Executive Summary

The Union County Juvenile Crime Prevention Council (JCPC), in fulfillment of the duties and responsibilities as set forth in the General Statutes of the State of North Carolina, has reviewed and updated this County Plan for FY 2025-2026. In 2019, House Bill 593 passed which approved an optional 1 or 2-year funding cycle for DPS JCPC funds, which is determined locally by each JCPC statewide. Also included in the HB was Raise the Age in N.C. which directs 16 & 17 years old from District Court to Juvenile Court. In order to see any new possible trends in juvenile justice data (now serving 16- & 17-yearold) and to plan programming in the community accordingly, the Union County JCPC approved a FY 2025-2026 year funding cycle. Data continues to be monitored by the JCPC annually which provides direction to which funding cycle is most beneficial to the community and Council.

The JCPC has identified the issues and factors which have an influence and impact upon vulnerable youth, at-risk youth, delinquent youth, and their families in Union County. Further, the JCPC has identified the strategies and services most likely to reduce/prevent delinquent behavior.

Monitoring and Evaluation: Each program funded in the past fiscal year by the JCPC has been monitored by the JCPC Monitoring Committee and programs were found in full compliance with DPS JCPC Policy and within the operating parameters of their budget and, providing the services as described in their program agreement. The monitoring results and program outcome evaluations were considered in making funding allocation decisions. The JCPC will continue to conduct annual implementation monitoring of its funded programs.

Priorities for Funding: Through a review of risk & needs assessment data, the Youth Assessment Screening Inventory (YASI) data and a community resource assessment, the JCPC has determined that the following services are needed to reduce/prevent delinquency in Union County.

1. School Problem Behaviors
2. Juveniles who associate with other delinquent peers
3. Substance abuse
4. Parenting Skills
5. Mental Health
6. Reduction in juvenile recidivism
7. Gang involvement
8. Weapon possession

Funding Recommendations: Having advertised a Request for Proposals (RFP) for these needed services for a minimum of thirty (30) days, the JCPC has screened the submitted proposals and has determined which proposals best meet the advertised needed services. As required by statute, the JCPC recommends allocation of the NC Department of Public, Division of Juvenile Justice and Delinquency Prevention funds to the following programs in the amounts specified below for the upcoming fiscal year: (Also, see the Union County Funding Plan with this report.) **If applicable, please note which programs were funded for two years.**

1. A.R.I.S.E.	\$60,000
2. DASH Counseling Service	\$146,593
3. Aspire - Kids At Work!	\$70,312
4. Parenting Support	\$12,242
5. Transforming Futures	\$129,273
6. Union County Teen Court	\$47,790

The JCPC further recommends that the following amount be allocated for the administrative costs of the Council for fiscal year 25-26: \$10,229.

Respectfully Submitted,

John J. Kulpatrick, Chair

SUMMARY REPORT OF THE RISK AND NEEDS ASSESSMENT COMMITTEE

- I. Youth Assessment and Screening Instrument (YASI) Summary II. Summary of Community Resources**
- III. Summary of Gaps and Barriers in the Community Continuum IV. Proposed Priority Services for Funding**

Introduction:

Juvenile Court Services implemented the Youth Assessment and Screening Instrument (YASI) beginning January 1, 2021; the following data summary represents the first full fiscal year of implementation of the YASI.

In reviewing and prioritizing the elevated risk and needs extracted from this data set, one must consider the utilization of YASI:

1. As a predictor of future risk of offending; and
2. As a Case Management instrument for determining level of service and types of services necessary to reduce recidivism.

Part I. Youth Assessment and Screening Instrument (Full YASI)

The Risk and Needs Assessment Committee reviewed aggregate data gleaned from YASI assessments administered in the county during the previous fiscal year. The full assessment consists of over 100 separate items useful for both predictive risk and case management, so data reported from this review will consist of county-level risk factors that may be prioritized by the JCPC for RFP development, as well as for highlighting prevalent issues among court involved juveniles that individual programs and community-based service organizations will want to consider when working with court involved juveniles in the county.

All juveniles at intake receive the YASI Pre-Screen (33 questions) which is also embedded in each full assessment. The aggregate outputs from full YASI assessments are just one of the data sources used by the Committee and, are the focus of summaries that follow in this document.

YASI questions are framed in either a historic context (Legal History, for example), or in some cases, "current" or "prior three-months" timeframes for other, more dynamic, questions.

Elevated Risk and Needs:

The Risk and Needs Committee met to review the YASI Data. The YASI Data includes the review of 182 juveniles for fiscal year 2023-2024. Union County YASI Data reported that 49% was Low Risk, 36% was Moderate Risk, and 15% was High Risk.

Elevated factors relevant for Juvenile Justice program development in the county:
