ACTION REQUESTED:

Approve the reports of 2024 delinquent taxpayers and annual settlement as requested.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

North Carolina General Statutes require Tax Collectors to make several reports to the governing body after the close of the fiscal year.

The first report is a list of real property taxpayers whose taxes are unpaid and for which the unpaid taxes are secured by a lien against their real property. The reports related to real property taxes is the advertising list often seen in the newspaper modified by the deletion of property owners who have paid their taxes between the advertising date and the date of the settlement report.

The second report is a list of those outstanding taxes that are not secured by liens against real property. These taxes are assessed against personal property owed by persons who owned no real property at the time the personal property was listed and are on file in the County Clerk's office.

The third report is the annual settlement. North Carolina General Statutes require the Tax Collector to make such a report after July 1st, but before the collector is charged with the collections of taxes for the current year. The form of the settlement reflects various charges (initial billing, discoveries, late listing, interest, etc.) and credits (sums deposited, releases, etc.) The charges and credits are required to balance. The

Union County Finance Division independently confirms the accuracy of the report.

For the fiscal year ending June 30, 2025, the unaudited overall collection rate on all county property taxes was 99.84%.

The order gives rise to a specific lien on the real estate listed on the books, plus the power to levy upon or attach any of the taxpayer's personal property. INFORMATION CONTACT:

Lee Jenson, Planning, Director, 704-283-3564

ACTION REQUESTED:
Discussion and possible action.
PRIOR BOARD ACTIONS:
None.
BACKGROUND:
Residents of the New Salem community have recently inquired about the scheduled roundabout project at NC 218 and Love Mill Road. The right of way acquisition process recently began, although the project has been funded for several years.

Total cost of the project: $2.86 million

Schedule: ROW Acquisition recently began. Construction scheduled for the summer of 2027 and will take 8-10 weeks.

Money spent to date: Approximately $108,000 on design and right-of-way expenses.

Project information: The project was submitted by NCDOT as a safety project and received additional funds from the Charlotte Regional Transportation Planning Organization (CRTPO). No Union County funds have been requested or committed to the project.

The all way stop (AWS) was installed as an interim measure since a roundabout was in the works. Traffic volumes show that the intersection is approaching the operational limits for an AWS and will not function in the future with growth in traffic volume. A roundabout is therefore recommended for the long-term treatment for safety issues.

NCDOT staff will be present to answer questions about the project.

25-493 **Contract & Budget Amendment - Town of Wingate Law Enforcement Services**

INFORMATION CONTACT:

Dorothy Thomas, Sheriff's Office, Public Safety Finance Administrator, 704-283-3578; Jason May, Budget & Grants Management, Director, 704-283-3760

ACTION REQUESTED:

1) Adopt Budget Amendment #3, 2) approve the addition of four (4) full-time equivalent (FTE) positions, and 3) authorize the County Manager to a) negotiate and execute an agreement substantially consistent with this agenda item, b) exercise any renewal or extension term options set forth in the Agreement, and c) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

In early June 2025, Wingate Town officials approached Sheriff Cathey to discuss contracting police services due to ongoing critical staffing shortages in the Wingate Police Department. Periodically, Sheriff's patrol deputies had increasingly been called upon to respond to service calls and cover entire shifts and days for the Police Department, stretching existing resources and leading to delayed response times. This staffing model does not provide adequate police presence in the Town and leaves the Wingate community vulnerable to criminal activity. At Wingate's request, a proposal was developed recommending four (4) full-time deputy sheriffs to provide 24-hour coverage for the Town. The proposed FY2026 contract amount is based on rates set annually by Union County budget and Sheriff's Office finance staff ($130,785.36 per deputy). These recommendations are based on the service model that informs the highly successful municipal contracts in Indian Trail, Weddington, Marvin, Lake Park, and Wesley Chapel. Following a public meeting on July 8 to gather community feedback, the Town Board voted on July 15 to approve the transition to contracted law enforcement services, effective October 1, 2025. The Town will provide office space in the current police building to the Sheriff's Office at no cost to support the

transition.

FINANCIAL IMPACT:

The County will accept funding to cover 90% of the cost of four (4) patrol officers and increase the UCSO budget by the full cost of the officers beginning September 1, 2025 through June 30, 2026. The total cost of the FY2026 Law Enforcement Services contract for the Town of Wingate is $484,390. The Town of Wingate is responsible for 90% of that cost, in the amount of $435,952. Union County, through the Sheriff's Office budget, will cover the remaining 10% ($48,438).

5) February 18, 2025, Regular Meeting, Agenda Item # 25-095 - Received information regarding population estimates and jail size comparisons.
6) March 3, 2025, Regular Meeting, Agenda Item # 25-113 - Approved Option 2 (500 bed/600 core) to complete the consultant's work for the jail study, which includes operational modeling and staffing costs. Requested the same information for a 400 bed/600 core.
7) May 19, 2025, Regular Meeting Agenda Item # 25-294 - Received information on construction costs, operational modeling, and staffing costs for 400 bed/600 core and 500 bed/600 core options.

BACKGROUND:

At the request of the Board of County Commissioners, the County began

an independent Jail Study to determine bed count and core size recommendations. The County selected Little Diversified Architecture, teamed with Justice Planners and Hemphill Randel Associates, to begin work on a study to determine bed count and core size options. On February 3, 2025, the design team, led by Justice Planners, shared information about the study process, key data used in their analysis, some high-level bed count options and next steps.

During the Board retreat on February 12, 2025, staff presented additional information on high level costing data for several options based on the study data. During the regular meeting of February 18, 2025, staff provided additional information related to county population estimates and other county jail sizes.

On March 3, 2025, the Board approved Option 2 (500 bed/600 core) to complete the consultant's work for the jail study, which includes operational modeling and staffing costs. Additionally, the Board requested the same information for a 400 bed/600 core option.

On May 19, 2025, the Board received information from the jail consultant on construction costs, operational modeling, and staffing costs based on a 400 bed/600 core option and a 500 bed/600 core option.

Staff requests direction from the Board on the selection of the bed count and core size and the financing mechanism for completing design and construction of the new jail. In addition, staff is requesting approval of a contract amendment to the Jail Study design contract to serve as the next phase in the jail study to ensure that advanced planning work continues as the Board determines the appropriate financing mechanism for completing design and construction of the new jail. This phase will focus on a high-level assessment of the existing Jail and Old Sheriff's Administration building to determine the feasibility of adaptive reuse options and conceptual site planning for a new Jail. Site planning will be necessary to evaluate any adaptive reuse options and any operational impacts.

The high-level assessment will include findings of conditions of systems including architectural, structural, mechanical, plumbing, electrical and fire protection. It will also include a code analysis related to reusing existing facilities. It is anticipated there may be 8-10 reuse options that will be evaluated and narrowed to feasible options including operational and logistical impacts.

The conceptual site planning is necessary as the location and proximity of the new Jail and South Piedmont Regional Autopsy Center in the overall campus plan directly affects the feasibility of any potential adaptive reuse options. Several site concept studies will be determined based on reuse options and pros and cons developed for consideration.

Other scope items in the request will be a site survey and high-level cost estimates for any feasible options. A report and presentation to the Board of the study's findings are also included.

FINANCIAL IMPACT:

The cost of the contract amendment for architectural services for the UC Jail Study is $86,500. There are sufficient funds in the UC Jail Alternatives for Expansion and Design capital account, 40080188, to cover this expense.

25-523 **FY22 Short Water Line Extension Program - Phase B Project Completion**

INFORMATION CONTACT:

Brian Matthews, County Manager's Office, County Manager, 704-292-2597

ACTION REQUESTED:

Provide direction to staff on completion of FY22 Short Water Line Extension Program Phase B projects.

PRIOR BOARD ACTIONS:

July 14, 2025, Regular Meeting, Agenda Item # 25-381 - Received presentation on status of FY22 and FY23 Short Water Line Extension Program Projects

BACKGROUND:

The Short Water Line Extension Program, as adopted by the Board of County Commissioners (BOCC), provides for the extension of water lines to serve and provide an environmental benefit to qualifying applicants in Union County. Staff have diligently pursued the design, permitting and construction of FY22 and FY23 projects and while doing so have encountered challenges with respect to easement acquisition and program funding.

Program funding is not sufficient to complete the FY22 Short Waterline Extension Program projects and approved FY23 projects have been put on hold pending future budget allocation decisions.

The FY22 projects consist of four project groupings, phases A-D, of which phases C and D have been advertised and construction contracts awarded. Following direction by the Board at the July 14, 2025 meeting, staff are pursuing completion of FY22 Phase A projects. Based on current cost estimates, there is insufficient funding available to complete all projects included in Phase B of the FY22 program however, it would be possible to complete the East Lawyers Road project included with Phase B within the available funding allocation.

FINANCIAL IMPACT:

Dependent on direction provided.

Old Waxhaw Monrow Road – Union County
Letter of Intent and Zoning Conditions

TMTLA Associates, on behalf of Capital Properties of Raleigh LLC, is submitting a rezoning for the 48.59 AC property located on Old Waxhaw Monroe Road (PIN 09417001M) in Union County, North Carolina. The current zoning designation is RA-40 and we are requesting a zoning designation of R-10.

The rezoning would facilitate the development of a single family detached neighborhood.

The Future Land Use Map (herein FLUM) calls this development out as Rural Residential, which allows up to 1 dwelling unit per acre. Our development is showing a connection to Highway 75, and as such we are requesting an extension of the Suburban Residential FLUM designation, which is on the north side of Highway 75, to extend to the south of Highway 75 and allow for a higher density development.

Our development includes 30% open space and will only consist of single family detached units and allowed accessory uses. This development will meet all requirements of the Union County Unified Development Ordinance.

<u>This project offers the following conditions for the rezoning request:</u>

1) Development shall be limited to single family detached homes and associated permitted uses.
2) Density will not exceed 1.9 du/ac.
3) Development shall meet all requirements of the Union County Unified Development Ordinance.

Summary of Request

This case is requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 48.592 acres appearing on the tax map as tax parcel 09-417-001M located on Old Waxhaw Monroe Road from RA-40 to R-10 with Conditions in order to develop a 91-home single-family residential development. The rezoning will include the following conditions:

1. Limited to site plan dated July 8, 2025

Property Information

Location: Between NC 75 and Old Waxhaw Monroe Road. Location more specifically described as tax parcel 09-417-001M.

Site

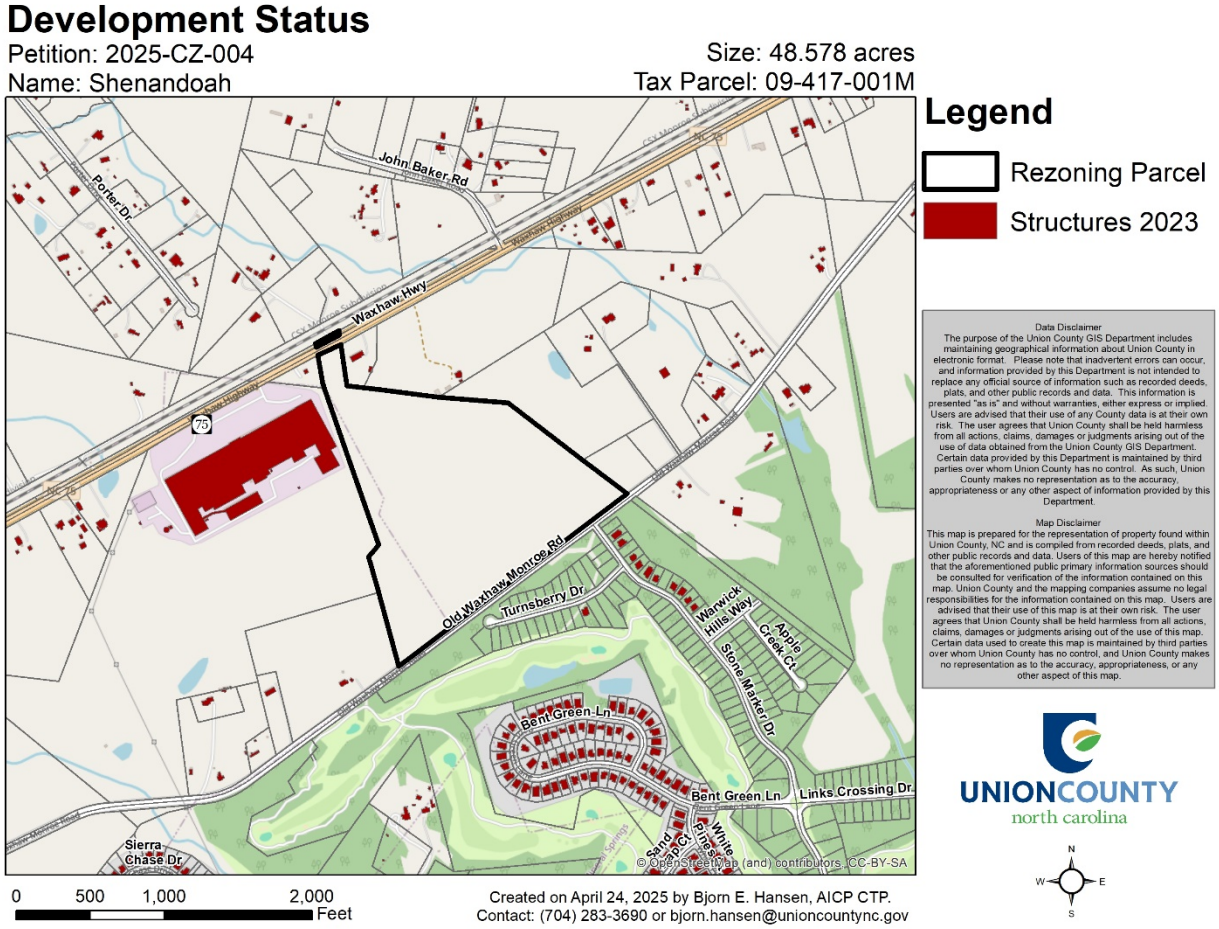

West of site on Old Waxhaw Monroe

Looking south from Old Waxhaw Monroe
South of Site on US 601

Looking east on NC 75

Municipal Proximity: The site is immediately east of the town of Mineral Springs.

Existing Land Use and Development Status: The parcel is currently zoned RA-40. The site is cleared and used for agriculture.

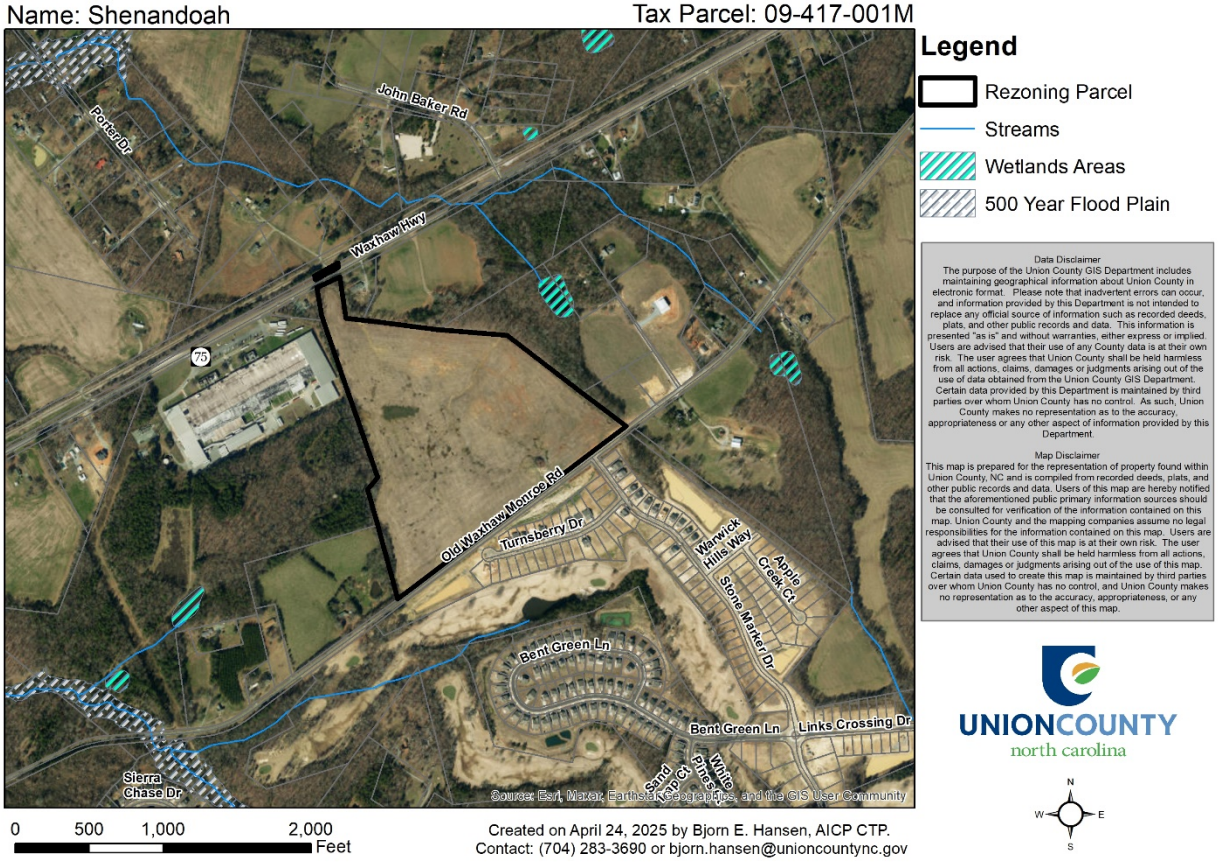

Environmental Features: There are no streams or floodplains on site. The applicant has identified two wetlands, which are located inside open space for the development. The site is cleared for agriculture.

Environmental Features

Petition: 2025-CZ-004
Name: Shenandoah

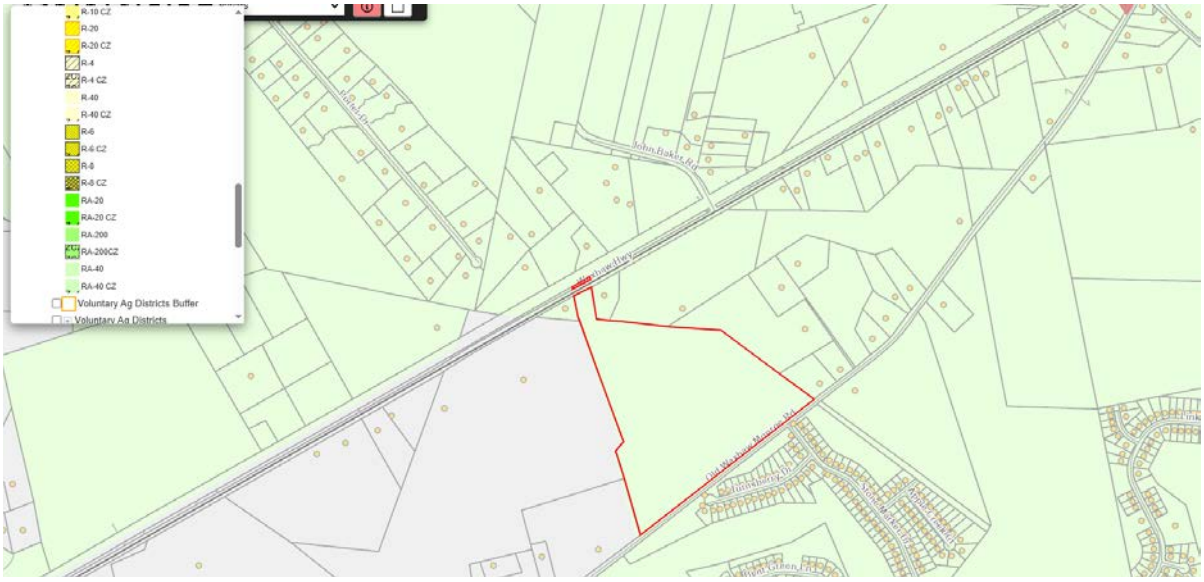

Size: 48.578 acres
Tax Parcel: 09-417-001M

Created on April 24, 2025 by Bjorn E. Hansen, AICP CTP.
Contact: (704) 283-3690 or bjorn.hansen@unioncountync.gov

Utilities: Public water and sewer are available to the site.

