a doctor's certificate stating that the employee is still permitted and capable to perform all tasks and duties required by their position.

If a pregnant employee holds a position that requires physical demands more strenuous than permitted by her attending physician and therefore cannot perform the tasks and duties of the position for an amount of time greater than is provided through Family and Medical Leave and her accrued paid leave, the County Manager may hold the position open or fill the position with a part-time or temporary employee until the full time employee is released by her physician for return to duty.

The employer may require the employee to transfer temporarily, during the period of time that the intermittent or reduced leave schedule is required, to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position. If an alternative position is not available, the employee will be placed on inactive status leave without pay during this time.

While an employee is on certified FML, the County will continue to pay the County's portion of the employee's monthly health insurance premium. The employee will continue to be responsible for any premium for dependent coverage. If the FML is unpaid, the employee shall pay to the County his or her premium for dependent coverage no later than the 20th day of the following month.

6.10 Returning to Work

The County may request a periodic report from the employee or certifying physician regarding the employee's status with respect to returning to work. These may be made by telephone, written correspondence or sent by fax.

Prior to returning to work, each employee shall provide a fitness-for duty certification from the health care provider.

6.11 Failure to Return to Work

Failure to return to work within three (3) consecutive workdays after expiration of the approved Family and Medical or Military Family Leave shall be considered a voluntary resignation.

If an employee fails to return to work after the employee's leave entitlement has been exhausted or expires, the employee shall reimburse the County for the monthly health insurance premiums paid, unless the reason the employee does not return is due to:

- (1) The continuation, recurrence, or onset of a serious health condition which would entitle the employee leave under FMLA; or
- (2) Other circumstances beyond the employee's control.

When an employee fails to return to work because of the continuation, recurrence, or onset of a serious health condition, the employee shall provide medical certification of the employee's or family member's serious health condition.

SECTION 7

Paid Parental Leave

Added 6.21.2021

7.1 Purpose

Preparing for the arrival of a new child is an exciting time and affects employees' personal and professional lives. Union County empowers employees to make the most of this time by offering Paid Parental Leave. Paid Parental Leave offers employees the opportunity to bond with their new child, adjust to their new situation, and balance both personal and professional obligations while receiving base compensation.

7.2 Eligibility

To be eligible for leave under this Section, the employee must also be an eligible employee under the Family Medical Leave Act (FMLA) and on approved Family Medical Leave (FML), in accordance with Section 6 of this Article.

Paid Parental Leave requests may be approved for the following qualifying reasons:

- 1) The birth of a son or daughter, and to care for the newborn child; or
- 2) The placement with the employee of a son or daughter for adoption or foster care.

7.3 Coordination of Paid Parental Leave

- a. Paid Parental Leave must be used within 12 months following the event triggering a qualifying reason for Paid Parental Leave eligibility.
- b. The employee must utilize FML concurrently with Paid Parental Leave.
- c. If both parents of the same son or daughter work for the County, and both wish to use Paid Parental Leave due to the same event ("same event" includes the treatment of multiple children's births or adoptions/placements as one event as noted in Section 7.5 below) triggering a qualifying reason for Paid Parental Leave Eligibility, the parents will share in the maximum leave entitlement. That is the 8 week maximum amount of Paid Parental Leave eligibility is available to both parents cumulatively, each parent does not receive 8 weeks separately of such leave.
- d. Paid Parental Leave may not be taken on an intermittent schedule.
- e. The employee's County-paid insurance benefits will continue during Paid Parental Leave along with accrual of vacation and sick leave.
- f. If a County holiday occurs while the employee is on Paid Parental Leave, the day will be charged to holiday pay; however, such holiday pay will not extend the maximum leave entitlement.
- g. Paid Parental Leave may not be paid concurrently with any other type of paid leave.

7.4 Coordination with the FMLA

Time taken away from work due to the birth of a child to care for the newborn child of the employee, or legal placement of a child with the employee for adoption or foster care, shall be designated as qualified medical leave for eligible employees under the FMLA.

The rolling 12-week Family and Medical Leave entitlement of eligible employees shall be reduced concurrently by the amount of all Paid Parental Leave taken.

7.5 Requesting Use of Paid Parental Leave

Eligible employees may request up to 8 weeks of Paid Parental Leave within a rolling 12-month period. Paid Parental Leave may be denied, or the approved amount may be less than the maximum leave entitlement, if the employee has previously used Family Medical Leave within the rolling 12-month period and has less Family Medical Leave remaining than the potential full entitlement amount of Paid Parental Leave that otherwise could be taken.

Eligible employees may request Paid Parental Leave for one birth, adoption, or placement event per rolling 12-month period. Additionally, the birth, adoption, or foster care placement of multiple children that are part of the same birth or placement event does not increase the maximum leave entitlement of Paid Parental Leave (e.g. twins, adoption of more than child, etc.). The total amount of Paid Parental Leave granted for multiple children in the same event will be a maximum of 8 weeks.

The request for Paid Parental Leave and supporting documentation should be provided at least thirty (30) days in advance of the date of birth, adoption, or placement of the child. In the event the need for Parental Paid Leave is not foreseeable, the employee must give notice of the need for leave as soon as practicable. Supporting documentation includes, but is not limited to, the required documentation submitted under FMLA.

7.6 Use of Paid Parental Leave

The use of Paid Parental Leave shall be reported separately from all other paid leave. Employees and supervisors are responsible for the timely and accurate reporting of Paid Parental Leave and concurrent Family Medical Leave on the employee's electronic time record.

SECTION 8

Workers' Compensation

Revised July 25, 2005, June 19, 2023

8.1 Purpose

The North Carolina Workers' Compensation Act provides for the payment of medical expenses related to occupational injury or disease, and wage replacement compensation after an initial waiting period of seven (7) days.

8.2 Medical Treatment

Timely reporting and treatment of an occupational injury or disease is important to the safety and welfare of every employee. Employees should immediately notify their supervisor or the Risk Manager when a job-related injury or disease occurs, without regard to severity.

Medical services for work-related injuries or diseases must be obtained from the County's designated and authorized medical provider unless the injury is an emergency and requires immediate attention and a designated provider is not immediately available.

Supervisors shall submit a written "Employee Injury Report" and "Supervisor's Injury Report" to the Risk Manager within 48 hours of being notified by an employee that a job-related injury or disease occurred.

8.3 Wage Replacement

Weekly wage replacement benefits will be paid from the County's Workers' Compensation Program equal to 66 2/3 percent of their average weekly wage calculated on the basis of the past twelve (12) months until the date they are released to return to work by the treating physician. This amount shall not exceed the maximum established by the State law.

During the initial seven-day waiting period, wage replacement benefits will not be paid from the County's Workers' Compensation Program. An employee may elect to receive regular compensation by using accrued sick leave, the floating holiday, vacation leave or compensatory time off. If an employee is unable to return to work after the seven-day waiting period, the employee will be considered to be on leave without pay for the purposes of earning and accruing service credit, retirement contributions, sick leave, vacation leave, or paid holidays.

An employee is considered to be on a leave without pay status beginning with the first scheduled work hour that wages or sick leave is not paid and until the date they are released to return to work by the treating physician. The County shall continue to provide the employer's portion of group medical and dental insurance benefits as required by Federal or State Acts. Payments for dependent insurance coverage, voluntary deductions, and wage garnishments remain the responsibility of the employee.

After the initial seven-day waiting period, accrued leave shall not be paid or substituted for any reason related to time away from work for the treatment of an occupational injury or disease.

After the initial seven-day waiting period, if an employee is released by the treating physician to return to work, the employee may seek necessary intermittent, follow-up medical care for an on the job injury or disease during scheduled work time. The employee shall notify their supervisor on the day a medical or physical therapy appointment is scheduled. Every effort should be made by the employee to schedule appointments that do not unduly disrupt the productive work of the department.

An intermittent, partial day away from work, for the purpose of keeping medical or physical therapy appointments, shall be reported as time worked on the payroll time card and noted by the employee and supervisor as time taken for necessary follow-up medical care for a job related injury or disease.

An intermittent, full day away from work, for the purpose of keeping medical or physical therapy appointments, shall be reported as leave without pay on the payroll time card and noted by the employee and supervisor as time taken for necessary follow-up medical care for a job related injury or disease. If the seven-day waiting period has been met, wage replacement benefits will be paid from the County's Workers' Compensation Program equal to 66 2/3 percent of their average wage calculated on the basis of the past twelve (12) months. This amount shall not exceed the maximum established by the State law.

The employee may be eligible to receive a wage loss payment for the seven-day waiting period from the County's Workers' Compensation Program if the disability exceeds 21 days. If the employee used accrued sick leave, the floating holiday, vacation leave or compensatory time off during the seven-day waiting period, the employee may choose to either receive wage replacement benefits from the County's Workers' Compensation Program equal to 66 2/3 percent of their average weekly wage or elect to have the accrued leave hours or compensatory time off used during the seven-day waiting period credited back to his/her accrual(s).

8.4 Coordination with the FMLA

Time taken away from work, due to a serious health condition, related to an occupational injury or disease shall be designated as qualified medical leave for eligible employees under the Family and Medical Leave Act (FMLA).

The rolling 12-week Family and Medical leave entitlement of eligible employees shall be reduced concurrently with the amount of all paid or unpaid time taken away from work for serious health conditions related to occupational injury or disease.

8.5 Temporary Light Work Assignments

An employee who is temporarily disabled from their regular job as a result of an on-the-job injury may be able to be productive and return to a light work assignment during the temporary disability period.

Where possible, each Department shall provide productive, light work for employees who are temporarily disabled from their regular job for an on-the-job injury. All such light work assignments will be within the physical limitations described by an authorized physician.

- a. The treating physician under the County's Workers' Compensation Program shall be encouraged to release temporarily disabled employees to a light work status and describe the employee's physical limitations in sufficient detail to enable the County to determine a suitable work or task assignment.
- b. The employee's regular work unit shall attempt to provide a work assignment within the physical limitations described by the authorized treating physician.
- c. If the regular work unit is unable to assign suitable work, Risk Management will be contacted to determine if there are suitable work assignments in other work units. If so, the employee may be temporarily assigned to the other work unit. The employee's time sheet will be maintained by his/her regular work unit and coded "MDWC" (Medical Disability Worker's Compensation) and his/her paycheck will continue to be distributed to his/her regular work unit.

- d. The employee continues on his/her regular pay status during the light duty period. The employee's wage and benefit costs continue to be charged in his/her permanent work unit and coded "MDWC" even though he/she may be temporarily assigned to another work unit for light duty work.
- e. If the employee refuses the light duty position, he/she will no longer qualify for indemnity payments from workers' compensation. The employee may not use accrued paid benefit leave if a light duty position has been offered and rejected. An employee is considered to be on a leave without pay status beginning with the first day the light duty position is rejected until the date they are released to return to work by the treating physician. Unpaid Family and Medical leave shall continue to run concurrently with the workers' compensation leave without pay status until either the employee is able to return to the same or substantially equivalent job or until the 12-week Family and Medical Leave entitlement is exhausted.
- f. Upon release to regular work without restrictions, the employee will be returned to his/her permanent work unit and his/her regular job.
- g. Use of temporary light work assignments is not intended to include other sickness or injury experienced away from work by the employee.
- h. Each Department Director shall be responsible for the review and coordination/ implementation of temporary light work assignments.

16.3 Manner of VTO Accumulation

- For the purpose of earning VTO, the twelve (12) month period between January 1st and December 31st is established as the leave year.
- VTO is granted upon hire and at the beginning of each calendar year.
- VTO is granted at a fixed annual rate of 16 hours per year for both full time and benefited part time employees.
- Unused VTO cannot be carried-over into the following year and will be forfeited if not used by the end of the leave year. At no time may an employee have more than the annual VTO allotment in his or her balance.

16.4 Coordination of VTO

- Employee is responsible for scheduling volunteer time off with an approved agency.
- Payment for VTO hours in excess of the employee's standard scheduled workweek and hours shall not be an option. VTO shall be authorized only for the time that would fall on a scheduled workday during scheduled work hours.
- Pay in lieu of VTO shall not be an option.
- The County does not advance paid VTO.

- e. VTO will be paid at the employee's current base compensation on the day(s) the time is taken and will not be counted as hours worked for purposes of calculating overtime.

16.5 Requesting Use of VTO

Eligible employees interested in requesting VTO should select an agency or organization listed on the request form that is (i) part of Union County government (not a department, function, or service for which the employee is employed by the County), (ii) the State of North Carolina, (iii) a municipality or other local governmental agency within Union County, (iv) a governmental, charter, or non-profit educational institution (whether primary, secondary, or higher education) with at least one physical location in Union County, or (v) a non-profit organization which is a community partner to which the County (at the time of VTO request) appropriates money as part of its budget process. Eligible employee must complete the VTO request form. Completed forms should be submitted to the employee's supervisor before the requested time off. Only one agency may be chosen for each VTO request.

- a. It is the joint responsibility of the department and the employee to ensure that VTO is scheduled and taken at a mutually-agreeable time. Employees should endeavor to request VTO at least two weeks in advance of the proposed leave period to give supervisors sufficient opportunity to arrange schedules to accommodate the employee's request and adequately staff the workplace.
- b. Supervisors are responsible for ensuring that departmental business needs are met when considering the VTO request. Supervisors shall use discretion in scheduling VTO, based on the occurrence of peak workload periods, the employee's length of service, factors relevant to the operation of the department, and the personal circumstances of the employee.
- c. VTO must be requested in at least 2 hour increments, not to exceed 8 hours in a day.
- d. If operational needs do not permit the approval of simultaneous requests for VTO, preference in granting the request shall be based on the respective seniority of the employees.
- e. Supervisors are encouraged to consider the employee's personal conduct and job performance as the discretionary basis for approval or denial of VTO requests.
- f. Participation in ongoing County volunteer initiatives (Senior Nutrition meal delivery, Christmas Bureau, etc.) should be treated as paid VTO for tracking and compensation purposes, in accordance with all other time tracking procedures.
- g. VTO should include time required to travel to the volunteer site; however, employees should use the majority of VTO engaged in a legitimate volunteer activity and not in transit to or from the volunteer site. The County will not reimburse travel expenses (e.g. mileage) incurred to and from the volunteer site.

