Late bids will not be accepted.

If a Bid is sent by mail or other delivery system, the sealed envelope containing the Bid shall be enclosed in a separate package plainly marked on the outside with the notation **"BID ENCLOSED – 2026-024"** and shall be addressed to Union County Procurement and Contract Management, Attn: Juan Rodriguez-Cruz, 610 Patton Avenue, Monroe, NC 28110.

A Non-Mandatory Pre-Bid meeting will be held on **September 29, 2025, at 10:00 AM** local time at the Union County Progress Building, 1407 Airport Road, Monroe, NC 28110. Attendance at this meeting is strongly encouraged.

**Scope of Work:** Design and install a backup generator and peripheral equipment such as an automatic transfer switch (ATS) to provide full backup supply during loss of normal utility power. The strategy for full backup will consist of resupplying the existing main distribution panels from a new ATS connected to both normal and backup power. The exiting circuits being fed from the existing main distribution panels will remain as is. In addition, Union County desires to include the ability to connect a temporary generator to the electrical system in the event the backup generator is unavailable to provide backup power (maintenance, etc.). Therefore, a manual transfer switch docking station will be included in the design.

The Work includes coordinating with Union County Facilities and Fleet Management for access, security, and shutdowns.

Bids will be received for a single prime Contract. Bids shall be on a lump sum basis as set forth in the Bid Form.