Zoning and Land Use History: The parcel site has been zoned RA-40 since zoning was initiated. This parcel is part of the original 2003 Stonebridge development, which received approval as a "Smart Growth" development. This portion of the site was approved for 67 lots of approximately 17,000 SF each. The commercial and industrial zoned properties at Rocky River and NC 75 occurred starting in the 1970s. Ther have been no special use permits immediately adjacent to the property, although several have been approved at properties adjacent to the same intersection.

Schools: Based on the provided information, the subdivision is currently assigned to the following schools:

	School Name	2024-2025 40th day ADM	Building Capacity	Building Utilization
Elementary	Western Union Elementary	535	601	89%
Middle	Parkwood Middle School	880	984	89.4%
High	Parkwood High School	1083	1376	78.7%

Utilizing information collected and analyzed on the demography report prepared for Union County Public Schools, the organization is currently tracking 3,334 vacant designed land (VDL) units within the assigned cluster. This number of VDL units potentially generates 667 students within the cluster.

Additional residential construction contributes to high enrollments, which in turn exacerbate problems such as:
- Additional mobile classrooms
- Inadequate capacity for food service and rest room facilities
- Rationing of access to the Media Center
- Insufficient parking and queuing space for parents to safely deliver or pick up their children
- Inadequate planning/meeting space for additional staff.

Transportation: This site will have access from NC 75 and Old Waxhaw Monroe Road. Access on NC 75 would be right in right out, while the access from Old Waxhaw Monroe Road would be full movement. A deceleration lane may be required for the access from NC 75. The eastern driveway on Old Waxhaw

Monroe would line up with Stone Marker Drive in the Stonebridge development. NC 75 carries approximately 7,500 vehicles per day, while Old Waxhaw Monroe carries approximately 550 vehicles per day. There are no funded road improvement projects in the immediate vicinity of the rezoning. A traffic Impact Analysis was not required for this rezoning. The proposed use would generate approximately 900 trips per day. The connection from NC 75 to Stone Marker is helpful to distribute traffic away from Potter Road south of NC 75 in downtown Mineral Springs.

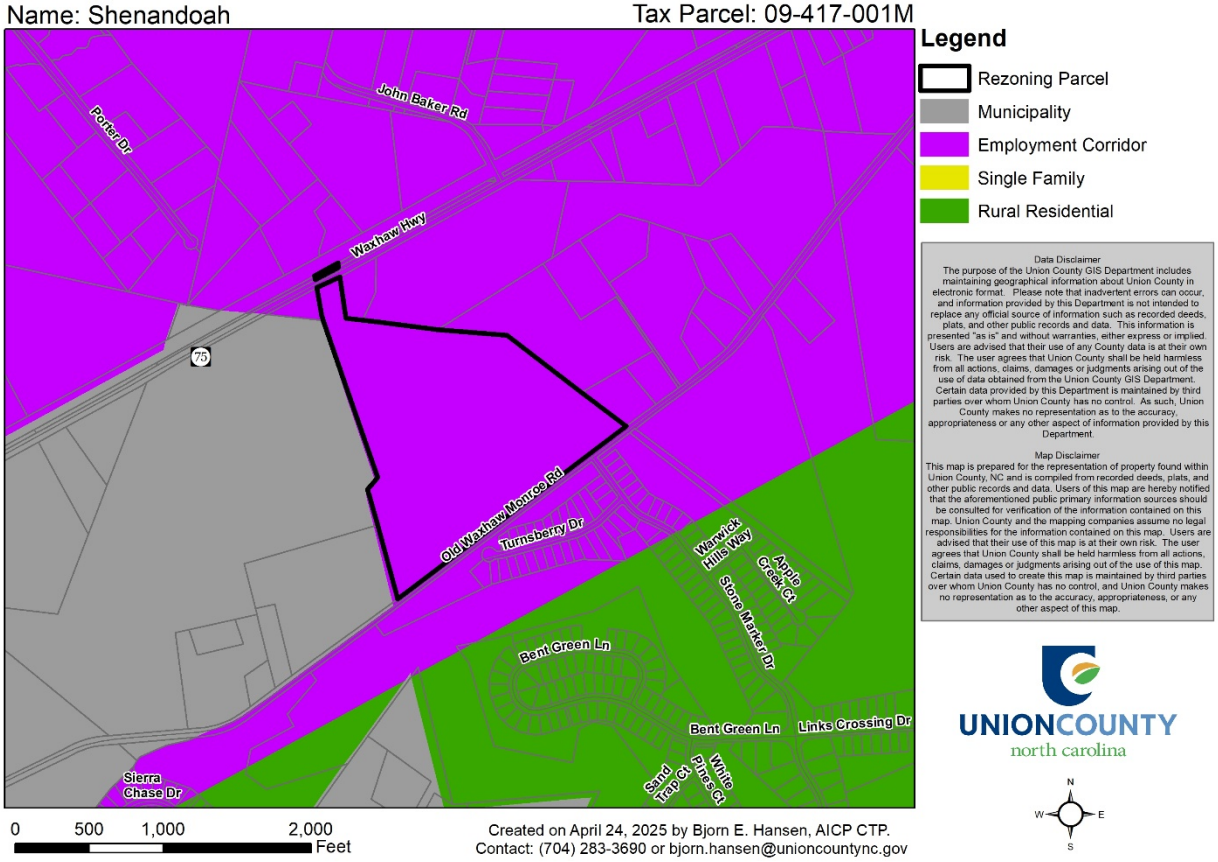

Planning Documents

Union County Comprehensive Plan: The Union County 2050 comprehensive plan identifies this area as an Employment Corridor overlaid upon Rural Residential. NC 75 serves as the boundary between Single Family Residential (two units per acre) and Rural Residential (one unit per acre). The Single Family Residential district is intended for areas with utilities and access to major roads. The Rural Residential district is intended for areas without utilities or near major roads further from developed areas.

Public and Municipal Comments

Public Comments: A community meeting was held July 8, 2025. Seven residents attended and asked questions about buffering, road connections, home prices, and schedule. No changes were made to the site plan as a result of this meeting. One person spoke in opposition at the Land Use Board meeting, citing small lot sizes and loss of environmental features.

Municipal Comments: Mineral Springs was consulted for feedback. They oppose R-10 zoning on their border.

Land Use Board Recommendation

The Land Use Board unanimously recommended denial at its July 15, 2025, meeting, citing concerns over cut through traffic, density, and opposition by Mineral Springs.

Staff Comments and Recommendation

This part of Union County is identified for employment uses as an overlay over rural residential and agricultural land uses. The rezoning proposes single-family residential at approximately two units per acre. The area is immediately south of the Single-Family Residential district in the land use map. The proposed site has access to NC 75, utilities, and provides additional road connections to the Stone Bridge development immediately south of the site. The proposed site plan meets the requirements of the unified development ordinance and provides greater than the required 30 percent open space, consistent with the requirements in the Rural Residential portions of the land use map. Finally, the schools serving this development have capacity. **Because of these aspects of the development, staff recommend approval of this rezoning application.**

The Union County Land Use Board recommended that the Union County Board of Commissioners deny the rezoning petition (CZ-2025-004) submitted by TMTLA Associates, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 48.592 acres appearing on the tax map as tax parcel 09-417-001M located on Old Waxhaw Monroe Road from RA-40 to R-10 with Conditions.

CONSISTENCY AND REASONABLENESS STATEMENT FOR APPROVAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN) (CZ-2025-004)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that adoption of the proposed map amendment is inconsistent with the currently adopted Union County Comprehensive Plan (the "Plan"). The Board declares that adoption of the proposed map amendment is deemed an amendment to the Plan, including any future land-use map in the Plan. The adoption of the proposed map amendment (i) takes into account the need to amend the zoning map to meet the needs of the community, and (ii) is reasonable and in the public interest because:

1. The Plan's Land Use Map identifies this area as Rural Residential with an Employment Corridor overlay. The Plan provides that a variety of employment uses may be appropriate along an Employment Corridor. Because the Employment Corridor overlays a Rural Residential area, single family residential uses at a density of no more than one unit per acre may also be appropriate in these areas in certain circumstances. Although the density set forth in the proposed rezoning is more than one unit per acre, the density is similar to what is recommended for the areas just to the north of this property on the other side of NC 75. Specifically, the Plan's Land Use Map identifies that area as appropriate for single-family residential, which allows smaller lot sizes and a higher density than one unit per acre where water and sewer utilities are present. Here it is reasonable to allow a development with such density, as water and sewer utilities are present in the area and developments on both sides of NC 75 would be able to take advantage of this NC highway.
2. The parcel projects connection to a residential development immediately south of the site, providing additional options for traffic to access NC 75, potentially alleviating some traffic impacts on other roads (with traffic congestion being a concern in the Plan).
3. The use set forth under the conditions would meet Union County development standards, including providing open space in excess of the subdivision open space requirements.
4. The proposed use is similar to other nearby uses in that it is residential in nature and many of the adjacent and nearby uses are also residential in nature.
5. The benefits to the community at large, the neighbors, and the property owners of the proposed rezoning outweigh any detriments to the neighbors and others caused by the rezoning. The benefits of this rezoning include increasing housing inventory and housing availability in Union County, potentially allowing for increased housing affordability

with additional inventory; and adding additional street connections, which could reduce traffic flow congestion in certain areas. The potential detriments of the use established by this rezoning include increased noise, light, and traffic exposure, as well as increased public services impacts, resulting from the proposed use and associated increased population potential in the area.

CONSISTENCY AND REASONABLENESS STATEMENT FOR DENIAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN) (CZ-2025-004)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that this rezoning petition is inconsistent with the Union County Comprehensive Plan (the "Plan") and that denial of the proposed map amendment is reasonable and in the public interest because:

1. The Plan's Land Use Map identifies this area as Rural Residential with an Employment Corridor overlay. Such areas should be preserved for industrial and other recommended uses. The Plan specifically identifies such uses to include distribution, aeronautics, industrial, and agri-business uses. The residential uses on this property would remove potential industrial and commercial land for future development and instead allow higher density residential immediately adjacent to existing industrial facilities. Further, the development would have a higher density than what is planned for in rural residential areas under the Plan's current Land Use Map.
2. Continued and future allowed residential uses along the Employment Corridor could result in increased congestion on the roads and streets adjacent and nearby to the property. Traffic congestion is a noted concern in the Plan.

ORDINANCE APPROVING REVISION TO THE OFFICIAL ZONING MAP OF UNION COUNTY, NORTH CAROLINA

WHEREAS, the Union County Board of County Commissioners (the "Board") heretofore enacted the "Unified Development Ordinance of Union County, North Carolina," including any amendments thereto (the "UDO") and the official Union County Zoning Map ("Zoning Map"); and

WHEREAS, Union County has received rezoning petition (CZ-2025-004) submitted by TMTLA Associates (the "Applicant"), requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 48.592 acres appearing on the tax map as tax parcel 09-417-001M located on Old Waxhaw Monroe Road from RA-40 to R-10 with Conditions; and

WHEREAS, the Union County Land Use Board considered and made a recommendation concerning approval or denial of the Rezoning Petition; and

WHEREAS, the Board has determined that approval of the Rezoning Petition and rezoning the subject parcels from RA-40 to R-10 with Conditions is reasonable and in the public interest, including for those reasons set forth in the contemporaneously adopted consistency and reasonableness statement.

NOW, THEREFORE, BE IT ORDAINED by the Union County Board of Commissioners as follows:

1. The Zoning Map is hereby amended by rezoning the parcel appearing on the tax map as tax parcel 09-417-001M located on Old Waxhaw Monroe Road from RA-40 to R-10 with Conditions.

2. The conditions accepted by the Applicant are hereby approved and incorporated into the R-10 with Conditions rezoning of the parcel.

3. This ordinance is effective upon adoption.

Adopted this _____ day of _____, 2025.

Two (2) new deputy sheriffs and one (1) deputy sheriff-sergeant position were approved as part of both FY2026 Budgets to further enhance the law enforcement services provided by the Union County Sheriff's Office to the Town of Indian Trial.

The original contract for two (2) deputies was entered into on July 13, 1999, and has been revised and amended as the Town has grown. PREMISES

WHEREAS, N.C. Gen. Stat. § 160A-461, *et seq.*, authorizes the entry of interlocal agreements between local government agencies to provide local government services; and

WHEREAS, the Town currently contracts with the County and the UCSO to provide law enforcement services to the Town; and

WHEREAS, the Town wishes to maintain current law enforcement services provided through an interlocal agreement between the Town, the UCSO, and the County; and

WHEREAS, the Town, the UCSO, and the County believe it to be in their best interests to enter into this interlocal agreement solely for the purposes of continuing law enforcement services provided to the Town.

NOW, THEREFORE, in consideration of the promises and agreements of the parties herein contained, the parties agree as follows:

1) **Term**. Although subject to renewal, either expressly or as provided and contemplated under this Agreement, the express term of this Agreement shall be as follows:

   A. **Effective Dates**. This Agreement shall be effective from July 1, 2025, and shall continue until terminated by either party not less than six (6) months from the date of written notice to the other party. The amendment or modification of this Agreement, during the term and unless otherwise provided, shall be deemed to relate back to the initial effective date of this Agreement.

   B. **Termination; Non-Appropriation Contingency**. Notwithstanding any other provision of this Agreement to the contrary, any party to this Agreement, either with or without cause, may terminate this Agreement upon six months' written notice to the other parties.

2) **Purpose and Scope of Agreement.** This Agreement formalizes the relationship between the Town, County, and the Sheriff in order to foster an efficient and cohesive program that will build a positive relationship between law enforcement officers and the people of the Town.

A. The Sheriff agrees to station an agreed upon number of deputy sheriffs, as well as non-sworn staff (hereinafter referred to as "staff"), within the municipal limits of the Town, the number, rank, and job titles of which shall be as set out in Attachment A, which is attached hereto and incorporated herein by reference.

B. All deputy sheriffs and staff covered by this Agreement shall work a full-time, regular schedule in accordance with UCSO standard work periods. Such schedules shall be subject to all applicable leave provided under the Union County Personnel Resolution, as amended or superseded, and/or required by State and federal law. Leave taken pursuant to the Union County Personnel Resolution or other applicable law shall not entitle the Town to a refund or reduction in costs or a replacement or substituted deputy sheriff or staff. It is the intent of this Agreement that the schedule of hours worked within each cycle shall be determined by the Sheriff or his designee.

C. During the term of this Agreement, each deputy sheriff and staff assigned to the Town, shall at all times be an employee of the Sheriff, and shall at no time be an employee of the Town. All deputy sheriffs and staff assigned to the Town under this Agreement remain under the exclusive control, direction, and supervision of the Sheriff and/or his designee, and are subject to policies and procedures of the UCSO. G. All law enforcement equipment, including vehicles and their contents, purchased pursuant to this Agreement shall be and remain the property of the County for use by the Sheriff for law enforcement purposes.

H. The Town agrees to pay the County an annual amount equal to Ninety Percent (90%) of the County's cost of providing services pursuant to this Agreement, which annual amount shall cover services on a fiscal year basis, July 1 to June 30, which amount shall be referred to as the "Contract Price." The County's cost shall be determined annually by the Union

County Department of Budget and Grants Management, in cooperation with the UCSO, on the basis of an average unit cost per deputy sheriff and staff. Not later than March 31 of each year, the County shall provide the Town, in writing, with the projected Contract Price for the upcoming fiscal year. The final Contract Price shall be provided, in writing, to the Town not later than two (2) business days after approval of the County's budget. The Contract Price shall be paid by the Town, in advance, in four equal installments on the first day of each calendar quarter, without receipt of invoice or other notice from the County that quarterly payment is due.

I. If a deputy sheriff position assigned to the Town under this Agreement is left vacant for more than ninety (90) consecutive days, and the Sheriff does not temporarily assign another deputy sheriff to fill the vacant position, beginning on the 91st day of vacancy, the County shall prorate the cost billed to the Town for the vacant deputy sheriff position for so long as the vacancy persists. Any prorated amount reducing the Town's obligations under this provision shall be credited to the Town's next scheduled quarterly payment.

J. The Town agrees to report immediately to the UCSO, through appropriate channels, any misconduct, improper conduct, or illegal conduct of any deputy sheriff assigned to the Town under this Agreement.

K. In the event the Sheriff and County have assisted the Town in the successful application for federal or State grant funding to assist in the provision of law enforcement services under this Agreement, the parties mutually agree to adhere to the applicable grant terms and will cooperate to ensure that all grant monies are utilized consistent with applicable law and the terms of the grant.

L. The Town agrees to provide adequate office space for the deputy sheriffs and staff to perform law enforcement and/or administrative functions related to their law enforcement duties under this Agreement.

Re: Contract Deputy Cost

This letter will serve as notice that the annual cost per deputy has been calculated for the municipal deputy contract based on adoption of the FY 2026 Operating & Capital Budget by the Board of County Commissioners on June 16, 2025.

In the table below, you will find the full amount per position, less the 10% deduction for time spent outside of the municipality. The net amount per position (90%), number of contracted positions, annual cost, and quarterly cost are shown.

The contract amount for FY 2026 is increased by 9.6% over the FY 2025 cost of $4,765,412.00. This is primarily the result of the following:

- An increase of one (1.0) Sergeant FTE and two (2.0) Deputy Sheriff FTE.
- Adjustments in officer and support personnel salaries and benefits costs and annualized officer-related operating and equipment expenses based on current budget assumptions, cost projections, and estimates of equipment useful life.

Resolution to Approve 2024 Local Water Supply Plan

ACTION REQUESTED:

Adopt the resolution to approve the 2024 Local Water Supply Plan as required by NCGS 143-355(l).

PRIOR BOARD ACTIONS:

May 18, 2020, Regular Meeting, Agenda Item #18 - Approve 2018 Local Water Supply Plan - Adopted resolution to approve the 2018 Local Water Supply Plan

BACKGROUND:

The Department of Environmental Quality's Division of Water Resources requires that all public water supplies complete a Local Water Supply Plan (LWSP) every year. The LWSP requires a variety of water and wastewater information including: statistics for the current water distribution infrastructure, general information on programs including meter replacement and water conservation public education, monthly water usage and wastewater flows, water usage by customer type, water demand and wastewater flow projections, and current and future planned water and wastewater plant capacity. The 2024 LWSP reflects the water usage and wastewater flow projections consistent with the Water and Wastewater Master Plan completed in 2025.
DWR requires that every five (5) years the governing body of a public water supply adopts a resolution approving the most recently completed LWSP. DWR marks a LWSP as "complete" once all of the information is submitted and checked for quality by DWR staff.

Dear Mr. Lindholm,

This letter is to notify you that our staff has reviewed the information contained in the 2024 Local Water Supply Plan (LWSP) update submitted by your office. Since all the required information is complete, the LWSP for the Union Couty Water System hereby meets the minimum criteria established in North Carolina General Statute 143-355(l).

Your water system's 2024 LWSP is now viewable online from the LWSP website found at: **https://www.ncwater.org/Water_Supply_Planning/Local_Water_Supply_Plan/search.php**. The plan has been made available after our best efforts to screen any errors. As a final check, please review and report any mistakes or omissions to the review engineer. Unless notified otherwise, the Division of Water Resources considers your 2024 LWSP complete.

The 2024 LWSP must next be adopted by your water system's governing board; a model LWSP resolution is available online on the right side of the page in the Forms and Docs section at: https://www.ncwater.org/Water_Supply_Planning/Local_Water_Supply_Plan/learn.php. A copy of the signed resolution must be submitted to Linwood Peele, Water Supply Planning Section Supervisor, at the address printed at the bottom of this letter. Ductile Iron	2-42	27.31 %
Galvanized Iron	2	0.08 %
Other	2-54	3.06 %
Polyvinyl Chloride	2-16	65.48 %

What are the estimated total miles of distribution system lines? 1,232 Miles

How many feet of distribution lines were replaced during 2024? 1,250 Feet

How many feet of new water mains were added during 2024? 378,921 Feet

How many meters were replaced in 2024? 11,959

How old are the oldest meters in this system? 22 Year(s)

How many meters for outdoor water use, such as irrigation, are not billed for sewer services? 5,522

What is this system's finished water storage capacity? 20.5000 Million Gallons

Has water pressure been inadequate in any part of the system since last update? *Line breaks that were repaired quickly should not be included.* No

The Yadkin WTP raw water intake came online in February 2024, and accounts for a significant portion of the 'other' line type. Union County is expected to replace/upgrade all of its meters to AMI meters in 2025, and the statistic for oldest meters in the system will become out of date. This also accounts for the large number of meter replacements for 2024.

Programs

Does this system have a program to work or flush hydrants? Yes, Annually

Does this system have a valve exercise program? Yes, Annually

Does this system have a cross-connection program? Yes

Does this system have a program to replace meters? Yes

Does this system have a plumbing retrofit program? No

Does this system have an active water conservation public education program? Yes

Does this system have a leak detection program? No

Hydrants are routinely flushed in isolated and dead-end areas at weekly to quarterly intervals depending on location. The County also initiates hydrant flushing in response to customer complaints about taste/odor, water line and valve repairs, when hydrant inspections from the fire department indicate a need, and any other time the water in the system is suspected to have been contaminated. Additionally, flushing takes place during yearly system disinfectant conversion for the entire system.

Only priority (critical) valves are exercised annually. All other valves are exercised every three years.
On August 1, 2022 (Effective Sept 1, 2022), UC Water's Cross Connection Control Program was adopted, allowing UC Water to require testing and inspect backflow prevention devices, implement an enforcement response plan, and issue penalties for violations.

The County is in the middle of an AMI deployment that is expected to be completed by early 2025. All meters are being replaced or retrofitted depending on their age and condition to conform with the new standards.
Most residences in the County were built post-1980; this fact fulfills the general intent of a plumbing retrofit program.

Since adopting a Water Use Ordinance in 2015 (described under Water Conservation), the County has routinely communicated with customers through bill inserts, social media and email to ensure awareness of restricted water uses and noncompliance penalties. Tips for water conservation are also sent to customers frequently and made available online (www.unionconserves.com). We also conduct conservation outreach at community events and conduct water quality demonstrations at schools and plan to continue expanding such outreach efforts as opportunities become available and staffing allows.

The leak detection program has been suspended since only two leaks have been found in the entire county using acoustic leak detection. It isn't feasible to continue the program at this time due to the cost and time we put into the program, yielding so few leaks.

Water Conservation

What type of rate structure is used? Increasing Block

How much reclaimed water does this system use? 0.0450 MGD For how many connections? 1

Does this system have an interconnection with another system capable of providing water in an emergency? Yes

The County began using an increasing block rate structure in 2001, and the structure changed to be highly punitive at usage >10,000 gal/month in 2008 in response to high usage during the drought of 2007-2009. The high charges above 10,000 gal/month has reduced usage at these tiers significantly since implementation.

On May 4, 2015, the Union County Board of Commissioners adopted a new Water Use Ordinance that limits spray irrigation to a maximum of 3 days per week, year round. The Ordinance also allows for additional water restrictions during times of water shortage including drought and system capacity limitations. The County educates customers about this Ordinance through bill inserts, social media, and participation in local events.

The County has implemented a new program to connect residents with professional irrigation contractors for residential irrigation efficiency evaluations. The program was launched in April 2023.

Many of the upcoming and proposed changes to Union County's programs are driven by our Yadkin River to Rocky River Interbasin Transfer Certificate. Specifically, revisions to our hydrant use and meter replacement programs as well as the new residential irrigation program address aspects of the conservation and drought management plans approved as part of the certificate.

Service Area

Sub-Basin(s)	% of Service Population	County(s)	% of Service Population
Catawba River (03-1)	60 %	Union	100 %
Rocky River (18-4)	40 %		

What was the year-round population served in 2024? 159,988

Has this system acquired another system since last report? No

Year-round population is calculated as the number of non-zero residential accounts x 2.96 (Union County persons per household, https://www.census.gov/quickfacts/fact/table/unioncountynorthcarolina,US/PST045219)

A shapefile of our utility is currently not available

Industrial	49	0.7810	0	0.0000
Institutional	383	0.3110	0	0.0000

How much water was used for system processes (backwash, line cleaning, flushing, etc.)? 0.7320 MGD

Union County meters all connections to the system, including temporary connections such as permitted hydrant use.

The County is in the process of revising its bulk water permit and temporary hydrant meter rental programs. The changes will improve cross connection control for authorized hydrant users and are expected to reduce apparent water losses by improving water use accounting for the permit program and reducing theft from hydrants.

The system process water is significantly higher than 2023 with the new Yadkin River WTP online.

Did average daily water production exceed 90% of approved plant capacity for five consecutive days during 2024? No

If yes, was any water conservation implemented? Yes

Are peak day demands expected to exceed the water treatment plant capacity in the next 10 years? No

The County practices year-round conservation, requiring all customers to irrigate a maximum of 3 days per week regardless of drought status.

The County has received an IBT Certificate for a new water supply from Lake Tillery on the Yadkin River in May 2017. The new water treatment plant came online in February 2024.

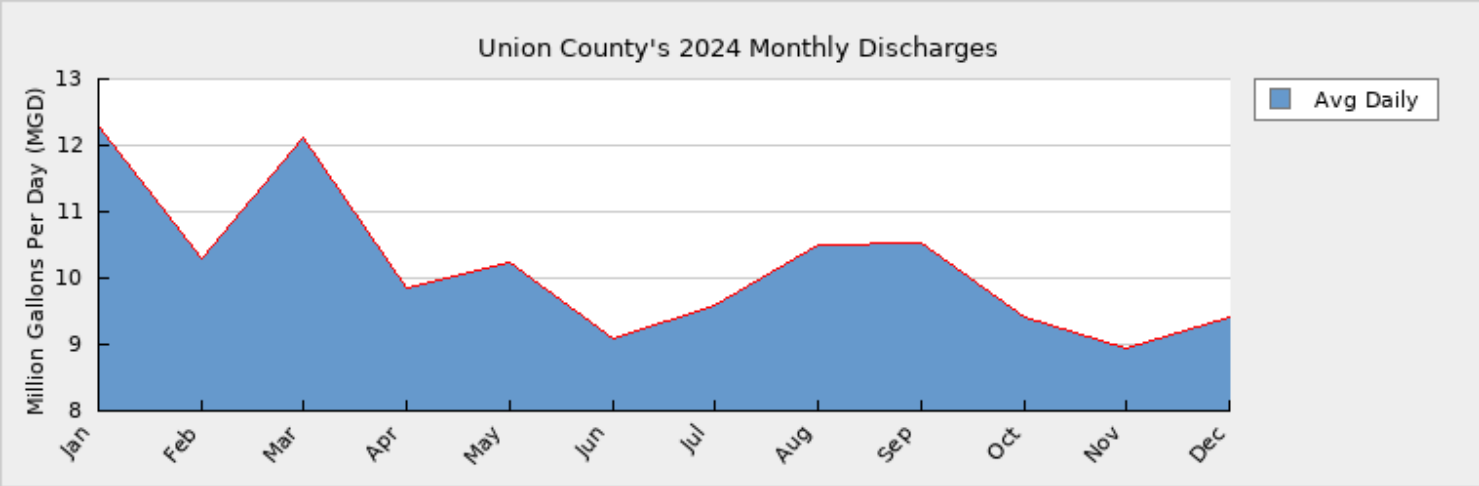

The capacity at the Catawba River Water Treatment Plant was successfully expanded from 36mgd to 40mgd in 2021. The County and its Joint Venture partner LCWSD intend to expand the facility again in the late 2020s.

The County also has a Water Use Ordinance that can be implemented during capacity constraints if needed."

Union County worked with the state on design and constraints for Special Orders by Consent (SOC) related to ongoing inflow and infiltration issues leading to exceeded capacity on permit NC0085812 (Grassy Branch WRF). The SOC was approved by Union County Board of County Commissioners on April 4th, 2022. Construction began in late 2024 to expand Grassy Branch WRF capacity from 0.05 MGD to 0.12 MGD.

Union County also has a land application system at the Olde Sycamore WRF, permit number WQ0011928. The permitted capacity of the facility is 0.150MGD, with the AADD measuring 0.045MGD and the MDD measuring 0.094MGD for 2024.

"The County was awarded an Interbasin Transfer certificate to supply a proposed Yadkin River Water Treatment Plant to be located in northeastern Union County in May 2017. The County's IBT Certificate is based on a maximum month average daily demand per the IBT statute at the time when it was developed and approved, whereas the facility designs are for maximum day demand. The calculated ratio between the two measures was approximately 1.22. The County's IBT request of 23 MGD max month corresponds to our projected 2050 demand in the Rocky River Basin Service Area of 28 MGD for max day. The Yadkin River Water Treatment Plant came online in February 2024.

The purpose of the above chart is to show a general indication of how the long-term per capita water demand changes over time. The per capita water demand may actually be different than indicated due to seasonal populations and the accuracy of data submitted. Water systems that have calculated long-term per capita water demand based on a methodology that produces different results may submit their information in the notes field.

Your long-term water demand is 61 gallons per capita per day. What demand management practices do you plan to implement to reduce the per capita water demand (i.e. conduct regular water audits, implement a plumbing retrofit program, employ practices such as rainwater harvesting or reclaimed water)? If these practices are covered elsewhere in your plan, indicate where the practices are discussed here. Union County utilizes an increasing block rate structure. Future per capita demands will be evaluated annually and addressed as needed.

In Spring 2017, Union County initiated a new water conservation messaging campaign to target customers through regular bill inserts, social media, and website education to reduce per capita water consumption.

The County is currently implementing an Advanced Metering Infrastructure (AMI) program and new customer portal to give customers near real-time access to usage and leak alerts.

Are there other demand management practices you will implement to reduce your future supply needs? On May 4, 2015 the Board of County Commissioners adopted a Water Use Ordinance that limits spray irrigation to a maximum of 3 days per week year round and allows increased restrictions in response to drought or approaching available treatment capacity. This is to help bring down the peaking factor and push out when new supply is needed."

What supplies other than the ones listed in future supplies are being considered to meet your future supply needs?

How does the water system intend to implement the demand management and supply planning components above?

Additional Information

Has this system participated in regional water supply or water use planning? Yes, Union County Water has participated in the Catawba-Wateree Drought Management Advisory Group, the Catawba-Wateree Water Management Group, and the Yadkin-Pee Dee Water Management Group

What major water supply reports or studies were used for planning? The Yadkin River Water Supply Project Inter-Basin Transfer permitting process started in 2013, Environmental Impact Statement submitted in early 2015 and finalized in early 2016, and the 2024 Comprehensive Water and Wastewater Master Plan.

Please describe any other needs or issues regarding your water supply sources, any water system deficiencies or needed improvements (storage, treatment, etc.) or your ability to meet present and future water needs. Include both quantity and quality considerations, as well as financial, technical, managerial, permitting, and compliance issues:

Contract - 853 W Pressure Zone Tank Preliminary Engineering Report

INFORMATION CONTACT:

John Shutak, Union County Water, Engineering Director, 704-283-3651

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement with HDR Engineering, Inc. of the Carolinas substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Union County Water Capital Improvement Program (CIP) includes an allocation for the design and construction of a new elevated storage tank (EST) to serve the 853 west pressure zone (WPZ) as identified in the 2025 Master Plan. The preliminary engineering report (PER) will verify the EST volume, identify necessary upgrades to the Watkins Road Booster Pump Station, and prepare the Town of Indian Trail Condition Zoning application for the parcel of land owned by Union County where the tank is to be constructed.

HDR has been selected to provide engineering services for Task Order 8683-03 853 W Pressure Zone Tank Preliminary Engineering Report. HDR was chosen from a list of vendors previously selected from RFQ 2024-021 - Engineering Services for Water and Wastewater System Improvements to provide these services for Union County Projects.

FINANCIAL IMPACT:

The total cost of the Task Order 8683-03 with HDR is $275,650.00. Sufficient funds are available within the adopted capital account 60184085 - 853 West EST (New Indian Trail Tank).

TASK ORDER

This Task Order pertains to an Agreement by and between Union County, North Carolina ("OWNER"), and HDR Engineering, Inc. of the Carolinas ("ENGINEER"), dated January 1, 2024 ("the Agreement"). ENGINEER shall perform services on the project described below as provided herein and in the Agreement. This Task Order shall not be binding until it has been properly signed by both parties. Upon execution, this Task Order shall supplement the Agreement as it pertains to the project described below.

TASK ORDER NUMBER: #8683-03

RELATED RFQ NUMBER: 2024-021
PROJECT NAME: 853 W Pressure Zone Tank Preliminary Engineering Report

PART 1.0 PROJECT DESCRIPTION

ENGINEER to develop a Preliminary Engineering Report for the proposed Pressure Zone 853 W (853WPZ) Water Tank and recommendations for rehabilitation and upgrade of the existing Watkins Booster Pump Station for the OWNER.

PART 2.0 SCOPE OF SERVICES TO BE PERFORMED BY ENGINEER ON THE PROJECT

The scope of services for this project will include the following tasks:

Deliverables: Monthly task order summaries and project invoices.

Task 2. Hydraulic Modeling Support and Analysis
ENGINEER will use the existing calibrated model of the OWNER's water system to conduct simulations of the proposed 853WPZ. The water demand projections provided by the OWNER will be input to the model and hydraulic model simulations performed to determine the following:

- Conduct a model review and cleanup that includes a validation of the model (up to 16 man-hours).
- Confirmation of the Elevated Storage Tank (EST) volume and the proposed location on the parcel acquired for the proposed 853WPZ tank is still suitable.
- Recommended tank overflow elevation.

Task 3. 853 W Elevated Storage Tank Preliminary Engineering Report

This task includes preliminary engineering for the elevated storage tank that will be constructed on a OWNER owned parcel (PIN#07090020) near the intersection of Old Monroe Road and Brandon Oaks Parkway. The new tank will be sized to meet the 2040 projected water demands. Preliminary sizing by the OWNER indicates a 2.5 MG tank volume. The styles of tank to be evaluated based on the tank volume and overflow elevation (AMSL) established in Task 2 are as follows:

- Composite
- Fluted
- Spheroid
- Multi-Column

Conduct geotechnical investigations of up to five (5) soil borings. The geotechnical report will be provided to tank manufacturers to support preliminary foundation designs. ENGINEER'S geotechnical subconsultant (F&R) anticipates up to a total of 250 linear of drilling in soil, and up to 30 linear feet of rock coring with a budget of $29,650.

ENGINEER will prepare a Preliminary Engineering Report which will include for each tank style:

- Preliminary site layout.
- Request estimated construction costs and schedule from up to four (4) tank manufactures. The OWNER recognizes that the tank foundation design may significantly change bid cost and is the responsibility of the tank manufacturer's Engineer-of-Record.
- Estimate lifecycle costs for re-coating tank exterior and interior metals (as required by each tank style).
- OWNER's design/equipment preferences for:
    - Control valves
    - Instrumentation
    - Mixing system
    - Overflow discharge
    - Site security requirements

The Preliminary Engineering Report will also include:

- Prepare a Class 5 Association for the Advancement of Cost Engineering (AACE) Opinion of Probable Construction Cost (OPCC). OPCC shall include site work, mechanical, electrical, and instrumentation components expected to be utilized for all tank styles.
- Identify budget level costs for demolition of the Indian Trail Tank to be removed from service.

The condition assessment will identify other components of the booster station in need of rehabilitation and replacement. The Preliminary Engineering Report shall be based on the following:

- Perform a visual inspection of the existing booster pump station to include civil, structural, mechanical, and instrumentation components which include:
    - Condition of the building.
    - Existing security of the facility and site.
    - Electrical supply to the building.
    - Confirm adequate laydown space for pump station upgrade.

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

1) July 17, 2023, Regular Meeting, Agenda Item #23-447, Board Approved
2) July 15, 2024, Regular Meeting, Agenda Item #24-479, Board Approved

BACKGROUND:

At the beginning of each fiscal year, the Library issues a purchase order to Overdrive, Inc. The Library then orders materials against this purchase order throughout the year. We have a contract (4089) with Overdrive for the digital platform, and all materials for this platform must come from Overdrive. The approval of this purchase will enable the Library to commence its E-books, E-audiobooks, and E-magazine purchasing for the year so that there is no significant lapse in new materials for the public, as well as the digital platform fee.

N.C.G.S 143-129(e)(3) and N.C.G.S 143-129(e)(9) allow local governments to make purchases through a competitively bid North Carolina Statewide Term Contract or a Group Purchasing Program. The purchase of the library materials will be made using Group Purchasing Program Hoopla, Contract #8123 as quoted by OverDrive, Inc. Procurement has vetted this contract.

FINANCIAL IMPACT:

The anticipated cost for the library materials is $134,000.00 and is budgeted accordingly for FY2026.

OverDrive Digital Library Reserve Access Agreement

1. Digital Library Reserve Application Services

1.1 OverDrive will create and host a Library Website for Library's use of the Application Services. OverDrive shall provide the Application Services to the Library under the terms of the Order Form and this Access Agreement (collectively referred to as the "Agreement").

1.2 OverDrive shall create an account in OverDrive's content selection platform, OverDrive Marketplace, for Library to select Digital Content to make available at the Library Website to Authorized Patrons and to access reports.