Any questions from supervisors concerning approval or denial of a request should be directed to the Human Resources Office.

16.6 Use of VTO

The use of VTO shall be reported separately from all other paid leave. Employees and supervisors are responsible for the timely and accurate reporting of VTO on the employee's electronic time record. Use of Volunteer Time Off may be approved for the following reasons:

- a. Performing a volunteer service for an entity set forth in Section 16.5 above;
- b. Performing a volunteer service for a County department (e.g. Parks & Recreation); however, an individual shall not be considered a volunteer if the person is otherwise employed by the County to perform the same type of service as those for which the person proposes to volunteer; and

- c. Performing volunteer service for a fundraising event if there is a genuine volunteer activity and the fundraising event is directly sponsored and supported by an eligible entity set forth in Section 16.5 above. For example, playing in a golf tournament that is raising money for a community partner non-profit organization is not considered a volunteer activity; however, setting up tents, handling parking and registration, or serving at the food tent at such a fundraising event would be considered a volunteer activity eligible for VTO.

Injuries occurring during activities outside of an employee's job with Union County, while employees are utilizing VTO do not fall under County workers' compensation reporting requirements. The County is not liable for injuries incurred while an employee is utilizing VTO, including injuries sustained during travel to or from the volunteer service site. In the event an employee sustains an injury while utilizing VTO, the employee is advised to seek medical attention as he/she deems appropriate.

16.7 VTO Abuse

Acceptable certification or documentation will be required whenever the supervisor has sufficient justification to believe that the employee is abusing VTO.

- a. Abuse of VTO is defined as the use of VTO for purposes not authorized by this Section.
- b. Supervisors should periodically analyze attendance records for evidence of possible abuse (e.g. frequent VTO requests on Fridays/Mondays, absences when a vacation or other leave request has been denied, etc.)
- c. The County reserves the right to revoke approval of an employee's VTO request if, at the discretion of the supervisor, it is believed the employee is misusing his or her VTO.
- d. Volunteer hours may be randomly verified with participating agencies and organizations.
- e. Abuse of VTO may be subject to disciplinary action.

16.8 Final Disposition of VTO

- a. No employee shall be paid for any unused VTO at the time of separation from service nor is unused VTO transferrable to other local or state government entities. Volunteer time off leave from other local or state government entities (or any other entities) is not transferrable to use with Union County.
- b. Separated employees that are re-employed within the same calendar year are credited VTO the same as newly hired employees; however, the combination of re-employment credit hours and total hours used prior to separation in the same calendar year cannot exceed the annual 16 hour maximum leave benefit.

ARTICLE VII. SEPARATION

Revised 01.20.09, February 18, 2013, February 4, 2019, June 19, 2023

SECTION 1

Types of Separation

Revised June 19, 2023

All separations of employees from positions in the service of the County shall be designated as one of the following types: resignation, reduction in force, disability, retirement, dismissal, death, unavailability when leave is exhausted, job abandonment, loss of or failure to maintain credentials, or other. Disciplinary action, suspension and dismissal will be addressed in Article VIII. Upon separation from a County position, the employee shall return IMMEDIATELY to his/her supervisor or Department Director his/her employee identification card, all County property and all keys issued to the employee during their services.

SECTION 2

Resignation

Revised June 19, 2023

A minimum of two (2) weeks notice is expected of all resigning personnel. Any employee failing to give and work (if required) at least the required notice is not eligible to receive pay in lieu of vacation unless extreme extenuating circumstances can be mutually agreed upon by the Department Director and the County Manager.

SECTION 3

Disability

An employee may be separated for disability when the employee cannot perform the required duties because of a physical or mental impairment. Action for disability separation may be initiated by the employee or the County, but in all cases consideration for disability separation shall be supported by medical evidence by a competent physician. The County may require a physical and/or mental examination at its expense and by a physician of its choice. Before an employee is separated for a disability, if required by the Americans with Disabilities Act or other applicable law, the County will make an effort to provide a reasonable accommodation for the employee, including making a reasonable effort to locate alternative positions within the County's service for which the employee may be suited.

SECTION 4

Death

The date of death shall be recorded as the separation date for computing compensation due to the employee's estate.

SECTION 5

Reduction in Force

Revised June 19, 2023

For reasons of budgetary constraints, organizational needs, or decreased workload, the County Manager has the authority to separate employees and to eliminate position classifications within a department on the basis of reduction in force. The County Manager will base retention of employees in classes affected on (i) the type of appointment, (ii) the relative efficiency, skills, knowledge, productivity, and value to the department, and (iii) the length of service. The relative weight to be accorded each of these considerations will be determined by the County Manager.

In implementing a reduction in force, the County Manager will endeavor to provide employees with such notice of separation as may be reasonable under the circumstances, provided that the County Manager may give notice of immediate separation in the event severance compensation is made available to such

employees. Union County is under no obligation to provide severance compensation to employees separated by a reduction in force, but if provided, such severance shall be in accordance with, and pursuant to, an Addendum to this Resolution. If an employee separated pursuant to a reduction in force is rehired by the County within thirty-six (36) months of the separation date, it will be deemed that no break in service occurred for purposes of the continuity of service requirements in Article XI, Section 5 of this Resolution; provided, however, that only time actually worked shall count toward the required number of years of creditable service. The scope of any grievance filed pursuant to Article IX, Section 3 of this Resolution for separation due to a reduction in force shall be limited to whether the County Manager or his designee followed the requirements of this Section. To the extent that the provisions of this Section conflict with the State Human Resources Act, such provisions shall be deemed inapplicable to employees of Union County subject to the Act. Department Directors and/or County Officers who are solely responsible for the discharge of their employees are encouraged to follow the provisions of this Section when implementing a reduction in force.

SECTION 6 (Added 2/2013)

Unavailability When Leave is Exhausted

Revised June 19, 2023

An employee may be separated on the basis of unavailability when the employee becomes or remains unavailable for work after all accrued leave and benefits have been exhausted. Prior to separation the County shall notify the employee in writing of the proposed separation, the efforts undertaken to avoid separation, and why the efforts were unsuccessful. The County must also give the employee a letter of separation stating the specific reasons for the separation and setting forth the employee's opportunity for appeal. Provided, however, that employees listed in Article I, Section 2, Subsection 4 shall not have the opportunity for appeal.

Unavailability is defined as the employee's inability to return to all of the position's essential duties and work schedule.

Accrued leave is defined as sick leave, vacation leave, and the floating holiday the employee chose to exhaust prior to going on leave without pay.

SECTION 7

Special Provisions – Credentials

Revised June 19, 2023

There are some County jobs for which the law requires an employee to be licensed, certified, or registered. Without the license (including driver's license), certification or registration, the employee is unable to perform the assigned work. These requirements shall be included in the statement of essential qualifications or recruitment standards.

Employees in such classifications are responsible for maintaining current, valid credentials as required by law. Failure to maintain the required credentials is a basis for immediate dismissal without prior warning. An employee who is dismissed shall be given a written statement of the reason for the action and his/her opportunity for appeal. Provided, however, that employees listed in Article I, Section 2, Subsection 4 shall not have the opportunity for appeal.

SECTION 8 (Added 2/2013)

Job Abandonment

Employees may be separated from employment due to job abandonment if any of the following occur:

- a. Failure to return to work within three (3) consecutive workdays after expiration of the approved Family and Medical or Military Family Leave. (Please see Article VI, Section 6.11 for additional details).
- b. Failure for three (3) consecutive workdays to report an absence in accordance with County or Departmental notification procedures.

Separations for job abandonment as described above shall be considered a voluntary resignation and shall not be subject to the grievance and/or appeal process.

ARTICLE VIII. DISCIPLINARY ACTION, SUSPENSION AND DISMISSAL

Revised February 18, 2013, June 19, 2023, June 17, 2024

SECTION 1

General

Revised June 19, 2023

It is the intent of Union County in establishing this policy to provide for County employees and County government management a fair, clear and useful tool for correcting unsatisfactory job performance and unacceptable personal conduct.

The County recognizes that following sound employee relations practices is most important in the administration of all types of disciplinary actions in order to maintain a consistent application of such actions throughout County departments. Each member of management is responsible for the timely and thorough documentation of disciplinary actions. Formal disciplinary measures should be discussed with the Human Resources Director or his or her designee prior to delivery and/ or discussion with the employee. All formal disciplinary documentation must be sent to the Human Resources Office to include in the employee's personnel file.

To assist all levels of management in promoting efficiency and equitable treatment for all employees, the following is established:

Any employee subject to this policy may be warned, demoted, suspended or dismissed by the appointing authority. The degree and type of action taken shall be based upon the sound and considered judgment of the appointing authority in accordance with the provisions of this policy.

The basis for any disciplinary action taken in accordance with this policy falls into one of the following categories:

- a. Discipline imposed on the basis of unsatisfactory job performance
- b. Discipline imposed on the basis of grossly inefficient job performance
- c. Discipline imposed on the basis of unacceptable personal conduct.

These categories are not mutually exclusive, as certain actions by employees may fall into multiple categories, depending upon the facts of each case. No disciplinary action shall be invalid because the disciplinary action is incorrectly categorized.

SECTION 2.0

Unsatisfactory Job Performance

This category covers all types of performance-related inadequacies and is intended to be used in addressing performance-related inadequacies for which a reasonable person would expect to be notified and allowed an opportunity to correct such performance-related inadequacies. This Section does not require that progressive warnings address the same type of unsatisfactory job performance; this Section only requires that the progressive warnings relate to unsatisfactory job performance. Warnings administered under this policy are intended to bring about a permanent correction in job performance. Should the required correction later deteriorate, or other inadequacies occur, the supervisor may deal with this new unsatisfactory performance at the next progressive step in the discipline process.

Employees who are dismissed solely for unsatisfactory job performance shall receive at least three warnings. First, one or more oral warnings; second, a written warning to the employee documenting all relevant points covered in the disciplinary discussion; and third, a final written warning which notifies the employee that failure to make the required performance corrections may result in dismissal. These warnings shall be given

as set forth in Sections 3.0-3.2 of this Article. Otherwise, any disciplinary action, up to and including dismissal, may be taken without prior warning to the employee, as described in Sections 2.1 and 2.2 of this Article.

SECTION 2.1 (Added 2/2013)

Grossly Inefficient Job Performance

Grossly Inefficient Job Performance occurs in instances in which the employee fails to satisfactorily perform job requirements as specified in the job description, work plan, or as directed by the management of a County department or agency that results in:

- (1) The potential for death or serious harm to a client(s), employee(s), members of the public, or to a person over whom the employee has responsibility, or
- (2) The loss of, or damage to, County property or funds that results in a serious impact on the County or department, or on the employee's ability to function effectively thereafter, or
- (3) Any other instances of job performance deficiencies that may constitute a gross oversight in performance of duties.

This category is intended to be used in addressing failure in the performance of duties for which no reasonable person could, or should, expect to receive prior warnings. Employees may be dismissed, demoted, suspended, warned, or otherwise disciplined on the basis of grossly inefficient job performance. Such disciplinary action, up to and including dismissal, may be taken without prior warning to the employee.

Disciplinary demotions, suspensions, or dismissals for grossly inefficient job performance require following the procedures for such disciplinary actions described in this Article.

SECTION 2.2

Unacceptable Personal Conduct

The Unacceptable Personal Conduct category is intended to be used for actions and behaviors exhibited for which no reasonable person could, or should, expect to receive prior warnings.

Unacceptable Personal Conduct may include, but is not limited to, the following examples:

- (1) Job related conduct which constitutes violation of state or federal law; or
- (2) Conviction of a felony or an offense involving moral turpitude that is detrimental to or impacts the employee's service to the agency; or
- (3) The willful violation of known or written work rules; or
- (4) Conduct unbecoming an employee that is detrimental to the agency's service; or
- (5) The abuse of client(s), patient(s), or a person(s) over whom the employee has charge or to whom the employee has a responsibility, or of an animal owned or in the custody of the agency; or
- (6) Falsification of an employment application or other employment documentation; or
- (7) Insubordination which is the willful failure or refusal to carry out a reasonable order from an authorized supervisor; or
- (8) Absence from work after all authorized leave credits and benefits have been exhausted.

Employees may be dismissed, demoted, suspended, warned or otherwise disciplined on the basis of unacceptable personal conduct, up to and including dismissal, without prior warning to the employee.

Disciplinary demotions, suspensions, or dismissals for personal conduct require following the procedures for such disciplinary actions described in this Article.

SECTION 3.0

Oral Warning

Revised June 19, 2023

In a private discussion with the employee, the Department Director (or supervisor) shall do the following:

- a. Inform the employee that this is a warning and not some other non-disciplinary process such as counseling.
- b. Inform the employee of the specific performance or conduct deficiencies that are the basis for the warning.
- c. Tell the employee what specific improvement must be made to correct the deficiencies.
- d. Let the employee know what time is being allowed to make the required corrections.
- e. Tell the employee of the consequences of failing to make the required corrections.

Supervisors shall document the specifics of the oral warning for the personnel file and send a copy to the Human Resources Office for placement in the employee's personnel file.

SECTION 3.1

Written Warning

Revised June 19, 2023

The Department Director (or supervisor) shall:

- a. Prepare a written warning document for the employee. The specific reasons for the warning and prior warning documentation (if applicable) should be included.
- b. In private, conduct a disciplinary conference with the employee. At this conference, the specific reason for the action, the necessary corrections, and the time allowed to make such corrections will be discussed.
- c. Present the warning to the employee at the end of the conference. The employee will be informed in the warning that failure to make the necessary corrections in a manner that is immediate, substantial, and sustained will result in further disciplinary action.

