PRIOR BOARD ACTIONS:

- 1) October 20, 2025, Regular Meeting, Agenda Item #25-624 - Public Hearing Conducted for consideration of Step 4 Economic Development Incentive Grant to McGee Corporation
- 2) October 20, 2025, Agenda Item #25-626 - Step 4 Economic Development Incentive Grant was awarded to McGee Corporation in an amount-not-to-exceed \$696,000 paid over a 5-year period beginning in FY 2028

BACKGROUND:

The Union County Economic Development Department started conversations with McGee Corporation under codename Project Canopy in late 2024 about the potential relocation of their manufacturing operation from Stallings, North Carolina, to a 60.97-acre parcel located off Goldmine Road. The company has submitted an offer of \$4,267,900, being \$70,000 per acre. The land sought by the company was previously acquired by Union County for an industrial park or to be held for resale for industrial or commercial use, for an industrial or commercial project, pursuant to G.S. 158-7.1(the specific parcel considered for sale is Union County Tax Parcel #09372003D). McGee Corporation's purchase of this land is in concert with the County's economic development objectives, which are the stimulation of the local economy, growth of the tax base,

promotion of business, and creation of job opportunities within Union County. The purchase consideration is \$4,267,900.00 in cash, subject to all easements, right of ways, and other restrictions of record. The Board of Commissioners has determined that the property subject to conveyance has a fair market value of \$4,267,900.00.

The land will be used for an industrial project with an approximate investment of \$40,000,000 and the creation of 35 new jobs with a probable hourly wage of \$30.28 per hour for employees on the property. McGee Corporation intends to build a new 366,000 square-foot manufacturing facility on the property which will serve as its headquarters for design, sales, manufacturing, and distribution. This sale is made pursuant to private negotiation under G.S. 158-7.1.

FINANCIAL IMPACT:

Union County would receive \$4,267,900.00 in cash in exchange for the land. The project would also bring a prospective \$40,000,000 in new capital investment and at least 35 new jobs earning a probable wage of \$30.28 per hour into Union County.

Interlocal Agreement - Cabarrus County Detention Center

INFORMATION CONTACT:

Dorothy Thomas, Union County Sheriff's Office, Public Safety Finance Administrator, 704-283-3578

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

March 18, 2024, Regular Meeting, Agenda Item # 24-192 - Approved Initial Agreement.

BACKGROUND:

The Union County Detention Center has recently been operating at or near its overall inmate population capacity. In a proactive effort to alleviate potential overcrowding, and to allow for proper classification of its current inmate population, the Union County Sheriff's Office is requesting to enter into an agreement with the Cabarrus County Sheriff's Office to house ten (10) Union County inmates in the Cabarrus County Detention Facility. As NC jail code does not allow a Detention Center to exceed its current designed inmate capacity, the temporary relocation of these inmates will allow for a reduction in our overall inmate numbers and will allow for the proper separation of multiple defendants charged with the same crime. As part of this agreement, Union County agrees to reimburse Cabarrus County \$70 per day, per Union County inmate, and

will cover all related, out-of-pocket expenses directly related to those inmates.

FINANCIAL IMPACT:

Union County will reimburse Cabarrus County \$70 per day, per Union County inmate, and will cover all related, out-of-pocket expenses directly related to those inmates.

Contract - Taser Certification Bundles

INFORMATION CONTACT:

Dorothy Thomas, Public Safety Finance Administrator, Union County Sheriff's Office, 704-283-3578

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Union County Sheriff's Office utilizes the Axon Taser as an effective less lethal tool in both the jail and throughout Union County, when a situation requires a heightened level of response. Taser 10 is the latest Taser platform to be released by the company. This new platform offers features that are not available on the platform currently utilized by the Agency, such as increased probe distance, which provides an increased safety buffer between themselves and the offender. The new platform also offers a virtual reality (VR) training tool using scenario-based simulations that mimic real world events. This gives deputies and detention officers the opportunity to better prepare for situations they might encounter. It also greatly reduces the need for training cartridges, which come at an additional cost. The need for cartridges may be alleviated altogether. The VR platform also gives the UCSO Training Bureau the ability to train more deputies in a reduced amount of time, since the VR platform has multiple scenarios available for training. This has the possibility of reducing overtime costs related to mandatory training hours. Axon provides a five-year support and maintenance plan following the year of implementation that includes a limited number of training cartridges, as well as duty carry cartridges, replacement of any Taser or component that breaks or fails and provides automatic upgrades in the case of technological changes.

N.C.G.S 143-129(e)(3) and N.C.G.S 143-129(e)(9) allow local governments to make purchases through a competitively bid North Carolina Statewide Term Contract or a Group Purchasing Program.

The purchase of the Taser 10 Certification Bundles will be made using

Group Purchasing Program, National Purchasing Partners, Contract Number PS20270 as quoted by Axon.

FINANCIAL IMPACT:

The anticipated first-year cost for the Taser 10 Certification Bundles is \$225,520.94. Annual costs for years two through six will be \$330,429.98, for a total six-year cost of \$1,877,670.84. Funding is available in the adopted FY26 budget with future expenditures subject to annual BOCC budget appropriation.

Contract Renewal- Automated License Plate Readers, Cameras and Software

INFORMATION CONTACT:

Dorothy Thomas, Union County Sheriff's Office, Public Safety Finance Administrator, 704-283-3578

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

April 3, 2023, Regular Meeting, Agenda Item #23-179- Approved two-year initial contract for ten License Plate Readers and software.

BACKGROUND:

Flock Safety, Inc. is a large manufacturer for automated license plate readers (ALPRs) that capture computer-readable images of license plates for vehicles that pass cameras installed along the roadways. These high-tech devices allow law enforcement agencies to compare plate numbers against those of stolen cars, as well as identify vehicles connected to the commission of crimes. Over 70% of crimes committed involve the use of a vehicle. Flock Safety has the ability capture vehicles traveling at speeds up to 100 MPH and at a distance of 75 feet, regardless of the time of day. Once images are captured, the camera instantly uploads them into Flock's securely encrypted cloud server. Law enforcement can search by vehicle type, make, color, license plate (partial, missing, or covered plates), temporary plates, license plate state, and more. With the Flock Safety network, our agency is not limited to cameras within Union County; we can connect and collaborate with adjacent agencies and nearby privately-owned cameras in neighborhoods to extend our reach and multiply our search capacity. Flock Safety's network provides centralized data collection, combined with sophisticated database search tools, retrospective searches, analysis, and movement tracking opportunities. Robust functionality allows law enforcement to access real-time information such as suspicious activity, intelligence reports, and analysis of vehicle behavior. The partnership between the Union County Sheriff's Office and Flock Safety has resulted in the identification of suspects involved in violent crimes leading to faster than

average case resolution. The contract that has been submitted includes a continuation of the current services provided by Flock Safety, as well as an expansion to include the Flock NOVA database. This database allows investigators to search for and research persons of interest and suspects in ongoing investigations. NOVA is a cross-platform design which integrates Flock's ALPRs into the database, which continuously adds and updates information. Many law enforcement agencies are migrating to this platform due to its ability to link information housed in the database to the active case files. FLOCK NOVA does not require licensed access, allowing utilization throughout the agency. Additionally, the proposal provides several live feed cameras that will be placed throughout the county, on the main thoroughfares. The UCSO's Real Time Crime Center will serve as the hub for the monitoring of those camera feeds. Most recently, the Sheriff's Office has contracted with Thomson Reuters West for database services like those outlined above. That contract has not been renewed and the budgeted funds, approximately \$32,000, will be allocated to the Flock Safety, Inc. Contract. The Union County Sheriff's Office has utilized the contractual services of Flock Group, Inc. for Automated License Plate Readers since April of 2022. Flock Group, Inc. has been effective and efficient in meeting our Automated License Plate Reader needs. The addition of the Flock NOVA database and live feed cameras will greatly enhance our investigative toolkit. The additional funding required to meet the full cost of the contract has been identified within the FY2026 budget, to include utilizing funds paid by the contract municipalities, as they will see a great deal of benefit from this upgraded technology. The Sheriff's Office has utilized the contractual services of Flock Safety for License Plate Reader Services since 2022. The vendor has been effective and efficient in meeting our service needs, and we are requesting to continue this service for an additional two years and add the Flock NOVA Database.

FINANCIAL IMPACT:

The anticipated first-year cost for this service is \$145,600.00 and the anticipated second-year cost for this service is \$142,500.00. Since the contract term is for two years, a total of \$288,100.00 is estimated to be spent. Funding is available in the adopted FY26 budget with future expenditures subject to annual BOCC budget appropriation.

Grant Application - FY2027 Alliance for Children-Smart Start Child Care Health Consultant Continued Grant Funding

INFORMATION CONTACT:

Traci Colley, Human Services Agency - Public Health Department, Director, 704-296-4801

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

Requests and appropriation of received funding from the Alliance for Children for this program is approved by the Board annually.

BACKGROUND:

The Human Services Agency, Public Health Department is seeking approval to apply for FY2027 Smart Start grant funding from the Alliance for Children to support our Child Care Health Consultant (CCHC) program. This program is available to childcare centers and parents that need a link to experts in the field of child health and safety. Childcare licensing regulations offer minimal standards for health care and safety in

NC childcare centers. CCHC staff are health care professionals with specialized training and expertise in child health issues who can provide expert guidance and technical assistance on a wide range of health and safety topics. The program has enabled Union County to implement strategies for the health and wellness of children from birth to five years of age, and research demonstrates this age sets the stage for the child's future success.

The Smart Start program has the potential to impact local childcare facilities that can benefit from access to health consultations, including health care plans, training and technical assistance on child health, safety, nutrition and child development. CCHC Registered Nurses have the training to implement health care plans and obtain appropriate resources to assist the childcare providers in successfully including children with special health care needs and/or behavioral needs.

FINANCIAL IMPACT:

In FY2026, Union County received \$91,500 in grant funding and the FY2027 amount is anticipated to remain approximately the same. The FY2027 financial cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel and use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - FY2027 Alliance for Children-Smart Start Peer Breastfeeding Support Continued Grant Funding

INFORMATION CONTACT:

Stephanie Starr, Human Services Agency - Community Support and Outreach, Director, 704-296-4302

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Human Services Agency Community Support and Outreach Department seeks approval to apply for FY2027 Smart Start grant funding to support the Peer Breastfeeding Support program. Part of the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Program, the Breastfeeding Support Program was established in 2000 and is available for at-risk pregnant women, breastfeeding women, and infants. The Program provides prenatal and postpartum support and education to WIC Program participants and Union County residents, which includes prenatal breastfeeding classes, one-on-one consults from

a breastfeeding peer counselor, an after-hours telephone hotline, and issuance of various breastfeeding supplies.

Breastfeeding is the recommended source of nutrition and preventative health care for the first six months of life and is recommended to be continued for at least one year. Many health and scientific organizations support the benefits of breastfeeding, which is associated with a decreased risk of acute otitis media, nonspecific gastroenteritis, asthma, lower respiratory infection, atopic dermatitis, obesity, childhood leukemia, type I and type II diabetes, necrotizing enterocolitis (NEC) and sudden infant death syndrome (SIDS) for infants and children. It is also prescribed for infants for a variety of reasons such as mal-absorption, congenital anomalies, feeding intolerance, gut priming and immunologic deficiencies. Lack of breastfeeding may be detrimental to maternal health, increasing the risk of developing certain chronic conditions and cancers, and may also lead to quicker additional pregnancies as women may not experience the fertility reduction associated with lactation amenorrhea that occurs when fully breastfeeding. Breastfeeding success is associated with accurate, up-to-date education and support.

Prenatal and postpartum breastfeeding promotion, education, and support are helpful in building confidence in new mothers, preparing them for what to expect when their infant arrives, and increasing duration and initiation rates. Breastfeeding Peer Counselors significantly improve initiation rates and have been shown to have a positive effect on duration of breastfeeding by providing support from someone who has also breastfed.

In FY2026, the Peer Breastfeeding Support Program received \$62,807. All funding was expended in FY2025, primarily for personnel-related expenses, and we expect the same in FY2026 and FY2027.

FINANCIAL IMPACT:

In FY2026, the Peer Breastfeeding Support Program received \$62,807 in grant funding and the FY2027 amount is anticipated to remain approximately the same. The FY2027 cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel (WIC personnel and contracted services provided by WIC's regional breastfeeding coordinator) and \$6,400 for use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - FY2027 Alliance for Children Subsidized Child Care Assistance Application for Funding

INFORMATION CONTACT:

Ashley Lantz, Human Services Agency - Social Services Department,
Director, 704-296-4380

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Union County Human Service Agency Department of Social Services seeks approval to apply for FY27 Smart Start grant funding to support our Subsidized Child Care Assistance Program. North Carolina boasts one of the highest rates of working mothers with young children in the nation, making the availability of quality child care essential for the State's economic development and stability. Many of Union County's working families are struggling financially to meet the needs of their families. The availability of affordable, quality, legal and safe child care offers them financial support and relief as well as increases their likelihood of being successful in their jobs. By providing subsidized child care assistance to children in Union County, pre-school aged children can get a high-quality early childhood education which increases their chances of being healthy and more socialized. Additionally, early education enhances a child's ability to learn therefore they are better prepared for academic success when it is time for them to enter kindergarten.

In FY25, a total of 679 unduplicated children were served through the Subsidized Child Care Program. 105 of those children were funded with Smart Start Funds. The target population we serve with Smart Start Funds is pre-school aged (birth through age 5) residents of Union County, who are placed in a 5 star Union County child care facility or a 5-star child care home that has completed an agreement through NC FAST. One of our goals is to reach out and provide childcare assistance to as many eligible Union County families possible so they can become more financially stable in conjunction with strengthening each child's health, emotional development and educational foundation.

FINANCIAL IMPACT:

In FY26, we received a total of \$1,080,000 Smart Start funds for Subsidized Child Care Assistance, including \$155,000 for personnel and \$925,000 for direct purchase of services. For FY27, we are requesting a total of \$1,105,000 which includes \$155,000 for personnel and \$950,000 for direct purchase of services. No county funds are required. The FY2027 financial cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel and use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

ACTION REQUESTED:

- 1) Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.
- 2) Upon receipt of the grant award, recognize, receive, and appropriate the awarded amount to the Community Support and Outreach budget.

PRIOR BOARD ACTIONS:

Requests and appropriation of received funding from the Alliance for Children for this program is approved by the Board annually.

BACKGROUND:

The Human Services Agency's Department of Community Support and Outreach seeks approval to apply for FY2027 Smart Start funding from the Alliance for Children to support our Parenting Support and Nurturing Parenting (PSNP) Program. The Program, currently in its 12th year of administration by the County, is available for at-risk parents of children ages birth to five years old who struggle with the parenting role or whose children are experiencing the early stages of child maltreatment and need intervention and treatment. The 13-session PSNP program meets weekly to help participating parents gain a better understanding of their infants, toddlers, and preschoolers as they grow and teach them self-worth, empowerment, and the importance of nurturing and its effect on others. Through self-awareness and skill-building activities, parents increase empathy, develop realistic expectations of children and appropriate family roles, and learn positive discipline practices.

Staff provided 722 parent sessions in FY2025 and 217 sessions in FY2026 to date. The program tracks parents who complete all sessions and successfully graduate, boasting a current success rate of 91.8% with a total of 471 parents who have completed the full 13-week program throughout its 14-year history. The estimated savings/economic impact to our community resulting from these parents' successful program completion is roughly \$438,568,200, which factors in the approximate costs of CPS Social Workers and their 0-5-year-old caseloads, the lifetime cost of child maltreatment, and the cost of the Parenting Support and Nurturing Parenting program itself. The Program impacts local child maltreatment recidivism rates, thus affecting the generational ripple effect on families and is a valuable investment that produces high returns for our children and community.

FINANCIAL IMPACT:

In FY2026 Union County received \$144,655 in grant funding; the FY2027 amount is anticipated to be \$174,000. The FY2027 cost to Union County is an in-kind contribution of 19%, which is anticipated to include supervision expenses of \$8,060 and \$25,000 for use of office space. Caleb Sinclair, Solid Waste, Director, 704-296-4234

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The purpose of this grant program is to assist Hurricane Helene-impacted local governments with the implementation, expansion, recovery, and improvement of waste reduction programs in western North Carolina. The Division of Environmental Assistance and Customer Service (DEACS) administers the Helene Recovery Recycling Infrastructure (HRRRI) grant program through funding from the United States Environmental Protection Agency (EPA), Grant D1-05D52025, Hazardous Waste Management State Program Support (66.801) through the American Relief Act of 2025. Successful applicants to the Helene Recovery Recycling Infrastructure

grant program will enter into contracts with NCDEQ (the pass-through entity) to become subrecipients of the EPA grant.

The Union County department of Solid Waste is committed to providing environmentally responsible and cost-effective waste management solutions and infrastructure for the residents of Union County. We are seeking a \$4,306,100 grant to expand our recycling infrastructure which will increase yard waste processing capacity, increase beneficial compost production and enhance safety, program efficiency and public access, at residential waste and recycling centers throughout Union County.