1.3 OverDrive will use commercially reasonable efforts to make the Application Services perform substantially in accordance with the terms herein. From time to time, OverDrive may make modifications or updates to the operation, performance, or functionality of the Application Services as it sees fit or as required by OverDrive's suppliers. Library may be required to complete additional forms, documents or other associated materials provided by OverDrive. Library shall use commercially reasonable efforts to complete the documents in a timely manner.

1.4 OverDrive will use commercially reasonable efforts to provide Secondary Support to Library.

1.5 OverDrive shall have sole discretion to approve any and all libraries that seek to participate in Library's DLR Service, as well as approve any other terms and conditions related to such expansion of the DLR Service to additional libraries. OverDrive shall have sole discretion to honor any prior version of an order form, participation form or related material completed by Library. OverDrive may require Library to complete an updated version of the same.

1.6 If Library seeks a modification of the Application Services or integration of the Application Services beyond those offered on the Order Form, the Parties shall cooperate to agree on the specifications for the additional services and any associated terms and conditions.

1.7 Nothing under the Agreement grants any right to Library to the use of, or access to, any Application Services source code. Library does not have the right to reproduce the Application Services, to distribute copies or versions of any modules of the Application Services to any third parties including its Authorized Patrons, or to make and/or sell variations or derivative works of the Application Services. Sole ownership of copyrights and other intellectual proprietary rights shall remain solely with OverDrive or its suppliers. OverDrive reserves the right, at its sole discretion, to display its branding, trademarks, logos, and/or third party marketing or promotional materials on the Library Website.

2. Library Website

2.1 Library shall use commercially reasonable efforts to ensure that use of the Applications Services, the Library Website and the Digital Content are in compliance with this Agreement and with permitted uses as communicated by OverDrive to Library. Library shall use commercially reasonable efforts to prevent unauthorized use of the Digital Content from OverDrive by their users and Authorized Patrons.

2.2 OverDrive grants the Library and Authorized Patrons a non-assignable, non-transferable, limited license to use the Digital Content provided by OverDrive's suppliers for personal, non-commercial use. The catalog of available Digital Content is subject to change; Digital Content titles may be added or removed at any time.

Authorized Patrons and/or Library may access and/or download, the Digital Content:

(a) On Library-issued devices or computers with exclusive and individual unique user accounts;

(b) On Library-issued devices which are circulated in accordance with the OverDrive Test Drive program;

(c) On Authorized Patrons personal devices directly;

(d) On shared Library computers which employ an application that restores the computer to its original configuration after use by an individual Authorized Patron (e.g. Deep Freeze, Windows SteadyState, or other similar application); and

(e) For any use consistent with the relevant fair use doctrine or similar law in your jurisdiction.

2.3 Library shall reasonably cooperate with OverDrive to limit access to the DLR Service to end users who are Authorized Patrons. In the event Library desires to provide access to the DLR Service to users other than Authorized Patrons, OverDrive reserves the right to limit availability of certain Digital Content, as may be required by supplying publishers. Online library card applications, with or without fees, that provide access, temporary or permanent, to the DLR Service to users who do not otherwise qualify as Authorized Patrons shall not be permitted.

2.4 Library represents and warrants that it will not make any representations or create any warranties, expressed or implied, concerning the Application Services and Digital Content, and will take reasonable steps to ensure that its employees, agents, and others under its direction abide by the Agreement.

2.5 Library agrees to perform Primary Support for its Authorized Patrons, unless Library has completed the Front Line Tech Support Order Form and paid for Front Line Tech Support services. OverDrive will provide Library with training and documentation for Library's provision of Primary Support. Library will cooperate with OverDrive to implement customer support practices recommended by OverDrive, including but not limited to directing Authorized Patrons to OverDrive-supplied FAQs and support pages on its Library Website.

2.6 Library shall not access the Application Services in a manner not explicitly permitted by the Agreement, including but not limited to scraping the Library Website and/or web traffic or data to and from the Library Website, intercepting, redirecting, capturing or holding OverDrive-initiated email or other electronic communications, nor shall it allow any third party to access the Application Services in a manner as described in this paragraph.

2.7 OverDrive may employ commercially reasonable efforts to monitor and maintain the availability of its Application Services, including review of traffic for request volume levels, unusual behaviors or patterns, attempts to create a denial of service response, and/or excessive or abusive usage as determined by OverDrive, in its sole discretion.

3. Payments

3.1 Library shall make payment to OverDrive for all Application Services fees and Digital Product costs according to OverDrive within thirty (30) days from Library's receipt of valid invoice. OverDrive, in its sole discretion, may require payment by Library of any initial or outstanding invoices before OverDrive will set the DLR Service live. In the event of Library's late or non-payment of any and all amounts due to OverDrive for Application Services fees and cost of Digital Content, OverDrive may suspend access to the Application Services until such time as Library's account becomes current, or in OverDrive's sole discretion, terminate access to the Application Services.

3.2 This Agreement is a commitment of the current revenues of the Library. If Library's governing body or similarly related entity fails to appropriate sufficient funds in any fiscal year for payments due under this Agreement, then a non-appropriation event shall be deemed to have occurred. If a non-appropriation event occurs, (1) Library shall give OverDrive immediate notice of such non-appropriation event and provide written evidence of such failure by Library's applicable governing body and (2) on or before sixty (60) days from OverDrive's receipt of notice of non-appropriation, the parties shall cooperate to determine an appropriate course of action as it relates to the OverDrive services provided under this Agreement. In the event that after such sixty (60) day period, no determination is reached on payment and continued provision of services is not possible, then the Agreement and all services hereunder shall terminate on the first day of the fiscal year in which funds are not appropriated.

4. Term and Termination

4.1 The Term of the Agreement shall be governed by the OverDrive Digital Library Reserve Order Form between OverDrive and Library.

4.2 Either party shall have the right to terminate this Agreement as a result of a material breach of the Agreement by the other party that is not cured within thirty (30) days after written notice of such breach.

4.3 Upon termination of this Agreement, the access granted to Library by this Agreement shall be terminated immediately and Library shall make no further use of all or any part of the Application Services, or any confidential information received from OverDrive.

5. Warranties

5.1 The parties represents and warrants to that each has the necessary permissions, ownership and intellectual property rights and licenses related to performance under this Agreement.

5.2 THE WARRANTIES SET FORTH UNDER THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL OVERDRIVE BE LIABLE TO LIBRARY OR ITS AUTHORIZED PATRONS AND OR END USERS FOR ANY DAMAGES ARISING FROM OR RELATED TO FAILURE OR INTERRUPTION OF THE APPLICATION SERVICES, OR FOR INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES, OR FOR LOSS OF PROFIT OR OPPORTUNITY, LOSS OF USE OR OTHER FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THE LICENSE OR USE OF THE APPLICATION SERVICES. IN NO EVENT SHALL OVERDRIVE'S LIABILITY HEREUNDER EXCEED THE TOTAL AMOUNT RECEIVED BY OVERDRIVE UNDER THIS AGREEMENT.

6. General Terms

The parties acknowledge that each will receive confidential information from the other relating to the Application Services, technical and operational affairs of the other. Library shall not share its passwords and login credentials of Library's account in OverDrive's content selection portal with anyone, including any third party. Library shall take reasonable steps to prevent unwarranted intrusion into such information.

6.2 Taxes. Library shall at its own expense comply with all applicable laws in connection with the use of the Application Services. The payment obligations under this Agreement are exclusive of any federal, state, municipal or other governmental taxes, sales taxes, excise taxes or tariffs now or hereafter imposed on the production, storage, sale, transportation, import, export, licensing or use of the Application Services.

6.3 No Waiver. The failure of either party to exercise any right or the waiver of either party of any breach, shall not prevent a subsequent exercise of such right or be deemed a waiver of any subsequent breach of the same of any other term of the Agreement.

6.4 Notice. All notices required to be given pursuant to the Agreement shall be in writing and shall be deemed to have been given, if sent by registered or certified mail, return receipt requested, postage prepaid, addressed to OverDrive at its' current address, Attention: General Counsel or addressed to Library at the address provided on the Order Form, Attention: Primary Contact (as designated on the Order Form), or as otherwise agreed by the parties.

6.5 Assignment. OverDrive may assign this Agreement. This Agreement may not be assigned by Library, nor any duty hereunder delegated by Library without the prior written consent of OverDrive, which shall not be unreasonably withheld. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties to this Agreement and their respective heirs, legal representatives, successors and permitted assigns.

6.6 Entire Agreement. The Order Form and this Access Agreement constitutes the entire Agreement and understanding of the parties and supersedes all prior and contemporaneous Agreements, understandings, negotiations and proposals, oral or written. Home and Community Care Block Grant for Older Adults
Outreach Methodology

July 2025 through June 2026

Outreach Methodology to Address the Service Needs of Target Population

Community Service Provider: Union County Human Services Agency

County: UNION

While all older adults age 60 and over are eligible for services, sec. 305(a)(2)(E) of the Older Americans Act requires programs to target services to older individuals with the greatest economic and social need, (with particular attention to low-income older adults, including low-income minority older adults, older adults with limited English proficiency, and older adults residing in rural areas). The community service provider shall specify how these service needs will be met through the services identified on the Provider Services Summary (DAAS-732). This narrative shall address outreach and service delivery methodologies that will ensure that this target population is adequately served and conform with specific objectives established by the Area Agency on Aging, for providing services to low income minority individuals. Additional pages may be used as necessary.

DSS GOAL: The Union County Division of Social Services seeks to identify all persons age 60 and over in Union County who may benefit from assistance and access to available services that allows them to remain independent, enjoy a good quality of life and be safe in their residence as long as possible. The low income, minority and rural elderly who are most vulnerable and are often in the most need of services are targeted by our agency for programs such as In-Home Services and Adult Day Care. The Union County Division of Social Services assesses the needs of seniors through community outreach, adult protective services evaluations, and referrals from medical providers, community members, family members and often the adults themselves. The Union County Division of Social Services also defines and assesses the needs of seniors by representation on the HCCBG providers committee. The Division of Social Services cooperates with other internal County Human Service Agency divisions, outside agencies such as Union County Council on Aging, and some private providers to ensure we are reaching low income and minority older adults as effectively as possible. The agency also holds a bi-monthly Multidisciplinary Team meeting and invites other agencies to participate in this as well.
The Division of Social Services Intake Social Workers are thoroughly familiar with programs available to serve older adults, especially those who are minority or low income. The Intake Social Workers take referrals for In-Home Services as well as Adult Day Care programs. They also make referrals to other agencies, when necessary, and provide information on various resources available in the community.

TRANSPORTATION GOAL: To continue to increase awareness of and access to the programs and services available for minority, low income, and/or adults 60 years or older to assist them in maintaining their quality

July 2025 through June 2026

Resolution Approving An Invoice From, And Payment To, Creech And Associates, PLLC For Design Services At The Union County Sheriff's Office Crime Lab Renovation

INFORMATION CONTACT:

Christopher J. Boyd, Director, Facilities and Fleet Management, 704-283-3868

ACTION REQUESTED:

Adopt resolution approving an invoice from, and payment to, Creech and Associates, PLLC in the amount of twenty thousand dollars ($20,000.00) for design services at the Union County Sheriff's Office Crime Lab Renovation.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

As part of the administrative close-out process for the UCSO Administration Office Expansion project, an unpaid invoice from Creech and Associates, PLLC was discovered that was not financially authorized by Union County through a typical contract agreement. The invoice is for design services to upfit the UCSO Crime Lab which was built as a shell space at the time the original design services were provided for the project. After review of the invoice, Facilities Management has verified that staff gave verbal authorization to proceed with the design work, but no contract or contract amendment was executed. Creech and Associates acted in good faith and performed the services requested. The project was later bid by the Facilities and Fleet Management department and completed around August 2024. Staff recommends the approval of the invoice from Creech and Associates, PLLC in the amount of $20,000.00.

FINANCIAL IMPACT:

The invoice total is $20,000.00. There are sufficient funds capital account 40080080, Sheriff's Office Expansion and Renovation, to cover the expense.

RESOLUTION APPROVING AN INVOICE FROM, AND PAYMENT TO, CREECH AND ASSOCIATES, PLLC IN THE AMOUNT OF TWENTY THOUSAND DOLLARS ($20,000.00) FOR DESIGN SERVICES AT THE UNION COUNTY SHERIFF'S OFFICE CRIME LAB RENOVATION

WHEREAS, Union County Facilities Department authorized CREECH AND ASSOCIATES, PLLC on January 5th, 2024 to provide design services at the Union County Sheriff's Office Crime Lab; and

WHEREAS, CREECH AND ASSOCIATES, PLLC performed such services between January 5th, 2024 and May 31st, 2024 ; and

WHEREAS, although there were sufficient funds in the Union County Sheriff's Office Expansion project ordinance to cover the work performed by CREECH AND ASSOCIATES, PLLC, there was no purchase order or agreement entered into to authorize the work and an associated payment obligation; and

WHEREAS, CREECH AND ASSOCIATES, PLLC submitted an invoice for the work completed for design services at the Union County Sheriff's Office Crime Lab in the amount of Twenty Thousand Dollars ($20,000.00) on May 31, 2024; and

WHEREAS, although the work was satisfactorily completed, the Union County finance officer appropriately disapproved payment under the invoice because there was no properly authorized contract or purchase order which allowed payment for this work under the encumbrance for design services at the Union County Sheriff's Office CSI Lab; and

WHEREAS, pursuant to N.C.G.S. 159-28(c), the Board of Commissioners (the "Board") may approve an invoice that has been disapproved by the finance officer so long as there is an appropriation in the associated budget or project ordinance and there is an unencumbered balance that is more than the amount to be paid under the disapproved invoice; and

WHEREAS, there is a greater amount unencumbered left in the appropriation for the design services at the Union County Sheriff's Office Crime Lab than the amount of the invoice for work performed by CREECH AND ASSOCIATES, PLLC; and

WHEREAS, the Board desires to approve the invoice to allow CREECH AND ASSOCIATES, PLLC to be paid for work that was satisfactorily performed pursuant to direction from Union County.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Union County, North Carolina as follows:

(1) The invoice from, and associated payment to, CREECH AND ASSOCIATES, PLLC in the amount of Twenty Thousand Dollars ($20,000) for work performed in the design services at the Union County Sheriff's Office Crime Lab for the Facilities and Fleet Management Department is approved.

(2) The Board is approving payment of this invoice for the following reasons: (i) CREECH AND ASSOCIATES, PLLC satisfactorily performed the work associated with this invoice under the belief it was properly authorized to perform the work through authorization from the Facilities and Fleet Management Department; (ii) staff acted in good faith in authorizing CREECH AND ASSOCIATES, PLLC to perform the work; and (iii) there were sufficient funds in the Union County Sheriff's Office Expansion project ordinance to pay for the work performed.

(3) The Chairman shall sign the certificate on the check or draft given in payment of the invoice.

(4) This resolution shall take effect immediately upon its passage.

Adopted the 11th day of August, 2025.

TITLE:

Annual Tax Settlement FY 2024-2025

INFORMATION CONTACT:

Vann Harrell, Tax Administration, Tax Administrator, 704-283-3848; Kristen Foxworth, Tax Administration, Deputy Tax Administrator, 704-283-3591

ACTION REQUESTED:

Approve the reports of 2024 delinquent taxpayers and annual settlement as requested.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

North Carolina General Statutes require Tax Collectors to make several reports to the governing body after the close of the fiscal year.

The first report is a list of real property taxpayers whose taxes are unpaid and for which the unpaid taxes are secured by a lien against their real property. The reports related to real property taxes is the advertising list often seen in the newspaper modified by the deletion of property owners who have paid their taxes between the advertising date and the date of the settlement report.

The second report is a list of those outstanding taxes that are not secured by liens against real property. These taxes are assessed against personal property owed by persons who owned no real property at the time the personal property was listed and are on file in the County Clerk's office.

The third report is the annual settlement. North Carolina General Statutes require the Tax Collector to make such a report after July 1st, but before the collector is charged with the collections of taxes for the current year. The form of the settlement reflects various charges (initial billing, discoveries, late listing, interest, etc.) and credits (sums deposited, releases, etc.) The charges and credits are required to balance. The Union County Finance Division independently confirms the accuracy of the report.

For the fiscal year ending June 30, 2025, the unaudited overall collection rate on all county property taxes was 99.84%.

FINANCIAL IMPACT:

None.

Commissioners:

As required by North Carolina General Statutes, the County Tax Collector is required to submit an annual report of taxes billed and collected to the County's governing board. This report serves as the final accounting of all work over the previous fiscal year ending June 30, 2025. In accordance with N.C.G.S. § 105-373 I respectfully submit the following reports:

- Settlement for Delinquent Ad Valorem Taxes for Tax Years 2015-2023 setting forth my full settlement for all delinquent real and personal property taxes collected during the fiscal year 2024-2025.

In addition to these reports, as required by statute, electronic copies of the following reports have been made available for review and filed with County Clerk's office:

- A list of the persons owning real property whose taxes for 2024 remain unpaid along with the principal amount owed by each person,
- A list of the persons not owning real property whose personal property taxes for 2024 remain unpaid along with the principal amount owed by each taxpayer,
- A list of persons with unpaid delinquent real and personal property taxes.

The Tax Collector's office has made and will continue to make diligent efforts to collect the taxes due from the persons listed in such a manner that is reasonably necessary as prescribed and allowed by law. The final unaudited collection rate for fiscal year ending June 30, 2025 is 99.84%.

Re: 2015 Uncollectible Fire Fees

To the extent allowed by the North Carolina General Statutes a county's Board of Commissioners may, at its discretion, allow the write off of certain taxes and fees associated with those taxes once the 10 year statute of limitations has expired. We are requesting that the Board of County Commissioners approve the write off of the outstanding balance of fire fees associated with the 2015 tax levy. It is the opinion of the Tax Administrator's office that all available avenues of collection have been exhausted and the remaining balance of these fees are uncollectible. The amount we are requesting to be written off is $3,116.83. Below is a breakdown of these fees.

Please consider this request to have these fees relieved from the charge.

Approve the Order of Collection Tax Charge for Fiscal Year 2025-2026.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

NCGS 105-321 requires the governing board of each taxing unit to issue an order of collection to Tax Collectors at the time the receipts are delivered to them. This order constitutes the collector's authority to collect taxes and to exercise the various powers incident to the collection process. The order gives rise to a specific lien on the real estate listed on the books, plus the power to levy upon or attach any of the taxpayer's personal property. Failure to issue the order of collection may invalidate the tax collector's remedies for enforced collection. The order of collection does not include public service companies or motor vehicles. Those property classifications are either billed monthly or based on information provided separately by the North Carolina Department of Revenue.

ACTION REQUESTED:

Adopt resolution approving invoicing from and payment to SHI International Corporation, in the amount of twenty-nine thousand, four hundred and sixty-three dollars ($29,463.00) for a customer service platform to enhance help desk operations.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

Information Technology department implemented a new customer service platform to help manage support interactions and centralize support communications across County departments. Zendesk provides tools for ticket management, customer self-service, knowledge base creation, workflow automation, and analytics. This action item requests the Board to approve invoice payments in the amounts of $29,463.00.

FINANCIAL IMPACT:

$29,463.00 is budgeted according for FY26.

RESOLUTION APPROVING AN INVOICE FROM, AND PAYMENT TO, SHI INTERNATIONAL CORPORATION IN THE AMOUNT OF TWENTY-NINE THOUSAND FOUR HUNDRED AND SIXTY-THREE DOLLARS ($29,463.00) FOR A CUSTOMER SERVICE PLATFORM TO ENHANCE HELP DESK OPERATIONS FOR THE UNION COUNTY INFORMATION TECHNOLOGY DEPARTMENT

WHEREAS, the Union County Information Technology Department authorized SHI INTERNATIONAL CORPORATION on 12/23/2024 to provide a customer service platform to enhance help desk operations; and

WHEREAS, SHI INTERNATIONAL CORPORATION performed such services on 12/23/2024; and

WHEREAS, although there were sufficient funds in the budget ordinance to cover the work performed by SHI INTERNATIONAL CORPORATION, there was no purchase order or agreement entered into to authorize the work and an associated payment obligation; and

WHEREAS, SHI INTERNATIONAL CORPORATION submitted an invoice for the work completed for a customer service platform to enhance help desk operations in the amount of Twenty-Nine Thousand Four Hundred and Sixty-Three Dollars ($29,463.00) on December 23rd, 2024; and

WHEREAS, although the work was satisfactorily completed, the Union County finance officer appropriately disapproved payment under the invoice because there was no properly authorized contract or purchase order which allowed payment for this work under the encumbrance for the customer service platform to enhance help desk operations; and

WHEREAS, pursuant to N.C.G.S. 159-28(c), the Board of Commissioners (the "Board") may approve an invoice that has been disapproved by the finance officer so long as there is an appropriation in the associated budget or project ordinance and there is an unencumbered balance that is more than the amount to be paid under the disapproved invoice; and

WHEREAS, there is a greater amount unencumbered left in the appropriation for the customer service platform to enhance help desk operations than the amount of the invoice for work performed by SHI INTERNATIONAL CORPORATION; and

WHEREAS, the Board desires to approve the invoice to allow SHI INTERNATIONAL CORPORATION to be paid for work that was satisfactorily performed pursuant to direction from Union County.

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of Union County, North Carolina as follows:

BACKGROUND:

As part of the County’s ongoing commitment to enhancing productivity and ensuring access to the latest digital tools, we propose renewing our annual Microsoft 365 subscription. This platform delivers essential services-such as email, cloud storage, and collaboration tools-that are foundational to daily County operations. In addition to the renewal, we recommend the purchase of 100 Microsoft 365 G5 upgrade licenses. These licenses will support the Strategy and Innovation Department's initiative to develop and distribute digital dashboards for County leadership. These dashboards will feature countywide key performance indicators, operational metrics, and other data visualization tools. The G5 licenses provide advanced analytics capabilities, enabling deeper insights, more efficient reporting workflows, and stronger data-driven decision-making across departments.

The Information Technology Department has utilized the contractual services of SHI International for its Microsoft EA since July 2017. SHI International has been effective and efficient in meeting our service needs, and we are requesting to continue this service for an additional 12 months.

FINANCIAL IMPACT:

The anticipated annual cost for this service is $760,292 and is budgeted accordingly for FY2026.

Amendment to the Union County Procurement Policy

INFORMATION CONTACT:

Cheryl Wright, Procurement and Contract Management, Director, 704-283-3563

ACTION REQUESTED:

Adopt the Amendment to the Union County Procurement Policy.

PRIOR BOARD ACTIONS:

June 5, 2023, Regular Meeting, Agenda Item #23-335, Policy Approved

BACKGROUND:

On June 5, 2023, the Board of Commissioners approved adopting a new Procurement Policy to assist with providing a balance between facilitating the current business of the County in an efficient and timely manner and ensuring that the procurement process is fair and accessible to vendors. The proposed amendment modifies Section 3.5, Procurement of Other Services, of the Procurement Policy to modify dollar thresholds consistent with the County Manager's contracting authority.

FINANCIAL IMPACT:

None.

3.5 PROCUREMENT OF OTHER SERVICES

The provisions listed in this section apply to contracts for services, except for contracts for architectural, engineering, and surveying services, and unless governed by other County policy or contract, or by State or Federal requirements. All contracts for lobbying services or management consulting services must be procured pursuant to the Request for Proposals requirements of Section 3.5.3 herein, regardless of amount.

3.5.1 Contracts for Services Less Than $50,000

1. Department may award to one vendor/company without soliciting via RFP or quotations upon approval by the County Manager or Assistant County Manager.
2. The Department Director shall provide written documentation to the County Manager to show that the price is fair and reasonable.
3. To the extent practicable, purchases should be distributed among qualified companies.
4. Contracts must be in writing.

3.5.2 Contracts for Services Greater Than or Equal to $50,000, but Less than $150,000

For the procurement of services in this range, use of an RFP is encouraged, but not required; provided, however, that if a Department chooses not to use an RFP to purchase services in this range, Directors and/or Department Representatives must solicit three quotations and document such quotations in writing, in order to ensure that services which most closely match the Department's needs are procured at the lowest available price. Because there are no statutory requirements applicable to the procurement of such services, an Assistant County Manager (ACM) or the County Manager may exempt a service from the RFP or quotations process for good cause and when in the best interests of Union County.

Note: If Federal funds are to be utilized, refer to <u>Section 12.</u>

3.5.3 Contracts for Services Greater Than or Equal to $150,000

Unless governed by other County policy, contract, or by State or Federal requirements, such services shall be procured by the County upon issuance of a Request for Proposals (RFP) by the Procurement Department. The terms of the RFP shall be prepared by the Procurement Representative in conjunction with the Department Representative requesting the services.

The RFP shall include a list of factors to be utilized in evaluating the proposals. The County shall secure not fewer than two proposals, when practicable. The award of a service agreement shall be made to the offeror whose proposal is determined to be the most advantageous to the County, taking into consideration the evaluation factors set

forth in the RFP. Because there are no statutory requirements applicable to the procurement of such services, an Assistant County Manager (ACM) or the County Manager may exempt a service from the RFP process for good cause and when in the best interests of Union County. The exemption of any such service exceeding $150,000 shall be reported to the Board of Commissioners at its next regular meeting and shall include the justification for exemption. Notwithstanding the authority to exempt certain contracts from the requirements of this Section 3.5.3, no contracts for lobbying services or management consulting services may be exempted from the RFP process without the County Manager or an ACM requesting such exemption from the Board of Commissioners.

Note: If Federal funds are to be utilized, refer to <u>Section 12.</u>

Communications Monthly Report

July 2025

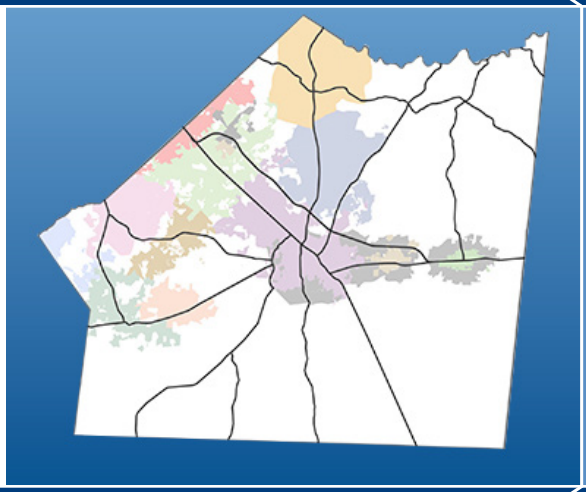

Top Projects

1 Government Center Renovations

The first floor entrance and corridor at the Government Center is undergoing renovations that redirected all visitors and staff to a temporary ground floor entrance. Public Communications coordinated a comprehensive campaign including facility signage (A-frames, window clings, posters, etc.) and a wide variety of graphics and announcements via social media, website, employee emails, and a custom Google Maps message.

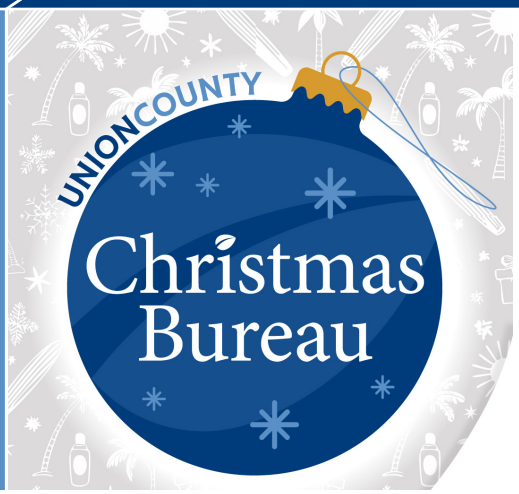

2 UC Atlas Launch

Union County's Geographic Information Systems (GIS) & Mapping team launched UC Atlas, a new online mapping and property lookup system to replace GoMAPS. UC Atlas allows users to access most functions on the main page, making it easier to find data and explore infrastructure, property boundaries, zoning classifications, utilities, and other vital community features.

3 Christmas (Bureau) in July

Union County's first-ever Christmas (Bureau) in July campaign highlighted the many ways our community supports local families during the holiday season. Throughout the week, we showcased programs like Project E.L.F., Christmas Cheer Champions, and Toys for Tots as reels, all while raising funds to provide gift cards for teens in need.

Re: **Letter of Intent**
Petitioner: 4 Rivers Property Group, LLC
Property: 14421 Lawyers Road
Rezoning Request: B-4 for Indoor Climate-Controlled Self-Storage

Mr. Hansen,

Enclosed please find the conditional rezoning request for property at 14421 Lawyers Road to accommodate an indoor climate-controlled self-storage facility with associated streetscape improvements and landscaping commitments. The rezoning request would allow for the development of a Class A, 80,000 square foot, fully enclosed and air-conditioned, fully secured self-storage facility under the B-4 zoning district. In an effort to have as little impact on the surrounding neighbors as possible, the facility will feature elevated design and exterior building materials, while appearing to resemble a Cass A retail or office building as well as landscape screening along the road frontages. The project will also be limited to a single story in an effort to be in line with surrounding uses along Lawyers Road. The facility will not be open 24 hours a day and will not permit any boat/RV parking. All storage units will be accessed from the interior of the building with a modern security system keeping the building secure. Modern climate-controlled self-storage facilities have limited impact on surrounding properties due to their low traffic generation, no school impacts, and minimal infrastructure and utilities requirements. Based on research there is only one additionally facility in the 3 mile trade area, and was built in 1984 and does not have any climate controlled units, so there is demand for this product type in the area.

If additional information is required, please feel free to contact me directly. We greatly appreciate your time and consideration of this petition. We look forward to working with you on this project.

Very Truly Yours,
Brittany N. Lins

Utilities: Public water and sewer are available to the site.

Zoning and Land Use History: The parcel site has been zoned R-20 since zoning was initiated. A proposed rezoning a quarter mile east of this site from R-20 to R-4 CZ was withdrawn in 2016, although a later rezoning in 2018 for the same zoning was approved. The shopping center at Stevens Mill and Lawyers Road was rezoned from R-20 to B-2 in 2000, although two other smaller commercial rezonings on the site in 1996 and 1997 were withdrawn and denied, respectively.

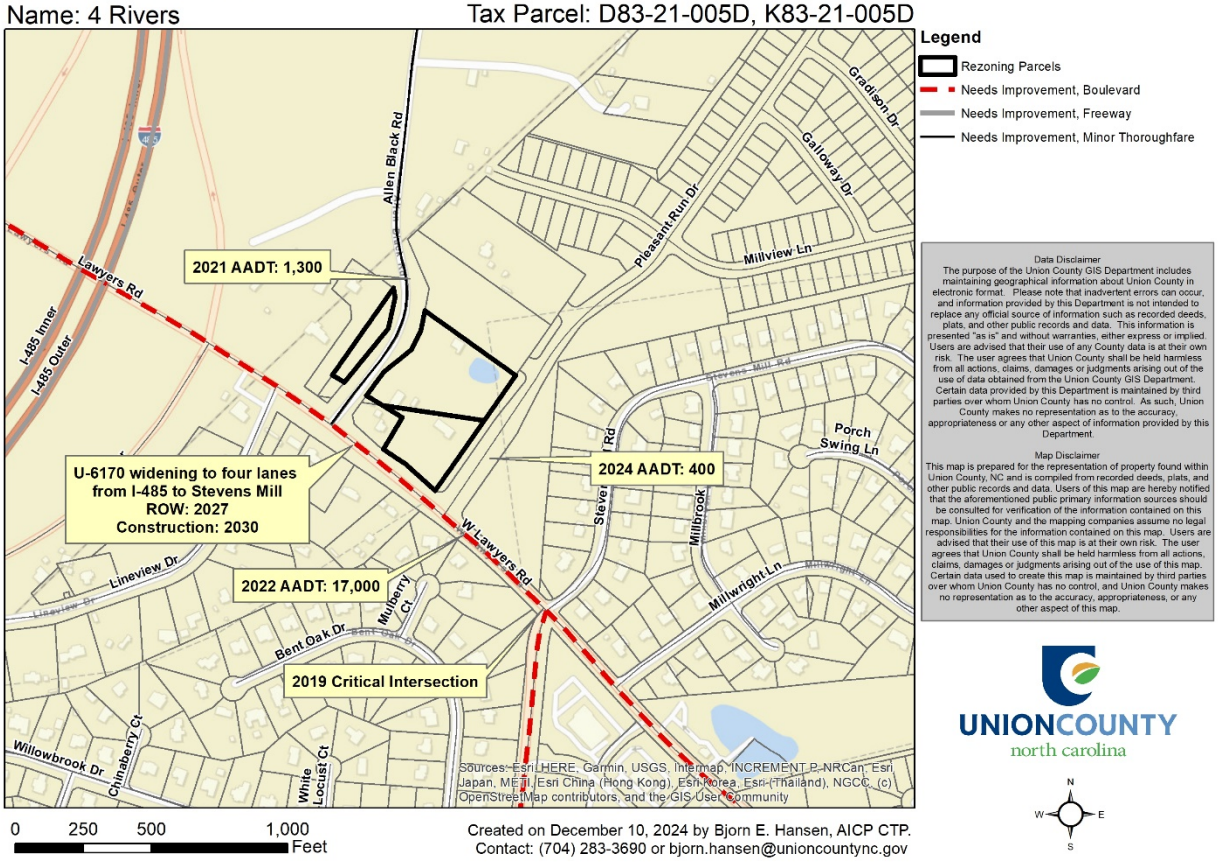

Schools: Because this rezoning is commercial in nature, UCPS was not consulted for comments.

Transportation: This site will have access from Allan Black Road, which carries approximately 1,300 vehicles per day. The site has frontage on Lawyers and Pleasant Run Roads as well. Allan Black and Lawyers Roads are NCDOT-maintained facilities. Pleasant Run Road is maintained by the Town of Stallings. Lawyers Road carries approximately 17,000 vehicles per day and is scheduled for widening in 2030. This site will not impact the design for the project. A traffic impact analysis was not required for this rezoning as this use will generate approximately 120 trips per day.

Planning Documents

Union County Comprehensive Plan: The Union County 2050 comprehensive plan identifies this area as a Rural Residential area, with a Neighborhood Center immediately south of the site. Typical Neighborhood Centers range from 30,000 square feet to 125,000 square feet of retail space and have a service area of one to two miles. Key characteristics of a Neighborhood Center include an interconnected street system that provides access to shopping, services, housing and amenities, and a well-connected pedestrian and bicycle network.

Public and Municipal Comments

Public Comments: A community meeting was held May 21, 2025. A total of seven members of the public attended the meeting, in addition to staff. Residents asked about incorporating an adjacent parcel to clean up the area, lighting, stormwater pond features, and signage. The parcel was not responsive to being included in the development, and that signage and lighting would meet Union County standards, but were not yet finalized. In addition, the pond would have pest control but would not have a fountain. No changes to the site plan were made as a result of the meeting.

Municipal Comments: Stallings was contacted to provide comments. Their town council approved the following decision. "Storage Facility on Lawyers Road and Idlewild at I-485 - Council held consensus that it did not like the use for that parcel and wanted Town Manager Sewell to let the County know the Council opposed that use at that location because it did not meet the character of the area. Council also requested that the developers be directed to Stallings annexation and use."

Land Use Board Recommendation

The Land Use Board reviewed this proposed rezoning at its June 17, 2025, meeting. The Board unanimously recommended approval, citing proximity to a commercial node, I-485, and frontage on three roads.

Staff Comments and Recommendation

This part of Union County is identified for rural residential and agricultural land uses, although there is a Neighborhood Center located south of the site due to the existing commercial site at the intersection of Lawyers and Stevens Mill. This parcel has frontage on three roads, meaning it is less appropriate for residential uses. The center of this Neighborhood Center is not precise, and it is reasonable to consider the influence of this commercial recommendation to be oriented towards 485, meaning a commercial recommendation at this location is consistent with the land use map. **Because of these aspects of the development, staff recommend approval of this rezoning application.**

BOCC Motions for Proposed Amendment to the Union County Zoning Map (CZ-2024-010)

The Union County Land Use Board recommended that the Union County Board of Commissioners approve the rezoning petition CZ-2024-010, submitted by 4 Rivers Property Group, LLC, requesting a revision of the Union County Zoning Map by rezoning two parcels totaling 4.55 acres appearing on the tax map as tax parcels D8321005D and K8321005D in the Vance Township from R-20 to B-4 with Conditions.

TO *APPROVE* THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Adopt the Ordinance Approving Revision to the Official Zoning Map of Union County, North Carolina, and (ii) adopt the consistency and reasonableness statement for approval.

TO *DENY* THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Deny rezoning petition CZ-2024-010 from 4 Rivers Property Group, LLC; and (ii) adopt the consistency and reasonableness statement for denial.

Statements of Consistency and Reasonableness Concerning Proposed Amendment to the Union County Zoning Map

The Union County Land Use Board recommended that the Union County Board of Commissioners approve the rezoning petition (CZ-2024-010) submitted by 4 Rivers Property Group, LLC, requesting a revision of the Union County Zoning Map by rezoning two parcels totaling 4.55 acres appearing on the tax map as tax parcels D8321005D and K8321005D in the Vance Township from R-20 to B-4 with Conditions.