Reference may be made in this warning to earlier oral warning(s) or counseling(s).

SECTION 3.2

Final Written Warning

Revised June 19, 2023

The Department Director (or supervisor) shall:

- a. Prepare a final written warning document for the employee. The specific reasons for the warning, and prior warning documentation that has led to the final warning stage (if applicable), should be included.
- b. In private, conduct a disciplinary conference with the employee. At this conference, the specific reason for the action, the necessary corrections, and the time allowed to make such corrections should be discussed.
- c. Present the warning to the employee at the end of the conference. The employee will be informed in the warning that failure to make the necessary corrections in a manner that is immediate, substantial, and sustained will result in further disciplinary action, up to and including dismissal.

Employees are allowed to respond to warnings given in accordance with Sections 3.0-3.2 of this Article by placing a statement in their file relating to the warning. Warnings are not subject to the grievance process.

SECTION 3.3

Dismissal

Revised June 19, 2023, June 17, 2024

Before a County employee may be dismissed, the following shall occur:

- a. The Department Director recommending dismissal should discuss the recommendation with the County Manager, or his or her Human Resources designee, and receive final approval from the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable.
- b. A pre-dismissal conference shall be held between the Department Director and the employee. The Department Director shall present the employee with the specific reason for the proposed dismissal conference and a brief summary of the information which he/she believes supports the proposed dismissal. The employee shall have an opportunity to respond to the notice of proposed dismissal in the conference. The Department Director shall consider the information presented by the employee at the pre-dismissal conference and contemplate whether the dismissal is justified. The Department Director shall generally reflect on this decision until at least the next business day following the pre-dismissal conference; however, if deemed appropriate in consultation with, and approval by, the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, prior to the pre-dismissal conference, the employee may be dismissed at the end of the pre-dismissal conference after consideration of any response from the employee. If the Department Director determines the dismissal is justified, the Department Director shall notify the employee with a letter of dismissal (or follow-up with an official letter of dismissal if the employee was notified at the end of the pre-dismissal conference of the final decision to dismiss). However, the Department Director may elect to defer the dismissal based on information presented by the employee, and reconsider the proposed dismissal action. If following such reconsideration, the decision is to dismiss, then no further pre-dismissal conference is required.
- c. The employee must be given written notice of dismissal. This written notice must include specific reasons for the dismissal and the employee's opportunity to appeal.

G.S. 153A-98(b) makes the dismissal notice for a county employee a public record.

SECTION 4.0

Disciplinary Suspension

Revised June 19, 2023, June 17, 2024

Disciplinary suspension may be used by management in appropriate circumstances. The County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, must approve a request for an employee to be suspended for disciplinary reasons with or without pay.

Disciplinary suspension may be used for causes relating to grossly inefficient job performance or unacceptable personal conduct, or in conjunction with a final written warning for unsatisfactory job performance.

A pre-disciplinary conference shall be held between the Department Director, or his/her designee, and the employee. The Department Director, or his/her designee, shall present the employee with the specific reasons for the suspension and a brief summary of the information which he/she believes supports the proposed suspension. The employee shall have an opportunity to respond to that notice of suspension in the conference.

An employee who has been suspended with or without pay must be provided a statement in writing setting forth the specific acts or omissions that are the reasons for the suspension. Employees who are suspended for disciplinary reasons must additionally receive a copy of the employee's appeal opportunities.

SECTION 4.1

Immediate Disciplinary Suspension

Revised June 19, 2023, June 17, 2024

In the event that the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, is unavailable, and the situation is serious, an employee may be suspended, without notice, by the Department Director for causes related to personal conduct or grossly inefficient job performance in order to avoid undue disruption of work, to protect the safety of persons or property, or for other serious reasons. When a Department Director suspends an employee, they shall tell the employee to leave County property at once and remain away until further notice. The Department Director shall notify the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, as soon as possible.

The terms and conditions of the suspension will be determined in consultation with the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, as soon as practical in accordance with the provisions of this Article.

SECTION 4.2

One Day Leave with Pay

Revised December 7, 2015, June 19, 2023, June 17, 2024

The use of this provision may be used with the approval of the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable. The use of this provision is intended to either encourage the employee to commit to correcting poor performance or make the employee aware of his/her lack of commitment to improvement. No written notice is required for this action, nor is it to be the subject of an appeal or grievance. The Department Director shall keep a written record of this action.

SECTION 4.3 (Added June 17, 2024)

Administrative Leave

Administrative leave may be used by management in appropriate circumstances. The County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, must approve a request for an employee to be placed on administrative leave, which leave shall be with or without pay. Administrative leave is appropriate when management needs to investigate an issue which could affect an

employee's work status or otherwise remove the employee from the workplace and/or access to work equipment.

Notwithstanding anything in this resolution to the contrary, any employee may be placed on administrative leave pursuant to this section 4.3 by approval of the County Manager, Deputy/Assistant County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable. This section concerning administrative leave would apply to such employees even if other provisions of this Article VIII do not apply to such employees.

SECTION 5.0

Demotion, General

Revised June 19, 2023, June 17, 2024

Any employee may be demoted as a disciplinary measure. Demotion may be made on the basis of unsatisfactory job performance, grossly inefficient job performance, or unacceptable personal conduct.

- a. The Department Director recommending demotion shall consult with the County Manager's Human Resources designee and discuss the recommendation with the County Manager, Deputy/Assistant County Manager, County Attorney, appointing authority, or his, her, or their designee, prior to any action.
- b. A pre-disciplinary conference shall be held between the Department Director and the employee. The Department Director shall present the employee with the specific reason for the proposed demotion and a brief summary of the information which he/she believes supports the proposed demotion. The employee shall have an opportunity to respond to that notice of the proposed demotion in the conference. The Department Director shall consider the information presented by the employee at the pre-disciplinary conference and contemplate whether the demotion is justified. The Department Director shall generally reflect on this decision until at least the next business day following the pre-disciplinary conference; however, if deemed in consultation with, and approved by, the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, prior to the pre-disciplinary conference, the employee may be demoted at the end of the pre-disciplinary conference after consideration of any response from the employee. If the Department Director determines the demotion is justified, the Department Director shall notify the employee with a letter of demotion (or follow-up with an official letter of demotion if the employee was notified at the end of the pre-disciplinary conference of the final decision to demote). However, the Department Director may elect to defer the demotion based on information presented by the employee, and reconsider the proposed demotion action. If following such reconsideration, the decision is to demote, then no further pre-disciplinary conference is required.
- c. An employee who is demoted must receive written notice of the specific reasons for the demotion, as well as notice of his/her appeal opportunities. Please refer to Article III, Section 7, paragraphs (c) and (d) for pay information.

On occasion a demotion may be for reasons other than those attributable to the fault of the employee. In this instance, the employee will be served with notice and reasons for the demotion.

SECTION 5.1

Demotion for Unsatisfactory Job Performance

An employee may be demoted in lieu of dismissal for unsatisfactory job performance provided the employee shows promise of becoming a satisfactory employee in another position. The employee will receive at least

two prior warnings regarding his/her unsatisfactory performance. At least one of the warnings prior to demotion must be a written warning.

SECTION 5.2

Demotion for Grossly Inefficient Job Performance/Unacceptable Personal Conduct

An employee may be demoted for grossly inefficient job performance or unacceptable personal conduct without any prior warnings.

SECTION 6.0

Appeal

Revised December 7, 2015, June 19, 2023, June 17, 2024

A County employee who has been demoted, suspended, or dismissed shall have ten (10) working days from the date of receipt of written notice of such action to file an appeal with the Human Resources Office to request a review by the Personnel Advisory Committee ("PAC"). In order to obtain a hearing before the PAC, the employee must request that his/her case be heard. This may be done by writing a letter to the Human Resources Director, Union County, 500 North Main Street, Suite 130, Monroe, North Carolina 28112. The request for a hearing must include the following:

1. The name, address, and telephone number of the employee;
2. The position held by the employee;
3. The name of the employee's Department;
4. The nature of the appeal (e.g. dismissal without justifiable cause, unpaid disciplinary suspension without cause, etc.);
5. A concise statement of the facts necessary to an understanding of the situation upon which the appeal is based; and
6. A statement of the relief desired.

Each time a case is to be heard, the County Manager and the County Attorney, or their designees, shall appoint three persons not reasonably involved in the subject matter of the appeal to serve as the PAC. If the County Manager or County Attorney, or either of their designees, was the appellant's Department Director or direct supervisor, that person shall not participate in the appointment of persons to the PAC, but shall appoint another person to make the appointment on their behalf. Members of the PAC shall be selected from among any employee who is a supervisor or above.

The PAC will review all the pertinent facts relevant to the situation before it. Upon rendering a decision, the PAC will inform the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable. The County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, shall review the recommendation of the Personnel Advisory Committee and either accept or reject the recommendation.

SECTION 6.1

Appeal to the County Manager or Other Approval Authority

Revised June 17, 2024

In the event that the PAC recommendation is not satisfactory to the employee, he/she may appeal to the County Manager, Deputy/Assistant County Manager, County Attorney, or appointing authority, as applicable, or to the County Attorney if the County Manager is reasonably unable to hear the appeal, for a final hearing of the matter. This appeal must be made within ten (10) working days from the date that the County Manager's acceptance or rejection of the PAC's recommendation is mailed or made known by the County to the appellant. The appeal to the County Manager shall be in accordance with the request requirements of Section 6.0 of this Article.

ARTICLE IX. GRIEVANCE PROCEDURES

Revised December 7, 2015, February 4, 2019, June 19, 2023, June 17, 2024

SECTION 1

Purpose

Union County adopts this policy to encourage employees throughout the organization to engage in open dialogue and communication with their direct supervisors regarding problems, conflicts, and other grievances, and to establish principles of administration to ensure a prompt, orderly, and equitable response to an employee, if the problem, conflict, or other grievance is not resolved at the direct supervisor level. In order to maintain a harmonious and cooperative relationship between the County and its employees, this Article IX provides for settlement of problems, conflicts, and other grievances through an orderly grievance procedure.

SECTION 2

Applicability

Revised June 19, 2023, June 17, 2024

This Article IX shall apply to all County employees (only current county employees unless expressly set forth otherwise in this Resolution), except those employees appointed by the Board of County Commissioners and identified as exempt under Article I, Section 2, Subsection 4.

The policy and procedures for grievances set forth in this Article IX shall not be used for grievances related to the appeal of disciplinary actions, unless discrimination is alleged as provided in Section 5 of this Article. Appeal of disciplinary actions, for those employees eligible for such appeal, shall be conducted in accordance with the procedures set forth in Article VIII. Additionally, a grievance cannot be filed under this Article IX challenging placement on paid administrative leave, one day leave with pay, an employee's performance evaluation, or the amount of any merit or other pay increase.

SECTION 3

Policy

Revised June 19, 2023, June 17, 2024

All County employees subject to this Article shall have the opportunity to present their problem, conflict, or other grievance in accordance with the procedure prescribed free from interference, coercion, restraint, discrimination or reprisal.

It is the responsibility of supervisors at all levels, consistent with the authority delegated to them, to consider and take appropriate action promptly and fairly on a problem or grievance of any employee or employees.

Each Department Director shall take necessary steps to ensure that all employees and supervisors under his/her jurisdiction may be fully informed of the grievance procedures adopted and of their opportunities and obligations under this policy.

It is the responsibility of each employee who has a grievance to follow the procedures of this Article.

SECTION 4

Procedure - Non Discrimination

Revised June 19, 2023, June 17, 2024

STEP 1 – Immediate Supervisor

If an employee has a qualifying grievance, the employee must first document the grievance in a written statement filed with the employee's immediate supervisor (unless an exception applies) within 30 days of the actions giving rise to the grievance.

Revised June 2, 2025

The written statement submitted shall include the following at a minimum:

1. All previously written materials and documentation related to the grievance;
2. The name, address, and telephone number of the employee;
3. The position the held or applied for by the employee;
4. The name of the employee's Department;
5. The general nature of the grievance;
6. A concise statement of all facts, documents, evidence, and reasons connected to the grievance;
and
7. A statement of the reasonable course of corrected action preferred by the employee.

When an employee personally believes and alleges written, objectively reasonable grounds to substantiate that they have been intimidated, harassed, or threatened:

- A. By their supervisor, the employee may proceed directly to the next step of review by filing the relevant written documentation to the next higher-level supervisor; or
- B. By their next higher-level supervisor, the employee may submit their written documentation to the next higher supervisory level in the reporting structure (and so on) until reaching the level of a Deputy/Assistant County Manager; or
- C. By a person in the County Manager's office, the employee may proceed directly to the Personnel Advisory Committee (PAC) review step of the grievance procedure.

After the grievance is filed, the employee's immediate supervisor should within ten (10) working days meet with the employee to discuss the grievance. The supervisor may call other persons into the discussion or consult them for advice and counsel. If the supervisor cannot meet with the employee concerning the grievance within ten (10) working days, the supervisor shall advise the employee as to the conditions which prevent such a meeting and as to when a meeting may reasonably be expected.

Within ten (10) working days of the meeting with their supervisor, the employee should receive a decision regarding their written grievance or be advised in writing as to the conditions which prevent an answer. The employee should also be advised as to when a decision may reasonably be expected. The supervisor may consult with others for advice and counsel during this process.

A decision by the supervisor shall address the substance of the alleged grievance or include a statement of why the substance of the alleged grievance cannot be addressed, and a general course of action recommended to resolve the grievance.

STEP 2 – Next Higher-Level Supervisor

If the immediate supervisor's (or appropriate higher level of supervisor's) decision is not satisfactory to the employee or if the employee fails to receive notification of a decision or a meeting within the applicable timeframes, the employee may submit a written request for review by the next higher-level supervisor. A request for higher-level supervisor review must be presented in writing within five (5) working days of the most recent grievance decision or of the expiration of the time to receive notification of a decision or a meeting within the applicable timeframes.

If the previous level of review was by a member of the County Manager's office, the employee may by request proceed to review by the PAC as their next level.

The higher-level supervisor shall review the written record and all previous decisions, together with any additional information deemed by the higher-level supervisor to be relevant to the grievance. The higher-level supervisor may consult with others for advice and counsel during this process. The higher-level supervisor shall reach a

written decision and provide the decision to the employee's immediate supervisor within ten (10) working days after all necessary reviews and discussions are held and shall, after a brief but reasonable period of time for the employee's supervisor to review and discuss the recommendation, provide the decision to the employee without unreasonable delay.

STEP 3 – Deputy/Assistant County Manager

If the higher-level supervisor's decision is not satisfactory to the employee or if the employee fails to receive notification of a decision or all necessary reviews and discussions within the applicable timeframes, the employee may submit a written request for review by a Deputy/Assistant County Manager, as designated by the County Manager. A request for Deputy/Assistant County Manager review must be presented in writing within five (5) working days of the most recent grievance decision or of the expiration of the time to receive notification of a decision or all necessary reviews and discussions within the applicable timeframes.

If the previous level of review was by a member of the County Manager's office, the employee may by request proceed to review by the PAC as their next level.

The written request for review by a Deputy/Assistant County Manager shall be sent to the County Manager, with a copy to the Human Resources Director, and shall include all written information or decisions previously submitted regarding the grievance.

The Deputy/Assistant County Manager shall review the written record and all previous decisions, together with any additional information deemed by the Deputy/Assistant County Manager to be relevant to the grievance. The Deputy/Assistant County Manager shall reach a written decision and provide the decision to the employee's immediate supervisor within ten (10) working days after all necessary reviews and discussions are held and shall, after a brief but reasonable period of time for the employee's supervisor to review and discuss the recommendation, provide the decision to the employee without unreasonable delay.

STEP 4 – Personnel Advisory Committee (PAC) Review

If the Deputy/Assistant County Manager's decision is not satisfactory to the employee or if the employee fails to receive notification of a decision or all necessary reviews and discussions within the applicable timeframes, the employee may submit a written request for review by the PAC. A request for PAC review must be presented in writing within five (5) working days of the most recent grievance decision or of the expiration of the time to receive notification of a decision or all necessary reviews and discussions within the applicable timeframes.

The written request for review by the PAC shall be sent to the County Manager and County Attorney, with a copy to the Human Resources Director, and shall include all written information or decisions previously submitted regarding the grievance.

Within ten (10) working days of receipt of the request for PAC review, the County Manager and the County Attorney, or their designees, shall appoint three persons not reasonably involved in the subject matter of the grievance to serve as the PAC, along with a proposed schedule for review by the PAC. If the County Manager or County Attorney, or either of their designees, was the employee's Department Director or direct supervisor, that person shall not participate in the appointment of persons to the PAC, but shall appoint another person to make the appointment on their behalf. Members of the PAC shall be selected from among any employee who is a supervisor or above.

The PAC shall review the written record and all previous decisions, together with any additional information deemed by the PAC to be relevant to the grievance. Upon reaching its decision, the PAC will inform the County Manager. The County Manager shall review the decision, and either accept, reject, or modify it as to the result or any proposed corrective action, in whole or in part, and forward it, together with the County Manager's written recommendation, to the County Attorney for further legal review. The final outcome of this review will be provided

to the employee and the employee's supervisor.

The decision of the PAC, as reviewed and approved by the County Manager and the County Attorney, shall be final.

An employee who is subject to post-Accident testing under this subsection c shall remain readily available for such testing or may be deemed by the County to have refused to submit to testing. Nothing in this Policy shall be construed to require the delay of necessary medical attention for injured people following an Accident or to prohibit a driver from leaving the scene of an Accident for the period necessary to obtain assistance in responding to the Accident, or to obtain necessary emergency medical care.

- d. Post-Accident Alcohol Tests will be administered immediately following the Accident or as soon thereafter as medically and legally possible, but no later than eight (8) hours after the Accident. If the test is not administered within two (2) hours, the Supervisor shall prepare and maintain a written record stating the reason(s) why the test was not administered within two (2) hours. If the test is not administered within eight (8) hours, the Supervisor shall cease attempts to administer the test and shall prepare and maintain a written record stating the reason(s) why the test was not promptly administered.
- e. Post-Accident Drug Tests will be administered immediately following the Accident or as soon thereafter as medically and legally possible, but no later than thirty-two (32) hours after the Accident. If the test is not administered within thirty-two (32) hours, the Supervisor shall cease attempts to administer the test and shall prepare and maintain a written record stating the reason(s) why the test was not promptly administered.

6.3 Pre-placement Testing

- a. Before any new or existing Covered Employee first operates a County-owned vehicle or performs any other Safety-Sensitive Function for the County, he or she must submit to Drug Testing. Such Covered Employee will not be permitted to drive a County vehicle or perform a Safety-Sensitive Function unless the test is Negative.
- b. Before any new or existing Covered Employee who drives a Commercial Vehicle first operates a Commercial Vehicle or performs other related Safety-Sensitive Functions as defined in 49 C.F.R. 382.107, the employee must submit to Drug Testing and receive a Verified Negative result. If the pre-placement Drug Test is a Canceled Test, the employee must take another pre-placement Drug Test with a Verified Negative result.
- c. Covered Applicants applying for positions as Covered Employees who drive a Commercial Vehicle are required (even if ultimately not hired) to provide the County with signed written releases requesting FTA Drug and Alcohol records from all previous DOT-covered employers as required by applicable law or any government agency. Failure to do so will result in the employment offer being rescinded. If the Covered Applicant has tested Positive or refused to test on a pre-employment test for a DOT-covered employer, the Covered Applicant must provide the County proof of having successfully completed a referral, evaluation, and treatment plan as described in 49 CFR § 655.62.

6.4. Random Testing

- a. Random testing will be done for Covered Employees on a percentage basis in a fair and equal manner. Each time a random selection is made, every employee subject to testing will have an equal chance of being tested. Random tests shall be administered reasonably throughout the calendar year. Random test selection will be made by a scientifically valid method by using a computer based random number generator.
- b. Covered Employees are subject to unannounced Drug Tests throughout the year and may be tested at any time they are On Duty. Pursuant to County policy (and not federal regulations), at least ten percent (10%) of the average number of Covered Employees shall be tested each year for Drugs.
- c. Covered Employees who drive a Commercial Vehicle are subject to unannounced Drug Tests and Alcohol Tests throughout the year and may be tested at any time they are On Duty. The minimum percentage rates for random Drug Testing and Alcohol Testing for Covered Employees who drive a Commercial Vehicle shall be at the current rates determined by FMCSA Administrator pursuant to 49 C.F.R. Part 382, as amended. Covered Employees who drive a Commercial Vehicle will be included in one random testing pool maintained separately from the testing pool of all other County employees who are covered under the sole authority of the County or who are Mass Transit Employees.
- d. When a Covered Employee is selected for random testing, both the employee and the employee's Supervisor shall be notified on the day the test is scheduled to occur. The Covered Employee's Supervisor shall explain to the employee that he/she is under no suspicion of using Alcohol or taking Drugs and that the employee's name was selected randomly pursuant to this Policy. The Covered Employee's Supervisor shall reasonably endeavor to ensure that the Covered Employee proceeds to the collection site for the test.
- e. When a Covered Employee is notified that he or she has been selected for random testing, he or she will proceed immediately to the collection site.

6.5. Return to Duty Testing

- a. Covered Employees who have been suspended from work based on a Positive Drug Test or Alcohol Test must submit to a Drug Test or Alcohol Test before returning to work following the suspension period. A Negative test result is required before the employee may be authorized to return to duty.
- b. A Positive Return to Duty test shall result in termination.
- c. Covered Employees who drive a Commercial Vehicle are subject to return to duty testing following a Verified Positive Drug Test result, a confirmed Alcohol Test with a result indicating an Alcohol Concentration of 0.04 or greater, a refusal to test (including by adulterating or substituting a urine specimen) or any other violation of the prohibition on the use of Alcohol or Drugs under a DOT agency regulation. Such Covered Employees who drive a Commercial Vehicle must have a Negative Drug Test result and/or (depending upon which test is required) an Alcohol Test with an Alcohol Concentration of less than 0.02 before they will be allowed to resume any DOT Safety-Sensitive Function. The test cannot occur until after the SAP has determined that such Covered Employee has successfully complied with prescribed education and/or treatment. Nothing in this Section requires the County to return an employee to Safety-Sensitive Functions because the employee has met these conditions.

6.6 Follow-up Testing

- a. Covered Employees who have been authorized to return to duty following suspension based on a Positive Drug Test or Alcohol Test must submit to a minimum of six (6) unannounced periodic Follow-up Tests within the first twelve (12) months following return to duty.
- b. Any Covered Employee returning to duty following completion of a voluntary drug rehabilitation program must submit to the same Follow-up Tests described above. If the Covered Employee is returning to duty following a self-referral or management referral to drug/Alcohol rehabilitation (which was not precipitated by a Positive test or a refusal to test on a DOT Drug Test or Alcohol Test), the follow-up tests conducted will be on non-DOT forms but will be modeled off of the DOT procedures.
- c. A Positive Follow-up Test will result in termination.
- d. Follow-up Testing is separate from and in addition to Random Testing. Covered Employees subject to Follow-up Testing must also remain in the standard random pool and must be tested whenever their names come up for Random Testing, even if this means being tested twice in the same week or month.
- e. Covered Employees who Drive a Commercial Vehicle who violate this Policy by refusing to take a required Drug Test or Alcohol Test or by having a Verified Positive Drug Test or by having a confirmed Alcohol Test result of 0.04 or greater, and who seek to resume the performance of Safety-Sensitive Functions, will be required to undergo frequent, unannounced Drug Tests and/or Alcohol Tests following their return-to-duty in accordance with a written follow-up testing plan to be established by the SAP after the SAP determines that the employee has successfully complied with the SAP's recommendations for education and/or treatment. The SAP is the sole determiner of the number and frequency of follow-up tests and whether these tests will be for Drugs, Alcohol, or both, unless otherwise directed by the appropriate DOT agency regulations. However, the SAP must, at a minimum, direct that such

Covered Employees who drive a Commercial Vehicle be subject to six unannounced follow-up tests in the first 12 months of Safety-Sensitive Function duty following a return to Safety-Sensitive Functions. The requirements of the SAP's follow-up testing plan "follow the employee" to subsequent employers or through breaks in service in accordance with the provisions in 49 CFR Part 40. The employee will not be allowed to continue to perform Safety-Sensitive Functions unless follow-up testing is conducted as directed by the SAP.

SECTION 7

Refusal to Submit to a Test

An employee's refusal to take a Drug Test or Alcohol Test required by this Policy is a violation of the Policy.

Covered Employees who drive a Commercial Vehicle who violate this Policy by refusing to take a required Drug Test or Alcohol Test may not subsequently perform any Safety-Sensitive Function for the County unless and until he or she completes a SAP evaluation, referral, and education/treatment process and shall be subject to return-to-duty and follow up testing, as set forth in 49 C.F.R. Part 40.

A Covered Employee or Covered Applicant who leaves the testing site before the testing process commences for a pre-placement test is not deemed to have refused to test. A Covered Employee or Covered Applicant who does not provide a urine specimen because he or she has left the testing site before the testing process commences for a pre-placement test is not deemed to have refused to test. A Covered Employee or Covered Applicant who does not provide an adequate amount of breath or saliva because he or she has left the testing site before the testing process commences for a pre-placement test is not deemed to have refused to test.

It is considered a refusal to take a test if an employee:

- i. fails to appear for any test (except a pre-placement test) within a reasonable time, as determined by the employer, after being directed by the employer to do so;
- ii. fails to remain at the testing site until the testing is complete (except a pre-placement test which has not started);
- iii. fails to provide a urine specimen for any Drug Test, or breath for an Alcohol Test;
- iv. fails, in the case of a directly observed or monitored collection in a Drug Test, to permit the observation or monitoring of the employee's provision of a specimen;
- v. fails to provide a sufficient amount of urine or breath when directed, and it has been determined that there was no adequate medical explanation for the failure;
- vi. fails or declines to take an additional test when directed to do so by the collector or employer;
- vii. fails to undergo a medical examination or evaluation, as directed by the MRO or employer as part of the verification process, or as directed by the HR Director as part of the "shy bladder" or "shy lung" procedures;

- viii. fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when directed by the collector, behaves in a confrontational way that disrupts the collection process, fails to wash hands after being directed to do so by the collector).
- ix. has a test result that the MRO reports is verified Adulterated or Substituted Specimen;
- x. if such employee is a Covered Employee who drives a Commercial Vehicle or a Covered Applicant for such a position, fails or refuses to sign Step 2 of the Alcohol Testing Form (ATF) if required by 49 CFR Part 40, as amended;
- xi. fails to follow the observer's instructions during an observed collection, including instructions to raise clothing above the waist, lower clothing and underpants, and to turn around to permit the observer to determine if the employee has any type of prosthetic or other device that could be used to interfere with the collection process;
- xii. possesses or wears a prosthetic or other device that could be used to interfere with the collection process;
- xiii. admits to the collector or MRO that the employee adulterated or substituted the specimen; or
- xiv. fails to remain readily available for post-Accident testing if subject to such testing.

Nothing in this Policy shall be construed to require the delay of necessary medical attention for injured people following an Accident or to prohibit a driver from leaving the scene of an Accident for the period necessary to obtain assistance in responding to the Accident, or to obtain necessary emergency medical care.