Union County manages an average of 6,300 Tons of yard waste annually. This grant will make possible the revitalization of Union County's composting program as it will make equipment available for processing and composting material on-site on a much greater scale. Currently, this waste material is processed, hauled and disposed off-site by a contract service provider. Equipment made available through the HRRRI grant award will position the Union County department of Solid Waste to have the throughput processing capacity to manage increased volumes of material when needed to assist our region with storm generated material if/when future events impact our area. This project will create increased processing capacity for yard waste for Union County and will produce beneficial compost material and save the Solid Waste program approximately \$300,000 annually in contract costs.

Elements of this grant project scope include improvements to recycling convenience centers which will improve public access, enhance safety and efficiency to the collection and transportation of traditional recyclables and E-Waste.

BACKGROUND:

The County receives CDBG funds from HUD and will administer lighting, fencing, and related safety and accessibility upgrades at a public park located on Olive Branch Road in Marshville. These improvements meet the CDBG national objective of benefiting low- and moderate-income residents.

Under the agreement, Union County will retain full responsibility for procurement, environmental review, financial management, monitoring, reporting, and overall compliance with federal grant requirements. The Town of Marshville will cooperate by providing site access, coordinating work, supporting community engagement, and assuming responsibility for all ongoing maintenance and operation of the improvements once the project is complete. The Town will not receive or directly expend CDBG funds.

A separate project agreement will be executed for contracted construction services. The interlocal agreement outlines each party's obligations, indemnification provisions, term, termination rights, and compliance with applicable federal and state regulations.

- 2) August 11, 2025, Regular Meeting, Agenda Item #25-518 - Policy Amendment Approved

BACKGROUND:

On February 14, 2025, the Board of Commissioners approved adopting an updated Union County Procurement Policy to ensure compliance with all applicable state and federal procurement regulations. The proposed amendment modifies Appendix A - Procurement Procedures with Federal Funds to align the County's policy with recent regulatory changes issued by the Federal Acquisition Regulatory (FAR) Council, which increase the Simplified Acquisition Threshold (SAT) from \$250,000 to \$350,000, effective October 1, 2025.

This federal threshold is incorporated by reference into 2 C.F.R. §200.1 and §200.320 of the Uniform Guidance, which governs procurement standards for federally funded projects. The amendment ensures Union County remains in compliance with current federal procurement requirements and allows departments utilizing federal financial assistance to conduct simplified acquisitions up to the new \$350,000 limit while maintaining all other safeguards and approval processes outlined in the County's Procurement Policy.

- 3) April 1, 2024, Regular Meeting, Agenda Item #24-209 - Approved FY24 Financial Audit Contract
- 4) March 17, 2025, Regular Meeting, Agenda Item #25-136 - Approved FY25 Financial Audit Contract

BACKGROUND:

This request is to extend the terms of the FY 2025 contract for auditing services with Cherry Bekeart, LLP. This extension is due to the Federal Government shutdown and the fact that the Compliance Supplement for federal grants were not available prior to the shutdown for FY 2025. Therefore, the auditors were not able to complete the federal and state

grant single audit testing for FY 2025 as they normally are able to do so for each fiscal year.

The NC State Treasurer's Office and the Local Government Commission are requiring counties in NC to extend the terms of the contracts with their audit firms to allow additional time for auditors to be able complete the federal and state grant testing. The expectation is that the auditors will have this completed in the January timeframe since the Federal Government recently released the final Compliance Supplement for single audit testing of federal grant programs.

This amendment will extend the terms through February 12, 2026.

- 3) December 8, 2025, Regular Meeting, Agenda Item #25-748 - Public Hearing Conducted on conveyance of real property.

BACKGROUND:

The Union County Economic Development Department started conversations with McGee Corporation under codename Project Canopy in late 2024 about the potential relocation of their manufacturing operation from Stallings, North Carolina, to a 60.97-acre parcel located off Goldmine Road. The company has submitted an offer of \$4,267,900, being \$70,000 per acre. The land sought by the company was previously acquired by Union County for an industrial park or to be held for resale for industrial or commercial use, for an industrial or commercial project, pursuant to G.S. 158-7.1 (the specific parcel considered for sale is Union County Tax Parcel #09372003D). McGee Corporation's purchase of this land is in concert with the County's economic development objectives, which are the stimulation of the local economy, growth of the tax base, promotion of business, and creation of job opportunities within Union County. The purchase consideration is \$4,267,900.00 in cash, subject to all easements, right of ways, and other restrictions of record. The Board of Commissioners has determined that the property subject to conveyance has a fair market value of \$4,267,900.00.

The land will be used for an industrial project with an approximate investment of \$40,000,000 and the creation of 35 new jobs with a probable hourly wage of \$30.28 per hour for employees on the property. McGee Corporation intends to build a new 366,000 square-foot manufacturing facility on the property which will serve as its headquarters for design, sales, manufacturing, and distribution. This sale is made pursuant to private negotiation under G.S. 158-7.1.

FINANCIAL IMPACT:

Union County would receive \$4,267,900.00 in cash in exchange for the

land. The project would also bring a prospective \$40,000,000 in new capital investment and at least 35 new jobs earning a probable wage of \$30.28 per hour into Union County.

Hold Public Hearing.

PRIOR BOARD ACTIONS:

- 1) October 20, 2025, Regular Meeting, Agenda Item #25-624 - Public Hearing Conducted for consideration of Step 4 Economic Development Incentive Grant to McGee Corporation
- 2) October 20, 2025, Agenda Item #25-626 - Step 4 Economic Development Incentive Grant was awarded to McGee Corporation in an amount-not-to-exceed \$696,000 paid over a 5-year period beginning in FY 2028

BACKGROUND:

The Union County Economic Development Department started conversations with McGee Corporation under codename Project Canopy in late 2024 about the potential relocation of their manufacturing operation from Stallings, North Carolina, to a 60.97-acre parcel located off Goldmine Road. The company has submitted an offer of \$4,267,900, being \$70,000 per acre. The land sought by the company was previously acquired by Union County for an industrial park or to be held for resale for industrial or commercial use, for an industrial or commercial project, pursuant to G.S. 158-7.1 (the specific parcel considered for sale is Union County Tax Parcel #09372003D). McGee Corporation's purchase of this land is in concert with the County's economic development objectives, which are the stimulation of the local economy, growth of the tax base, promotion of business, and creation of job opportunities within Union County. The purchase consideration is \$4,267,900.00 in cash, subject to all easements, right of ways, and other restrictions of record. The Board of Commissioners has determined that the property subject to conveyance has a fair market value of \$4,267,900.00.

The land will be used for an industrial project with an approximate investment of \$40,000,000 and the creation of 35 new jobs with a probable hourly wage of \$30.28 per hour for employees on the property. McGee Corporation intends to build a new 366,000 square-foot manufacturing facility on the property which will serve as its headquarters for design, sales, manufacturing, and distribution. This sale is made pursuant to private negotiation under G.S. 158-7.1.

FINANCIAL IMPACT:

Union County would receive \$4,267,900.00 in cash in exchange for the land. The project would also bring a prospective \$40,000,000 in new capital investment and at least 35 new jobs earning a probable wage of \$30.28 per hour into Union County.

Interlocal Agreement - Cabarrus County Detention Center

INFORMATION CONTACT:

Dorothy Thomas, Union County Sheriff's Office, Public Safety Finance Administrator, 704-283-3578

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

March 18, 2024, Regular Meeting, Agenda Item # 24-192 - Approved Initial Agreement.

BACKGROUND:

The Union County Detention Center has recently been operating at or near its overall inmate population capacity. In a proactive effort to alleviate potential overcrowding, and to allow for proper classification of its current inmate population, the Union County Sheriff's Office is requesting to enter into an agreement with the Cabarrus County Sheriff's Office to house ten (10) Union County inmates in the Cabarrus County Detention Facility. As NC jail code does not allow a Detention Center to exceed its current designed inmate capacity, the temporary relocation of these inmates will allow for a reduction in our overall inmate numbers and will allow for the proper separation of multiple defendants charged with the same crime. As part of this agreement, Union County agrees to reimburse Cabarrus County \$70 per day, per Union County inmate, and will cover all related, out-of-pocket expenses directly related to those inmates.

FINANCIAL IMPACT:

Union County will reimburse Cabarrus County \$70 per day, per Union County inmate, and will cover all related, out-of-pocket expenses directly related to those inmates.

CABARRUS COUNTY SHERIFF'S OFFICE

Van W. Shaw, Sheriff

Public Safety through Professionalism and Integrity

Interlocal Detention Center Agreement

This Interlocal Detention Center Agreement (“Agreement”) is entered into effective March 06, 2024, by and between **Union County, North Carolina**, a political subdivision of the state of North Carolina, with its principal place of business at 3344 Presson Road, Monroe N.C. 28112 (“Union County”) and **Cabarrus County, North Carolina** a political subdivision of the state of North Carolina, with its principal place of business at 65 Church Street South, PO Box 707, Concord, N.C. 28025 (“Cabarrus County”).

Whereas, Union County has a need to separate multiple defendants charged with the same crime, and to alleviate jail overcrowding, which would require a reduction of the inmate population; and

Whereas, Cabarrus County is not currently experiencing overcrowding of its inmate detention facilities and on occasion, has space available to house additional inmates; and

Whereas, Union County has requested that Cabarrus County consider housing certain Union County inmates and Cabarrus County has agreed to do so, all in accordance with the terms and conditions of this Agreement, and

Whereas, this Agreement is authorized pursuant to North Carolina General Statute Chapter 160A-460 et.seq.

Now therefore, in consideration of the premises and other good and valuable consideration, the parties hereto agree as follows:

1. **Housing Facilities.** Cabarrus County will provide inmate detention facilities for certain Union County detainees and prisoners (hereafter, “Inmate(s)”) in Cabarrus County’s Detention Center (“Center”) located at 30 Corban Avenue SE, Concord, N.C. and houses the inmates detained for pre-trial and sentenced inmates confined to Cabarrus County. Cabarrus County will provide the same standard of care with regard to surveillance, security, and protection of inmates as is afforded Cabarrus County detainees and prisoners.
2. **Overcrowding of Center.** In the event the Center reaches maximum capacity, Cabarrus County shall not be required to accept any Inmates until such time as the Center has enough available space to accept additional inmates. The Detention Center presently has 473 beds available for use, although due to classification of inmates, the actual number is slightly lower. Because of this, Cabarrus County can require Union County to pick up Inmates housed in the Center.

3. **Expenses.** As reimbursement of general room and board expenses, Union County agrees to pay Cabarrus County the sum of seventy dollars (\$70.00) per day per Union County inmate housed in the Center.

In addition to room and board expenses, Union County will reimburse Cabarrus County for the cost of ordinary and extraordinary medical costs and expenses attributable to any Inmate, including without limitation the following:

- a. Medical care provided to any inmate as a result of hospitalization
- b. Ordinary expenses for Inmate medical care including all expenses for any illnesses as an outpatient or inpatient of the Center Infirmery.
- c. The cost of replacing eyeglasses and dental prosthetic devices. Replacement will be made only if the inmate was using the damaged or lost eyeglasses or dental device at the time of commitment to the center, the eyeglasses or dental devices broken or lost while the inmate is incarcerated at the Center, and only upon prior approval of Cabarrus County.
- d. The cost of any other out of pocket expense that occurs with a Union County inmate.

4. **Limitation On Number of Inmates.** Union County shall be permitted to house no more than ten (10) inmates in the Center.

5. **Restrictions on Inmates Offenses/Medical Condition.** Inmates housed in the Center must be serving misdemeanor, civil sentences, pretrial, or sentenced confinement. In addition, Union County will not transport any Inmate to the Center who has a known serious medical condition. Each inmate shall have a medical clearance form stating that they have been cleared medically by the medical staff of the Union County Detention Center and approved by the medical staff of the Cabarrus County Detention Center prior to arrival.

6. **Transportation of Inmates.** The Union County Sheriff's Office shall be responsible for transporting any Union County inmate to and from the Center.

7. **Payment Terms.** Each month the Inmates are incarcerated at the Center, Cabarrus County shall invoice Union County for all costs and expenses attributable to the Inmates by the fifteenth (15th) day of each month. Union County shall pay such invoice by the last day of each month.

8. **Removal of Disruptive Inmates.** If in the opinion of the Cabarrus County Sheriff's Office, any Inmate becomes unduly disruptive or becomes such a disciplinary problem as to interfere with the orderly operation of the Center, the Cabarrus County Sheriff's Office will notify the Union County Sheriff's Office and the Union County Sheriff's Office will pick up the disruptive Inmate immediately.

9. **Term of Agreement.** The initial term of this Agreement expired at midnight, June 30, 2025. The Agreement is renewed effective July 1st 2025 and expires at midnight, June 30th, 2026. It may be renewed at the expiration of this agreement, by mutual written agreement of the parties hereto. However, in the event either party hereto deems it necessary to terminate this Agreement for whatever reason, this Agreement may be terminated at any time by either party upon thirty (30) days advance written notice to the other party at the address set forth in this Agreement.

10. **Amendments and Modifications.** This Agreement may only be modified in writing, signed by the parties hereto. However, Cabarrus County and Union County agree that the Sheriff's Office of both counties may attach exhibits or supplements to this Agreement pertaining solely to specific procedures for the transport, acceptance and discharge of Inmates, provided the terms of such supplements or exhibits are not in contradiction to the terms and conditions of this Agreement.

11. **Paragraph Headings.** Paragraph headings in this Agreement are for convenience only and are not deemed to be a controlling part of this Agreement.

In Witness hereof, the parties hereto have executed this Agreement in duplicate originals, effective the date set forth above.

Contract - Taser Certification Bundles

BACKGROUND:

The Union County Sheriff's Office utilizes the Axon Taser as an effective less lethal tool in both the jail and throughout Union County, when a situation requires a heightened level of response. Taser 10 is the latest Taser platform to be released by the company. This new platform offers features that are not available on the platform currently utilized by the Agency, such as increased probe distance, which provides an increased safety buffer between themselves and the offender. The new platform also offers a virtual reality (VR) training tool using scenario-based simulations that mimic real world events. This gives deputies and detention officers the opportunity to better prepare for situations they might encounter. It also greatly reduces the need for training cartridges, which come at an additional cost. The need for cartridges may be alleviated altogether. The VR platform also gives the UCSO Training Bureau the ability to train more deputies in a reduced amount of time, since the VR platform has multiple scenarios available for training. This has the possibility of reducing overtime costs related to mandatory training hours. Axon provides a five-year support and maintenance plan following the year of implementation that includes a limited number of training cartridges, as well as duty carry cartridges, replacement of any Taser or component that breaks or fails and provides automatic upgrades in the case of technological changes.

N.C.G.S 143-129(e)(3) and N.C.G.S 143-129(e)(9) allow local governments to make purchases through a competitively bid North Carolina Statewide Term Contract or a Group Purchasing Program.

The purchase of the Taser 10 Certification Bundles will be made using Group Purchasing Program, National Purchasing Partners, Contract Number PS20270 as quoted by Axon.

FINANCIAL IMPACT:

The anticipated first-year cost for the Taser 10 Certification Bundles is \$225,520.94. Annual costs for years two through six will be \$330,429.98, for a total six-year cost of \$1,877,670.84. Funding is available in the adopted FY26 budget with future expenditures subject to annual BOCC budget appropriation.

ACTION REQUESTED:

Authorize the County Manager to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the County Manager's discretion.

PRIOR BOARD ACTIONS:

April 3, 2023, Regular Meeting, Agenda Item #23-179- Approved two-year initial contract for ten License Plate Readers and software.

BACKGROUND:

Flock Safety, Inc. is a large manufacturer for automated license plate readers (ALPRs) that capture computer-readable images of license plates for vehicles that pass cameras installed along the roadways. These high-tech devices allow law enforcement agencies to compare plate numbers against those of stolen cars, as well as identify vehicles connected to the commission of crimes. Over 70% of crimes committed involve the use of a vehicle. Flock Safety has the ability to capture vehicles traveling at speeds up to 100 MPH and at a distance of 75 feet, regardless of the time of day. Once images are captured, the camera instantly uploads them into Flock's securely encrypted cloud server. Law enforcement can search by vehicle type, make, color, license plate (partial, missing, or covered plates), temporary plates, license plate state, and more. With the Flock Safety network, our agency is not limited to cameras within Union County; we can connect and collaborate with adjacent agencies and nearby privately-owned cameras in neighborhoods to extend our reach and multiply our search capacity. Flock Safety's network provides centralized data collection, combined with sophisticated database search tools, retrospective searches, analysis, and movement tracking opportunities. Robust functionality allows law enforcement to access real-time information such as suspicious activity, intelligence reports, and analysis of vehicle behavior. The partnership between the Union County Sheriff's Office and Flock Safety has resulted in the identification of suspects involved in violent crimes leading to faster than average case resolution. The contract that has been submitted includes a continuation of the current services provided by Flock Safety, as well as an expansion to include the Flock NOVA database. This database allows investigators to search for and research persons of interest and suspects in ongoing investigations. NOVA is a cross-platform design which integrates Flock's ALPRs into the database, which continuously adds and updates information. Many law enforcement agencies are migrating to this platform due to its ability to link information housed in

the database to the active case files. FLOCK NOVA does not require licensed access, allowing utilization throughout the agency. Additionally, the proposal provides several live feed cameras that will be placed throughout the county, on the main thoroughfares. The UCSO's Real Time Crime Center will serve as the hub for the monitoring of those camera feeds. Most recently, the Sheriff's Office has contracted with Thomson Reuters West for database services like those outlined above. That contract has not been renewed and the budgeted funds, approximately \$32,000, will be allocated to the Flock Safety, Inc. Contract. The Union County Sheriff's Office has utilized the contractual services of Flock Group, Inc. for Automated License Plate Readers since April of 2022. Flock Group, Inc. has been effective and efficient in meeting our Automated License Plate Reader needs. The addition of the Flock NOVA database and live feed cameras will greatly enhance our investigative toolkit. The additional funding required to meet the full cost of the contract has been identified within the FY2026 budget, to include utilizing funds paid by the contract municipalities, as they will see a great deal of benefit from this upgraded technology. The Sheriff's Office has utilized the contractual services of Flock Safety for License Plate Reader Services since 2022. The vendor has been effective and efficient in meeting our service needs, and we are requesting to continue this service for an additional two years and add the Flock NOVA Database.

FINANCIAL IMPACT:

The anticipated first-year cost for this service is \$145,600.00 and the anticipated second-year cost for this service is \$142,500.00. Since the contract term is for two years, a total of \$288,100.00 is estimated to be spent. Funding is available in the adopted FY26 budget with future expenditures subject to annual BOCC budget appropriation.

Upon receiving your approval, this service will be provided for a term of 24 months (2 yr.) for a total cost of \$142,500. Party) has disclosed or may disclose business, technical or financial information relating to the Disclosing Party's business (hereinafter referred to as "**Proprietary Information**" of the Disclosing Party). Proprietary Information includes non-public information provided by the Disclosing Party to the Receiving Party regarding features, functionality, and performance of this Agreement. The Receiving Party agrees: (i) to take the same security precautions to protect against disclosure or unauthorized use of such Proprietary Information that the Party takes with its own proprietary information, but in no event less than commercially reasonable precautions, and (ii) not to use (except in performance of the Services or as otherwise permitted herein) or divulge to any third person any such Proprietary Information. The Disclosing Party agrees that the foregoing shall not apply with respect to any information that the Receiving Party can document (a) is or becomes generally available to the public; or (b) was in its possession or known by it prior to receipt from the Disclosing Party; or (c) was rightfully disclosed to it without restriction by a third party; or (d) was independently developed without use of any Proprietary Information of the Disclosing Party. Nothing in this Agreement will prevent the Receiving Party from disclosing the Proprietary Information pursuant to any judicial or governmental order, provided that the Receiving Party gives the Disclosing Party reasonable prior notice of such disclosure to contest such order. At the termination of this Agreement, all Proprietary Information will be returned to the Disclosing Party, destroyed or erased (if recorded on an erasable storage medium), together with any copies thereof, when no longer needed for the purposes above, or upon request from the Disclosing Party, and in any case upon termination of the Agreement. Notwithstanding any termination, all confidentiality obligations of Proprietary Information that is trade secret shall continue in perpetuity or until such information is no longer trade secret.

5.2 Usage Restrictions on Flock IP. Flock and its licensors retain all right, title and interest in and to the Flock IP and its components, and Customer acknowledges that it neither owns nor acquires any additional rights in and to the foregoing not expressly granted by this Agreement. Customer further acknowledges that Flock retains the right to use the foregoing for any purpose in Flock's sole discretion. There are no implied rights.

5.3 Disclosure of Customer Data. Subject to and during the Retention Period, Flock may access, use, preserve and/or disclose the Customer Data to law enforcement authorities, government officials, and/or third parties, if legally required to do so or if Flock has a good

faith belief that such access, use, preservation or disclosure is reasonably necessary to comply with a legal process, enforce this Agreement, or detect, prevent or otherwise address security, privacy, fraud or technical issues, or emergency situations.

6. PAYMENT OF FEES

6.1 Billing and Payment of Fees. Customer shall pay the fees set forth in the applicable Order Form based on the billing structure and payment terms as indicated in the Order Form. To the extent the Order Form is silent, Customer shall pay all invoices net thirty (30) days from the date of receipt. If Customer believes that Flock has billed Customer incorrectly, Customer must contact Flock no later than thirty (30) days after the closing date on the first invoice in which the error or problem appeared to receive an adjustment or credit. Customer acknowledges and agrees that a failure to contact Flock within this period will serve as a waiver of any claim. If any undisputed fee is more than thirty (30) days overdue, Flock may, without limiting its other rights and remedies, suspend delivery of its service until such undisputed invoice is paid in full. Flock shall provide at least thirty (30) days' prior written notice to Customer of the payment delinquency before exercising any suspension right.

6.2 Notice of Changes to Fees. In the event of any changes to fees, Flock shall provide Customer with sixty (60) days notice (email sufficient) prior to the end of the Initial Term or Renewal Term (as applicable). Any such changes to fees shall only impact subsequent Renewal Terms.

6.3 Taxes. To the extent Customer is not a tax exempt entity, Customer is responsible for all taxes, levies, or duties, excluding only taxes based on Flock's net income, imposed by taxing authorities associated with the order. If Flock has the legal obligation to pay or collect taxes, including amount subsequently assessed by a taxing authority, for which Customer is responsible, the appropriate amount shall be invoice to and paid by Customer unless Customer provides Flock a legally sufficient tax exemption certificate and Flock shall not charge Customer any taxes from which it is exempt. If any deduction or withholding is required by law, Customer shall notify Flock and shall pay Flock any additional amounts necessary to ensure that the net amount that Flock receives, after any deduction and withholding, equals the amount Flock would have received if no deduction or withholding had been required.

7. TERM AND TERMINATION

7.1 Term. The initial term of this Agreement shall be for the period of time set forth on the Order Form (the "**Initial Term**"). Unless otherwise indicated on the Order Form, the Term shall commence upon first installation of Flock Hardware, as applicable. Following the Initial Term, unless otherwise indicated on the Order Form, this Agreement may be renewed for successive renewal terms of the greater of one year or the length set forth on the Order Form upon mutual execution of a written amendment to this Agreement (each, a "**Renewal Term**").

7.2 Termination. Upon termination or expiration of this Agreement, Flock will remove any applicable Flock Hardware at a commercially reasonable time period. In the event of any material breach of this Agreement, the non-breaching Party may terminate this Agreement prior to the end of the Term by giving thirty (30) days prior written notice to the breaching Party; provided, however, that this Agreement will not terminate if the breaching Party has cured the breach prior to the expiration of such thirty (30) day period (“Cure Period”). Either Party may terminate this Agreement (i) upon the institution by or against the other Party of insolvency, receivership or bankruptcy proceedings, (ii) upon the other Party's making an assignment for the benefit of creditors, or (iii) upon the other Party's dissolution or ceasing to do business. In the event of a material breach by Flock, and Flock is unable to cure within the Cure Period, Flock will refund Customer a pro-rata portion of the pre-paid fees for Services not received due to such termination.

8.2 Manufacturer Defect. Upon a malfunction or failure of Flock Hardware or Embedded Software (a “**Defect**”), Customer must notify Flock’s technical support team. In the event of a Defect, Flock shall make a commercially reasonable attempt to repair or replace the defective Flock Hardware at no additional cost to the Customer. Services may be temporarily unavailable for scheduled maintenance or for unscheduled emergency maintenance, either by Flock or by third-party providers, or because of other causes beyond Flock’s reasonable control, but Flock shall use

IN EACH CASE, WHETHER OR NOT FLOCK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THIS LIMITATION OF LIABILITY OF SECTION ONLY APPLIES TO THE EXTENT ALLOWED BY THE GOVERNING LAW OF THE STATE REFERENCED IN SECTION 11.6. NOTWITHSTANDING ANYTHING TO THE CONTRARY, THE FOREGOING LIMITATIONS OF LIABILITY SHALL NOT APPLY (I) IN THE EVENT OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR (II) INDEMNIFICATION OBLIGATIONS.

9.2 Responsibility. Each Party to this Agreement shall assume the responsibility and liability for the acts and omissions of its own employees, officers, or agents, in connection with the performance of their official duties under this Agreement. Each Party to this Agreement shall be liable for the torts of its own officers, agents, or employees.

9.3 Flock Indemnity. Flock shall indemnify and hold harmless Customer, its agents and employees, from liability of any kind, including claims, costs (including defense) and expenses, on account of: (i) any copyrighted material, patented or unpatented invention, articles, device or appliance manufactured or used in the performance of this Agreement; or (ii) any damage or injury to property or person directly caused by Flock's installation of Flock Hardware, except for where such damage or injury was caused solely by the negligence of the Customer or its agents, officers or employees. Flock's performance of this indemnity obligation shall not exceed the fees paid and/or payable for the services rendered under this Agreement in the preceding twelve (12) months.

10. INSTALLATION SERVICES AND OBLIGATIONS

Customer agrees and understands that in the event Customer is found to engage in any of the foregoing restricted actions, all warranties herein shall be null and void, and this Agreement shall be subject to immediate termination for material breach by Customer. Customer shall not perform any acts which would interfere with the retention of title of the Flock Hardware by Flock. Should Customer default on any payment of the Flock Services, Flock may immediately cut off access to the Web Interface and remove Flock Hardware at Flock's discretion. Such actions, if made by Flock, shall not be deemed a waiver of Flock's rights to any damages Flock may sustain as a result of Customer's default and Flock shall have the right to enforce any other legal remedy or right.

10.3 Deployment Plan. Flock shall advise Customer on the location and positioning of the Flock Hardware for optimal product functionality, as conditions and locations allow. Flock will collaborate with Customer to design the strategic geographic mapping of the location(s) and implementation of Flock Hardware to create a deployment plan (“**Deployment Plan**”). In the event that Flock determines that Flock Hardware will not achieve optimal functionality at a designated location, Flock shall have final discretion to veto a specific location and will provide alternative options to Customer.

10.4 Changes to Deployment Plan. After installation of Flock Hardware, any subsequent requested changes to the Deployment Plan, including, but not limited to, relocating, re-positioning, adjusting of the mounting, removing foliage, replacement, changes to heights of poles will incur a fee according to the reinstall fee schedule located at (<https://www.flocksafety.com/reinstall-fee-schedule>). 10.5 Customer Installation Obligations. Customer is responsible for any applicable supplementary cost as described in the Customer Implementation Guide attached hereto and incorporated herein. Customer represents and warrants that it has, or shall lawfully obtain, all necessary right title and authority and hereby authorizes Flock to install the Flock Hardware at the designated locations and to make any necessary inspections or maintenance in connection with such installation.

10.6 Flock’s Obligations. Installation of any Flock Hardware shall be installed in a professional manner within a commercially reasonable time from the Effective Date of this Agreement. Upon removal of Flock Hardware, Flock shall restore the location to its original condition, ordinary wear and tear excepted. Flock will continue to monitor the performance of Flock Hardware for the length of the Term. Flock may use a subcontractor or third party to perform certain obligations under this Agreement, provided that Flock’s use of such subcontractor or third party shall not release Flock from any duty or liability to fulfill Flock’s obligations under this Agreement.

In the event of any conflict of terms found in this Agreement or any other terms and conditions, the terms of this Agreement shall prevail. Customer agrees that Customer's purchase is neither contingent upon the delivery of any future functionality or features nor dependent upon any oral or written comments made by Flock with respect to future functionality or feature.

IMPLEMENTATION TEAM

Field Operations Team

The Field Operations team is responsible for the physical installation and maintenance of cameras and associated equipment provided by Flock. This includes a large team of technicians, schedulers, and many others involved in ensuring the delivery of your product.

They take the technical plan you finalized with Product Implementation and work closely with other teams at Flock to make sure that your cameras are installed quickly and safely, and in a way that maximizes the opportunity to solve crime at a specific location.

***Note*:** For **all Installation questions or concerns**, please always direct them to your **Customer Success Manager** and not to the technician.

Please Note: On some occasions, third parties outside of Flock Safety may be (or need to be) involved in your implementation.

OUTSIDE PARTY	WHEN THEY MAY BE INVOLVED
Electrician/Street Department	If your Flock cameras need to be AC powered, you (customer) are responsible for providing an electrician to ensure power connectivity
Public Works (LE)	To weigh in on use of public Right of Ways or property
Department of Transportation (DOT), City, or County Agencies	If installation in your area requires permitting

THINGS TO CONSIDER WHEN PICKING LOCATIONS

Falcon Cameras

• Use Cases

- Flock LPRs are designed to capture images of rear license plates, aimed in the direction of traffic.
- Flock LPRs are not designed to capture pedestrians, sidewalks, dumpsters, gates, other areas of non-vehicle traffic, intersections

• Placement

- They capture vehicles driving away from an intersection.
- They cannot point into the middle of an intersection.
- They should be placed after the intersection, to prevent stop and go motion activation, or “stop and go” traffic.

• Mounting

- They can be mounted on existing utility, light, or traffic signal poles, or 12 foot Flock poles. ****NOTE**** Permitting (or permission from pole owner) may be required in order to use existing infrastructure or install in specific areas, depending on local regulations & policies.
- They should be mounted one per pole*. If using AC power, they can be mounted 2 per pole.
 - *Cameras need sufficient power. Since a solar panel is required per camera, it can prevent sufficient solar power if 2 cameras and 2 solar panels were on a single pole (by blocking visibility). Therefore if relying on solar power, only one camera can be installed per pole.
- They can be powered with solar panels or direct wire-in AC Power (no outlets). ****NOTE**** Flock does not provide Electrical services. The agency or community must work with an electrician to wire the cameras once installed. Electrician services should be completed within 2 days of installation to prevent the camera from dying.
- They will require adequate cellular service using AT&T or T-Mobile to be able to process & send images

Solar Panels

- Solar panels need unobstructed southern-facing views

CUSTOMER RESPONSIBILITIES: AC-POWERED CAMS

In the event your Flock cameras need to be AC-powered, the customer is responsible for acquiring an electrician and ensuring they connect the camera to power. *See steps 2 and 6 below.*

FAQS ABOUT AC-POWERED FLOCK CAMERAS

What voltage is supported?

The AC kit is designed to work with 120VAC infrastructure by default. A 240VAC version is available on request.

How much power does this consume?

Peak current draw is 1.5 A at 120VAC. Average power draw is roughly 30W in high traffic conditions, but may be lower when less vehicles are present.

Who is responsible for contracting the electrician?

The customer is responsible for contracting an electrician. We can help answer questions, but the customer is responsible for identifying and contracting an electrician.

Who is responsible for maintenance?

Flock will handle all maintenance related to the camera and power equipment installed by Flock. However, any problems with the electrical supply are the responsibility of the customer. The AC junction box has two lights to indicate the presence of power and make it easy for quick diagnosis if there is a problem related to the AC power source.

In the event the camera indicates to Flock that there is a power supply problem, Flock will notify the customer and request that the customer verify the lights on the AC junction box. If the AC Source light is illuminated, Flock will send a technician to investigate. If the AC source light is not illuminated the customer should check any GFCI's or breakers in the supply circuit or call the electrician who installed the power supply.

How much does it cost?

Work required to bring AC power to each location will be different, so exact pricing is not possible. The primary driver of cost is the distance from AC power source to the intended camera location.

What information do I need to provide my electrician?

The Flock deployment plan and these work instructions should be sufficient to secure a quote. It will be helpful if you know the location of existing power infrastructure before creating the deployment plan.

Can you plug into my existing power outlet?

The Flock AC power adapter does not use a standard outlet plug, but must be directly wired into the power mains. While using outlet plugs may be convenient, they can easily be unplugged presenting a tampering risk to this critical safety infrastructure. If an outlet is close to the camera, the electrician can route power directly to the camera with a direct wire-in connection.

How long does this process typically take?

The installation process typically takes 6-8 weeks. In order to accelerate the process, be sure to have the electrician perform his work shortly after the Flock technician finishes installing the camera.

What kind of electrician should I look for?

Any licensed electrician should be able to perform this work, though we have found that those who advertise working with landscape lighting are most suited for this work.

What happens if the electrician damages the equipment?

The customer is responsible for contracting the electrician. Any liability associated with this work would be assumed by the customer. If any future work is required at this site due to the electrical infrastructure or the work performed by the electrician would be the responsibility of the customer.

When should the electrician perform his work?