CONSISTENCY AND REASONABLENESS STATEMENT FOR APPROVAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN) (CZ-2024-010)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that adoption of the proposed map amendment is inconsistent with the currently adopted Union County Comprehensive Plan (the "Plan"). The Board declares that adoption of the proposed map amendment is deemed an amendment to the Plan, including any future land-use map in the Plan. The adoption of the proposed map amendment (i) takes into account the need to amend the zoning map to meet the needs of the community, and (ii) is reasonable and in the public interest because:

1. The Plan's Land Use Map (the "Land Use Map") identifies this area as Rural Residential with a Neighborhood Center located at the intersection of Stevens Mill and Lawyers Road. While not specifically identified in the Land Use Map, the subject parcels are less than 1,000 feet from the intersection with the Neighborhood Center, which is a reasonable distance to apply commercial uses close to that previously identified commercial node. The use set forth for this rezoning would be consistent with a use in a Neighborhood Center. Given the close proximity of the Neighborhood Center to the subject parcels, it is reasonable to approve this rezoning and amend the Land Use Map.
2. The subject parcels are within approximately 1,000 feet of an interchange with I-485, meaning traffic volumes along Lawyers Road will reduce the appropriateness for lower-density residential uses as currently identified on the Land Use Map (compared to a commercial use)
3. The parcels front three roads, meaning residential uses would be inappropriate long-term as the area continues to develop, particularly given its close proximity to I-485 and the Neighborhood Center currently identified on the Land Use Map.
4. The use set forth under the conditions would meet Union County development standards.
5. The proposed use is similar to other nearby uses in that it is of a commercial nature rather than residential in nature. There are numerous commercial uses less than 1,000 feet from the subject parcels, including a shopping center.
6. The benefits to the community at large, the neighbors, and the property owners of the proposed rezoning outweigh any detriments to the neighbors and others caused by the rezoning. The benefits of this rezoning include increasing business opportunities in Union County, allowing a property with nearby properties with many uses of a similar class (commercial) to also be allowed to conduct similar non-residential uses on its property, and increasing access to a commercial use and service to nearby residents. The

potential detriments of the use established by this rezoning include any increased noise, light, and traffic exposure resulting from the proposed use that could affect nearby properties.

CONSISTENCY AND REASONABLENESS STATEMENT FOR DENIAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN) (CZ-2024-010)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that this rezoning petition is inconsistent with the Union County Comprehensive Plan (the "Plan") and that denial of the proposed map amendment is reasonable and in the public interest because:

1. The Plan's Land Use Map identifies this area as Rural Residential, with a Neighborhood Center located less than 1,000 feet away at the intersection of Stevens Mill and Lawyers Road. The proposed business/commercial designation is not consistent with residential or agricultural uses for which rural residential areas are intended.
2. Allen Black Road, adjacent to one of the subject parcels, transitions to residential uses immediately beyond Lawyers Road. The proposed rezoning will facilitate potential future business uses in close proximity to existing residential uses in manners inconsistent with the Plan.

ORDINANCE APPROVING REVISION TO THE OFFICIAL ZONING MAP OF UNION COUNTY, NORTH CAROLINA

WHEREAS, the Union County Board of County Commissioners (the "Board") heretofore enacted the "Unified Development Ordinance of Union County, North Carolina," including any amendments thereto (the "UDO") and the official Union County Zoning Map ("Zoning Map"); and

WHEREAS, Union County has received a rezoning petition (CZ-2024-010) submitted by 4 Rivers Property Group, LLC (the "Applicant"), for a revision of the Union County Zoning Map by rezoning two parcels totaling 4.55 acres appearing on the tax map as tax parcels D8321005D and K8321005D in the Vance Township from R-20 to B-4 with Conditions; and

WHEREAS, the Union County Land Use Board considered and made a recommendation concerning approval or denial of the Rezoning Petition; and

WHEREAS, the Board has determined that approval of the Rezoning Petition and rezoning the subject parcels from R-20 to B-4 with Conditions is reasonable and in the public interest, including for those reasons set forth in the contemporaneously adopted consistency and reasonableness statement.

NOW, THEREFORE, BE IT ORDAINED by the Union County Board of Commissioners as follows:

1. The Zoning Map is hereby amended by rezoning the parcels appearing on the tax map as tax parcels D8321005D and K8321005D in the Vance Township from R-20 to B-4 with Conditions.

2. The conditions accepted by the Applicant are hereby approved and incorporated into the B-4 with Conditions rezoning of the parcels.

3. This ordinance is effective upon adoption.

Property Information

Location: On the southeast corner of Hargette Road and US 601. Location more specifically described as tax parcel 04-015-003.

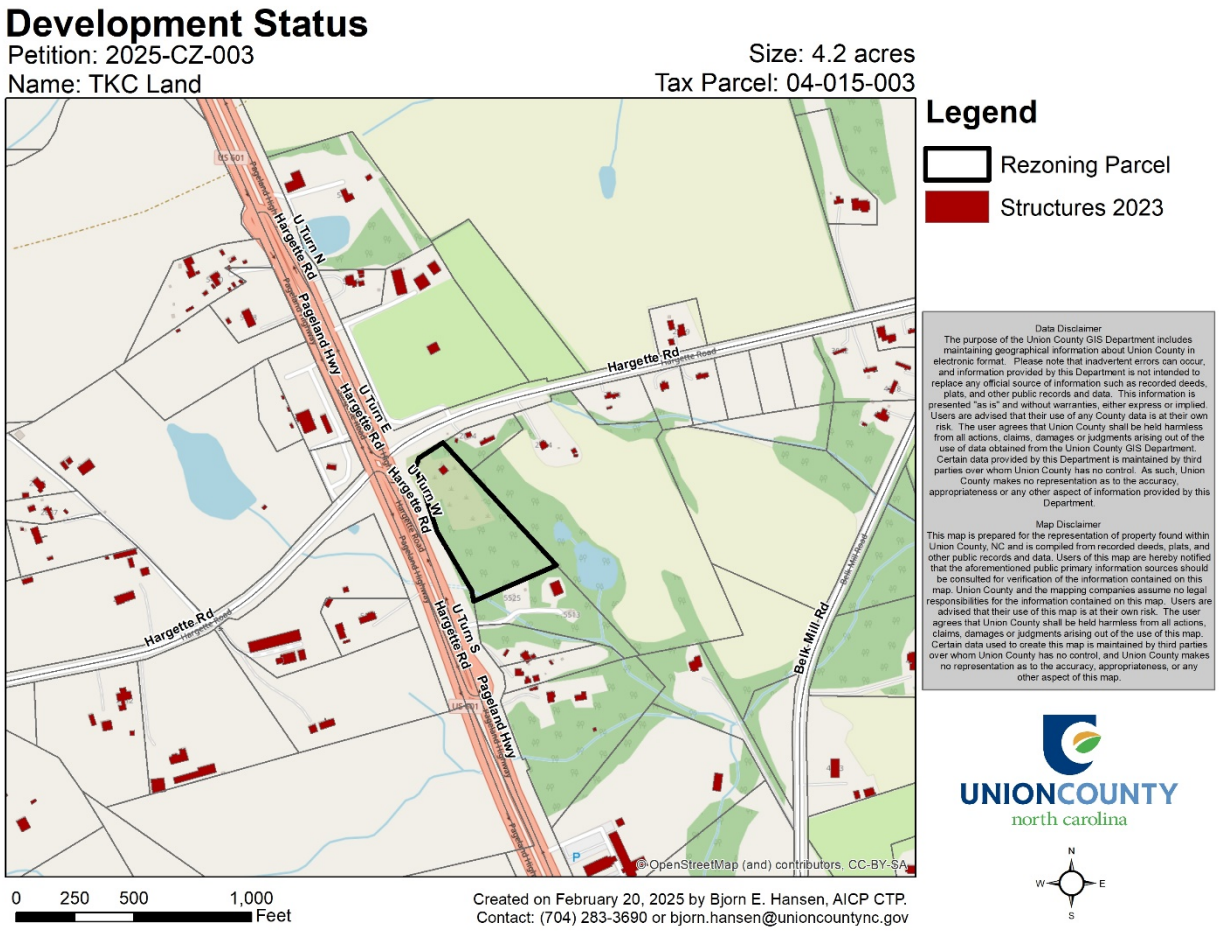

Municipal Proximity: The site is more than six miles from the City of Monroe's Extra-Territorial Jurisdiction (ETJ).

Existing Land Use and Development Status: The parcel is currently zoned RA-40. The site is forested and undeveloped.

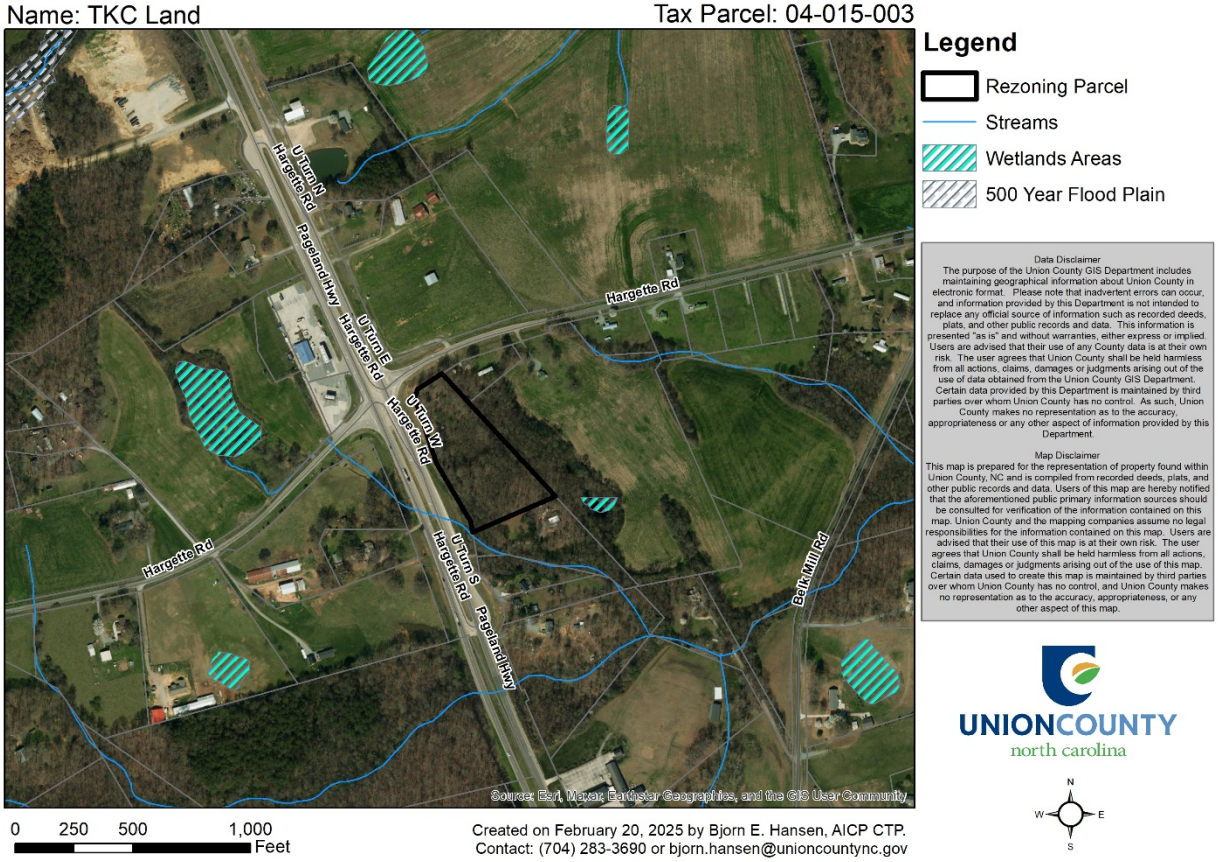

Environmental Features: There are no streams, wetlands, or floodplains on site. The site is forested, and the site plan reflects tree save areas for areas not required to be cleared as part of the development.

Utilities: Public water is available to the site, but sewer is not available. The site will utilize septic service.

Zoning and Land Use History: The parcel site has been zoned RA-40 since zoning was initiated. The truck stop immediately west of this site was rezoned from R-20 to B-3 in 1981. A 1.46 acre parcel approximately one-half mile east of the site was rezoned from R-40 to RA in 1986. A four acre parcel approximately a half mile south of the site was proposed for rezoning from RA-40 to B-4 in 1996 but was denied. The parcel immediately east of the site received a special use permit in 1981 to located a mobile home on site.

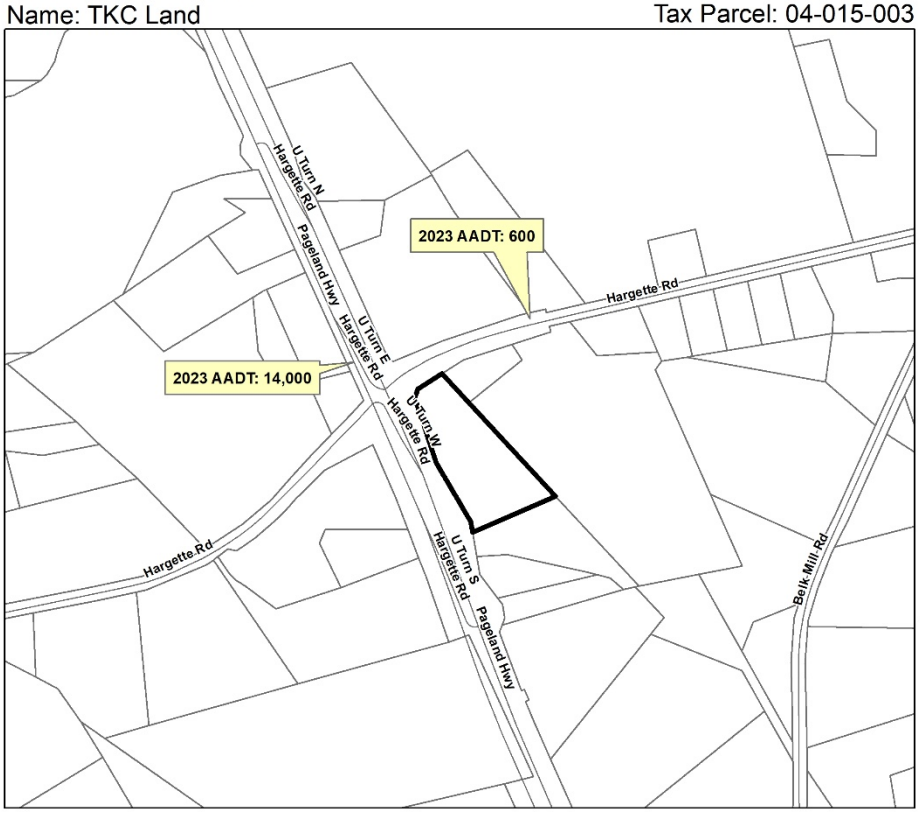

Schools: Because this rezoning is commercial in nature, UCPS was not consulted for comments.

Transportation: This site will have access from US 601. Because of the lack of transition for traffic looking to make a U-turn to travel south on US 601, the NCDOT has required extending the median to force vehicles to travel north on US 601 to the next U-turn, approximately ¾ of a mile to the north. Both US 601 and Hargette Road are NCDOT-maintained facilities. US 601 carries approximately 14,000 vehicles per day and Hargette Road carries approximately 600 vehicles per day. There are no funded road improvement projects in the immediate vicinity of the rezoning. A traffic Impact Analysis was not required for this rezoning. The proposed use would generate approximately 700 turning movements into the site. Approximately 20% of these trips are considered pass-by, meaning the vehicles were already travelling past the site.

Union County Comprehensive Plan: The Union County 2050 comprehensive plan identifies this area as an Employment Corridor overlaid upon Rural Residential. The proposed retail is therefore considered appropriate, although the amount of retail should be limited due to traffic impacts along the corridor.

Public and Municipal Comments

Public Comments: A community meeting was held May 28, 2025. One resident attended and was supportive of the project. No changes were made to the site plan as a result of this meeting. Two people spoke in favor of the rezoning at the Land Use Board meeting.

Municipal Comments: Monroe was not consulted for comments due to the distance to their municipal limits.

Land Use Board Recommendation

The Land Use Board reviewed this proposed rezoning at its June 17, 2025, meeting. They unanimously recommended approval, noting consistency with the land use map and benefit to nearby residents.

Staff Comments and Recommendation

This part of Union County is identified for employment uses as an overlay over rural residential and agricultural land uses. The rezoning proposes retail uses, which are appropriate is limited frequency, are appropriate for this part of the corridor. The proposed site plan meets the unified development ordinance and are consistent with the adopted plan. **Because of these aspects of the development, staff recommend approval of this rezoning application.**

BOCC Motions for Proposed Amendment to the Union County Zoning Map (CZ-2025-003)

The Union County Land Use Board recommended that the Union County Board of Commissioners approve the rezoning petition CZ-2025-003, submitted by TKC CCCXLI, LLC, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 4.204 acres appearing on the tax map as tax parcel 04-015-003 in the Buford Township from RA-40 to B-4 with Conditions.

TO *APPROVE* THE PROPOSED AMENDMENT (THE PROPOSAL IS CONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Adopt the Ordinance Approving Revision to the Official Zoning Map of Union County, North Carolina, and (ii) adopt the consistency and reasonableness statement for approval.

TO *DENY* THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Deny rezoning petition CZ-2025-003 from TKC CCCXLI, LLC; and (ii) adopt the consistency and reasonableness statement for denial.

Statements of Consistency and Reasonableness for Proposed Amendment to the Union County Zoning Map

The Union County Land Use Board recommended that the Union County Board of Commissioners approve the rezoning petition (CZ-2025-003) submitted by TKC CCCXLI, LLC, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 4.204 acres appearing on the tax map as tax parcel 04-015-003 in the Buford Township from RA-40 to B-4 with Conditions.

CONSISTENCY AND REASONABLENESS STATEMENT FOR APPROVAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS CONSISTENT WITH THE CURRENT PLAN) (CZ-2025-003)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that adoption of the proposed map amendment is consistent with the currently adopted Union County Comprehensive Plan (the "Plan"). The adoption of the proposed map amendment (i) takes into account the need to amend the zoning map to meet the needs of the community, and (ii) is reasonable and in the public interest because:

1. The Plan's Land Use Map identifies this area as Rural Residential with an Employment Corridor overlay. The Plan provides that a variety of employment uses may be appropriate along these corridors. Dependent on location and adjacent facilities, the Plan sets forth that development uses that may be appropriate include distribution, logistics, aeronautics, industrial and agri-business. Retail uses, while not specifically listed in the non-exhaustive list of potential uses in the Employment Corridor overlay, would be complementary with other employment uses and consistent with the uses contemplated in an Employment Corridor in the Plan.
2. The parcel fronts two roads, meaning a commercial use would be more appropriate considering traffic noise and buffering.
3. There is an existing commercial use at this intersection, making another commercial use consistent with an established use in the immediate area.
4. The use set forth under the conditions would meet Union County development standards.

CONSISTENCY AND REASONABLENESS STATEMENT FOR DENIAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN) (CZ-2024-010)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the "Board") does hereby find and determine that this rezoning petition is inconsistent with the Union County Comprehensive Plan (the "Plan") and that denial of the proposed map amendment is reasonable and in the public interest because:

1. The Plan's Land Use Map identifies this area as an Employment Corridor and such areas should be preserved for industrial and other recommended uses. While a variety of employment uses are noted as consistent with an Employment Corridor, the Plan specifically identifies such uses to include distribution, aeronautics, industrial, and agri-business uses. The retail type of use contemplated here is too different from the uses set forth in the Plan as contemplated in an Employment Corridor.
2. Continued and future allowed commercial and retail uses on the along the corridor could result in increased congestion on the roads and streets adjacent and nearby to the property. Traffic congestion is a noted concern in the Plan.