SECTION 8

Drug Testing Procedures

- a. The Drugs that will be tested for include marijuana, cocaine, opioids, amphetamines, and phencyclidine (including such Drug metabolites). Initial testing for heroin will be mandatory for all opioid Positive Drug Tests.
- b. After the identity of the donor employee/applicant is checked using picture identification, a urine specimen will be collected using the Split Specimen Collection method. Each specimen will be accompanied by a DOT Chain of Custody and Control Form and identified using a unique identification number that attributes the specimen to the correct individual. The specimen analysis will be conducted at a Laboratory. An Initial Drug Test and Validity Test will be conducted on the primary urine specimen. For those specimens that are not Negative, a Confirmatory Test will be performed. The Confirmatory Test will be considered Positive if the amounts of the Drug(s) and/or its metabolites identified by the Confirmatory Test are above the minimum thresholds for such Drug(s) and/or metabolites.
- c. The test results from the Laboratory will be reported to the MRO, and the MRO will review the results as described in Section 11 of this Policy.
- d. Employees and Covered Applicants that have a Verified Positive Drug Test result or a test refusal due to adulteration or substitution may request a test of their split specimen. However, employees

and Covered Applicants do not have access to a test of their split specimen following an Invalid Result. The split sample test must be conducted at a second Laboratory. The test must be conducted on the split sample that was provided by the employee or Covered Applicant at the same time as the primary sample. The employee's or Covered Applicant's request for a split sample test must be made to the MRO within 72 hours of notice of the original sample verified test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the employee or Covered Applicant. The County will ensure that the cost for the split specimen is covered in order for a timely analysis of the sample. However, the County will seek reimbursement for the split sample test from the employee or Covered Applicant.

- e. If a test has an Invalid Result without a medical explanation, a retest will be conducted under direct observation. Employees and Covered Applicants do not have access to a test of their split specimen following an Invalid Result.
- f. Following a Negative Dilute result, the employee or Covered Applicant will be required to undergo another test. Should this second test result in a Negative Dilute result, the test will be considered a Negative and no additional testing will be required unless directed to do so by the MRO.
- g. Observed collections
 - 1. Observed collections are required in the following circumstances:
 - i. Anytime the temperature on the original specimen was out of the accepted temperature range;
 - ii. Anytime the employee or Covered Applicant is directed to provide another specimen because the original specimen appeared to have been tampered with;
 - iii. Anytime a collector observes materials brought to the collection site or the employee's or Covered Applicant's conduct clearly indicates an attempt to tamper with a specimen;
 - iv. Anytime the Laboratory reported to the MRO that the original specimen was invalid and the MRO determined that there was not an adequate medical explanation for the result;
 - v. For Covered Employees who drive a Commercial Vehicle, all return-to-duty tests;
 - vi. For Covered Employees who drive a Commercial Vehicle, all follow-up tests;
 - vii. For Covered Employees who drive a Commercial Vehicle or Covered Applicants for such positions, anytime the MRO reports that the original specimen was Positive, or an Adulterated or Substituted Specimen, but had to be cancelled because the test of the split specimen could not be performed;
 - viii. For Covered Employees who drive a Commercial Vehicle or Covered Applicants for such positions, anytime the Laboratory reports to the MRO that the specimen was Negative Dilute with a creatinine concentration greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL, and the MRO reported the specimen to the County as Negative Dilute and that a second collection must take place under direct observation.

2. The employee or Covered Applicant who is being observed will be required to raise his or her shirt, blouse, or dress/skirt, as appropriate, above the waist; and lower clothing and underpants to show the collector, by turning around that they do not have a prosthetic device.

SECTION 9

Alcohol Testing Procedures

Tests for breath Alcohol Concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA)-approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). Alcohol Tests may be performed using a non-evidential testing device which is also approved by NHSTA (a list of approved Alcohol screen devices may be found on ODAPCs web page for “Approved Screening Devices to Measure Alcohol in Bodily Fluids”). If the initial test indicates an Alcohol Concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The Confirmatory Test must occur on an EBT. The Confirmatory Test will be conducted at least fifteen minutes after the completion of the initial test. The Confirmatory Test will be performed using a NHTSA-approved EBT operated by a trained BAT. The EBT will identify each test by a unique sequential identification number. This number, time, and unit identifier will be provided on each EBT printout. The EBT printout, along with an approved Alcohol Testing form, will be used to document the test, the subsequent results and to attribute the test to the correct employee or Covered Applicant. The test will be performed in a private, confidential manner. The procedure will be followed to protect the employee and to maintain the integrity of the Alcohol Testing procedures and validity of the test result.

SECTION 10

Reporting of Results

Carolina Occ Med, or other clinic facility designated by the County to perform Drug Testing, shall report Drug Test results directly to the MRO within five (5) working days. The report shall indicate the Drugs/metabolites tested for, whether the results are Positive or Negative, and the Drug Testing Laboratory identification number. Carolina Occ Med, or other clinical facility designated by the County to perform Alcohol Testing, shall report Alcohol Test results to the HR Director immediately.

SECTION 11

Review of Drug Results by MRO

THE MRO WILL REVIEW AND INTERPRET POSITIVE RESULTS OBTAINED FROM THE LABORATORY. THE MRO, THROUGH A VERIFICATION PROCESS, WILL ASSESS AND DETERMINE WHETHER ALTERNATE MEDICAL EXPLANATIONS COULD ACCOUNT FOR THE POSITIVE TEST RESULTS. THE MRO MAY CONDUCT MEDICAL INTERVIEWS OF THE TESTED INDIVIDUAL. ADDITIONALLY, THE MRO WILL EXAMINE ALL MEDICAL RECORDS AND DATA MADE AVAILABLE BY THE TESTED INDIVIDUAL, SUCH AS EVIDENCE OF PRESCRIBED MEDICATIONS.

- a. The MRO will review the findings of a Drug Test with the employee or Covered Applicant before a final determination is made that the employee or Covered Applicant did not Pass the test. The purpose of this review is to ensure that the findings of a Positive test are not based on factors other than the use of the Drug for which the Positive result is found. After the final determination is made, the MRO will notify the County as prescribed below.

- b. When an employee or Covered Applicant is taking a prescription medication, the MRO must verify the prescription, and if it is a valid prescription, immediately notify the HR Director of a Verified Negative result. In cases when an MRO verifies a prescription is consistent with the Controlled Substances Act, but that the MRO has still made a determination that the prescription may disqualify the employee or Covered Applicant under other DOT medical qualification requirements, if applicable, or that the prescription poses a significant safety-risk, the MRO must advise the employee or Covered Applicant that they will have five (5) business days from the date the MRO reports the Verified Negative result to the County for the employee or Covered Applicant to have their prescribing physician contact the MRO. The prescribing physician will need to contact the MRO to assist the MRO in determining if the medication can be changed to one that does not make the employee or Covered Applicant medically unqualified or does not pose a significant safety risk. If in the MRO's reasonable medical judgment, a medical qualification issue or a significant safety risk still remains after the MRO communicates with the employee's or Covered Applicant's prescribing physician, or after five (5) business days, whichever is shorter, the MRO must communicate this issue to the County.
- c. If during the course of an interview with an individual who has tested Positive the MRO learns of a medical condition which could, in the MRO's reasonable medical judgment, pose a risk to safety, the MRO may report that information to the HR Director.
- d. The MRO will notify each employee or Covered Applicant who has a confirmed Positive test that the employee or Covered Applicant has 72 hours in which to request a test of the split specimen. The employee or Covered Applicant shall have the right to retest a confirmed Positive sample at the same or another approved Laboratory. The employee or Covered Applicant must request release of the sample, specifying to which approved Laboratory the sample is to be sent. If the employee or Covered Applicant makes such a request, the MRO will direct, in writing, the Laboratory to provide the split specimen to a certified Laboratory, as specified by the employee or Covered Applicant, for analysis. If the analysis of the split specimen fails to Reconfirm the presence of the Drug(s) or Drug metabolite(s) found in the primary specimen, or if the split specimen is unavailable, inadequate for testing or un-testable, the MRO will cancel the test and report the Canceled Test and the reasons for it to the DOT (if applicable), the County, and the employee or Covered Applicant. A request for testing of the split sample and associated costs are the responsibility of the tested individual.
- e. If the MRO, after making and documenting all reasonable efforts, is unable to contact the tested person, the MRO will contact the HR Director to arrange for the employee or Covered Applicant to contact the MRO prior to going On Duty. If, within five (5) days after a documented contact by the HR Director instructing the employee or Covered Applicant to contact the MRO, the employee or Covered Applicant has not done so, the MRO will verify the test Positive and report it to the County.
- f. Notwithstanding any other provision stated herein, the MRO shall comply with all applicable state and federal laws in effect at the time of the testing.

SECTION 12

Compliance with Law

- a. The County will maintain Alcohol Test and Drug Test results in a secure and confidential manner, so that disclosure of information to unauthorized persons does not occur. Employee or Covered Applicant information shall only be released as legally required or expressly authorized.

- b. Searches and seizures are to be conducted in a legal manner. The County reserves the right to conduct searches or inspections of property assigned to an employee whenever a department director or his or her designee determines that the search is reasonable under all the circumstances. Failure to consent to, or cooperate with, such inspections will be grounds for disciplinary action up to and including discharge.
- c. The County will notify the North Carolina Division of Motor Vehicles within five (5) business days following receipt of a Positive Drug Test or Alcohol Test or a refusal to submit to a required test for all Covered Employees who drive a Commercial Vehicle, or Covered Applicants for such a position, as required by N.C.G.S. § 20-37.19(c). Such notification shall include the person's name, driver's license number, social security number, and test results or documentation of employee's refusal to take the test.
- d. The Drug Free Workplace Act of 1988 requires all employees to notify the County within five calendar days after any criminal Conviction for the manufacture, distribution, dispensation, possession, or use of narcotics, Drugs, or any other controlled substance at the Workplace. The County shall then be required to notify all federal contracting agencies and grantors of such Conviction within ten days of receiving notice of the Conviction.
- e. This Policy is intended to comply will all applicable federal regulations governing Workplace anti-drug and Alcohol programs in the transportation industry. This specifically includes, without limitation, 49 CFR Part 382, as amended (published by the FMCSA of the DOT), which mandates urine Drug Testing and Alcohol breath testing for Covered Employees who drive a Commercial Vehicle and prohibits performance of Safety-Sensitive Functions when there is a Positive test; and 49 CFR Part 40, as amended (published by DOT), which sets standards for the collection and testing of urine and breath specimens.

SECTION 13

49 CFR Part 382- Additional Provisions for Covered Employees Who Drive a Commercial Vehicle

- a. The provisions in 49 CFR Part 382, as amended, and this Section 13, apply to Covered Employees who drive a Commercial Vehicle and Covered Applicants for such positions.
- b. The following list indicates the tests required by 49 CFR Part 382, and is meant to satisfy the requirement in 49 CFR § 382.113 that employers notify employees of tests required by Part 382. This list should not in any way be interpreted to limit the tests provided for in this Policy. 49 CFR Part 382 requires the following:
 - 1. Drug Testing with a Verified Negative result prior to performing a safety sensitive function (as defined by Part 382) for the first time. However, 49 CFR Part 382 does not require a Drug Test in this situation if: (1) the person has participated in a controlled substances testing program that meets the requirements of Part 382 within the previous 30 days; and (2) while participating in that program, the person either (i) was tested for controlled substances within the past 6 months (from the date of application with the County), or (ii) participated in the random controlled substances testing program for the previous 12 months (from the date of application with the County); and (3) the County ensures that no prior employer of the person of whom the County has knowledge has records of a violation of Part 382 or the controlled substances use rule of another DOT agency within the previous six months.
 - 2. Post-Accident testing under 49 CFR § 382.303, as described in Section 6.2(c) of the Policy.
 - 3. Random testing for prohibited Drug use anytime an employee is On Duty.

4. Random Alcohol Testing for Alcohol misuse while an employee is performing safety-sensitive functions (as defined by 49 CFR Part 382); just before the employee is to perform such functions, or just after the employee has ceased performing such functions.
 5. Alcohol Testing and/or Drug Testing when the County has Reasonable Suspicion to believe that the employee has used a prohibited Drug and/or engaged in Alcohol misuse. Reasonable Suspicion Alcohol Testing is authorized under 49 CFR Part 382 only if the required observations are made during, just preceding, or just after the period of the workday that the employee is required to be in compliance with 49 CFR Part 382, and the employee is directed to undergo the test while performing safety-sensitive functions (as defined by 49 CFR Part 382), just before the employee is to perform such functions, or just after the employee has ceased performing such functions.
 6. If an employee has a Verified Positive DOT Drug Test result, a DOT Alcohol Test with a result indicating an Alcohol Concentration of 0.04 or greater, or a refusal to test (including by adulterating or substituting a urine specimen) or any other violation of the prohibition on the use of Alcohol or Drugs under a DOT agency regulation, 49 CFR Part 382 requires return-to-duty Drug Testing and/or Alcohol Testing prior to the return of the employee to safety-sensitive duties (as defined by 49 CFR Part 382). Such testing must occur after the SAP has determined that the employee has successfully complied with prescribed education and/or treatment.
 7. Follow-up testing of each employee who returns to duty in accordance with a written follow-up testing plan to be established by the SAP.
- c. 49 CFR Part 382 authorizes pre-employment Alcohol Testing in accordance with 49 CFR § 382.301.
- d. 49 CFR Part 382 defines “safety-sensitive function” to mean “all time from the time a driver begins to work or is required to be in readiness to work until the time he/she is relieved from work and all responsibility for performing work.” Under this part “safety-sensitive functions” include: (1) All time at an employer or shipper plant, terminal, facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the employer; (2) All time inspecting equipment as required by Sections 392.7 and 392.8 of Part 382 or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time; (3) All time spent at the driving controls of a commercial motor vehicle in operation; (4) All time, other than driving time, in or upon any commercial motor vehicle except time spent resting in a sleeper berth; (5) All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and (6) All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.
- e. The FMCSA has established requirements for the Clearinghouse. The purpose of the Clearinghouse is to maintain records of all drug and alcohol program violations in a central repository and require that employers query the system to determine whether current and prospective employees have incurred a Drug or Alcohol violation that would prohibit them performing Safety-Sensitive Functions covered by the FMCSA and DOT Drug Testing and Alcohol Testing regulations. The following are requirements under this Section related to the Clearinghouse:
- i. Any driver who holds a CDL and meets the requirements of the CDL standards (49 CFR Part 383) and the FMCSA Drug and Alcohol Testing Program (49 CFR Part 382), shall have personal information pertaining to Positive Drug Testing entered into, and monitored by, the Clearinghouse.