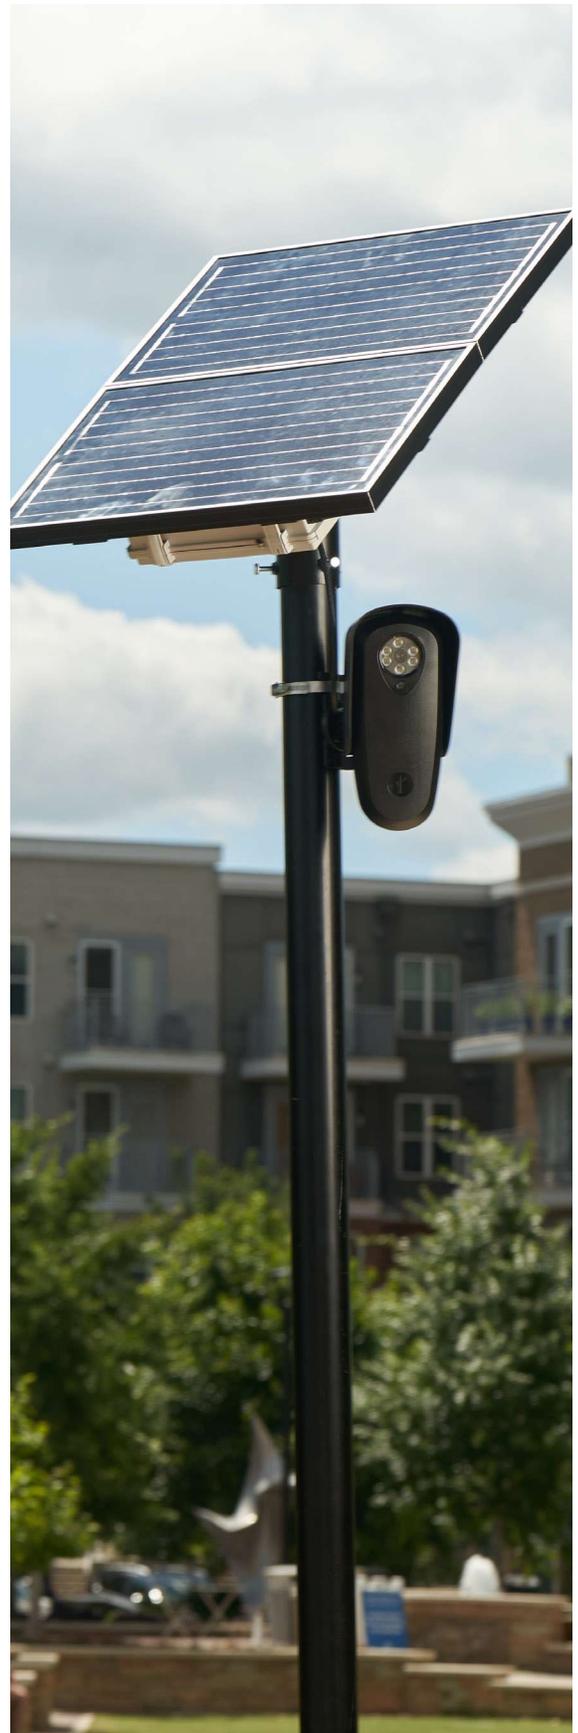

Once Flock installs the camera, you will receive an email alert letting you know that this has been completed. After this, you will need to schedule the electrician to route power to the pole.

What if my electrician has questions about Flock's AC Kit?

You should share the [AC-Power Kit Details](#) packet with the electrician if they have questions.

What if the AC power is on a timer?

Sometimes the AC power will be on a timer (like used for exterior lighting). Flock requires that the AC power provided to the camera be constant. The source that the electrician uses must not be on a timing circuit.

PERMITTING: PRE-INSTALL QUESTIONNAIRE

1. Timeline

- In Flock Safety's experience, in-depth permitting requirements can **add 2+ months to the installation timeline**. Law enforcement agencies and city governments can work with their local Public Works or Department of Transportation offices directly to help expedite the process. When Flock Safety customers manage the permitting processes, results tend to come more quickly.
- Is your agency able to own the permitting process with Flock Safety's assistance?

2. Right of Way

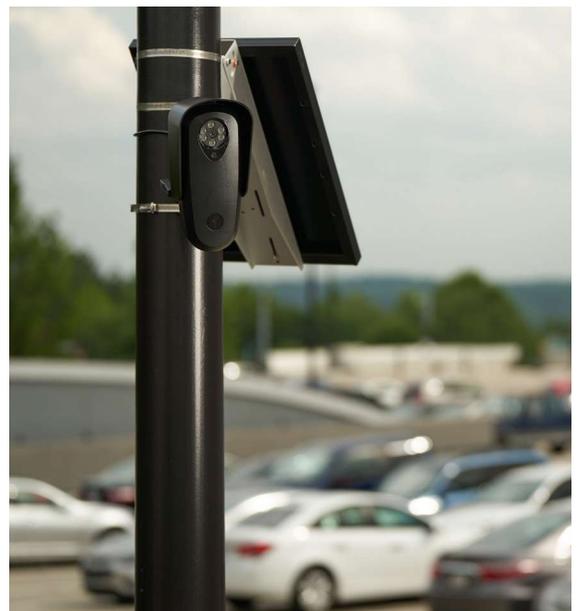

- Will any of the Flock Safety cameras be installed on city, state or power company owned poles or in city, county, or state Right of Way (RoW)?
 - What is the RoW buffer?
 - Will additional permits or written permission be required from third-party entities (such as DOT, power company, public works, etc)?
- Will any cameras be installed on city-owned traffic signal poles (vertical mass)?
 - If yes, please provide heights/photos to determine if a bucket truck is needed for the installation.
Note: If height is greater than 15 feet tall, a bucket truck is **required**.

3. AC Power vs. Solar

- If AC powered, is there a 120V power source available, and is there access to an electrician who can connect the existing wire to the Flock Safety powered installation kit?

[CLICK HERE](#)

- If solar powered, consider the size of the solar panel and potential to impact visibility of DOT signs/signals:
 - Single Panel: 21.25" x 14" x 2" (Length x Width x Depth)
 - Double Panel: 21.25" x 28" x 2" (LxWxD)

4. Traffic Control & Installation Methods

- **If a bucket truck is required**, this typically necessitates a full lane to be blocked in the direction of travel. **Can you provide a patrol car escort, or will full traffic control be required?**
 - Note: If traffic control is required, you may incur additional costs due to city/state requirements; Fees will be determined by quotes received.
- **If full traffic control required (cones, arrowboards, etc.):**
 - Will standard plans suffice, or are custom plans needed? Custom plans can double the cost, while standard plans can be pulled from the Manual of Uniform Traffic Control Devices (**MUTCD**).
 - Will a non-sealed copy of the traffic plan suffice? Or does the traffic plan need to be sealed and/or submitted by a professional engineer?
 - Are there state-specific special versions/variances that must be followed?
- **If a bucket truck is not required**, the shoulder or sidewalk should suffice and enable Flock Safety to proceed without traffic control systems in place.
 - Note: In some states (i.e. California), sidewalks may require signage. If signage is mandatory, Will your Public Works department be able to assist?

5. Paperwork & Required Forms

- Flock Safety will need copies of paperwork to complete prior to proceeding (ex. business license applications, encroachment permit applications). We can save critical time by gathering these documents upfront. We appreciate your assistance in procuring these.

6. Contacts

- If Flock Safety will need to interface directly with the departments, please share the contact information of the following departments:
 - Permitting
 - Public Works
 - Traffic Department

PRIOR BOARD ACTIONS:

October 21, 2024, Regular Meeting, Agenda Item # 24-701 - Approved contribution of \$413,000 to the project

BACKGROUND:

The NCDOT approached Wesley Chapel and Union County in mid-2024 to explore their willingness to contribute local funds as part of a project submittal to the Charlotte Regional Transportation Planning Organization (CRTPO). This partnership was requested after the NCDOT determined the previously funded roundabout design would not accommodate projected traffic volumes. Both Union County and Wesley Chapel agreed to commit \$413,000 in October 2024 and the project was funded by CRTPO. This interlocal agreement documents Union County's fiscal commitment, with payment due during the construction phase of the project. The NCDOT is responsible for all costs that exceed the total estimated cost.

\$413,000 from Critical Intersection Capital Fund, likely not expected until FY28 or later.

**AGREEMENT
FOR ADMINISTERING
MOORES PARK
WATER MAIN EXTENSION CONTRACTS**

COUNTY OF UNION

THIS AGREEMENT, is made and entered into this _____, by and between the Town of Indian Trail, North Carolina (“Indian Trail”) and Union County, North Carolina (“Union”) (hereinafter collectively referred to as the “Parties”) (“Agreement”).

WITNESSETH:

WHEREAS, the Parties have agreed to work together regarding design and installation of approximately 5,500 linear feet of new water main in Indian Trail to serve the Moore’s Park Subdivision, which project is known as the Moore’s Park Water Main Extension Project (the “Project”); and

WHEREAS, the Parties wish to set forth the understandings and responsibilities of each party under this Agreement; and

WHEREAS, Union wishes to administer and oversee the Project, including administration of the subsequent engineering and construction contracts; and

WHEREAS, Indian Trail believes that the Project is in its best interest and agrees to assist in its funding; and

WHEREAS the Parties have determined the Project will provide benefits to Indian Trail and Union; and

WHEREAS, the Parties believe that it is most economical and in the best interests of the residents of Indian Trail and the residents of Union County that the Project shall proceed as soon as possible, under the supervision and control of Union, as set forth herein; and

WHEREAS, this Agreement is made under the authority of N.C. Gen. Stat. § 160A-460 et seq., and all other applicable law.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements hereinafter set forth, the Parties hereto do each contract and agree with the other as follows:

1. Purpose: The purpose and intent of this Agreement is to provide for a binding agreement that contemplates Union administering and completing the Project within the Town of Indian Trail, subject to Section 4 below, and obligates Indian Trail to pay Union for Indian Trail’s contribution to the Project.
2. Term: This Agreement shall commence upon execution by the Parties and shall continue until final completion of the Project. Union will endeavor to complete the Project no later than December 31, 2026.

3. No Joint Agency Established: No joint agency under NCGS § 160A-462 is to be established as a result of the execution of this Agreement.
4. Contracts: Union shall be responsible for procuring, bidding, and contracting for the work to be performed to complete the Project, including the contracts for design and engineering services, as well as for construction of the Project (the “Contracts”). Prior to bidding the contract for construction of the Project (the “Construction Contract”), the Parties shall: A) obtain an engineer’s estimate for the cost of the Project, which shall be approved by Parties; and B) establish the specifications and standards required for the Project, which shall be reviewed and approved by Union. If the Construction Contract is bid, and the total cost of the Project, including the Contracts, would exceed Eight Hundred Fifty Thousand Dollars (\$850,000.00), the Parties agree that the Construction Contract may not be awarded without additional agreement between the Parties concerning equal cost sharing for the Project for Project costs in excess of Eight Hundred Fifty Thousand Dollars (\$850,000.00). The Parties acknowledge that such event may require amendment to this Agreement. Once the Contracts are awarded, Union shall be responsible for executing and administering the Contracts.
5. Funding:

 - c. The Parties agree that the equal share costs from Indian Trail and Union each respectively shall not exceed Four Hundred Twenty Five Thousand Dollars (\$425,000.00) under this Agreement without written amendment hereto.
 - d. Payment Due to Union: Indian Trail shall make payment to Union within 30 days after receipt of each invoice. Each invoice shall include sufficient detail such that Union can confirm that the work completed and invoiced was performed per the specifications and terms and conditions under the Contracts. Union shall only use the funds received from Indian Trail for payment of invoices due under the Contracts.
6. Inspection of Work: Union shall inspect and approve the work performed for this Project and may withhold payment if the work is not completed to Union’s satisfaction. Notwithstanding the foregoing, such approval shall not be unreasonably withheld, and payment shall be made promptly when the unapproved condition is remedied. Upon completion of construction and acceptance by Union, the installed water lines and other infrastructure constructed or installed under this Project and subject to the Construction Contract shall be owned, operated, and maintained by Union.

7. Amendment or Termination: This Agreement may be amended or terminated only by an instrument in writing executed by the Parties hereto and approved by their respective governing boards.
8. Assignment: Neither party may assign its rights under this Agreement unless by written consent of the other party.
9. Waiver: No waiver of any breach of any one or more of the conditions or covenants of this Agreement by either town shall be deemed to imply or constitute a waiver of any succeeding or other breach under this Agreement.
10. Governing Law and Jurisdiction: North Carolina law shall govern the interpretation and enforcement of this Agreement, and any other matters relating to this Agreement.
11. Severability: Should any one or more of the provisions contained in this Agreement be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained in the Agreement shall not in any way be affected or impaired thereby, and this Agreement shall otherwise remain in full force and effect. If any such provision is held to be invalid or unenforceable, then upon the request of either party, the parties shall attempt in good faith to negotiate and agree upon a replacement provision.
12. Counterparts: This Agreement may be simultaneously executed in several counterparts, each of which when so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same instrument.
13. Miscellaneous: The headings, captions and numbers in this Agreement are solely for convenience and shall not be considered in construing or interpreting any provision in this Agreement. Wherever appropriate in this Agreement, personal pronouns shall be deemed to include other genders and singular to include plural if applicable.
14. Indemnification: To the extent permitted by applicable law, Union agrees to protect, defend, indemnify and hold Indian Trail, its officers, employees and agents free and harmless from and against any and all losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind and character arising out of or relating to any and all claims, liens, demands, obligations, actions, proceedings, or causes of action of every kind in connection with or arising out of this Agreement and/or the performance hereof that are due, in whole or in part, to the negligence of Union, its officers, employees, contractors, subcontractors or agents. To the extent permitted by applicable law, Union further agrees to investigate, handle, respond to, provide defense for, and defend the same at its sole expense and agrees to bear all other costs and expenses related thereto.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed the day and year above written.

Grant Application - FY2027 Alliance for Children-Smart Start Child Care Health Consultant Continued Grant Funding

INFORMATION CONTACT:

Traci Colley, Human Services Agency - Public Health Department, Director, 704-296-4801

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

Requests and appropriation of received funding from the Alliance for Children for this program is approved by the Board annually.

BACKGROUND:

The Human Services Agency, Public Health Department is seeking approval to apply for FY2027 Smart Start grant funding from the Alliance for Children to support our Child Care Health Consultant (CCHC) program. This program is available to childcare centers and parents that need a link to experts in the field of child health and safety. Childcare licensing regulations offer minimal standards for health care and safety in NC childcare centers. CCHC staff are health care professionals with specialized training and expertise in child health issues who can provide expert guidance and technical assistance on a wide range of health and safety topics. The program has enabled Union County to implement strategies for the health and wellness of children from birth to five years of age, and research demonstrates this age sets the stage for the child's future success.

The Smart Start program has the potential to impact local childcare facilities that can benefit from access to health consultations, including health care plans, training and technical assistance on child health, safety, nutrition and child development. CCHC Registered Nurses have the training to implement health care plans and obtain appropriate resources to assist the childcare providers in successfully including children with special health care needs and/or behavioral needs.

FINANCIAL IMPACT:

In FY2026, Union County received \$91,500 in grant funding and the FY2027 amount is anticipated to remain approximately the same. The FY2027 financial cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel and

use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - FY2027 Alliance for Children-Smart Start Peer Breastfeeding Support Continued Grant Funding

Stephanie Starr, Human Services Agency - Community Support and Outreach, Director, 704-296-4302

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Human Services Agency Community Support and Outreach Department seeks approval to apply for FY2027 Smart Start grant funding to support the Peer Breastfeeding Support program. Part of the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Program, the Breastfeeding Support Program was established in 2000 and is available for at-risk pregnant women, breastfeeding women, and infants. The Program provides prenatal and postpartum support and education to WIC Program participants and Union County residents, which includes prenatal breastfeeding classes, one-on-one consults from a breastfeeding peer counselor, an after-hours telephone hotline, and issuance of various breastfeeding supplies.

Breastfeeding is the recommended source of nutrition and preventative health care for the first six months of life and is recommended to be continued for at least one year. Many health and scientific organizations support the benefits of breastfeeding, which is associated with a decreased risk of acute otitis media, nonspecific gastroenteritis, asthma, lower respiratory infection, atopic dermatitis, obesity, childhood leukemia, type I and type II diabetes, necrotizing enterocolitis (NEC) and sudden infant death syndrome (SIDS) for infants and children. It is also prescribed for infants for a variety of reasons such as mal-absorption, congenital anomalies, feeding intolerance, gut priming and immunologic deficiencies. Lack of breastfeeding may be detrimental to maternal health, increasing the risk of developing certain chronic conditions and cancers, and may also lead to quicker additional pregnancies as women may not experience the fertility reduction associated with lactation amenorrhea that occurs when fully breastfeeding. Breastfeeding success is associated with accurate, up-to-date education and support.

Prenatal and postpartum breastfeeding promotion, education, and support are helpful in building confidence in new mothers, preparing them for what to expect when their infant arrives, and increasing duration and initiation rates. Breastfeeding Peer Counselors significantly improve initiation rates and have been shown to have a positive effect on duration of breastfeeding by providing support from someone who has also breastfed.

In FY2026, the Peer Breastfeeding Support Program received \$62,807. All funding was expended in FY2025, primarily for personnel-related expenses, and we expect the same in FY2026 and FY2027.