ORDINANCE APPROVING REVISION TO THE OFFICIAL ZONING MAP OF UNION COUNTY, NORTH CAROLINA

WHEREAS, the Union County Board of County Commissioners (the "Board") heretofore enacted the "Unified Development Ordinance of Union County, North Carolina," including any amendments thereto (the "UDO") and the official Union County Zoning Map ("Zoning Map"); and

WHEREAS, Union County has received rezoning petition (CZ-2025-003) submitted by TKC CCCXLI, LLC (the "Applicant") for a revision of the Union County Zoning Map by rezoning one parcel totaling 4.204 acres appearing on the tax map as tax parcel 04-015-003 in the Buford Township from RA-40 to B-4 with Conditions; and

WHEREAS, the Union County Land Use Board considered and made a recommendation concerning approval or denial of the Rezoning Petition; and

WHEREAS, the Board has determined that approval of the Rezoning Petition and rezoning the subject parcels from RA-40 to B-4 with Conditions is reasonable and in the public interest, including for those reasons set forth in the contemporaneously adopted consistency and reasonableness statement.

NOW, THEREFORE, BE IT ORDAINED by the Union County Board of Commissioners as follows:

1. The Zoning Map is hereby amended by rezoning the parcel appearing on the tax map as tax parcel 04-015-003 in the Buford Township from RA-40 to B-4 with Conditions.

2. The conditions accepted by the Applicant are hereby approved and incorporated into the B-4 with Conditions rezoning of the parcel.

3. This ordinance is effective upon adoption.

New Town Road Realignment Plan and Fletcher Broome Road Railroad Crossing Closure

Brian Gackstetter – NCDOT Rail Division
Felix Obregon – NCDOT Division 10

August 11, 2025

Connecting people, products and places safely and efficiently with customer focus, accountability and environmental sensitivity to enhance the economy and vitality of North Carolina

Project Background

- NCDOT identified an opportunity for safety improvements due to short distance between NC 75 and railroad at Fletcher Broome Road and the skew of the road crossing railroad at New Town Road
- Alternative improvements would have required replacement of railroad flashers and gates along with preemption if a traffic signal is installed at NC-75 / Fletcher Broome
- Division 10 and Rail Division evaluated multiple scenarios and recommends relocation of New Town Road to provide a safer, improved crossing of the CSX Railroad
- Fletcher Broome Road railroad crossing would close to access funding for realignment of New Town Road

Fletcher Broome Road and NC 75

Project Background Continued

- Existing intersection at NC 75 / Fletcher Broome was a two-way stop condition until 2011.
- NCDOT added a dedicated right turn lane on NC 75 in 2011.
- NCDOT converted the intersection to All-Way Stop (AWS) in 2022 due to crash history.
- Traffic Impact Assessment (TIA) finalized in 2021 showed that a traffic signal is warranted.

Fletcher Broome Road and NC 75

Project Background Continued

Growth and Developer Coordination

Waxhaw Landing Phase 1

- Condition district rezoning development consisting of 486-single family homes on 169.47 acres.
- Currently under construction
- TIA was completed for the site in 2020
  - 100' Eastbound and Westbound left turn lanes required at NC 75 / Fletcher Broome Rd
- Approved by Monroe City Council in August 2020

Waxhaw Landing Phase 2

- Condition district rezoning development consisting of 64 single family homes on 29.21 acres.
- Approved by Monroe City Council June 2022
- Developer has obtained permits for erosion control and a temporary driveway permit to perform grading operations.

Waxhaw Landing Phase 3

- Condition district rezoning development consisting of 150 single family homes on 67.15 acres.
- Approved by Monroe City Council April 2022
- Developer has obtained permits for erosion control and a temporary driveway permit to perform grading operations.
- A TIA was completed and NC 75 / Fletcher Broome Rd intersection met NCDOT's threshold for mitigation

- TIA for Phase 2 & 3
  - Sealed in September 2021
  - Required to include Phase 1 trips in their analysis.
  - Met NCDOT's thresholds for mitigation at the NC 75 / Fletcher Broome Rd intersection.
    - Met Signal Warrant #9 for proximity to an at-grade crossing

- Developer pursued driveway permit and traffic signal agreement. Received a construction estimate from Rail Division and Signal Design section in December 2023 that included railroad preemption. Costs were exceedingly higher than anticipated.

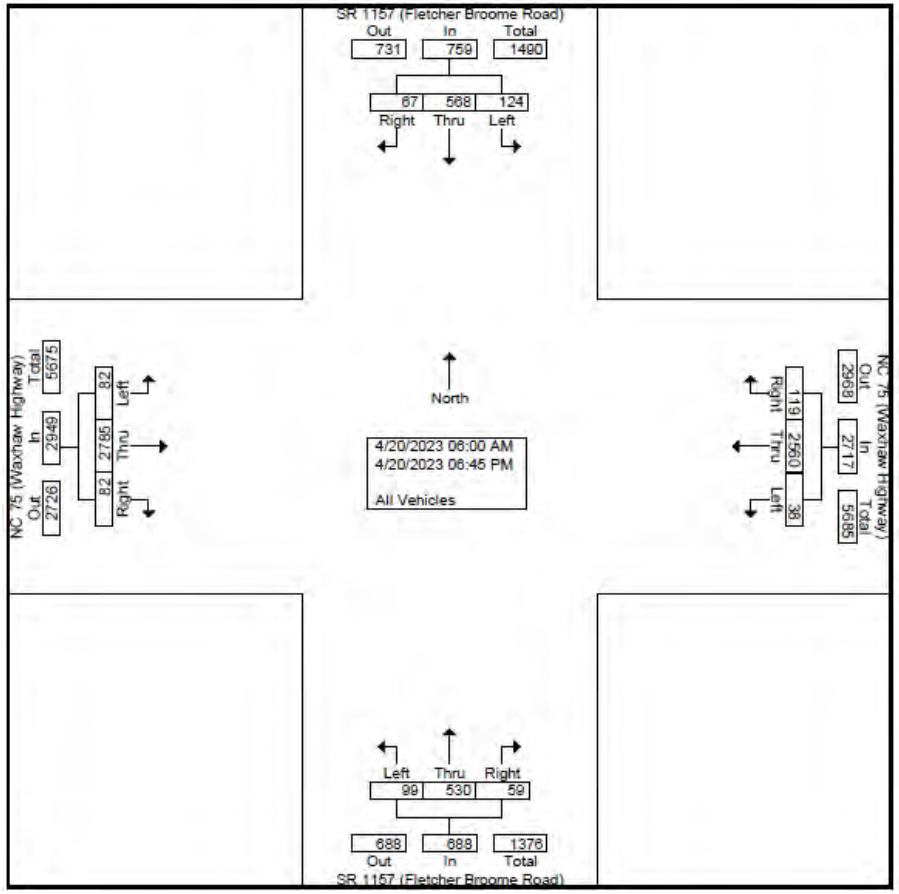

- Developer approached NCDOT about the traffic signal requirement at the beginning of 2024.
  - Developer provided a technical memorandum to reflect the reduced lot counts, but a traffic signal was still warranted.

- NCDOT installed an All-Way stop on May 13, 2022
  - Developer provided a technical memorandum to show that the AWS would remain operational through 2025 (the original build out year).

- Agreement Contribution Amount = $442,885.10
  - Cost was determined by estimating the costs of two 100' left turn lanes and a standard wooden pole traffic signal.

NC 218 and Love Mill Roundabout Project

ACTION REQUESTED:

Discussion and possible action.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

Residents of the New Salem community have recently inquired about the scheduled roundabout project at NC 218 and Love Mill Road. The right of way acquisition process recently began, although the project has been funded for several years.

Total cost of the project: $2.86 million

Schedule: ROW Acquisition recently began. Construction scheduled for the summer of 2027 and will take 8-10 weeks.

Money spent to date: Approximately $108,000 on design and right-of-way expenses.

Project information: The project was submitted by NCDOT as a safety project and received additional funds from the Charlotte Regional Transportation Planning Organization (CRTPO). No Union County funds have been requested or committed to the project.

The all way stop (AWS) was installed as an interim measure since a roundabout was in the works. Traffic volumes show that the intersection is approaching the operational limits for an AWS and will not function in the future with growth in traffic volume. A roundabout is therefore recommended for the long-term treatment for safety issues.

NCDOT staff will be present to answer questions about the project.

Rural Land Use Plan Draft Strategy Update

INFORMATION CONTACT:

ACTION REQUESTED:

Review proposed strategies and provide feedback.

PRIOR BOARD ACTIONS:

1) May 6, 2024, Regular Meeting, Agenda Item # 24-289 - Authorize staff to apply for Green Growth Toolkit grant.
2) March 17, 2025, Regular Meeting, Agenda Item # 25-071 - Receive update on vision statement.

BACKGROUND:

The Rural Land Use Plan steering committee approved a series of proposed strategies for public comment at its June 24, 2025, meeting. A public comment period began June 27 and concluded July 20. A total of 166 residents provided their feedback. Committee chairman Allan Baucom will present an update on the committee's work, proposed strategies, Land Use Board and public feedback, and next steps.

The Land Use Board received an update at its July 15 meeting. The Board did not take action at the meeting, but did generally support the proposed strategies. The Board did have some concern over how to pay for expanding the agricultural easement program, however.

FINANCIAL IMPACT:

None.

Rural Land Use Plan Strategies and Public Feedback

August 2025

What are Strategies?

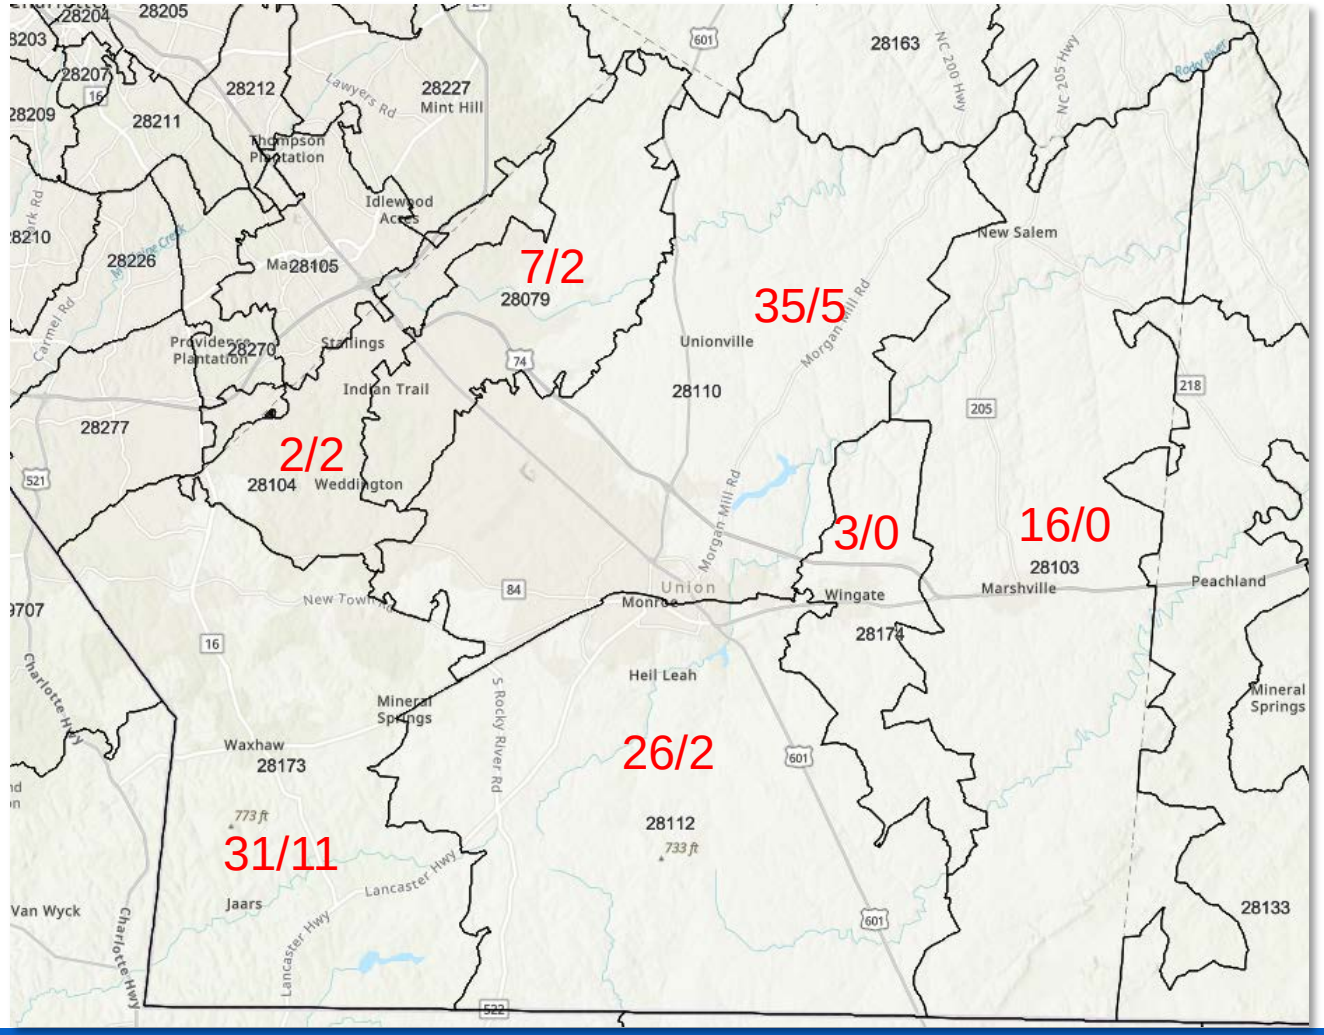

- A policy or action designed to achieve a goal
- They are the teeth of the plan
- Need to be thought through to avoid unintended consequences
- Ideally are effective on their own and not require other strategies to achieve effects

Outreach

- Social media
- Weekly newsletter
- Email to 500+ interested residents and municipalities
- Posted on County web site
- Interview on WIXE
- 166 responses

Feedback Results by Zip Code (live or work in rural area/ Don't)

Next Steps

- August 11 – Present draft strategies to Board of Commissioners
- August 26 – Committee approves strategies
- September and October – Draft plan development
- October 21 – Present draft plan to Land Use Board
- October 28 – Committee endorses plan
- November 17 – Present plan to Board of Commissioners for approval
- December through March – amend land use map and UDO to implement strategies
- June 2026 – BOCC decision on any funding considerations

Strongly Supported Strategies

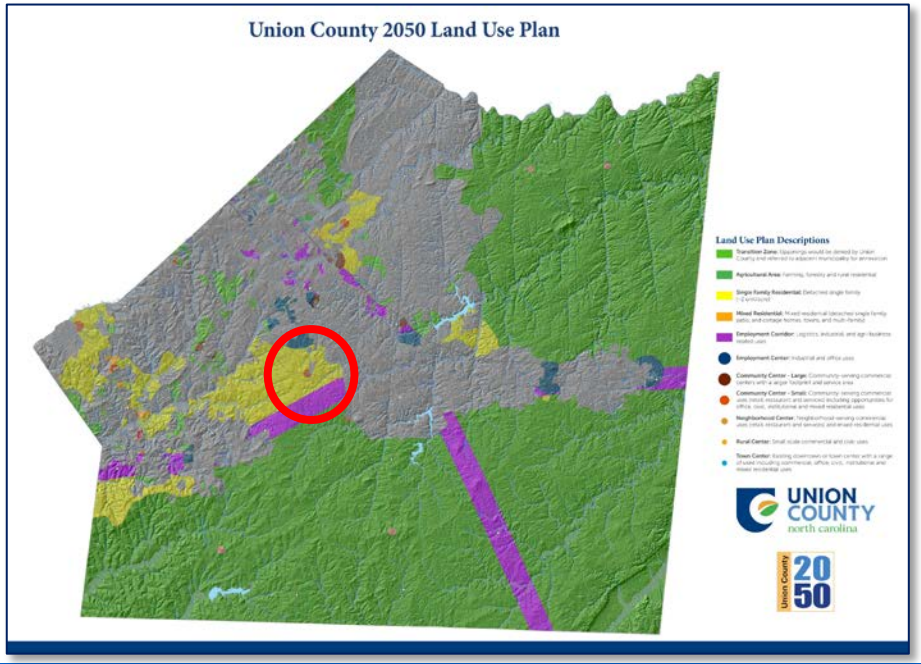

- Expand agricultural easement purchase program
- Require contiguous areas for open space in major subdivisions
- Proposing removal of one or more bypasses
- Limit subdivisions in certain zoning districts
- Protect intact forests in the 30% open space required area. Rare and protected species, wetlands, and streams are tied after forests

The steering committee and public levels of support are consistent for the above strategies.

Implementing these strategies would require a combination of Unified Development Ordinance (UDO) amendments, additional County funding, and coordination with municipalities and the NCDOT.

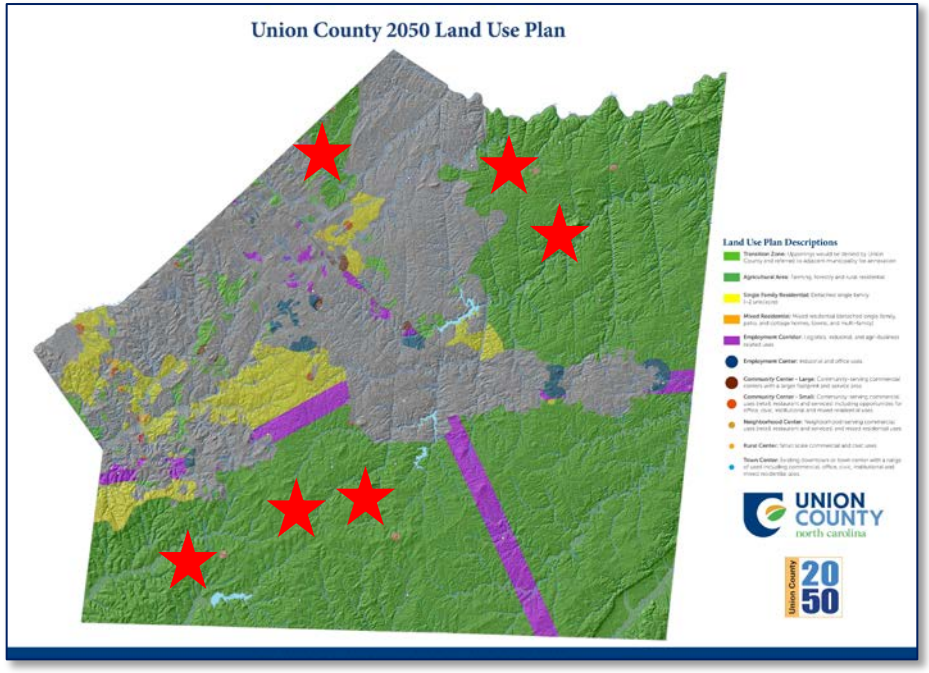

Supported Strategy

- Expand rural area on land use map
- Implementing this strategies would occur through an amendment to the land use map for Union County
- Frequent comments:
  - “We have enough high density housing in Union County. We can't get county water here in parts of Unionville.”
  - “Union County is already upside down on development with disproportionally more residential development happening.”
  - More rural is a better use of this beautiful county. We don’t want to be Mecklenburg. Let rural designations help keep the green space charm“
  - “I think rezoning this area back to rural is fantastic, our 2 lane roads are already over crowded with the housing developments already in Union County. I believe there is already too much high density development here and any areas that can be changed back to RA-40 is a step towards the right direction again.”