- ii. If a limited query about a person by the County reveals that the Clearinghouse has information about such person, that person will be required to register with the Clearinghouse within 24 hours to grant consent for the County to obtain their full Clearinghouse record. This consent authorization may be valid for more than one year. Employee registration with the Clearinghouse is not otherwise required, although an employee may register to view their own Clearinghouse record if desired. Instructions for registration may be provided by the County's Human Resources office.
- iii. In accordance with 49 CFR Part 382.601, the County will report the following information to the Clearinghouse:
 - 1. A Verified Positive, Adulterated Specimen, or Substituted Specimen Drug Test result;
 - 2. A Confirmatory Test for Alcohol with an Alcohol Concentration of 0.04 or higher;
 - 3. A refusal to submit to any test required by Subpart C of Part 382;
 - 4. Actual knowledge, as defined by 49 CFR § 382.107 of On Duty Alcohol use (pursuant to 49 CFR § 382.205), pre-duty Alcohol use (pursuant to 49 CFR § 382.207); Alcohol use following an Accident (pursuant to 49 CFR § 382.209); and controlled substance use (pursuant to 49 CFR § 382.213).
 - 5. A SAP report of the successful completion of the return-to-duty process
 - 6. A Negative return-to-duty test; and
 - 7. Employer's report of completion of follow-up testing
- iv. Failure to comply with the requirements of this subsection related to the Clearinghouse may result in the suspension of an employee's authorization to operate a Commercial Vehicle, the employee being prohibited from performing Safety-Sensitive Functions, and the employee being subject to disciplinary action, up to and including dismissal.

ARTICLE XIV. TAXATION OF CERTAIN EMPLOYEE BENEFITS

SECTION 1

Purpose

The purpose of this Article is to establish organizational guidelines concerning the use and taxation of certain fringe benefits provided to County employees, other than those benefits addressed in other Articles of this Resolution. The intent of this Article is to provide employees who receive particular fringe benefits an understanding of the taxable nature of those benefits and the procedures that must be followed in order to receive certain fringe benefits.

SECTION 2

Applicability

The fringe benefits set forth in this Article are not necessarily inclusive of all fringe benefits that may be provided by the County, nor is it the case that all employees will receive these benefits. Many of these fringe benefits are provided on a case-by-case basis, or only to certain classes of employees, in order to provide for the business needs of the County. If the provisions of this Article ever conflict with federal and state law, regulations, or controlling guidance relating to the taxation of fringe benefits, then such law, regulations, or guidance shall take precedence over the provisions of this Article. If a fringe benefit is provided by the County, and such a fringe benefit is not directly addressed in this Section, the taxation of such a fringe benefit is subject to all applicable federal and state law, regulations, and guidance.

SECTION 3

Definitions

- 1) De Minimis Fringe Benefit- A fringe benefit, provided by the County to an employee, that has so little value (taking into account how frequently similar fringe benefits are provided by the County to employees) as to make accounting for it unreasonable or administratively impracticable. Such a fringe benefit is excluded from taxable income.
- 2) De Minimis Meal- Any occasional meal, or meal money, provided to an employee that has so little value (taking into account how frequently such meals are provided to employees) that accounting for it would be unreasonable or administratively impracticable. Examples of such meals include, but are not limited to, 1) coffee, doughnuts, or soft drinks; 2) occasional meals (or meal money) provided to an employee to work overtime; and 3) occasional parties, picnics, or similar events for employees and their guests.
- 3) Deductible Moving Expenses- Only the reasonable moving expenses, which meet the IRS' distance and time tests, of 1) moving household goods and personal effects from the former home to the new home, and 2) travel (including lodging) from the former home to the new home. This does not include any expenses for meals.
- 4) Meal on Business Premises- Meal furnished to an employee that is 1) furnished on the County's business premises, and 2) furnished for the convenience of the County. A meal furnished for the convenience of the County is a meal provided for a substantial business reason other than to provide an employee with additional pay.
- 5) Nontaxable Clothing- This is clothing or uniforms that 1) must be worn as a condition of employment and 2) that are not suitable for everyday wear. Additionally, the County only considers such clothing to be not suitable for everyday wear if the clothing has a readily distinguishable logo and the employee is prohibited from wearing the clothing off-duty. Examples of clothing that meet this definition are law enforcement uniforms, firefighter uniforms, some health care workers' clothing, and transportation workers.
- 6) Qualified Nonpersonal Use Vehicle- As defined in the Code of Federal Regulations (26 C.F.R. 1.274-5(k)), any vehicle which, by reason of its nature (that is, design), is not likely to be used more than a *de minimis* amount for personal purposes.

- 7) Working Condition Fringe Benefit- Expense for property or services provided to an employee by the County so that the employee can perform his or her job, which could be deducted as a business or depreciation expense if the employee paid for such an expense.

SECTION 4

Procedure

Revised June 19, 2023

If an employee is receiving a fringe benefit from the County, it is the responsibility of the Department Director in control of the fringe benefit to ensure that such a fringe benefit is tracked and reported as described in this Article, as well as in any other applicable County policies or procedures. Department Directors should determine, by consulting this Article, as well as the Finance Office as necessary, whether a particular fringe benefit is taxable. If such a fringe benefit is taxable, then the employee's Department Director, as applicable, shall submit a "Fringe Benefit Certification Form" to the Finance Office, in order to allow for the Finance Office to include the value of such a fringe benefit on the employee's pay records and tax forms as taxable income.

SECTION 5

Types of Fringe Benefits

5.1 Achievement Awards

The value of an achievement award, up to certain prescribed amounts, is excluded from taxable income if the award meets the requirements of an employee achievement award as described in IRS Publication 535, or any similar successor publication. Currently, if an achievement award is made under a qualified award plan, as that term is described in IRS Publication 535, the value of the achievement award in an amount up to \$1,600 may be excluded from taxable income. However, if the achievement award is not made under a qualified award plan, currently the value of the achievement award up to \$400 may be excluded from taxable income.

5.2 Athletic Facilities

The value of an employee's use of an on-premises gym or other athletic facility that is operated by the County, and which is substantially used during the calendar year by County employees, spouses, or their dependent children, is excluded from taxable income.

5.3 Cell Phone Service

The value of a County-provided cell phone, which is provided primarily for non-compensatory business reasons, is excluded from taxable income. The value of this fringe benefit is excluded from taxable income as a type of Working Condition Fringe Benefit. A cell phone is considered provided primarily for non-compensatory business purposes if there are substantial business reasons for providing the employee the cell phone (such as the need to contact the employee at all times for work-related emergencies or the requirement that the employee be available to speak with clients and other personnel when the employee is away from the office). Personal use of a County-provided cell phone, provided primarily for non-compensatory business reasons, is excluded from taxable income as a *De Minimis* Fringe Benefit. However, the County may elect to charge an employee for any and/or all personal use of such a County-provided cell phone.

5.4 Clothing Allowance

The actual cash value of a clothing allowance the County provides to an employee, unless an allowance for Nontaxable Clothing, is considered taxable income. An allowance for Nontaxable Clothing is excluded from taxable income.

5.5 Clothing and Uniforms

The actual cash value of clothing and uniforms provided to an employee is considered taxable income, unless it meets the definition of Nontaxable Clothing. The value of Nontaxable Clothing is excluded from taxable income. The value of protective clothing and equipment (such as steel-toed boots, work gloves, hard hats and safety gloves) required for work the County provides to an employee is excluded from taxable income.

It is not enough that an employee is prohibited by policy from wearing the clothes off-duty, as all of the factors above must be met in order for the value of such clothing and uniform to be excluded from taxable income as Nontaxable Clothing. The value of polo shirts with County logos, scrubs, Carhart jackets, cargo pants, khaki pants, and blue jeans are considered taxable. There is no value of clothing, no matter how small, that would be considered a *De Minimis* Fringe Benefit. The value of clothing an employee is required to return to the County at the end of employment is considered taxable if it does not meet the criteria for Nontaxable Clothing. Additionally, an employee who wears any returned clothing is considered to receive taxable income at the fair market value of the clothing (the value is considered similar to the value of such clothing at a second-hand clothing store).

5.6 Educational Assistance

The value of educational assistance provided to employees is excluded from taxable income if such educational assistance is provided under an educational assistance program. An educational assistance program must meet the IRS' requirements for such a program in order for the value of such educational assistance to be excluded from taxable income. If an educational assistance program meeting IRS requirements is not in place, or educational assistance provided exceeds the amount set by the IRS, the value of the benefit must be considered taxable income, unless the benefit is considered a Working Condition Fringe Benefit. Such an educational assistance benefit is considered a Working Condition Fringe Benefits to the extent that if the employee paid for the education on their own, the amount paid would have been deductible as a business or depreciation expense.

5.7 Equipment

The County may issue employer-provided equipment (such as computer equipment, cell phones, services to permit remote access, tools, and other similar materials) in order for an employee to conduct business and perform assigned tasks. Any such equipment provided to an employee is County-owned property. This equipment must be returned to the County upon the County's request, or at the time of the employee's separation from employment with the County. Such equipment shall only be used for County business purposes, which value of such use is excluded from taxable income. However, if such equipment is either purchased for personal use by an employee, or not returned upon an employee's separation from employment with the County, the value of such equipment will then be considered taxable to the employee.

5.8 Gifts

The value of a gift, such as a holiday gift, the County gives an employee may be considered either a *De Minimis* Fringe Benefit or a taxable fringe benefit, depending on the nature of such a gift. A gift that is considered a *De Minimis* Fringe Benefit is any property or service given as a gift to an employee which gift's value, taking into account the frequency with which the

employer provides similar fringe benefits, is so small that accounting for it would be unreasonable or administratively impractical. Examples of such gifts include plaques, coffee mugs, and traditional holiday gifts of property (not cash or a “cash-equivalent”) with low fair market value.

The value of any gift that is not considered a *De Minimis* Fringe Benefit is considered a taxable fringe benefit. Cash, or a “cash equivalent” (such as a gift card redeemable for general merchandise or having a cash equivalent value), is considered taxable and not a *De Minimis* Fringe Benefit, regardless of the fair market value of such a gift.

5.9 Group-Term Life Insurance

The cost of County-provided group term life insurance that meets the conditions set forth by the IRS is considered excluded from taxable income for up to the first \$50,000 of coverage. The cost of group-term life insurance coverage in excess of \$50,000 is considered taxable. Any employee receiving more than \$50,000 of group-term life insurance coverage paid for by the County will have the cost of the coverage in excess of \$50,000 included as taxable income. The cost of group-term life insurance coverage is calculated based upon IRS Guidelines, found in IRS Publication 15B, Employer’s Tax Guide to Fringe Benefits, or any similar successor publication.

5.10 Meals

The value of reimbursement expenses, or per diem costs, for an employee’s meals occurring during Travel Away From Home, as that term is defined in the Union County Travel Policy, is considered excluded from taxable income. Business Meals, as that term is defined in the Union County Travel Policy, are excluded from taxable income as a Working Condition Fringe Benefit, so long as the Business Meal is substantiated as required by Union County’s Travel Policy. The value of a *De Minimis* Meal is also excluded from taxable income. The value of a Meal on Business Premises is excluded from taxable income. However, in order for the County to reimburse a Meal on Business Premises, the County must be provided documentation as to who attended the meal, the purpose surrounding the meal, the date of the meal, and the place of the meal. The purpose will be considered acceptable if 1) the main purpose of the meal is to actively conduct business and 2) business is actually conducted during the meal. Meals provided to promote goodwill, boost morale, or attract prospective employees are not excluded from taxable income, unless such a meal qualifies as a *De Minimis* Meal.

5.11 Moving Expense Reimbursement

Reimbursement of moving expenses given directly or indirectly to an employee (including services furnished in kind) are excluded from taxable income only to the extent those expenses are Deductible Moving Expenses. However, the value of such reimbursement is considered taxable if the employee actually deducted those expenses from their income taxes in a previous year. More specific information regarding moving expenses may be found in guidelines published by the IRS, available in IRS Publication 521, Moving Expenses, or any similar successor publication. The County’s preference is to pay a mover directly, rather than to reimburse an employee for such expenses.

5.12 Parking

The value of parking provided by the County for use by employees on or near the County’s business premises is excluded from taxable income.

5.13 Retirement Planning Services

The value of any retirement planning advice or information the County provides to an employee or his or her spouse is excluded from taxable income. This includes not only the value of advice

related to a qualified employer-provided retirement plan, but any general advice or information on retirement as well. This exclusion from taxable income does not apply to services for tax preparation, accounting, legal, or brokerage services.

5.14 Temporary Living Expenses

The value of the County's reimbursement of an employee's temporary living expenses is considered a taxable fringe benefit.

5.15 Travel Allowance

A monthly travel allowance the County pays to an employee for use of a vehicle associated with their job is considered a taxable fringe benefit.

5.16 Use of County Vehicles

The use of a County-owned vehicle for personal use is a taxable fringe benefit. The Union County Vehicle Use Policy generally prohibits the use of a County-owned vehicle for private or personal use. However, the County may assign a vehicle to an employee, which will include the use of the vehicle for commuting purposes when it is necessary for the performance of an employee's duties. Commuting to and from work in a County owned vehicle is considered personal use by the IRS, even if the vehicle is taken home for the convenience of the County. The County uses the "commuting rule," as set forth by the IRS, to determine the value of the vehicle provided to an employee for commuting. Each one-way commute (one trip from home to work or vice-versa) is multiplied by the current IRS rate under the commuting rule to calculate the value of the commuting use of the vehicle, which is considered taxable income. If more than one employee is required to commute in such a vehicle, this value applies to each employee.

However, the IRS considers all of an employee's use of a Qualified Nonpersonal Use Vehicle a Working Condition Benefit, which is excluded from taxable income. By way of illustration, examples of Qualified Nonpersonal Use Vehicles are marked Sheriff's Office vehicles; unmarked Sheriff's Office vehicles used by law enforcement officers if such use is authorized and meets the requirements of the Code of Federal Regulations requirements for such vehicles; marked Fire Marshal's vehicles; any vehicle designed to carry cargo with a loaded gross vehicle weight over 14,000 pounds; dump trucks (including garbage trucks); flatbed trucks; and any specialized utility repair trucks (not including a van or pickup truck) specifically designed and used to carry heavy tools, equipment, or parts, if shelves, racks or other permanent interior construction have been installed to carry and store such items (this does not include a pick-up truck with only a toolbox attached).

ADDENDUM # 2

UNION COUNTY CODE OF CONDUCT FOR CONTRACTS SUPPORTED BY FEDERAL GRANT FUNDS

I. PURPOSE

The purpose of this Code is to set forth the standards of conduct that shall govern the selection process, the award, and the administration of contracts supported by federal grant funds, including those in which federal grant funds are passed through to the County as a grant from another agency (i.e. State agency), as well as to set forth standards of conduct that are specific to Union County's Community Development Block Grant Program. This Code shall be in addition to those applicable standards of conduct related to procurement found in State law, the Union County Personnel Resolution, the Union County Procurement Policy, and any other local law or policy. To the extent that any of these additional standards and requirements conflict with those set forth in this Code, the most restrictive standard/requirement shall control.

II. STANDARDS

No employee, officer or agent of Union County shall participate in selection, or in the award or administration of a contract supported by Federal grant funds if a conflict of interest, real or apparent, would be involved. Such a conflict would arise when:

- the employee, officer or agent,
 - any member of his/her immediate family,
 - his/her partner, or
 - an organization which employs, or is about to employ, any of the above,
- has a financial or other interest in the firm selected for award.

Notwithstanding the foregoing, if the financial interest is insubstantial, then the minimum rules set by N.C. Gen. Stat. § 14-234 shall constitute the applicable rules for conflicts of interest.

Employees, officers, and agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subagreements of projects supported by Federal grant funds. As provided in N.C. Gen. Stat. § 133-32, this Section II(2) is not intended to prevent the following: (i) the receipt of an unsolicited gift of nominal intrinsic value a public servant would be permitted to accept under N.C. Gen. Stat. § 138A-32, (ii) the receipt of unsolicited honorariums of nominal intrinsic value for participating in meetings, (iii) the receipt of unsolicited advertising items or souvenirs of nominal value, (iv) the receipt of unsolicited meals furnished at banquets if such meals are of nominal intrinsic value, (v) a donation by a contractor, subcontractor, or supplier to a professional organization to defray meeting expenses where governmental employees are members of such professional organizations, and (vi) the participation by governmental employees who are members of professional organizations in all scheduled meeting functions available to all members of the professional organization attending the meeting.

III. PENALTIES, SANCTIONS, OR OTHER DISCIPLINARY ACTIONS FOR VIOLATIONS OF THE STANDARDS SET FORTH IN SECTION II

To the extent permitted by applicable law, a County officer, employee, agent, contractor, or an agent of a contractor who violates one of the standards set forth in Section II of this Code of Conduct shall be subject to penalties, sanctions, or other disciplinary actions.

IV. ADDITIONAL REQUIREMENTS SPECIFIC TO COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

- (1) None of the following or their immediate family members, during the tenure of the subject person or for one year thereafter, shall have any direct or indirect financial interest in any contract, subcontract or the proceeds thereof for work to be performed in connection with Union County's Community Development Block Grant Program: employees or agents of Union County who exercise any function or responsibility with respect to Union County's Community Development Block Grant Program, and Union County officials, including members of the Union County Board of Commissioners. This same prohibition shall be incorporated in all contracts or subcontracts for work to be performed in connection with Union County's Community Development Block Grant Program.
- (2) If a procurement under Union County's Community Development Block Grant Program is not for supplies, equipment, construction, or services (for example, the acquisition or disposition of real property or the provision of assistance with Community Development Block Grant funds), then the following conflict of interest standard shall also apply:
 - a. Except for eligible administrative or personnel costs or except as otherwise approved by the State of North Carolina or the United States Department of Housing and Urban Development in accordance with 24 CFR § 570.489(h), no "CDBG covered persons," as that term is defined below, who exercise or have exercised any functions or responsibilities with respect to Union County's Community Development Block Grant activities or who are in a position to participate in a decision making process or gain inside information with regard to such activities, may obtain a financial interest or benefit from the activity, or have an interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds there under, either for themselves or those with whom they have family or business ties, during their tenure or for one year thereafter.
 - b. For purposes of this subsection (2), "CDBG covered persons" shall include any person who is a Union County employee, agent, consultant, officer, elected official, or appointed official.
 - c. For purposes of this subsection (2), "family ties" means spouse, parents, children, brother, sister, grandparents, grandchildren and the step, half, and in-law relationships.
 - d. For purposes of this subsection (2), "business ties" means an officer, employee, agent, or any stockholder or shareholder holding at least 10 percent ownership of any firm, contract, or subcontract which benefits from funding assistance under the grant agreement.

DRUG AND ALCOHOL FREE WORKPLACE POLICY APPLICABLE TO COVERED MASS TRANSIT EMPLOYEES AND APPLICANTS FOR SUCH POSITIONS

SECTION 1

Applicability, Purpose, and Scope of Policy

Revised June 19, 2023, February 5, 2024

- a. This Addendum #3, “Drug and Alcohol Free Workplace Policy Applicable to Covered Mass Transit Employees and Applicants for Such Positions”, (the “Policy”) is applicable to employees who are Covered Mass Transit Employees and Covered Applicants (as such terms are defined herein).
- b. The purpose of this Policy is to ensure that services are delivered safely, efficiently, and effectively by establishing a Drug and Alcohol-free work environment, and to ensure that the Workplace remains free from the effects of Drugs and Alcohol in order to promote the health and safety of employees and the general public. In keeping with this mission, Union County declares that the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances, or misuse of Alcohol, is prohibited for all employees.
- c. Additionally, the purpose of this Policy is to establish guidelines to maintain a Drug and Alcohol-free Workplace in compliance with the Drug-Free Workplace Act of 1988, and the Omnibus Transportation Employee Testing Act of 1991. This Policy is intended to comply with all applicable Federal regulations governing Workplace anti-Drug and Alcohol programs in the transit industry. Specifically, the FTA has published 49 CFR Part 655, as amended, that mandates Drug Testing and Alcohol Testing for safety-sensitive positions, and prohibits performance of Safety-Sensitive Functions when there is a Positive test result, or a refusal to test. The DOT has also published 49 CFR Part 40, as amended, that sets standards for the collection and testing of Specimens for Drug Testing and Alcohol Testing.
- d. Any provisions set forth in this Policy that are included under the sole authority of the County and are not provided under the authority of the above named Federal regulations are underlined. Drug Tests and Alcohol Tests conducted under the sole authority of the County will be performed on non- DOT forms and will be separate from DOT testing in all respects.
- e. All testing will be conducted in a manner that will protect the rights of Covered Employees and Covered Applicants subject to testing. Therefore, the County will take all necessary steps to safeguard the dignity and self-esteem of those being tested and will ensure adherence to all procedures pertaining to the implementation of this Policy. The County will adhere strictly to all standards of confidentiality and assure all Covered Employees and Covered Applicants that testing records and results will be released only to those authorized to receive such information.
- f. Under the sole authority of the County, employees with substance-abuse problems are encouraged to voluntarily seek help. If an employee should approach the County prior to being identified as a Drug user/abuser or Alcohol abuser by means of Drug Testing or Alcohol Testing, all possible and positive consideration for a medical leave of absence for treatment and/or counseling will be pursued. However, notwithstanding any other provision of this Policy to the contrary, Covered Employees who have a Verified Positive Drug Test, Positive Alcohol Test, or who refuse to take a required Drug Test or Alcohol Test may be disciplined, up to and including termination, in accordance with the provisions of this Policy. Under the sole authority of the County, if a Covered Employee is terminated, no benefits except those provided for by federal, State or local act will be provided for beyond the last day of employment.

- g. Every Covered Employee will receive a copy of this Policy and will be required to sign a form acknowledging its receipt. By continuing to work, the Covered Employee agrees that he/she will abide by the Policy as a condition of employment. Under the sole authority of the County, failure to sign the form will result in disciplinary action up to and including termination. This Policy shall be administered by the Union County Human Resources Director or his or her designee (the "HR Director"), in consultation with the Union County Risk Manager, and as directed by the County Manager.

Negative Dilute means a Drug Test result which is Negative for the five Drug/Drug metabolites but has creatinine and specific gravity values lower than expected for human urine.

Negative means the result reported by a Laboratory to an MRO when a Specimen contains no Drug, or the concentration of the Drug is less than the Cutoff concentration for the Drug or Drug class and the Specimen is a valid Specimen. An Alcohol Concentration of less than 0.02 BAC is considered Negative.

Every Covered Employee and, to the extent applicable, every Covered Applicant shall:

- a. Abide by this Policy as a condition of employment.
- b. Comply with all applicable laws regulating the manufacture, distribution, dispensation, use or possession of Alcohol, Drugs, or prescription medications.
- c. Assure that his or her ability to perform his or her job duties is not negatively affected due to use of Alcohol or, under the sole authority of the County, Drugs, when scheduled to report to work or when On Call. Should any Covered Employee be requested to report to work earlier than his or her normal or previously assigned time, it is the Covered Employee's responsibility to advise his or her Supervisor of an inability to perform his or her job duties or that he or she has used Alcohol or, under the sole authority of the County, Drugs, within the last four hours prior to reporting for duty. If the Covered Employee had received prior notice that he or she might be called back into work, the Covered Employee shall be considered absent without leave if he or she is unable to report to duty and may be subject to other disciplinary action due to inability to report for duty.

If a Covered Employee acknowledges the use of Alcohol when On Call, but claims the ability to perform his or her Safety-Sensitive function, the Covered Employee must take an Alcohol Test.

In the case of a Supervisor who has consumed Alcohol or, under the sole authority of the County, Drugs, within four hours of receiving an unscheduled notice to report to work or who is otherwise unable to perform his or her job duties due to the influence of Alcohol or, under the sole authority of the County, Drugs, the Supervisor shall contact a previously designated employee within his or her department to assume the role and responsibilities of the supervisory position until the four-hour time period has passed or, if later, the Supervisor is no longer under such influence and can safely return to duty. - a. Any Covered Employee who while operating a County vehicle or while otherwise On Duty, demonstrates work performance or behavior that creates a Reasonable Suspicion that the Covered Employee is under the influence of Alcohol or Drugs in violation of this Policy shall be subject to Alcohol Testing or Drug Testing.
- b. FTA covered employees will be subject to a Reasonable Suspicion Drug and/or Alcohol test when the employer has Reasonable Suspicion to believe that the Covered Employee has used a prohibited Drug and/or engaged in Alcohol misuse. Reasonable Suspicion referrals must be made by one or more Supervisor or other County officials trained in detecting the signs and symptoms of misuse of Alcohol or Drugs in accordance with 49 C.F.R. § 655.14, who reasonably conclude that a Covered Employee may be adversely affected or impaired in his/her work performance due to possible prohibited Drug use or Alcohol misuse. A reasonable suspicion alcohol test can only be conducted just before, during, or just after the performance of a safety-sensitive job function. Under the sole authority of the County, a non-DOT Reasonable Suspicion Drug Test or Alcohol Test may also be conducted anytime a Covered Employee is On Duty.
- c. An Alcohol Test shall be administered within two (2) hours, but no later than eight (8) hours, following the determination of Reasonable Suspicion. If the test is not administered within two (2) hours, the Supervisor must document the reason(s) the test was not promptly administered. If the test is not administered within eight (8) hours, the Supervisor shall cease attempts to administer the test and shall prepare and maintain a written record stating the reason(s) for not administering the test.
- d. A Drug Test shall be administered as soon as possible following the determination of Reasonable Suspicion.
- e. Once Reasonable Suspicion is established, the Covered Employee shall not be allowed to report to duty or remain On Duty until: (i) an Alcohol Test or Drug Test is administered and the results of such test are Negative, or (ii) under the sole authority of the County, eight (8) hours have elapsed following a determination of Reasonable Suspicion of Alcohol, or (iii) under the sole authority of the County, thirty-two (32) hours have elapsed following a determination of Reasonable Suspicion of Drugs.
- f. A written record shall be made of the grounds for administering a Reasonable Suspicion Test for Alcohol or Drugs and signed by the Supervisor or departmental designee who made the determination of Reasonable Suspicion within twenty-four (24) hours of the observed behavior or before the results of the Alcohol Test or Drug Test are released, whichever is earlier.

7.2 Post-Accident Testing

- a. In addition to any other post-Accident testing requirements described herein and established pursuant to the sole authority of the County, all Covered Employees will be subject to the testing requirements found in 49 CFR § 655.44, as amended. This regulation requires the County to conduct Drug Tests and Alcohol Tests on each surviving Covered Employee operating the transit vehicle at the time of a vehicle Accident involving the loss of human life. This regulation also requires the County to conduct Drug Tests and Alcohol Tests on any other Covered Employee whose performance could have contributed to a vehicle Accident involving a fatality, as determined by the County using the best information available at the time of the decision. Furthermore, the regulation requires Drug Testing and Alcohol Testing of the following Covered Employees in the event that a transit vehicle is involved in an Accident resulting in injuries requiring immediate transportation to a medical treatment facility, or an Accident in which one or more vehicles incurs Disabling damage, but not involving the loss of human life: (1) each Covered Employee operating the transit vehicle at the time of the Accident unless the County determines, using the best information available at the time of the decision, that the Covered Employee's performance can be completely discounted as a contributing factor to the Accident; and (2) any other Covered Employee whose performance could have contributed to the Accident, as determined by the County using the best information available at the time of the decision.

A Covered Employee subject to post-Accident testing shall remain readily available for such testing or may be deemed by the County to have refused to submit to testing.

- b. Post-Accident Alcohol Tests will be administered immediately following the Accident or as soon thereafter as medically and legally possible, but no later than eight (8) hours after the Accident. If the test is not administered within two (2) hours, the Supervisor shall prepare and maintain a written record stating the reason(s) why the test was not administered within two (2) hours. If the test is not administered within eight (8) hours, the Supervisor shall cease attempts to administer the test and shall prepare and maintain a written record stating the reason(s) why the test was not properly administered.
- c. Post-Accident Drug Tests will be administered immediately following the Accident or as soon thereafter as medically and legally possible, but no later than thirty-two (32) hours after the Accident. If the test is not administered within thirty-two (32) hours, the Supervisor shall cease attempts to administer the test and shall prepare and maintain a written record stating the reason(s) why the test was not promptly administered.
- d. Nothing in this Policy shall be construed to require the delay of necessary medical attention for injured people following an Accident or to prohibit a driver from leaving the scene of an Accident for the period necessary to obtain assistance in responding to the Accident, or to obtain necessary emergency medical care.

7.3 Pre-employment Testing

- a. Before any new or existing Covered Employee or Covered Applicant first operates a Revenue Service Vehicle or performs any related Safety-Sensitive Functions as defined in 49 C.F.R. 655.4, the Covered Employee or Covered Applicant must submit to Drug

136

Testing and receive a Verified Negative result. If the pre-employment Drug Test is Canceled, the Covered Employee or Covered Applicant must take another pre-employment Drug Test with a Verified Negative result. A pre-employment Drug Test will be performed after a conditional offer of employment or transfer has been made to a Covered Applicant or Covered Employee.

- b. When a Covered Employee has not performed a Safety-Sensitive Function as defined in 49 C.F.R. 655.4 for 90 consecutive calendar days regardless of the reason, and the Covered Employee has not been in the random selection pool during that time, the Covered Employee must take a pre-employment Drug Test with a Verified Negative result.
- c. Covered Applicants are required (even if ultimately not hired) to provide the County with signed written releases requesting Drug and Alcohol records from all previous, DOT-covered employers that the Covered Applicant has worked for within the last two years. Failure to do so will result in the employment offer, if any, being rescinded. The County is required to ask all such Covered Applicants (even if ultimately not hired) if they have tested Positive or refused to test on a pre-employment test for a DOT-covered employer within the last two years. If the Covered Applicant has tested Positive or refused to test on a pre-employment test for a DOT-covered employer, the Covered Applicant must provide the County proof of having successfully completed a referral, evaluation, and treatment plan as described in 49 CFR § 655.62.

7.4. Random Testing

- a. Random testing will be done on a percentage basis in a fair and equal manner. Each time a random selection is made, every Covered Employee subject to testing will have an equal chance of being tested. Random Drug Tests shall be administered reasonably throughout the calendar year at all days and hours during which a Covered Employee is On Duty. Random Alcohol Tests shall be administered reasonably throughout the calendar year at all days and hours during which a Covered Employee is actually performing, ready to perform, immediately available to perform, or has just performed a Safety-Sensitive Function. Random test selection will be made by a scientifically valid method by using a computer based random number generator.
- b. Covered Employees are subject to unannounced Drug Tests throughout the year and may be tested at all days and hours they are On Duty. Covered Employees are subject to unannounced Alcohol Tests throughout the year and may be tested at all days and hours when the Covered Employee is actually performing, ready to perform, immediately available to perform, or has just performed a Safety-Sensitive Function. Testing rates will meet or exceed the minimum annual percentage rate set each year by the FTA administrator. The current year testing rates can be viewed online at www.transportation.gov/odapc/random-testing-rates.
- c. Covered Employees will be included in a random testing pool with other employees covered by DOT drug and alcohol regulations that are covered by a separate County drug and alcohol policy. This testing pool will be maintained separately from the testing pool of all other County employees who may be tested under a separate policy who are covered under such policy by the sole authority of the County.

- d. When a Covered Employee is notified that he or she has been selected for random testing, he or she will proceed immediately to the collection site. The Covered Employee's Supervisor shall explain to the Covered Employee that he or she is under no suspicion of using Alcohol or taking Drugs and that the Covered Employee's name was selected randomly pursuant to this Policy.

7.5. Return to Duty Testing

- a. Covered Employees are subject to return to duty testing following a Verified Positive Drug Test result, a confirmed Alcohol Test with a result indicating an Alcohol Concentration of 0.04 or greater, a refusal to test as set forth in Section 8 of this Policy or any other violation of the prohibition on the use of Alcohol or Drugs under a DOT agency regulation. Such Covered Employees must meet all requirements set forth in 49 CFR Part 40, Subpart O and this Policy before they will be allowed to resume any DOT Safety- Sensitive Functions. Nothing in this Section requires the County to return a Covered Employee to Safety-Sensitive Functions because the Covered Employee has met these conditions.
- b. A Positive Return to Duty test shall result in termination.

7.6 Follow-up Testing

- a. A Covered Employee who violates this Policy by refusing to take a required Drug Test or Alcohol Test or by having a Verified Positive Drug Test or by having a confirmed Alcohol Test result of 0.04 or greater, and who seeks to resume the performance of Safety-Sensitive Functions, will be required to undergo frequent, unannounced Drug Testing and/or Alcohol Testing following their return-to-duty in accordance with a written follow-up testing plan to be established by the SAP after the SAP determines that the Covered Employee has successfully complied with the SAP's recommendations for education and/or treatment. The SAP is the sole determiner of the number and frequency of follow-up tests and whether these tests will be for Drugs, Alcohol, or both, unless otherwise directed by the appropriate DOT agency regulations. However, the SAP must, at a minimum, direct that the Covered Employee be subject to six unannounced follow-up tests in the first 12 months of Safety-Sensitive Functions duty following the Covered Employee's return to Safety-Sensitive Functions. The requirements of the SAP's follow-up testing plan "follow the Covered Employee" to subsequent employers or through breaks in service in accordance with the provisions in 49 CFR Part 40. The Covered Employee will not be allowed to continue to perform Safety- Sensitive Functions unless follow-up testing is conducted as directed by the SAP. Such follow-up Alcohol Testing will occur when the Covered Employee is actually performing, ready to perform, immediately available to perform, or has just performed a Safety-Sensitive Function; however, such follow-up Drug Testing will occur anytime the Covered Employee is On Duty.
- b. A Positive Follow-up Test will result in termination.
- c. Follow-up Testing is separate from and in addition to Random Testing. Covered Employees subject to Follow-up Testing must also remain in the standard random pool and must be tested

whenever their names come up for Random Testing, even if this means being tested twice in the same week or month.

SECTION 8

A Covered Employee's refusal to take a required Drug Test or Alcohol Test is a violation of this Policy. A Covered Employee who violates this Policy by refusing to take a required Drug Test or Alcohol Test may not subsequently perform any Safety-Sensitive Function for the County unless and until he or she completes an SAP evaluation, referral, and education/treatment process and shall be subject to return-to-duty and follow up testing, as set forth in 49 C.F.R. Part 40.

- iii. fails to attempt to provide a Specimen for any Drug Test, or Alcohol Test, required by 49 CFR Part 40 or any other DOT agency regulations. A Covered Employee or Covered Applicant who does not provide a Specimen because they have left the testing site before the testing process commenced for a pre-employment test has not refused the test;
- iv. in the case of a directly-observed or monitored collection in a Drug Test, fails to permit the observation or monitoring of the Covered Employee's or Covered Applicant's provision of a Specimen;
- v. fails to provide a sufficient amount of Specimen when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure;
- vi. fails or declines to take an additional test the employer or collector has directed the Covered Employee or Covered Applicant to take;
- vii. fails to undergo a medical examination or evaluation, as directed by the MRO, or as directed by the DER;
- viii. fails to cooperate with any part of the testing process;

- xiii. admits to the collector or MRO that the Covered Employee or Covered Applicant Adulterated or substituted the Specimen.

In addition, if a Covered Employee fails to remain readily available following an Accident as set forth in Section 7.2 of this Policy.

SECTION 9

Drug Testing Procedures

- c. Covered Employees and Covered Applicants that have a Verified Positive Drug Test result or a test refusal due to an Adulterated Specimen or Substituted Specimen may request a test of their Split Specimen. However, Covered Employees and Covered Applicants do not have access to a test of their Split Specimen following an Invalid result. The split sample test must be conducted at a second Laboratory. The test must be conducted on the split sample that was provided by the Covered Employee or Covered Applicant at the same time as the primary sample. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended. The Covered Employee's or Covered Applicant's request for a split sample test must be made to the MRO within 72 hours of notice of the original sample Verified Positive Drug Test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the Covered Employee or Covered Applicant. The County will ensure that the cost for the Split Specimen is covered in order for a timely analysis of the sample. However, the County will seek reimbursement for the split sample test from the Covered Employee or Covered Applicant.
- d. Following a Negative Dilute result, the Covered Employee or Covered Applicant will be required to undergo another test. Should this second test result in a Negative Dilute result, the test will be considered a Negative and no additional testing will be required unless directed to do so by the MRO.

SECTION 10

Alcohol Testing Procedures

Revised February 5, 2024

- a. All Alcohol Tests performed pursuant to this Policy shall be conducted at Carolina OCC MED, in Monroe, NC, or other clinical facility designated by the County, which facility shall be responsible for complying with all applicable state and federal regulations governing Alcohol Testing procedures and methodologies.
- b. Tests for breath Alcohol Concentration will be conducted in accordance with 49 CFR Part 40, as amended.

SECTION 11

Review of Drug Results by MRO

THE MRO WILL REVIEW AND INTERPRET POSITIVE RESULTS OBTAINED FROM THE LABORATORY. THE MRO, THROUGH A VERIFICATION PROCESS, WILL ASSESS AND DETERMINE WHETHER ALTERNATE MEDICAL EXPLANATIONS COULD ACCOUNT FOR THE POSITIVE TEST RESULTS. THE MRO MAY CONDUCT MEDICAL INTERVIEWS OF THE TESTED INDIVIDUAL. ADDITIONALLY, THE MRO WILL EXAMINE ALL MEDICAL RECORDS AND DATA MADE AVAILABLE BY THE TESTED INDIVIDUAL, SUCH AS EVIDENCE OF PRESCRIBED MEDICATIONS.

- a. The MRO will review the findings of a Drug Test with the Covered Employee or Covered Applicant before a final determination is made that the Covered Employee or Covered Applicant did not Pass the test. After the final determination is made, the MRO will notify the County as prescribed below.
- b. When a Covered Employee or Covered Applicant is taking a prescription medication, the MRO must verify the prescription, and if it is a valid prescription, immediately notify the HR Director of a Verified Negative result. In cases when an MRO verifies a prescription is consistent with the Controlled Substances Act, but that the MRO has still made a determination that the prescription may disqualify the Covered Employee or Covered Applicant under other DOT medical qualification requirements, or that the prescription poses a significant safety-risk, the MRO must advise the Covered Employee or Covered Applicant that they will have five (5) business days from the date the MRO reports the Verified Negative result to the County for the Covered Employee or Covered Applicant to have their prescribing physician contact the MRO. The prescribing physician will need to contact the MRO to assist the MRO in determining if the medication can be changed to one that does not make the Covered Employee or Covered Applicant medically unqualified or does not pose a significant safety risk. If in the MRO's reasonable medical judgment, a medical qualification issue or a significant safety risk still remains after the MRO communicates with the Covered Employee's or Covered Applicant's prescribing physician, or after five (5) business days, whichever is shorter, the MRO must communicate this issue to the County consistent with 49 CFR Part 40.327.

- c. If during the course of an interview with an individual who has tested Positive the MRO learns of a medical condition which could, in the MRO's reasonable medical judgment, pose a risk to safety, the MRO may report that information to the HR Director.
- d. The MRO will notify each Covered Employee or Covered Applicant who has a confirmed Positive test that the Covered Employee or Covered Applicant has 72 hours in which to request a test of the Split Specimen. The Covered Employee or Covered Applicant shall have the right to retest a confirmed Positive sample at another approved Laboratory. The Covered Employee or Covered Applicant must request release of the sample specifying to which approved Laboratory the sample is to be sent. If the Covered Employee or Covered Applicant makes such a request, the MRO will direct, in writing, the Laboratory to provide the Split Specimen to a second certified Laboratory. If the analysis of the Split Specimen fails to Reconfirm the presence of the Drug(s) or Drug metabolite(s) found in the primary Specimen, or if the Split Specimen is unavailable, inadequate for testing or un-testable, the MRO will cancel the test and report cancellation and the reasons for it to the DOT, the County, and the Covered Employee or Covered Applicant. The County will conduct the Split Specimen test in a timely manner in accordance with Policy and applicable law; however, the County may seek payment or reimbursement for all or part of the cost of the Split Specimen from the Covered Employee or Covered Applicant in accordance with 49 C.F.R. § 40.173.
- e. Notwithstanding any other provision stated herein, the MRO shall comply with all applicable state and federal laws in effect at the time of the testing.

Revised February 5, 2024

 - 2. Drug Testing with a verified Negative result prior to allowing a Covered Employee to perform a safety-sensitive function if the Covered Employee has not performed a safety sensitive function (as defined by 49 CFR Part 655) for 90 consecutive calendar days regardless of the reason and the Covered Employee has not been in the random selection pool during that time.
 - 3. Alcohol Testing if a Covered Employee acknowledges the use of Alcohol while On Call but claims the ability to perform his or her safety-sensitive function (as defined by 49 CFR Part 655).

Such testing must occur after the SAP has determined that the Covered Employee has successfully complied with prescribed education and/or treatment.
 9. Follow-up testing of each Covered Employee who returns to duty in accordance with a written follow-up testing plan to be established by the SAP.