FINANCIAL IMPACT:

In FY2026, the Peer Breastfeeding Support Program received \$62,807 in grant funding and the FY2027 amount is anticipated to remain approximately the same. The FY2027 cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel (WIC personnel and contracted services provided by WIC's regional breastfeeding coordinator) and \$6,400 for use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - FY2027 Alliance for Children Subsidized Child Care Assistance Application for Funding

INFORMATION CONTACT:

Ashley Lantz, Human Services Agency - Social Services Department, Director, 704-296-4380

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Union County Human Service Agency Department of Social Services seeks approval to apply for FY27 Smart Start grant funding to support our Subsidized Child Care Assistance Program. North Carolina boasts one of the highest rates of working mothers with young children in the nation, making the availability of quality child care essential for the State's economic development and stability. Many of Union County's working families are struggling financially to meet the needs of their families. The availability of affordable, quality, legal and safe child care offers them financial support and relief as well as increases their likelihood of being successful in their jobs. By providing subsidized child care assistance to children in Union County, pre-school aged children can get a high-quality early childhood education which increases their chances of being healthy and more socialized. Additionally, early education enhances a child's ability to learn therefore they are better prepared for academic success when it is time for them to enter kindergarten.

In FY25, a total of 679 unduplicated children were served through the Subsidized Child Care Program. 105 of those children were funded with Smart Start Funds. The target population we serve with Smart Start Funds is pre-school aged (birth through age 5) residents of Union County, who are placed in a 5 star Union County child care facility or a 5-star child care home that has completed an agreement through NC FAST. One of our goals is to reach out and provide childcare assistance to as many eligible Union County families possible so they can become more financially stable in conjunction with strengthening each child's health, emotional development and educational foundation.

FINANCIAL IMPACT:

In FY26, we received a total of \$1,080,000 Smart Start funds for Subsidized Child Care Assistance, including \$155,000 for personnel and \$925,000 for direct purchase of services. For FY27, we are requesting a total of \$1,105,000 which includes \$155,000 for personnel and \$950,000 for direct purchase of services. No county funds are required. The FY2027 financial cost to Union County is an in-kind contribution of 19%, which is typically provided by the Human Services Agency through County personnel and use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - FY2027 Alliance for Children-Smart Start Parenting Support and Nurturing Parent Program Continued Grant Funding

INFORMATION CONTACT:

Stephanie Starr, Human Services Agency, Community Support and Outreach Director, 704-296-4302

ACTION REQUESTED:

- 1) Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate. 2) Upon receipt of the grant award, recognize, receive, and appropriate the awarded amount to the Community Support and Outreach budget.

PRIOR BOARD ACTIONS:

Requests and appropriation of received funding from the Alliance for Children for this program is approved by the Board annually.

BACKGROUND:

The Human Services Agency's Department of Community Support and Outreach seeks approval to apply for FY2027 Smart Start funding from the Alliance for Children to support our Parenting Support and Nurturing Parenting (PSNP) Program. The Program, currently in its 12th year of administration by the County, is available for at-risk parents of children ages birth to five years old who struggle with the parenting role or whose children are experiencing the early stages of child maltreatment and need intervention and treatment. The 13-session PSNP program meets weekly to help participating parents gain a better understanding of their infants, toddlers, and preschoolers as they grow and teach them self-worth, empowerment, and the importance of nurturing and its effect on others. Through self-awareness and skill-building activities, parents increase empathy, develop realistic expectations of children and appropriate family roles, and learn positive discipline practices.

Staff provided 722 parent sessions in FY2025 and 217 sessions in FY2026 to date. The program tracks parents who complete all sessions and successfully graduate, boasting a current success rate of 91.8% with a total of 471 parents who have completed the full 13-week program throughout its 14-year history. The estimated savings/economic impact to our community resulting from these parents' successful program completion is roughly \$438,568,200, which factors in the approximate costs of CPS Social Workers and their 0-5-year-old caseloads, the lifetime cost of child maltreatment, and the cost of the Parenting Support and Nurturing Parenting program itself. The Program impacts local child maltreatment recidivism rates, thus affecting the generational ripple effect on families and is a

valuable investment that produces high returns for our children and community.

FINANCIAL IMPACT:

In FY2026 Union County received \$144,655 in grant funding; the FY2027 amount is anticipated to be \$174,000. The FY2027 cost to Union County is an in-kind contribution of 19%, which is anticipated to include supervision expenses of \$8,060 and \$25,000 for use of office space. We will know the exact funding amount for which we are eligible when the RFP is released in January 2026.

Grant Application - North Carolina Department of Environmental Quality - Helene Recovery Recycling Infrastructure

INFORMATION CONTACT:

Caleb Sinclair, Solid Waste, Director, 704-296-4234

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The purpose of this grant program is to assist Hurricane Helene-impacted local governments with the implementation, expansion, recovery, and improvement of waste reduction programs in western North Carolina. The Division of Environmental Assistance and Customer Service (DEACS) administers the Helene Recovery Recycling Infrastructure (HRRRI) grant program through funding from the United States Environmental Protection Agency (EPA), Grant D1-05D52025, Hazardous Waste Management State Program Support (66.801) through the American Relief Act of 2025. Successful applicants to the Helene Recovery Recycling Infrastructure grant program will enter into contracts with NCDEQ (the pass-through entity) to become subrecipients of the EPA grant.

The Union County department of Solid Waste is committed to providing environmentally responsible and cost-effective waste management solutions and infrastructure for the residents of Union County. We are seeking a \$4,306,100 grant to expand our recycling infrastructure which will increase yard waste processing capacity, increase beneficial compost production and enhance safety, program efficiency and public access, at residential waste and recycling centers throughout Union County.

Union County manages an average of 6,300 Tons of yard waste annually. This grant will make possible the revitalization of Union County's composting program as it will make equipment available for processing and composting material on-site on a much greater scale. Currently, this waste material is processed, hauled and disposed off-site by a contract service provider. Equipment made available through the HRRRI grant award will position the Union County department of Solid Waste to have the throughput processing capacity to manage increased volumes of material when needed to assist our region with storm generated material if/when future events impact our area. This project

will create increased processing capacity for yard waste for Union County and will produce beneficial compost material and save the Solid Waste program approximately \$300,000 annually in contract costs.

Elements of this grant project scope include improvements to recycling convenience centers which will improve public access, enhance safety and efficiency to the collection and transportation of traditional recyclables and E-Waste.

FINANCIAL IMPACT:

Grant Application - Gary Sinise Foundation First Responder Outreach

INFORMATION CONTACT:

Jon Williams, Fire Marshal's Office, Fire Marshal, 980-699-8880

ACTION REQUESTED:

Authorize the County Manager to submit the associated grant application and make necessary assurances and certifications associated with the grant application as substantially consistent with this agenda item, which includes the authorization to execute documents related to award of the grant and budget funds as appropriate.

PRIOR BOARD ACTIONS:

None.

BACKGROUND:

The Gary Sinise Foundation provides grants to first responder departments for essential equipment and training through its First Responder Outreach Grant program. There are currently known areas in Union County where radio coverage is insufficient, preventing reliable communication among first responders. The Fire Marshal's office seeks to purchase (2) digital vehicle repeater systems, which are crucial technology in modern public safety communications. They bridge the gap between portable radios and wide area radio networks, ensuring first responders maintain reliable communication in places where normal coverage drops off. Grant amount requested will be approximately \$60,643.

FINANCIAL IMPACT:

There is no County match required for this grant so no cost to the County.

PREMISES

WHEREAS, N.C. Gen. Stat. § 160A-461 authorizes the entry of interlocal agreements between local government agencies to execute any undertaking; and

Subject: Bid Award of Construction Contract
Union County - Progress Building - Roof Replacement
IFB 2025-052

Dear Eric:

On November 6th, 2025, at 3:00pm bids were received for Progress Building Roof Replacement project. Six (6) bids were received from general contractors and read out loud publicly. The Bid Form included a Total Base Bid with Owner Contingency.

Since there were six (6) bidders with no major irregularities, all bids were allowed to be read out loud. Bid from Rike Roofing Services, Inc had all bid documents included, with printed name on the bid form but without a signature. Rike Roofing Services, Inc was the second lowest bidder. Of the six (6) bids received, Dry-Tech Commercial Roofing Services is the apparent low bidder. Dry-Tech Commercial Roofing Services total base bid with owner contingency is \$116,654.78.

Dry-Tech Commercial Roofing Services bid submittal and required supporting documents appear to be complete and responsive. Therefore, based on this information, pending their ability to provide the required bonds and pending the due diligence review by the Union County, our firm makes the recommendation to Union County for the award of a construction contract to Dry-Tech Commercial Roofing Services for the amount of \$116,654.78. The supporting Bid Tabulation is attached as well as the bid form and the supporting documentation.

Sincerely,
Gensler Architecture, Design & Planning, P.C.

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

<< >>

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the << 5th >> day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the << 15th >> day of the << following >> month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than << forty-five >> (<< 45 >>) days after the Architect receives the Application for Payment.

(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

- .1 That portion of the Contract Sum properly allocable to completed Work;
- .2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and
- .3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;
- .3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;
- .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and
- .5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold ~~the following amount, as retainage, from the payment otherwise due~~retainage as set forth in Section 5.1.7:

(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

« The Owner shall make progress payments on account of the Contract Price on the basis of the Contractor's Applications for Payment as recommended by the Architect monthly. Until the Work is fifty percent (50%) completed, retainage will be five percent (5%) of any progress payment due to the Contractor. The Work shall be deemed fifty percent (50%) complete when the Contractor's gross project invoices, excluding the value of materials stored off-site, equal or exceed fifty percent (50%) of the value of the Contract, except the value of materials stored on-site shall not exceed twenty percent (20%) of the Contractor's gross project invoices for the purpose of determining whether the Work is fifty percent (50%) complete. »

~~§ 5.1.7.1.1 The following items are not subject to retainage:~~

~~*(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)*~~

«↔»

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:

(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

« When the Work is fifty percent (50%) complete, and if the Contractor continues to perform satisfactorily and any nonconforming Work identified and noticed prior to that time by the Architect or the Owner has been corrected by the Contractor and accepted by the Architect and the Owner, no further retainage shall be retained from progress payments due to the Contractor. However, following fifty percent (50%) completion of the Work, the Owner may withhold additional retainage from a subsequent progress payment, not to exceed five percent (5%) in order to allow the Owner to retain two and one-half percent (2.5%) total retainage through the completion of the Work. Subsequent to reducing retainage, the full retainage of payments authorized (up to five percent (5%) of each subsequent progress payment application) may be reinstated if the Owner determines the Contractor's performance is unsatisfactory. »

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:

(Insert any other conditions for release of retainage upon Substantial Completion.)

« The Owner may retain sufficient funds to secure completion of the Work or correction of any of the Work. If the Owner retain such funds, the amount retained shall not exceed two and one-half (2 ½) times the estimated value of the Work remaining to be completed or corrected. »

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner’s prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.1.10 Consent of the Surety shall be obtained before any retainage is paid by the Owner. Consent of the Surety, signed by an agent, must be accompanied by a certified copy of such agent’s authority to act for the Surety.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

Contractor agrees to provide Union such documentation as may be necessary to meet the requirements of the North Carolina Department of Revenue regarding requests for refund of sales and use taxes. Such requirements include those described in the North Carolina Department of Revenue Sales and Use Tax Technical Bulletins § 18-2(F), outlined below:

To substantiate a refund claim for sales or use taxes paid on purchases of building materials, supplies, fixtures, and equipment by a contractor, Union must secure from a contractor certified statements setting forth the specific required information. A "certified statement" is a statement signed by a contractor's Union, a corporate officer of a contractor, or an employee of a contractor who is authorized to provide information set forth in the statement. The certified statement must include all of the following information:

- a. The date the property was purchased;
- b. The type of property purchased;
- c. The cost of property purchased and the amount of sales and use taxed paid thereon;
- d. The vendor from whom the property was purchased;
- e. The project for which the property was purchased;
- f. If the property was purchased in the State of North Carolina, the county to which it was delivered, or, if the property was not purchased in the State of North Carolina, the county in which the property was used; and
- g. The invoice number of the purchase.

In the event Contractor makes several purchases from the same vendor, such certified statement must indicate the invoice numbers, the inclusive dates of the invoices, the total amount of the invoices, and the State and local sales and use taxes paid thereon. Such statement must also include the cost of any tangible personal property withdrawn from Contractor's warehouse stock and the amount of State and local sales or use tax paid thereon

by Contractor. Any local sales or use taxes included in Contractor's statements must be shown separately from the State sales or use taxes. Contractor's statements must not contain sales or use taxes paid on purchases of tangible personal property purchased by Contractor for use in performing the Contract which does not annex to, affix to or in some manner become a part of the building or structure that is owned or leased by a governmental agency and is being erected, altered or repaired for use by a governmental entity as defined by N.C.G.S. § 105-164.14(c). Examples of property on which sales or use tax has been paid by Contractor and which shall not be included in Contractor's certified statement are scaffolding, forms for concrete, fuel for the operation of machinery and equipment, tools, equipment, equipment repair parts and equipment rentals. Similar certified statements by Subcontractors must be obtained by Contractor and furnished to Union.

Contractor shall submit notarized sales tax certificates which meet the requirements detailed above with each Application for Payment. Payment will not be made until the sales tax certificate(s) have been submitted to Union. Union is the recipient of sales tax refunds and no such funds shall be provided to Contractor, or claim made by Contractor therefor.

11. **WARRANTY OF WORK.** Contractor warrants that all Work shall be new, unless otherwise agreed in this Agreement, and of good quality and performed in a good and workmanlike manner. Contractor shall, at its own expense, at the request of Union, promptly replace or repair any defective or deficient Work for a period of one year after completion of Work. The express warranty contained in this section shall not diminish any of Union's rights against Contractor with respect to the time within which proceedings may be commenced to establish Contractor's liability with respect to Contractor's obligations other than specifically to correct Work.

12. **SAFETY.** Contractor shall establish and enforce safe working procedures at all times during its performance of Work in accordance with all federal, state and local laws, ordinances, rules and regulations pertaining to safety.

13. **AGE LIMITS.** No employee of Contractor under the age of 18 shall be permitted on property owned or leased by Union.

14. **CLEANUP.** Contractor shall keep its work areas clean of debris and excess materials, and at the end of each day will leave its work areas in broom-clean condition. If Contractor fails to clean up as required herein, Union may clean up and deduct the cost from Contractor's payment.

15. **LIABILITY.** Contractor agrees to protect, defend, indemnify and hold Union County, its officers, employees and agents free and harmless from and against any and all losses, penalties, damages, settlements, costs, charges, professional fees or other expenses or liabilities of every kind and character arising out of or relating to any and all claims, liens, demands, obligations, actions, proceedings, or causes of action of every kind in connection with or arising out of this agreement and/or the performance hereof that are due, in whole or in part, to the negligence of the Contractor, its officers, employees, subcontractors or agents. Contractor further agrees to investigate, handle, respond to, provide defense for, and defend the same at its sole expense and agrees to bear all other costs and expenses related thereto.

16. **DEFAULT/TERMINATION.** If Contractor fails or refuses to supply sufficient and properly skilled labor, equipment or materials, or fails in any respect to diligently prosecute Work, or otherwise is in default or breach of any term of this Agreement, Union may terminate this Agreement upon 24 hours' written notice. In the event of such termination, Contractor immediately will stop work and remove its employees from Union's property. Union may complete the Work in whatever way it determines best, and at completion of the Work shall pay Contractor for the value of the Work performed by Contractor (excluding profit) but unpaid prior to the termination, less any costs incurred by Union to correct any deficiencies or defects attributable to Contractor's work.

17. **TERMINATION FOR CONVENIENCE.** Union may terminate this Agreement at any time upon three (3) days' written notice to Contractor. Such termination shall be effective in the manner specified in such written notice. Upon a termination for convenience, Union shall pay Contractor for Work performed to the date of termination. Contractor shall accept such payment in full and final payment and shall make no claim of any kind against Union, including but not limited to any claim for any additional payment.

18. **ASSIGNMENT.** Neither this Agreement, nor any payments to be earned pursuant to this Agreement, may be assigned by Contractor without the prior written consent of Union.

19. **NO WAIVER.** Union's not insisting upon strict compliance with any of the provisions of this Agreement, or not exercising any of its options provided herein, shall not be construed as a waiver of its right thereafter to require such compliance or to exercise any such options.

20. **E-VERIFY.** E-Verify is the federal program operated by the United States Department of Homeland Security and other federal agencies, or any successor or equivalent program, used to verify the work authorization of newly hired employees pursuant to federal law. Contractor shall ensure that Contractor and any subcontractor performing work under this Agreement: (i) uses E-Verify if required to do so by North Carolina law; and (ii) otherwise complies with the requirements of Article 2 of Chapter 64 of the North Carolina General Statutes. A breach of this provision by Contractor will be considered a breach of this Agreement, which entitles Union to terminate this Agreement, without penalty, upon notice to Contractor.

21. **ENTIRE AGREEMENT.** This Agreement represents the entire agreement of the parties, and may not be modified except in writing signed by both parties.

22. **GOVERNING LAW.** This Agreement shall be construed and enforced in accordance with the laws of the State of North Carolina. The parties to this agreement confer exclusive jurisdiction of all disputes arising hereunder upon the General Courts of Justice of Union County, North Carolina.

23. **AUTHORITY.** Each signatory below warrants that it has the corporate or other organizational power and authority to execute, deliver and perform this Agreement. Each signatory further warrants that the execution, delivery and performance by it of the Agreement has been duly authorized and approved by all requisite action of the party's management and appropriate governing body.

Delivery dates are approximate and not guaranteed. Company will use commercially reasonable efforts to deliver the Equipment on or before the estimated delivery date, will notify Customer if the estimated delivery dates cannot be honored, and will deliver the Equipment and services as soon as practicable thereafter. In no event will Company be liable for any damages or expenses caused by delays in delivery.

9. Equipment Location & Access. Customer shall provide, without charge, a mutually satisfactory location or locations for the installation and operation of the equipment and the performance of the installation work, including sufficient areas for staging, mobilization, and storage. Customer shall provide access to the Premises for Trane and its contractors or subcontractors during regular business hours, or such other hours as may be requested by Trane and acceptable to Customer, to install, adjust, inspect, and correct the installation work. Trane’s access to correct any emergency condition shall not be restricted by Customer. Customer grants to Company the right to remotely connect (via phone modem, internet or other agreed upon means) to Customer’s building automation system (BAS) and/or HVAC equipment to view, extract, or otherwise collect and retain data from the BAS, HVAC equipment, or other building systems, and to diagnose and remotely make repairs at Customer’s request.

10. Completion. When Company informs Customer that the Work has been completed, Customer shall inspect the Work in the presence of Company’s representative, and Customer shall either (a) accept the Work in its entirety in writing, or (b) accept the Work in part and specifically identify, in writing, any exception items. Customer agrees to re-inspect any and all excepted items as soon as Company informs Customer that all such excepted items have been completed. The initial acceptance inspection shall take place within ten (10) days from the date when Company informs Customer that the Work has been completed. Any subsequent re-inspection of excepted items shall take place within five (5) days from the date when Company informs Customer that the excepted items have been completed. Customer’s failure to cooperate and complete

any of said inspections within the required time limits shall constitute complete acceptance of the Work as of ten (10) days from date when Company informs Customer that the Work, or the excepted items, if applicable, has/have been completed.

a. Substantial Completion. When Trane considers that the Services, or a portion thereof, are substantially complete, Trane will submit to Customer a proposed "punch list" listing items of the Services to be completed prior to final completion. Customer and Trane shall inspect the Work (or portion thereof) to determine if the same is substantially complete. (Substantial Completion is defined as the stage in the progress of the Services (or designated portion thereof) when the Work is sufficiently complete so that Customer can occupy or utilize the Services for its intended use.) Customer and Trane shall add to the punch list any item of work that has not been completed. When the Services (or designated portion thereof) are substantially complete, Customer and Trane shall execute a Certificate of Substantial Completion, setting forth the date of Substantial Completion and shall state the date by which Trane shall complete the items included on the punch list.

b. Final Completion. Upon Customer's receipt of written notice from Trane that the installation work included in the Work is ready for final inspection and acceptance, Customer and Trane shall inspect the installation services and determine whether the same has been performed in accordance with the Proposal. If Customer considers the installation work to have been performed in accordance with the Proposal, Customer shall issue a Certificate of Final Completion and Acceptance, to be executed by an authorized representative of Customer. In the event Trane presents a Certificate of Final Completion and Acceptance to Customer for execution and, within fourteen (14) calendar days from the date noted in the Certificate as the date of such presentation, Customer fails to deliver an executed original of the Certificate to Trane and does not provide to Trane written objections to issuance of the Certificate, providing specific facts as to why the Services have not been finally completed, the Date of Final Completion shall be the date noted in the Certificate as the date the Certificate was submitted to Customer.

11. Changes in Work

a. Customer, by written change order, may request that Trane perform services in addition to the Work ("Change Order"). Trane shall be obligated to perform such additional services only pursuant to a Change Order agreed to and executed by Customer and Trane. The Change Order shall reflect the parties' agreement with respect to the scope of the additional services, the amount of any adjustment in the Proposal Price, and the extent of any adjustment in the contract time.

b. If a Change Order provides for an adjustment to the Proposal Price, such adjustment shall be based on one of the following methods:

- (1) A lump sum agreed to by Customer and Trane;
- (2) Unit prices set forth in this Agreement or subsequently agreed to; or
- (3) Cost of the work ordered plus a fee agreed to by the parties.

c. The following types of costs, which listing is not all-inclusive, shall be included in the determination of the cost of the additional work:

- (1) costs of labor, including social security, old age and unemployment insurance, fringe benefits required by agreement or industry practice or custom, and workers' compensation insurance;
- (2) costs of materials, supplies and equipment, including transportation thereof, whether the same is incorporated or consumed in the additional work;
- (3) the costs of renting machinery and equipment, except hand tools;
- (4) premium costs for all bonds and insurance, permit or other governmental approval or inspection fees, and sales, use or comparable taxes relating to the additional work; and
- (5) additional costs of supervision and field office personnel directly attributable to the additional work.

12. Permits and Governmental Fees. Company shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspections necessary for proper performance and completion of the Work which are legally required when bids from Company's subcontractors are received, negotiations thereon concluded, or the effective date of a relevant Change Order, whichever is later. Customer is responsible for necessary approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities. If the cost of such permits, fees, licenses and inspections are not included in the Proposal, Company will invoice Customer for such costs.

13. Utilities During Construction. Customer shall provide without charge to Company all water, heat, and utilities required for performance of the Work.

14. Concealed or Unknown Conditions. In the performance of the Work, if Company encounters conditions at the Work site that are (i) subsurface or otherwise concealed physical conditions that differ materially from those indicated on drawings expressly incorporated herein or (ii) unknown physical conditions of an unusual nature that differ materially from those conditions ordinarily found to exist and generally recognized as inherent in construction activities of the type and character as the Work, Company shall notify Customer of such conditions promptly, prior to significantly disturbing same. If such conditions differ materially and cause an increase in Company's cost of, or time required for, performance of any part of the Work, Company shall be entitled to, and Customer shall consent by Change Order to, an equitable adjustment in the Proposal Price, contract time, or both.

15. Pre-Existing Conditions. Company is not liable for any claims, damages, losses, or expenses, arising from or related to conditions that existed in, on, or upon the Work site before the Commencement Date of this Agreement ("Pre-Existing Conditions"), including, without limitation, damages, losses, or expenses involving Pre-Existing Conditions of building envelope issues, mechanical issues, plumbing issues, and/or indoor air quality issues involving mold/mould and/or fungi. Company also is not liable for any claims, damages, losses, or expenses, arising from or related to work done by or services provided by individuals or entities that are not employed by or hired by Company.

16. Asbestos and Hazardous Materials. Company's Work and other services in connection with this Agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, polychlorinated biphenyl ("PCB"), or other hazardous materials (hereinafter, collectively, "Hazardous Materials"). Customer warrants and represents that, except as set forth in a writing signed by Company, there are no Hazardous Materials on the Work site that will in any way affect Company's Work and Customer has disclosed to Company the existence and location of any Hazardous Materials in all areas within which Company will be performing the Work. Should Company become aware of or suspect the presence of Hazardous Materials, Company may immediately stop work in the affected area and shall notify Customer. Customer will be exclusively responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for and, to the fullest extent permitted by law, shall indemnify and hold harmless Company (including its employees, agents and subcontractors) from and against any loss, claim, liability, fees, penalties, injury (including death) or liability of any nature, and the payment thereof arising out of or relating to any Hazardous Materials on or about the Work site, not brought onto the Work site by Company. Company shall be required to resume performance of the Work in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless. In no event shall Company be obligated to transport or handle Hazardous Materials, provide any notices to any governmental agency, or examine the Work site for the presence of Hazardous Materials.

17. Force Majeure. Company's duty to perform under this Agreement is contingent upon the non-occurrence of an Event of Force Majeure. If Company shall be unable to carry out any material obligation under this Agreement due to an Event of Force Majeure, this Agreement shall at Company's election (i) remain in effect but Company's obligations shall be suspended until the uncontrollable event terminates or (ii) be terminated upon 10 days' notice to Customer, in which event Customer shall pay Company for all parts of the Work furnished to the date of termination. An "Event of Force Majeure" shall mean any cause or event beyond the control of Company. Without limiting the foregoing, "Event of Force Majeure" includes: acts of God; acts of terrorism, war or the public enemy; flood; earthquake; tornado; storm; fire; civil disobedience; pandemic insurrections; riots; labor/labour disputes; labor/labour or material shortages; sabotage; restraint by court order or public authority (whether valid or invalid), and action or non-action by or inability to obtain or keep in force the necessary governmental authorizations, permits, licenses, certificates or approvals if not caused by Company; and the requirements of any applicable government in any manner that diverts either the material or the finished product to the direct or indirect benefit of the government.

18. Customer's Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give Company the right, without an election of remedies, to terminate this Agreement or suspend performance by delivery of written notice: (1) Any failure by Customer to pay amounts when due; or (2) any general assignment by Customer for the benefit of its creditors, or if Customer becomes bankrupt or insolvent or takes the benefit of any statute for bankrupt or insolvent debtors, or makes or proposes to make any proposal or arrangement with creditors, or if any steps are taken for the winding up or other termination of Customer or the liquidation of its assets, or if a trustee, receiver, or similar person is appointed over any of the assets or interests of Customer; (3) Any representation or warranty furnished by Customer in this Agreement is false or misleading in any material respect when made; or (4) Any failure by Customer to perform or comply with any material provision of this Agreement. Customer shall be liable to Company for all Work furnished to date and all damages sustained by Company (including lost profit and overhead)

19. Indemnity. To the fullest extent permitted by law, Company and Customer shall indemnify, defend and hold harmless each other from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or tangible personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. Neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the acts or omissions of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination.

20. Limitation of Liability. NOTWITHSTANDING ANYTHING TO THE CONTRARY, IN NO EVENT SHALL COMPANY BE LIABLE FOR ANY SPECIAL, LIQUIDATED INCIDENTAL, INDIRECT CONSEQUENTIAL, OR PUNITIVE OR EXEMPLARY DAMAGES (INCLUDING WITHOUT LIMITATION BUSINESS INTERRUPTION, LOST DATA, LOST REVENUE, LOST PROFITS, LOST DOLLAR SAVINGS, OR LOST ENERGY USE SAVINGS, INCLUDING CONTAMINANTS LIABILITIES, EVEN IF A PARTY HAS BEEN ADVISED OF SUCH POSSIBLE DAMAGES OR IF SAME WERE REASONABLY FORESEEABLE AND REGARDLESS OF WHETHER THE CAUSE OF ACTION IS FRAMED IN CONTRACT, NEGLIGENCE, ANY OTHER TORT, WARRANTY, STRICT LIABILITY, OR PRODUCT LIABILITY). In no event will Company's liability in connection with the provision of products or services or otherwise under this Agreement exceed the entire amount paid to Company by Customer under this Agreement.

21. CONTAMINANTS LIABILITY

The transmission of COVID-19 may occur in a variety of ways and circumstances, many of the aspects of which are currently not known. HVAC systems, products, services and other offerings have not been tested for their effectiveness in reducing the spread of COVID-19, including through the air in closed environments. **IN NO EVENT WILL COMPANY BE LIABLE UNDER THIS AGREEMENT OR OTHERWISE FOR ANY INDEMNIFICATION, ACTION OR CLAIM, WHETHER BASED ON WARRANTY, CONTRACT, TORT OR OTHERWISE, FOR ANY BODILY INJURY (INCLUDING DEATH), DAMAGE TO PROPERTY, OR ANY OTHER LIABILITIES, DAMAGES OR COSTS RELATED TO CONTAMINANTS (INCLUDING THE SPREAD, TRANSMISSION, MITIGATION, ELIMINATION, OR CONTAMINATION THEREOF) (COLLECTIVELY, "CONTAMINANT LIABILITIES") AND CUSTOMER HEREBY EXPRESSLY RELEASES COMPANY FROM ANY SUCH CONTAMINANTS LIABILITIES.**

22. Patent Indemnity. Company shall protect and indemnify Customer from and against all claims, damages, judgments and loss arising from infringement or alleged infringement of any United States patent by any of the goods manufactured by Company and delivered hereunder, provided that in the event of suit or threat of suit for patent infringement, Company shall promptly be notified and given full opportunity to negotiate a settlement. Company does not warrant against infringement by reason of Customer's design of the articles or the use thereof in combination with other materials or in the operation of any process. In the event of litigation, Customer agrees to reasonably cooperate with Company. In connection with any proceeding under the provisions of this Section, all parties concerned shall be entitled to be represented by counsel at their own expense.

23. Limited Warranty. Company warrants for a period of 12 months from the date of substantial completion ("Warranty Period") commercial equipment manufactured and installed by Company against failure due to defects in material and manufacture and that the labor/labour furnished is warranted to have been properly performed (the "Limited Warranty"). Trane equipment sold on an uninstalled basis is warranted in accordance with Company's standard warranty for supplied equipment. **Product manufactured by Company that includes required startup and is sold in North America will not be warranted by Company unless Company performs the product start-up.** Substantial completion shall be the earlier of the date that the Work is sufficiently complete so that the Work can be utilized for its intended use or the date that Customer receives beneficial use of the Work. If such defect is discovered within the Warranty Period, Company will correct the defect or furnish replacement equipment (or, at its option, parts therefor) and, if said equipment was installed pursuant hereto, labor/labour associated with the replacement of parts or equipment not conforming to this Limited Warranty. Defects must be reported to Company within the Warranty Period. Exclusions from this Limited Warranty include damage or failure arising from: wear and tear; corrosion, erosion, deterioration; Customer's failure to follow the Company-provided maintenance plan; refrigerant not supplied by Company; and modifications made by others to Company's equipment. Company shall not be obligated to pay for the cost of lost refrigerant. Notwithstanding the foregoing, all warranties provided herein terminate upon termination or cancellation of this Agreement. No warranty liability whatsoever shall attach to Company until the Work has been paid for in full and then said liability shall be limited to the lesser of Company's cost to correct the defective Work and/or the purchase price of the equipment shown to be defective. Equipment, material and/or parts that are not manufactured by Company ("Third-Party Product(s)") are not warranted by Company and have such warranties as may be extended by the respective manufacturer. **CUSTOMER UNDERSTANDS THAT COMPANY IS NOT THE MANUFACTURER OF ANY THIRD-PARTY PRODUCT(S) AND ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS ARE THOSE OF THE THIRD-PARTY MANUFACTURER, NOT COMPANY AND CUSTOMER IS NOT RELYING ON ANY WARRANTIES, CLAIMS, STATEMENTS, REPRESENTATIONS, OR SPECIFICATIONS REGARDING THE THIRD-PARTY PRODUCT THAT MAY BE PROVIDED BY COMPANY OR ITS AFFILIATES, WHETHER ORAL OR WRITTEN. THE WARRANTY AND LIABILITY SET FORTH IN THIS AGREEMENT ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND/OR OTHERS ARISING FROM COURSE OF DEALING OR TRADE. COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, INCLUDING WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR PURPOSE. ADDITIONALLY, COMPANY MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND REGARDING PREVENTING, ELIMINATING, REDUCING OR INHIBITING ANY MOLD, FUNGUS, BACTERIA, VIRUS, MICROBIAL GROWTH, OR ANY OTHER CONTAMINANTS (INCLUDING COVID-19 OR ANY SIMILAR VIRUS) (COLLECTIVELY, "CONTAMINANTS"), WHETHER INVOLVING OR IN CONNECTION WITH EQUIPMENT, ANY COMPONENT THEREOF, SERVICES OR OTHERWISE. IN NO EVENT SHALL COMPANY HAVE ANY LIABILITY FOR THE PREVENTION, ELIMINATION, REDUCTION OR INHIBITION OF THE GROWTH OR SPREAD OF SUCH CONTAMINANTS INVOLVING OR IN CONNECTION WITH ANY EQUIPMENT, THIRD-PARTY PRODUCT, OR ANY COMPONENT THEREOF, SERVICES OR OTHERWISE AND CUSTOMER HEREBY SPECIFICALLY ACKNOWLEDGES AND AGREES THERETO.**

24 Insurance.

a. Company agrees to maintain the following insurance while the Work is being performed with limits not less than shown below and will, upon request from Customer, provide a Certificate of evidencing the following coverage:

Commercial General Liability	\$2,000,000 per occurrence
Automobile Liability	\$2,000,000 CSL
Workers Compensation	Statutory Limits

If Customer has requested to be named as an additional insured under Company's insurance policy, Company will do so but only subject to Company's manuscript additional insured endorsement under its primary Commercial General Liability policies. In no event does Company waive its right of subrogation.

b. Customer's Liability and Property Insurance. (a) Customer shall be responsible for purchasing and maintaining Commercial General Liability Insurance of the type and amount Customer deems necessary and appropriate. (b) Customer shall purchase and maintain until Final Payment property insurance for the installation work in progress at least in an amount equal to the Proposal Price, as the same may be adjusted from time to time, for the installation work (including the equipment) on a replacement cost basis with a deductible of no more than \$5,000 from an insurer reasonably acceptable to Trane. Such property insurance shall include the interests of Customer, Trane, and its subcontractors (at whatever tier) as additional insureds as their interests may appear. The property insurance purchased by Customer shall be on an all-risk policy form. The property insurance shall cover portions of the installation work stored off site after written approval of Customer at the value established in the approval. Customer, for itself and its insurance carriers, hereby waives all rights of subrogation against Trane and any of its subcontractors, agents, employees, and officers with respect to property insurance and any other insurance coverages maintained by Customer. (c) A loss insured under Customer's property insurance shall be adjusted by Customer's Insurer as a fiduciary and made payable to Customer as a fiduciary for the insureds, as their respective interests may appear, subject to requirements of any applicable mortgagee clause. Trane shall pay its subcontractors their just shares of insurance proceeds received by Customer and remitted to Trane, and, by appropriate agreements, written where legally required for validity, shall require said subcontractors to make payments to their subcontractors in a similar manner. In its fiduciary role, Customer shall have the power to negotiate and settle a loss with insurers; provided, however, that at least ten (10) days prior to agreeing to the proposed settlement, Customer shall advise the parties in interest in writing of the terms of the same and the parties in interest shall have seven (7) days thereafter to object in writing to the proposed adjustment or settlement; if such objection is made, Customer shall not enter into or agree to the proposed adjustment. (d) Certificates of insurance acceptable to the Customer and to Trane shall be provided by each party to the other prior to commencement of performance of any Services. Such certificates shall contain a provision that coverages afforded under the policies will not be canceled or allowed to expire until at least thirty (30) days prior written notice has been given to the other party. If any of the insurance coverages are required to remain in force after final payment and are reasonably available, an additional certificate evidencing continuation of such coverage shall be submitted with the final application for payment.

25. Commencement of Statutory Limitation Period. Except as to warranty claims, as may be applicable, any applicable statutes of limitation for acts or failures to act shall commence to run, and any alleged cause of action stemming therefrom shall be deemed to have accrued, in any and all events not later than the last date that Company or its subcontractors physically performed work on the project site.

26. General. Except as provided below, to the maximum extent provided by law, this Agreement is made and shall be interpreted and enforced in accordance with the laws of the state or province in which the Work is performed, without regard to choice of law principles which might otherwise call for the application of a different state's or province's law. Any dispute arising under or relating to this Agreement that is not disposed of by agreement shall be decided by litigation in a court of competent jurisdiction located in the state or province in which the Work is performed. To the extent the Work site is owned and/or operated by any agency of the Federal Government, determination of any substantive issue of law shall be according to the Federal common law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals of the Federal Government. This Agreement contains all of the agreements, representations and understandings of the parties and

supersedes all previous understandings, commitments or agreements, oral or written, related to the subject matter hereof. This Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent Company is a signatory thereon. If any term or condition of this Agreement is invalid, illegal or incapable of being enforced by any rule of law, all other terms and conditions of this Agreement will nevertheless remain in full force and effect as long as the economic or legal substance of the transaction contemplated hereby is not affected in a manner adverse to any party hereto. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of the Company. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's permitted successors and assigns. This Agreement may be executed in several counterparts, each of which when executed shall be deemed to be an original, but all together shall constitute but one and the same Agreement. A fully executed facsimile copy hereof or the several counterparts shall suffice as an original.

27. Federal Requirements. The Parties shall comply with all United States federal labor law obligations under 29 CFR part 471, appendix A to subpart A. THE FOLLOWING PROVISIONS ARE INCORPORATED HEREIN BY REFERENCE: Executive Order 11701 and 41 CFR §§ 60-250.5(a), 60-300.5; Executive Order 11758 and 41 CFR § 60-741.5(a); U.S. immigration laws, including the L-1 Visa Reform Act of 2004 and the H-1B Visa Reform Act of 2004; and Executive Order 13496. The Parties shall abide by the requirements of 41 CFR 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to protected veteran status or disability. The Parties certify that they do not operate any programs promoting DEI that violate any applicable United States anti-discrimination laws and acknowledge and agree that their compliance with all applicable federal anti-discrimination laws is material to the federal government's payment decisions. The Parties acknowledge and agree that their employment, procurement, and contracting practices shall not consider race, color, sex, sexual preference, religion, or national origin in ways that violate United States federal civil rights laws.

28. Export Laws. The obligation of Company to supply Equipment and/or Services under this Agreement is subject to the ability of Company to supply such items consistent with applicable laws and regulations of the United States and other governments. Company reserves the right to refuse to enter into or perform any order, and to cancel any order, under this Agreement if Company in its sole discretion determines that performance of the transaction to which such order relates would violate any such applicable law or regulation. Customer will pay all handling and other similar costs from Company's factories including the costs of freight, insurance, export clearances, import duties and taxes. Customer will be "exporter of record" with respect to any export from the United States of America and will perform all compliance and logistics functions in connection therewith and will also comply with all applicable laws, rules and regulations. Customer understands that Company and/or the Equipment and/or Services are subject to laws and regulations of the United States of America which may require licensing or authorization for and/or prohibit export, re-export or diversion of Company's Equipment and/or Services to certain countries, and agrees it will not knowingly assist or participate in any such diversion or other violation of applicable United States of America laws and regulations. Customer agrees to hold harmless and indemnify Company for any damages resulting to Customer or Company from a breach of this paragraph by Customer.

29. U.S. Government Work.

The following provision applies only to direct sales by Company to the US Government. The Parties acknowledge that all items or services ordered and delivered under this Agreement are Commercial Items as defined under Part 12 of the Federal Acquisition Regulation (FAR). In particular, Company agrees to be bound only by those Federal contracting clauses that apply to "commercial" suppliers and that are contained in FAR 52.212-5(e)(1). Company complies with 52.219-8 or 52.219-9 in its service and installation contracting business.

The following provision applies only to indirect sales by Company to the US Government. As a Commercial Item Subcontractor, Company accepts only the following mandatory flow down provisions in effect as of the date of this subcontract: 52.203-19; 52.204-21; 52.204-23; 52.219-8; 52.222-21; 52.222-26; 52.222-35; 52.222-36; 52.222-50; 52.225-26; 52.247-64. If the Work is in connection with a U.S. Government contract, Customer certifies that it has provided and will provide current, accurate, and complete information, representations and certifications to all government officials, including but not limited to the contracting officer and officials of the Small Business Administration, on all matters related to the prime contract, including but not limited to all aspects of its ownership, eligibility, and performance. Anything herein notwithstanding, Company will have no obligations to Customer unless and until Customer provides Company with a true, correct and complete executed copy of the prime contract. Upon request, Customer will provide copies to Company of all requested written communications with any government official related to the prime contract prior to or concurrent with the execution thereof, including but not limited to any communications related to Customer's ownership, eligibility or performance of the prime contract. Customer will obtain written authorization and approval from Company prior to providing any government official any information about Company's performance of the work that is the subject of the Proposal or this Agreement, other than the Proposal or this Agreement.

30. Limited Waiver of Sovereign Immunity. If Customer is an Indian tribe (in the U.S.) or a First Nation or Band Council (in Canada), Customer, whether acting in its capacity as a government, governmental entity, a duly organized corporate entity or otherwise, for itself and for its agents, successors, and assigns: (1) hereby provides this limited waiver of its sovereign immunity as to any damages, claims, lawsuit, or cause of action (herein "Action") brought against Customer by Company and arising or alleged to arise out of the furnishing by Company of any product or service under this Agreement, whether such Action is based in contract, tort, strict liability, civil liability or any other legal theory; (2) agrees that jurisdiction and venue for any such Action shall be proper and valid (a) if Customer is in the U.S., in any state or United States court located in the state in which Company is performing this Agreement or (b) if Customer is in Canada, in the superior court of the province or territory in which the work was performed; (3) expressly consents to such Action, and waives any objection to jurisdiction or venue; (4) waives any requirement of exhaustion of tribal court or administrative remedies for any Action arising out of or related to this Agreement; and (5) expressly acknowledges and agrees that Company is not subject to the jurisdiction of Customer's tribal court or any similar tribal forum, that Customer will not bring any action against Company in tribal court, and that Customer will not avail itself of any ruling or direction of the tribal court permitting or directing it to suspend its payment or other obligations under this Agreement. The individual signing on behalf of Customer warrants and represents that such individual is duly authorized to provide this waiver and enter into this Agreement and that this Agreement constitutes the valid and legally binding obligation of Customer, enforceable in accordance with its terms.

31. Building Automation Systems and Network Security. Customer and Trane acknowledge that Building Automation System (BAS) and connected networks security requires Customer and Trane to maintain certain cybersecurity obligations. Customer acknowledges that upon completion of installation and configuration of the BAS, the Customer maintains ownership of the BAS and the connected network equipment. Except for any applicable warranty obligations, Customer is solely responsible for the maintenance and security of the BAS and related networks and systems. In the event there is a service agreement between Trane and Customer, Trane will provide the services as set forth in the service agreement.

In order to maintain a minimum level of security for the BAS, associated networks, network equipment and systems, Customer's cybersecurity responsibilities include without limitation:

1. Ensure that the BAS, networks, and network equipment are physically secure and not accessible to unauthorized personnel.
2. Ensure the BAS remains behind a secure firewall and properly segmented from all other customer networks and systems, especially those with sensitive information.
3. Keep all Inbound ports closed to any IP Addresses in the BAS.
4. Remove all forwarded inbound ports and IP Addresses to the BAS.
5. Maintain user login credentials and unique passwords, including the use of strong passwords and the removal of access for users who no longer require access.
6. Where remote access is desired, utilize a secure method such as Trane Connect Secure Remote Access or your own VPN.
7. For any Trane services requiring remote data transfer and/or remote user access, configure the BAS and related firewall(s) per instructions provided by Trane. This typically includes configuring Port 443 and associated firewall(s) for Outbound only.
8. Perform regular system maintenance to ensure that your BAS is properly secured, including regular software updates to your BAS and related network equipment (i.e., firewalls).

Any and all claims, actions, losses, expenses, costs, damages, or liabilities of any nature due to Customer's failure to maintain BAS security responsibilities and/or industry standards for cybersecurity are the sole responsibility of the Customer.

TITLE:

Amendment to the Union County Procurement Policy

INFORMATION CONTACT:

Corey Brooks, Procurement and Contract Management, Interim Director, 704-283-3683

ACTION REQUESTED:

Adopt the Amendment to the Union County Procurement Policy.

PRIOR BOARD ACTIONS:

- 1) June 5, 2023, Regular Meeting, Agenda Item #23-335 - Policy Approved
- 2) August 11, 2025, Regular Meeting, Agenda Item #25-518 - Policy Amendment Approved

BACKGROUND:

On February 14, 2025, the Board of Commissioners approved adopting an updated Union County Procurement Policy to ensure compliance with all applicable state and federal procurement regulations. The proposed amendment modifies Appendix A - Procurement Procedures with Federal Funds to align the County's policy with recent regulatory changes issued by the Federal Acquisition Regulatory (FAR) Council, which increase the Simplified Acquisition Threshold (SAT) from \$250,000 to \$350,000, effective October 1, 2025.

This federal threshold is incorporated by reference into 2 C.F.R. §200.1 and §200.320 of the Uniform Guidance, which governs procurement standards for federally funded projects. The amendment ensures Union County remains in compliance with current federal procurement requirements and allows departments utilizing federal financial assistance to conduct simplified acquisitions up to the new \$350,000 limit while maintaining all other safeguards and approval processes outlined in the County's Procurement Policy.

FINANCIAL IMPACT:

None.

APPENDIX A – PROCUREMENT PROCEDURES WITH FEDERAL FUNDS

POLICY

1 All contracts and purchases funded, in whole or in part, with any federal or state grant or loan funds must be procured by all County Departments in a manner that conforms will all Applicable Law, including, without limitation, all federal laws, policies, and standards, including those under the federal Uniform Guidance (2 C.F.R. Part 200). Further, such regulations shall supersede all local purchasing provisions to the extent of any conflict. Without limiting the generality of the foregoing, purchases made by the Union County Department of Transportation with federal transit funds shall comply with the current version of FTA (Federal Transit Administration) Circular 4220.1. All sub-recipient agencies receiving federal or state funds through the County of Union shall also comply with the federal or state granting agency procurement regulations, which supersede all local purchasing resolution provisions. The procurement of goods (apparatus, supplies, materials, and equipment), services, and construction or repair projects funded in whole or in part with federal financial assistance must comply with all of the provisions of this Appendix A, which describe the requirements related to conflicts of interests and gifts. The Procurement Director may establish procedures consistent with this Policy to ensure compliance with the requirements of this paragraph.

This Appendix A applies when procuring goods (apparatus, supplies, materials, and equipment), services, and construction or repair projects funded in whole or in part with federal financial assistance (direct or reimbursed). This Section also applies to any sub-recipient of the funds.

The Employee responsible for managing the federal financial assistance award shall review the notice of award to identify any additional conflicts of interest prohibitions or requirements associated with the award, and shall notify all Employees, officers, and agents, including sub-1.1 recipients, of the requirements of this section and any additional prohibitions or requirements.

COMPLIANCE WITH FEDERAL LAW

1.2 All procurement activities involving the expenditure of federal funds must be conducted in compliance with the Procurement Standards codified in 2 C.F.R. §200.317 through §200.327 unless otherwise directed in writing by the federal agency or state pass-through agency that awarded the funds. The County of Union will follow all applicable local, state, and federal procurement requirements when expending federal funds. Should the County of Union have more stringent requirements, the most restrictive requirement shall apply so long as it is consistent with state and federal law. In addition, the County must comply and adhere to any other grant specific requirements.

CONTRACT AWARD

When bids are required by law, or otherwise solicited by the County, all contracts shall

be awarded only to the lowest responsive responsible bidder possessing the ability to perform successfully under the terms and conditions of the contract. Consideration shall be given to contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

NO EVASION

No contract may be divided to bring the cost under bid thresholds or to evade any requirements under this policy or state and federal law.

1.3 CONTRACT REQUIREMENTS

All contracts paid for in whole or in part with federal funds shall be in writing. The written contract must include or incorporate by reference the provisions required under 2 C.F.R Section § 200.326 and as provided for under 2 C.F.R. Part 200, Appendix II.

1.4

SELF-CERTIFICATION

Annual self-certification shall be included within the annual Budget Ordinance and approved by the Board of Commissioners.

1.5

CONTRACTOR'S CONFLICT OF INTEREST

1.6

Designers, suppliers, and contractors that assist in the development or drafting of specifications, requirements, statements of work, invitation for bids or requests for proposals shall be excluded from competing for such requirements.

1.7

APPROVAL AND MODIFICATION

The Administrative Procedures contained within this policy are administrative and may be changed as necessary at staff level to comply with the Federal Procurement Standards within this Policy. However, any policy changes must be approved by the Board of Commissioners prior to becoming effective.

Note: As a reminder, if there is a conflict between the Union County Procurement Policy and federal purchasing requirements, the most restrictive purchase policy applies.

2

PROCEDURE

2.1 Either the Purchasing Department or the Requesting Department shall procure all contracts in accordance with the requirements of this Section of the Policy.

General Procurement Standards and Procedures:

NECESSITY

Purchases **must be necessary** to perform the scope of work and must avoid acquisition of unnecessary or duplicative items (no stockpiling). The Procurement Department and/or the requesting department should check with the federal surplus property agency prior to buying *new* items when feasible and less expensive. Strategic sourcing should be considered with other departments and/or agencies who have similar needs to consolidate procurements and services to obtain better pricing.

CLEAR SPECIFICATIONS

- 2.2 All solicitations must incorporate a clear and accurate description of the technical requirements for the materials, products, or services to be procured, and shall include all other requirements which bidders must fulfill and all other factors to be used in evaluating bids or proposals. Technical requirements must not contain features that restrict competition.

NOTICE OF FEDERAL FUNDING

- 2.3 All bid solicitations must acknowledge the use of federal funding for the contract. In addition, all prospective bidders or offerors must acknowledge that funding is contingent upon compliance with all terms and conditions of the funding award.

COMPLIANCE BY CONTRACTORS.

- 2.4 All solicitations should inform prospective contractors that they will need to comply with all applicable federal laws, regulations, executive orders, FEMA requirements, and terms and conditions of the funding award.

FIXED PRICE

- 2.5 Solicitations must state that the bidders shall submit bids on a fixed price basis and that the contract shall be awarded on this basis unless otherwise provided for in this Policy. Cost plus percentage of cost contracts are *prohibited*. Time and materials contracts are prohibited *in most circumstances*. Time and materials (cost-plus) contracts will not be used unless no other form of contract is suitable and the contract includes a "not-to-exceed" amount. A time and materials contract shall not be awarded without the express written permission of the federal agency or state pass-through agency that awarded the funds.

USE OF BRAND NAMES

- 2.7 When possible, performance or functional specifications are preferred to allow for more competition, leaving the determination of how to reach the required result to the contractor. Brand names may be used only when it is impractical or uneconomical to write a clear and accurate description of the requirement(s). When a brand name is listed, it is used as reference only and "or equal" must be included in the description.

LEASE VERSUS PURCHASE

Under certain circumstances, it may be necessary to perform an analysis of lease versus purchase alternatives to determine the most economical approach. Note: This comparison is necessary for most FEMA financial assistance programs following an emergency or major disaster declaration.

DIVIDING CONTRACT FOR M/WBE PARTICIPATION

- 2.8 If economically feasible, procurements may be divided into smaller components to allow maximum participation of small and minority businesses and women business enterprises. The procurement cannot be divided to bring the cost under bid thresholds or to evade any requirements under this Policy.