Supported Strategy

- Add six rural centers to the land use map
- Frequent comments:
  - “We don’t mind driving to town”
  - “Commercial centers will turn into broader developments”
  - “I think this could be a good thing, but we can’t let this get out of hand”
  - “We have enough gas stations, grocery stores, and shopping centers. Open a park, or even better plant corn on the properties.”
  - “I appreciate and like this idea. It appears this is intended to "officially" document what has already occurred at the locations identified.”

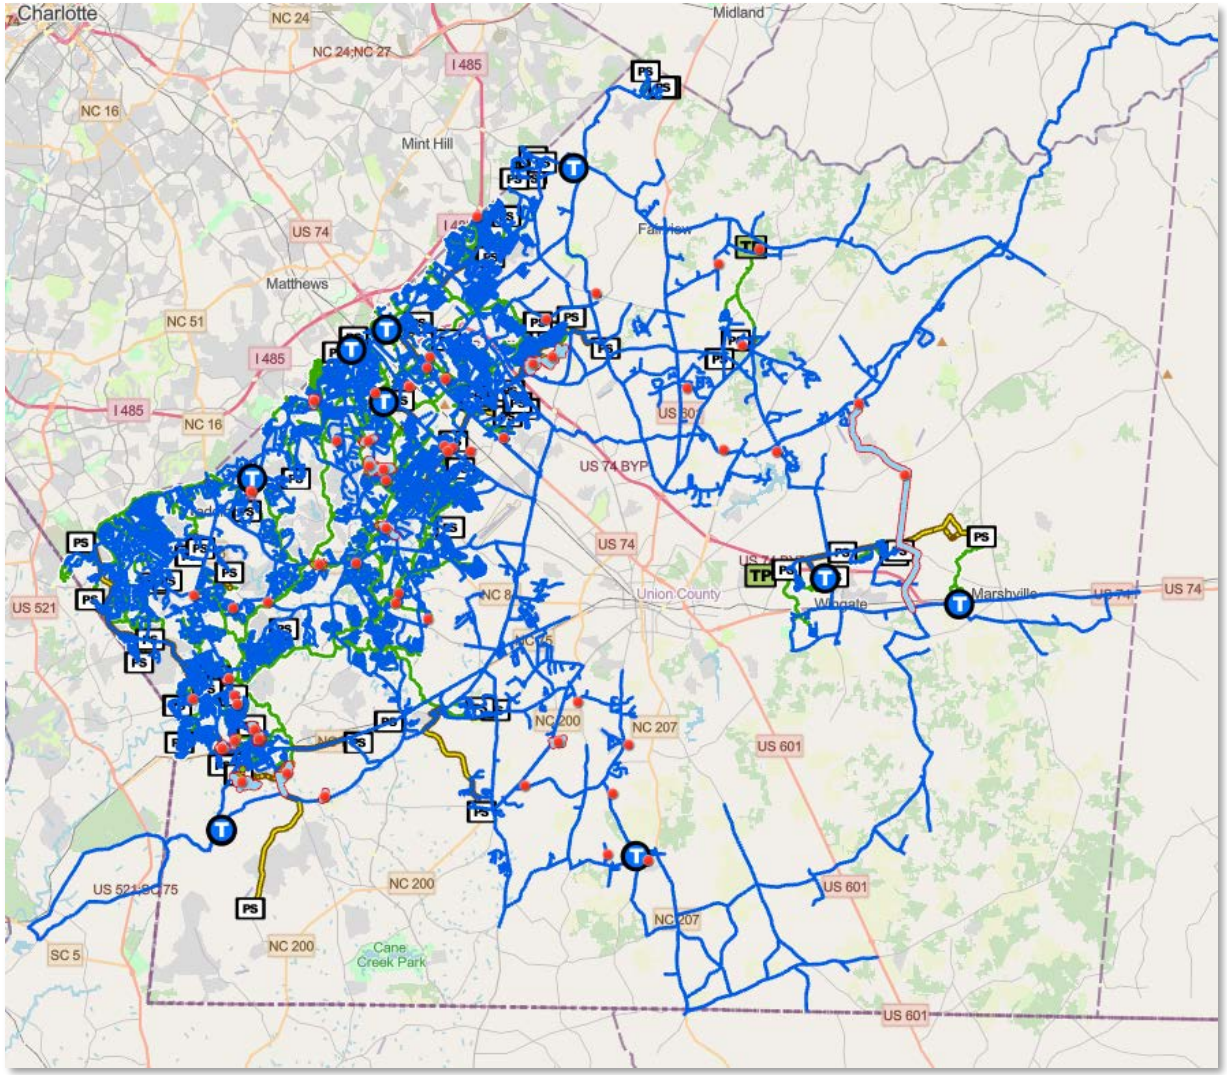

Not Supported Strategies

- Purchase parcels in priority areas in exchange for higher density in remaining areas
  - Concerns over implementation and lawsuits
  - Would require NCGA enabling legislation
- Allow low impact commercial and industrial uses on residentially-zoned land
  - 5-10 acres most common suggestion for minimum lot size
  - Need to determine ratio of developed to protected land, such as four acres protected for every acre developed
  - Implementing this strategies would require amending the UDO to add a new “rural business” use for RA-zoned land
- Frequent comments:
  - “This would not be enforced and there should be strictly following the land use zoning rules.”
  - “These seem like very low impact uses and would blend with the land and development.”
  - “It should be acre for acre. If you’re going to take 5 for use then you protect five acres. I believe that we are losing sight of rural living by adding more and more.”
  - “I think that if someone wants to start and run a business on their own land, they should be able to do so without jumping through hoops or being denied due to a lack of land.”
  - “Can we just not please. Why would a residential area that went in knowing around them was residential now want commercial vehicles and businesses in their neighborhoods.”
- Observation: Strategies that increase flexibility for property owners and developers not supported as much as strategies that limit development

How To Restrict Major Subdivisions as a Use

- Strictly speaking, subdivisions are not a land use
- Current NCGS limiting downzoning of property
- Eligible strategies:
  - Require Special Use Permit for major subdivisions
  - Add an additional requirement that a major subdivision in the rural area would require access to at least one public utility
- Ideal strategy – downzone all land in rural areas and process subdivisions as rezonings

Contract & Budget Amendment - Town of Wingate Law Enforcement Services

INFORMATION CONTACT:

Dorothy Thomas, Sheriff's Office, Public Safety Finance Administrator, 704-283-3578; Jason May, Budget & Grants Management, Director, 704-283-3760

ACTION REQUESTED:

1) Adopt Budget Amendment #3, 2) approve the addition of four (4) full-time equivalent (FTE) positions, and 3) authorize the County Manager to a) negotiate and execute an agreement substantially consistent with this agenda item, b) exercise any renewal or extension term options set forth in the Agreement, and c) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

In early June 2025, Wingate Town officials approached Sheriff Cathey to discuss contracting police services due to ongoing critical staffing shortages in the Wingate Police Department. Periodically, Sheriff's patrol deputies had increasingly been called upon to respond to service calls and cover entire shifts and days for the Police Department, stretching existing resources and leading to delayed response times. This staffing model does not provide adequate police presence in the Town and leaves the Wingate community vulnerable to criminal activity. At Wingate's request, a proposal was developed recommending four (4) full-time deputy sheriffs to provide 24-hour coverage for the Town. The proposed FY2026 contract amount is based on rates set annually by Union County budget and Sheriff's Office finance staff ($130,785.36 per deputy). These recommendations are based on the service model that informs the highly successful municipal contracts in Indian Trail, Weddington, Marvin, Lake Park, and Wesley Chapel. Following a public meeting on July 8 to gather community feedback, the Town Board voted on July 15 to approve the transition to contracted law enforcement services, effective October 1, 2025. The Town will provide office space in the current police building to the Sheriff's Office at no cost to support the transition.

FINANCIAL IMPACT:

The County will accept funding to cover 90% of the cost of four (4) patrol officers and increase the UCSO budget by the full cost of the officers beginning September 1, 2025 through June 30, 2026. The total cost of the FY2026 Law Enforcement Services contract for the Town of Wingate is $484,390. The Town of Wingate is responsible for 90% of that cost, in the amount of $435,952. Union County, through the Sheriff's Office budget, will cover the remaining 10% ($48,438).

COUNTY OF UNION

**INTERLOCAL AGREEMENT BETWEEN
UNION COUNTY, NORTH CAROLINA,
THE OFFICE OF SHERIFF OF UNION COUNTY, NORTH CAROLINA,
AND THE TOWN OF WINGATE, NORTH CAROLINA**

THIS AGREEMENT, made and entered into _____, by and among Union County, North Carolina (hereinafter referred to as "County"), the Office of Sheriff of Union County, North Carolina (hereinafter referred to as "Sheriff" or "UCSO"), and the Town of Wingate (hereinafter referred to as "Town"), together referred to as the "parties" (hereinafter referred to as the "Agreement").

PREMISES

WHEREAS, N.C. Gen. Stat. § 160A-461, *et seq*., authorizes the entry of interlocal agreements between local government agencies to provide local government services; and

WHEREAS, the Town currently operates a municipal police department; and

WHEREAS, the Town wishes to implement law enforcement services provided through an interlocal agreement between the Town, the UCSO, and the County; and

WHEREAS, the Town, the County, and the UCSO believe it to be in their best interests to enter into this interlocal agreement solely for the purpose of providing law enforcement services to the Town.

NOW, THEREFORE, in consideration of the promises and agreements of the parties herein contained, the parties agree as follows:

1) **Term**. Although subject to renewal, either expressly or as provided and contemplated under this Agreement, the express term of this Agreement shall be as follows:

   A. **Effective Dates**. This Agreement shall be effective from September 1, 2025, and shall continue until terminated by either party not less than six (6) months from the date of written notice to the other party. The amendment or modification of this Agreement, during the term and unless otherwise provided, shall be deemed to relate back to the initial effective date of this Agreement.

   B. **Termination; Non-Appropriation Contingency**. Notwithstanding any other provision of this Agreement to the contrary, any party to this Agreement, either with or without cause, may terminate this Agreement upon six months' written notice to the other parties.

2) **Purpose and Scope of Agreement.** This Agreement formalizes the relationship between the Town, County, and the Sheriff in order to foster an efficient and cohesive program that will build a positive relationship between law enforcement officers and the people of the Town.

A. The Sheriff agrees to station an agreed upon number of deputy sheriffs within the municipal limits of the Town, the number, rank, and job titles of which shall be as set out in Attachment A, which is attached hereto and incorporated herein by reference.

B. All deputy sheriffs covered by this Agreement shall work a full-time, regular schedule in accordance with UCSO standard work periods. Such schedules shall be subject to all applicable leave provided under the Union County Personnel Resolution, as amended or superseded, and/or required by State and federal law. Leave taken pursuant to the Union County Personnel Resolution or other applicable law shall not entitle the Town to a refund or reduction in costs or a replacement or substituted deputy sheriff. It is the intent of this Agreement that the schedule of hours worked within each cycle shall be determined by the Sheriff or his designee.

C. During the term of this Agreement, each deputy sheriff assigned to the Town shall at all times be an employee of the Sheriff, and shall at no time be an employee of the Town. All deputy sheriffs assigned to the Town under this Agreement remain under the exclusive control, direction, and supervision of the Sheriff and/or his designee, and are subject to policies and procedures of the UCSO. No Town personnel or elected officials have the right or authority to control, direct, and/or supervise activities of the deputy sheriffs assigned to the Town under this Agreement.

D. All deputy sheriffs assigned to work pursuant to this Agreement shall patrol and answer calls within the municipal limits of the Town, except that any deputy sheriff may answer a call for service outside the Town when responding to a priority call outside the municipal limits, or upon the order of the Sheriff or his designee.

E. All calls for service, dispatches, complaints, special requests, or duty assignments shall be administered through the official channels of the UCSO pursuant to UCSO policies and procedures.

F. The County shall be solely responsible for paying compensation to the deputy sheriffs assigned to the Town under this Agreement and shall be exclusively responsible for the provision of those benefits to the deputy sheriffs, to which they are entitled, pursuant to County personnel policies and procedures.

G. All law enforcement equipment, including vehicles and their contents, purchased pursuant to this Agreement shall be and remain the property of the County for use by the Sheriff for law enforcement purposes.

H. The Town agrees to pay the County an annual amount equal to Ninety Percent (90%) of the County's cost of providing services pursuant to this Agreement, which annual amount shall cover services on a fiscal year basis, July 1 to June 30, which amount shall be referred to as the "Contract Price." The County's cost shall be determined annually by the Union County Department of Budget and Grants Management, in cooperation with the UCSO, on the basis of an average unit cost per deputy sheriff. Not later than March 31 of each year, the County shall provide the Town, in writing, with the projected Contract Price for

the upcoming fiscal year. The final Contract Price shall be provided, in writing, to the Town not later than two (2) business days after approval of the County's budget. The Contract Price shall be paid by the Town, in advance, in four equal installments on the first day of each calendar quarter, without receipt of invoice or other notice from the County that quarterly payment is due.

I. If a deputy sheriff position assigned to the Town under this Agreement is left vacant for more than ninety (90) consecutive days, and the Sheriff does not temporarily assign another deputy sheriff to fill the vacant position, beginning on the 91st day of vacancy, the County shall prorate the cost billed to the Town for the vacant deputy sheriff position for so long as the vacancy persists. Any prorated amount reducing the Town's obligations under this provision shall be credited to the Town's next scheduled quarterly payment.

J. The Town agrees to report immediately to the UCSO, through appropriate channels, any misconduct, improper conduct, or illegal conduct of any deputy sheriff assigned to the Town under this Agreement.

K. In the event the Sheriff and County have assisted the Town in the successful application for federal or State grant funding to assist in the provision of law enforcement services under this Agreement, the parties mutually agree to adhere to the applicable grant terms and will cooperate to ensure that all grant monies are utilized consistent with applicable law and the terms of the grant.

L. The Town agrees to provide adequate office space for the deputy sheriffs to perform law enforcement and/or administrative functions related to their law enforcement duties under this Agreement.

3) **Notices and Designation of Contact.** All notices or other communication in connection with this Agreement shall be in writing and may be delivered in person or by United States mail. If hand delivered, the notice shall be effective upon delivery. If served by mail, the notice shall be effective three (3) business days after being deposited with the United States Postal Service by certified mail, return receipt requested, and addressed appropriately to the intended recipient as follows:

B. Nothing in the performance of this Agreement shall impose any liability on the Town, County, or Sheriff other than claims for which liability may be imposed by applicable law.

C. By entering into this Agreement, the parties do not intend to create any obligations, express or implied, other than those set out herein.

7) May 19, 2025, Regular Meeting Agenda Item # 25-294 - Received information on construction costs, operational modeling, and staffing costs for 400 bed/600 core and 500 bed/600 core options.

BACKGROUND:

At the request of the Board of County Commissioners, the County began an independent Jail Study to determine bed count and core size recommendations. The County selected Little Diversified Architecture, teamed with Justice Planners and Hemphill Randel Associates, to begin work on a study to determine bed count and core size options. On February 3, 2025, the design team, led by Justice Planners, shared information about the study process, key data used in their analysis, some high-level bed count options and next steps.

During the Board retreat on February 12, 2025, staff presented additional information on high level costing data for several options based on the study data. During the regular meeting of February 18, 2025, staff provided additional information related to county population estimates and other county jail sizes.

On March 3, 2025, the Board approved Option 2 (500 bed/600 core) to complete the consultant's work for the jail study, which includes operational modeling and staffing costs. Additionally, the Board requested the same information for a 400 bed/600 core option.

On May 19, 2025, the Board received information from the jail consultant on construction costs, operational modeling, and staffing costs based on a 400 bed/600 core option and a 500 bed/600 core option.

Staff requests direction from the Board on the selection of the bed count and core size and the financing mechanism for completing design and construction of the new jail. In addition, staff is requesting approval of a contract amendment to the Jail Study design contract to serve as the next phase in the jail study to ensure that advanced planning work continues as the Board determines the appropriate financing mechanism for completing design and construction of the new jail. This phase will focus on a high-level assessment of the existing Jail and Old Sheriff's Administration building to determine the feasibility of adaptive reuse options and conceptual site planning for a new Jail. Site planning will be necessary to evaluate any adaptive reuse options and any operational impacts.

The high-level assessment will include findings of conditions of systems including architectural, structural, mechanical, plumbing, electrical and fire protection. It will also include a code analysis related to reusing existing facilities. It is anticipated there may be 8-10 reuse options that will be evaluated and narrowed to feasible options including operational and logistical impacts.

The conceptual site planning is necessary as the location and proximity of the new Jail and South Piedmont Regional Autopsy Center in the overall campus plan directly affects the feasibility of any potential adaptive reuse options. Several site concept studies will be determined based on reuse options and pros and cons developed for consideration.

Other scope items in the request will be a site survey and high-level cost estimates for any feasible options. A report and presentation to the Board of the study's findings are also included.

FINANCIAL IMPACT:

The cost of the contract amendment for architectural services for the UC Jail Study is $86,500. There are sufficient funds in the UC Jail Alternatives for Expansion and Design capital account, 40080188, to cover this expense.

FEE PROPOSAL FOR EXISTING JAIL ADAPTIVE REUSE STUDY FOR UNION COUNTY - DRAFT

Dear Linda:

Little is excited about this opportunity to present a proposal for design consulting services to Union County. Our understanding is that the county has funds set aside for this ***Existing Jail Adaptive Reuse Study*** and needs this work to be completed by the end of 2025.

To provide these services, it is our understanding that the County will provide PDFs of the existing Jail and Administration building to the design team as soon as possible so that we can better understand the size and scope of existing conditions to accurately develop our fees for the services described below.

Little's team will consist of:

- Hemphill-Randel – Architectural, Jail design expert
- Justice Planners – Jail planning
- AME Consulting Engineers – Mechanical, Electrical. Plumbing, Fire Protection

FY22 Short Water Line Extension Program - Phase B Project Completion

INFORMATION CONTACT:

Brian Matthews, County Manager's Office, County Manager, 704-292-2597

ACTION REQUESTED:

Provide direction to staff on completion of FY22 Short Water Line Extension Program Phase B projects.

PRIOR BOARD ACTIONS:

July 14, 2025, Regular Meeting, Agenda Item # 25-381 - Received presentation on status of FY22 and FY23 Short Water Line Extension Program Projects

BACKGROUND:

The Short Water Line Extension Program, as adopted by the Board of County Commissioners (BOCC), provides for the extension of water lines to serve and provide an environmental benefit to qualifying applicants in Union County. Staff have diligently pursued the design, permitting and construction of FY22 and FY23 projects and while doing so have encountered challenges with respect to easement acquisition and program funding.

Program funding is not sufficient to complete the FY22 Short Waterline Extension Program projects and approved FY23 projects have been put on hold pending future budget allocation decisions.

The FY22 projects consist of four project groupings, phases A-D, of which phases C and D have been advertised and construction contracts awarded. Following direction by the Board at the July 14, 2025 meeting, staff are pursuing completion of FY22 Phase A projects. Based on current cost estimates, there is insufficient funding available to complete all projects included in Phase B of the FY22 program however, it would be possible to complete the East Lawyers Road project included with Phase B within the available funding allocation.

FINANCIAL IMPACT:

Dependent on direction provided.
