Program Evaluation Components

Opioid Data Dashboard Data is collected quarterly in Redcap

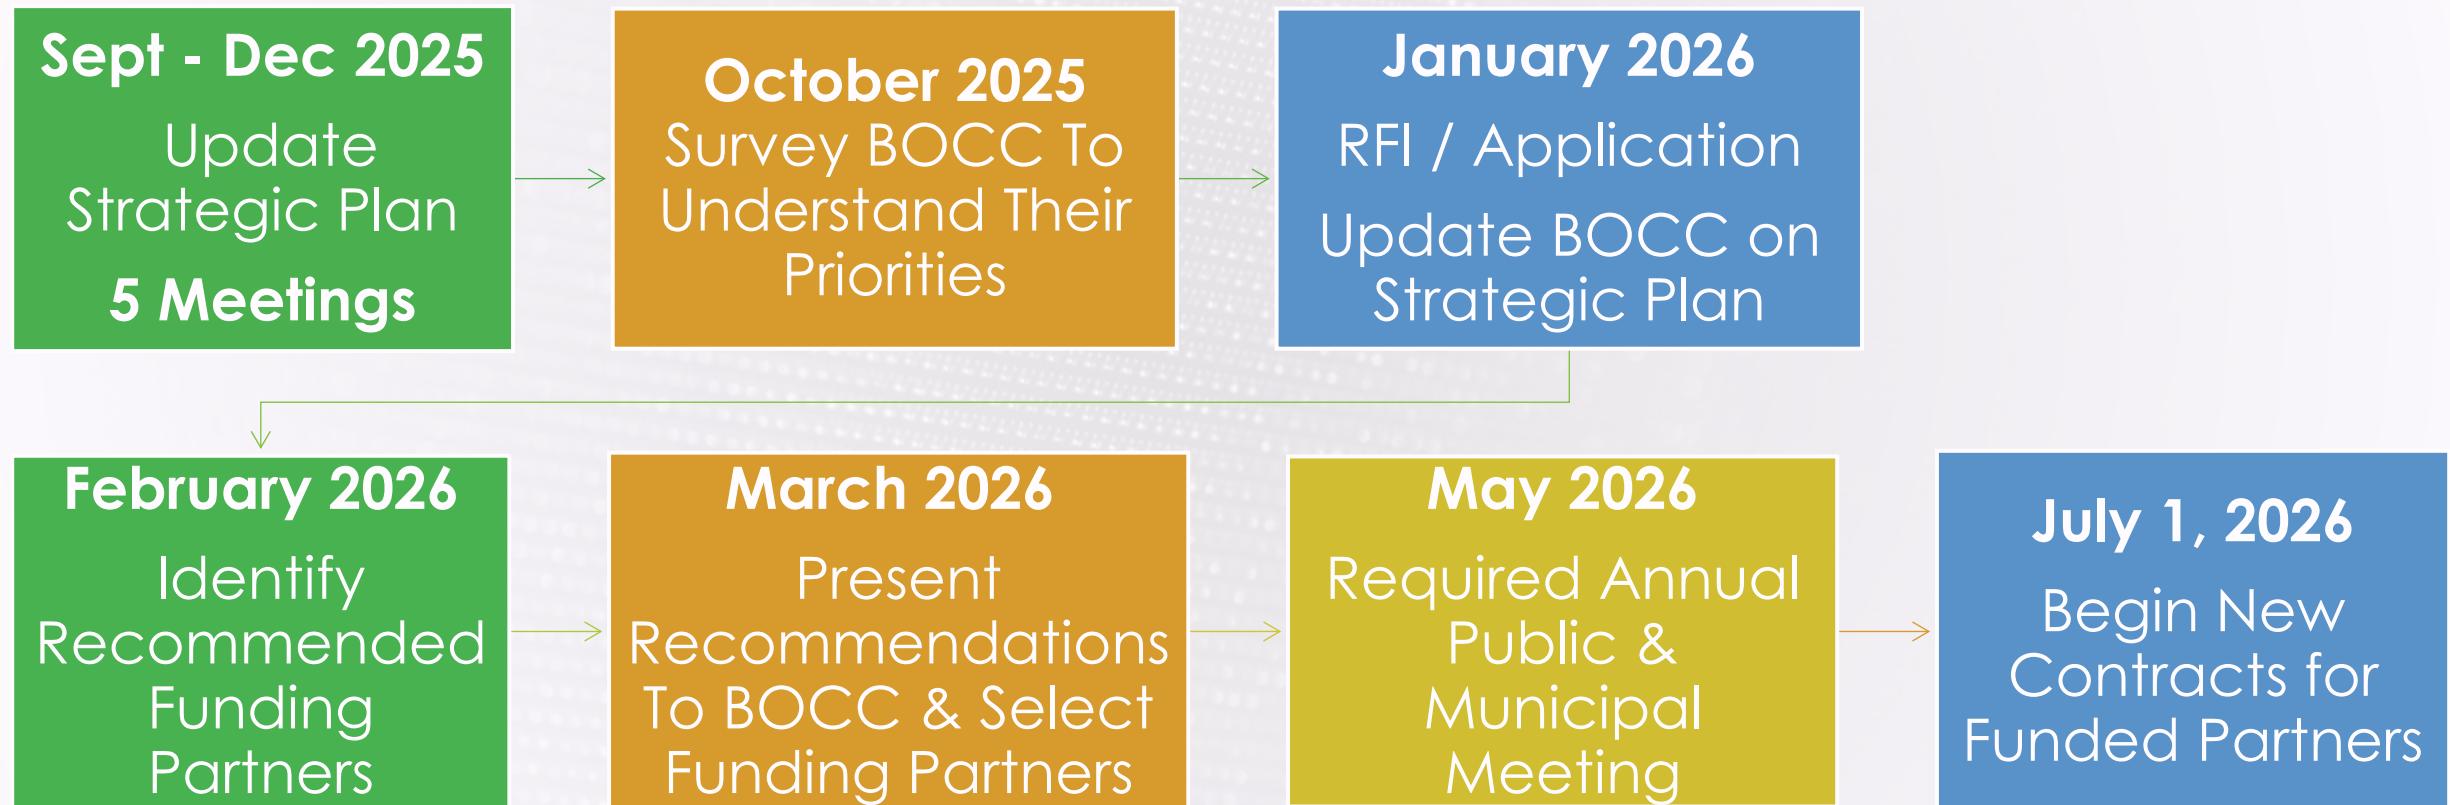

Dashboard performance data components include:

1. Population Level Data
2. Core Strategies Data
3. Funded Partner Data

State requires 3 performance measures

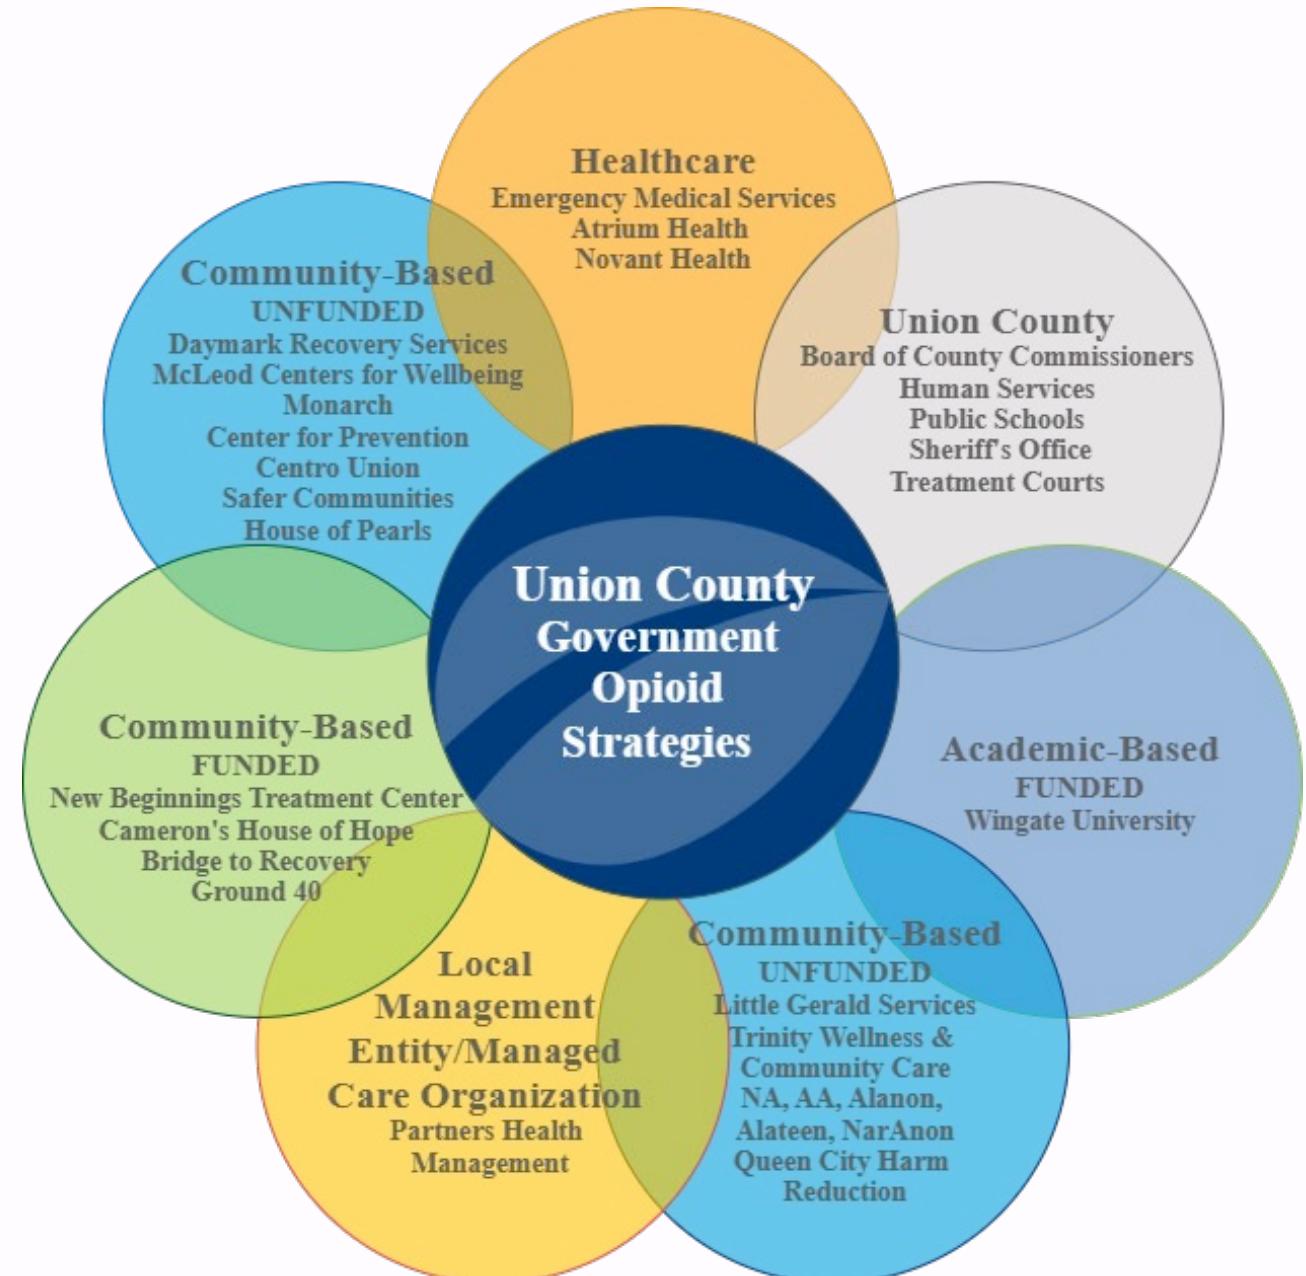

1. Quantity - How much did we do?
2. Quality- How well did we do it? (impact reports)
3. Outcome- Is anyone better off? (impact reports + dashboard)

Words to Remember From Residents Impacted By SUD

“I used to be like really mean. Now I’m like nice and I smile every time ... I’m never mad or anything.” - Child Participant

A nighttime aerial photograph of a small town. In the center, a large, ornate building with a prominent clock tower and a green dome is illuminated. The town is built on a hillside, with other buildings of various sizes and colors visible in the background and foreground. The sky is dark, and the town's lights create a warm glow.