DOCUMENTATION OF PROCUREMENT PROCEDURES

- 2.9 Documentation must be maintained by the Procurement Department and/or the requesting department detailing the history of all procurements. The documentation should include procurement method used, contract type, basis for contractor selection, price, sources solicited, public notices, cost analysis, bid documents, addenda, amendments, contractor's responsiveness, notice of award, copies of notices to unsuccessful bidders or offerors, record of protests or disputes, bond documents, notice to proceed, purchase order, and contract. All documentation relating to the award of any contract must be made available to the granting agency upon request.

COST ESTIMATE

- 2.10 For all procurements costing ~~\$250,000~~ **\$350,000¹** or more, the Procurement Department and/or requesting department shall develop an estimate of the cost of the procurement prior to soliciting bids. Cost estimates may be developed by reviewing prior contract costs, online review of similar products or services, or other means by which a good faith cost estimate may be obtained. Cost estimates for construction and repair contracts may be developed by the project designer.
- 2.11

CONTRACT REQUIREMENTS

- 2.12 The requesting department must prepare a written contract incorporating the provisions as required by the Uniform Guidance, 2 CFR, Part 200.

DEBARMENT

No contract shall be awarded to a contractor included on the federally debarred bidders list. Prior to preparing the contract, the Procurement Department or the

¹ This amount is known as the Simplified Acquisition Threshold (the "SAT") and is set by the federal government in accordance with 2 C.F.R. §§ 200.1 and 200.320. Notwithstanding anything in the Union County Procurement Policy to the contrary, the SAT will be deemed to have been updated in Union County's Procurement Policy any time the SAT is modified by the federal government.

requesting department must verify that the contractor is not on the federally debarred bidders list.

CONTRACTOR OVERSIGHT

The requesting department receiving the federal funding must maintain oversight of the contract to ensure that the contractor is performing in accordance with the contract terms, conditions, and specifications.

2.13

OPEN COMPETITION

Solicitations shall be prepared in a way to be fair and provide open competition. The County shall not restrict competition by imposing unreasonable requirements on bidders, including but not limited to unnecessary supplier experience, excessive or unnecessary bonding; specifying a brand name without allowing for "or equal" products, or other unnecessary requirement that have the effect of the restricting competition.

2.14

DOMESTIC SOURCING

2.15

The County should provide for domestic sourcing preferences to the greatest extent possible.

GEOGRAPHIC PREFERENCE

2.16

No contract shall be awarded on the basis of geographic preference.

PRE-QUALIFICATION

2.17

At the discretion of the County, contractors for construction and repair projects will be prequalified in accordance with the County's Pre-Qualification for Capital Improvement Projects (Section 3.9 of the Union County Procurement Policy). Protests for denial of prequalification will be in accordance with the pre-qualification policy.

2.18

PROTESTS AND DISPUTES

2.19

If required by the federal funding source, bid protests and disputes will comply with any requirements issued by the funding agency.

COMPETITIVE BIDS

3

Purchases made through a Cooperative Purchasing Program, or a contract procured by the State of North Carolina may be allowed ONLY if the contracts were procured in compliance with 2 C.F.R. 200.317-327 and written approval is granted by the federal grantor agency. APPENDIX A – PROCUREMENT PROCEDURES WITH FEDERAL FUNDS

POLICY

1 All contracts and purchases funded, in whole or in part, with any federal or state grant or loan funds must be procured by all County Departments in a manner that conforms will all Applicable Law, including, without limitation, all federal laws, policies, and standards, including those under the federal Uniform Guidance (2 C.F.R. Part 200). Further, such regulations shall supersede all local purchasing provisions to the extent of any conflict. Without limiting the generality of the foregoing, purchases made by the Union County Department of Transportation with federal transit funds shall comply with the current version of FTA (Federal Transit Administration) Circular 4220.1. All sub-recipient agencies receiving federal or state funds through the County of Union shall also comply with the federal or state granting agency procurement regulations, which supersede all local purchasing resolution provisions. The procurement of goods (apparatus, supplies, materials, and equipment), services, and construction or repair projects funded in whole or in part with federal financial assistance must comply with all of the provisions of this Appendix A, which describe the requirements related to conflicts of interests and gifts. The Procurement Director may establish procedures consistent with this Policy to ensure compliance with the requirements of this paragraph.

This Appendix A applies when procuring goods (apparatus, supplies, materials, and equipment), services, and construction or repair projects funded in whole or in part with federal financial assistance (direct or reimbursed). This Section also applies to any sub-recipient of the funds.

The Employee responsible for managing the federal financial assistance award shall review the notice of award to identify any additional conflicts of interest prohibitions or requirements associated with the award, and shall notify all Employees, officers, and agents, including sub-
1.1 recipients, of the requirements of this section and any additional prohibitions or requirements.

COMPLIANCE WITH FEDERAL LAW

1.2 All procurement activities involving the expenditure of federal funds must be conducted in compliance with the Procurement Standards codified in 2 C.F.R. §200.317 through §200.327 unless otherwise directed in writing by the federal agency or state pass-through agency that awarded the funds. The County of Union will follow all applicable local, state, and federal procurement requirements when expending federal funds. Should the County of Union have more stringent requirements, the most restrictive requirement shall apply so long as it is consistent with state and federal law. In addition, the County must comply and adhere to any other grant specific requirements.

CONTRACT AWARD

When bids are required by law, or otherwise solicited by the County, all contracts shall

be awarded only to the lowest responsive responsible bidder possessing the ability to perform successfully under the terms and conditions of the contract. Consideration shall be given to contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

NO EVASION

No contract may be divided to bring the cost under bid thresholds or to evade any requirements under this policy or state and federal law.

1.3 CONTRACT REQUIREMENTS

All contracts paid for in whole or in part with federal funds shall be in writing. The written contract must include or incorporate by reference the provisions required under 2 C.F.R Section § 200.326 and as provided for under 2 C.F.R. Part 200, Appendix II.

1.4

SELF-CERTIFICATION

1.5 Annual self-certification shall be included within the annual Budget Ordinance and approved by the Board of Commissioners.

CONTRACTOR'S CONFLICT OF INTEREST

1.6

Designers, suppliers, and contractors that assist in the development or drafting of specifications, requirements, statements of work, invitation for bids or requests for proposals shall be excluded from competing for such requirements.

1.7

APPROVAL AND MODIFICATION

The Administrative Procedures contained within this policy are administrative and may be changed as necessary at staff level to comply with the Federal Procurement Standards within this Policy. However, any policy changes must be approved by the Board of Commissioners prior to becoming effective.

Note: As a reminder, if there is a conflict between the Union County Procurement Policy and federal purchasing requirements, the most restrictive purchase policy applies.

2

PROCEDURE

Either the Purchasing Department or the Requesting Department shall procure all contracts in accordance with the requirements of this Section of the Policy.

General Procurement Standards and Procedures:

NECESSITY

- 2.1 Purchases ***must be necessary*** to perform the scope of work and must avoid acquisition of unnecessary or duplicative items (no stockpiling). The Procurement Department and/or the requesting department should check with the federal surplus property agency prior to buying *new* items when feasible and less expensive. Strategic sourcing should be considered with other departments and/or agencies who have similar needs to consolidate procurements and services to obtain better pricing.

CLEAR SPECIFICATIONS

- 2.2 All solicitations must incorporate a clear and accurate description of the technical requirements for the materials, products, or services to be procured, and shall include all other requirements which bidders must fulfill and all other factors to be used in evaluating bids or proposals. Technical requirements must not contain features that restrict competition.

NOTICE OF FEDERAL FUNDING

- 2.3 All bid solicitations must acknowledge the use of federal funding for the contract. In addition, all prospective bidders or offerors must acknowledge that funding is contingent upon compliance with all terms and conditions of the funding award.

COMPLIANCE BY CONTRACTORS.

- 2.4 All solicitations should inform prospective contractors that they will need to comply with all applicable federal laws, regulations, executive orders, FEMA requirements, and terms and conditions of the funding award.
- 2.5

FIXED PRICE

- 2.6 Solicitations must state that the bidders shall submit bids on a fixed price basis and that the contract shall be awarded on this basis unless otherwise provided for in this Policy. Cost plus percentage of cost contracts are *prohibited*. Time and materials contracts are prohibited *in most circumstances*. Time and materials (cost-plus) contracts will not be used unless no other form of contract is suitable and the contract includes a "not-to-exceed" amount. A time and materials contract shall not be awarded without the express written permission of the federal agency or state pass-through agency that awarded the funds.

USE OF BRAND NAMES

When possible, performance or functional specifications are preferred to allow for more competition, leaving the determination of how to reach the required result to the contractor. Brand names may be used only when it is impractical or uneconomical to write a clear and accurate description of the requirement(s). When a brand name is

listed, it is used as reference only and "or equal" must be included in the description.

LEASE VERSUS PURCHASE

Under certain circumstances, it may be necessary to perform an analysis of lease versus purchase alternatives to determine the most economical approach. Note: This comparison is necessary for most FEMA financial assistance programs following an emergency or major disaster declaration.

2.7

DIVIDING CONTRACT FOR M/WBE PARTICIPATION

If economically feasible, procurements may be divided into smaller components to allow maximum participation of small and minority businesses and women business enterprises. The procurement cannot be divided to bring the cost under bid thresholds or to evade any requirements under this Policy.

2.8

DOCUMENTATION OF PROCUREMENT PROCEDURES

Documentation must be maintained by the Procurement Department and/or the requesting department detailing the history of all procurements. The documentation should include procurement method used, contract type, basis for contractor selection, price, sources solicited, public notices, cost analysis, bid documents, addenda, amendments, contractor's responsiveness, notice of award, copies of notices to unsuccessful bidders or offerors, record of protests or disputes, bond documents, notice to proceed, purchase order, and contract. All documentation relating to the award of any contract must be made available to the granting agency upon request.

2.9

2.10

COST ESTIMATE

For all procurements costing \$350,000¹ or more, the Procurement Department and/or requesting department shall develop an estimate of the cost of the procurement prior to soliciting bids. Cost estimates may be developed by reviewing prior contract costs, online review of similar products or services, or other means by which a good faith cost estimate may be obtained. Cost estimates for construction and repair contracts may be developed by the project designer.

2.11

CONTRACT REQUIREMENTS

The requesting department must prepare a written contract incorporating the provisions as required by the Uniform Guidance, 2 CFR, Part 200.

¹ This amount is known as the Simplified Acquisition Threshold (the "SAT") and is set by the federal government in accordance with 2 C.F.R. §§ 200.1 and 200.320. Notwithstanding anything in the Union County Procurement Policy to the contrary, the SAT will be deemed to have been updated in Union County's Procurement Policy any time the SAT is modified by the federal government.

DEBARMENT

No contract shall be awarded to a contractor included on the federally debarred bidders list. Prior to preparing the contract, the Procurement Department or the requesting department must verify that the contractor is not on the federally debarred bidders list.

2.12

CONTRACTOR OVERSIGHT

The requesting department receiving the federal funding must maintain oversight of the contract to ensure that the contractor is performing in accordance with the contract terms, conditions, and specifications.

2.13

OPEN COMPETITION

Solicitations shall be prepared in a way to be fair and provide open competition. The County shall not restrict competition by imposing unreasonable requirements on bidders, including but not limited to unnecessary supplier experience, excessive or unnecessary bonding; specifying a brand name without allowing for "or equal" products, or other unnecessary requirement that have the effect of the restricting competition.

2.14

DOMESTIC SOURCING

The County should provide for domestic sourcing preferences to the greatest extent possible.

2.15

GEOGRAPHIC PREFERENCE

No contract shall be awarded on the basis of geographic preference.

2.16

PRE-QUALIFICATION

At the discretion of the County, contractors for construction and repair projects will be prequalified in accordance with the County's Pre-Qualification for Capital Improvement Projects (Section 3.9 of the Union County Procurement Policy). Protests for denial of prequalification will be in accordance with the pre-qualification policy.

If required by the federal funding source, bid protests and disputes will comply with any requirements issued by the funding agency.

2.19

ACTION REQUESTED:

Adopt a Resolution Authorizing the Sale of Personal Property.

BACKGROUND:

Union County currently has five (5) vehicles to be disposed of as scrap. The vehicles are County-owned units that reached the end of their useful lives and were subsequently used for training exercises, which rendered them unsuitable for re-sale through normal surplus channels. Additional vehicle information can be found on Attachment A.

FINANCIAL IMPACT:

Estimated revenue is \$500. The revenue will be returned to the fund from which the asset came.

RESOLUTION AUTHORIZING SALE OF PERSONAL PROPERTY

WHEREAS, G.S. 160A-267 allows Union County to dispose of personal property by private sale upon adoption of a resolution authorizing the Procurement & Contract Management Director or his designee (the “Procurement Director”) to dispose of the property by private sale at a negotiated price; and

WHEREAS, the County currently owns five (5) vehicles, identified on Attachment A hereto, which had reached the end of their usable lives and were then utilized by the County to conduct training which resulted in the vehicles not being fit for re-sale; and

WHEREAS, the Procurement Director has determined that the best option for disposal of the vehicles is to sell them for scrap;

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Union County Board of Commissioners as follows:

1. The items of personal property included on Attachment A and incorporated herein by reference are declared surplus.
2. The Procurement Director is authorized to sell the items listed in Attachment A for scrap and to execute any and all documents necessary to transfer said property on behalf of Union County.
3. All items will be sold “as is” and “where is” with no warranty, expressed or implied.

Contract - Auditing Services Amendment

INFORMATION CONTACT:

Beverly Liles, Finance, Director, 704-283-3674

ACTION REQUESTED:

Authorize the Chair to the Board to 1) negotiate and execute an agreement substantially consistent with this agenda item, 2) exercise any renewal or extension term options set forth in the Agreement, and 3) terminate the Agreement if deemed in the best interest of the County, each in the Chair's discretion.

PRIOR BOARD ACTIONS:

- 1) April 18, 2022, Regular Meeting, Agenda Item #22-212 - Approved FY22 Financial Audit Contract
- 2) May 5, 2023, Regular Meeting, Agenda Item #23-236 - Approved FY23 Financial Audit Contract
- 3) April 1, 2024, Regular Meeting, Agenda Item #24-209 - Approved FY24 Financial Audit Contract
- 4) March 17, 2025, Regular Meeting, Agenda Item #25-136 - Approved FY25 Financial Audit Contract

BACKGROUND:

This request is to extend the terms of the FY 2025 contract for auditing services with Cherry Bekeart, LLP. This extension is due to the Federal Government shutdown and the fact that the Compliance Supplement for federal grants were not available prior to the shutdown for FY 2025. Therefore, the auditors were not able to complete the federal and state grant single audit testing for FY 2025 as they normally are able to do so for each fiscal year.

The NC State Treasurer's Office and the Local Government Commission are requiring counties in NC to extend the terms of the contracts with their audit firms to allow additional time for auditors to be able complete the federal and state grant testing. The expectation is that the auditors will have this completed in the January timeframe since the Federal Government recently released the final Compliance Supplement for single audit testing of federal grant programs.

This amendment will extend the terms through February 12, 2026.

BACKGROUND:

Union County Water is closely monitoring the wastewater treatment capacities at our Water Reclamation Facilities. Permitting Capacity is evaluated using the Actual Plant Flows plus the Permitted/Obligated Flows (unconnected). Union County Water was asked to provide regular updates. Plant flow information through October 2025 is summarized in the attached table.

Twelve Mile Creek Percent of Actual Flows = 69.9%

- Percent of Actual + Permitted Flows = 89.0%
- Actual Flows (MGD) = 5.243
- Actual + Permitted Obligated Flows (MGD) = 6.675

Crooked Creek

- Percent of Actual Flows = 59.8%
- Percent of Actual + Permitted Flows = 86.5%
- Actual Flows (MGD) = 1.137
- Actual + Permitted Obligated Flows (MGD) = 1.644

Olde Sycamore

- Percent of Actual Flows = 26.0%
- Percent of Actual + Permitted Flows = 26.0%

PRIOR BOARD ACTIONS:

- 1) October 20, 2025, Regular Meeting, Agenda Item #25-624 - Public Hearing Conducted for consideration of Step 4 Economic Development Incentive Grant to McGee Corporation
- 2) October 20, 2025, Agenda Item #25-626 - Step 4 Economic Development Incentive Grant was awarded to McGee Corporation in an amount-not-to-exceed \$696,000 paid over a 5-year period beginning in FY 2028
- 3) December 8, 2025, Regular Meeting, Agenda Item #25-748 - Public Hearing Conducted on conveyance of real property.

BACKGROUND:

The Union County Economic Development Department started conversations with McGee Corporation under codename Project Canopy in late 2024 about the potential relocation of their manufacturing operation from Stallings, North Carolina, to a 60.97-acre parcel located off Goldmine Road. The company has submitted an offer of \$4,267,900, being \$70,000 per acre. The land sought by the company was previously acquired by Union County for an industrial park or to be held for resale for industrial or commercial use, for an industrial or commercial project, pursuant to G.S. 158-7.1(the specific parcel considered for sale is Union County Tax Parcel #09372003D). McGee Corporation's purchase of this land is in concert with the County's economic development objectives, which are the stimulation of the local economy, growth of the tax base, promotion of business, and creation of job opportunities within Union County. The purchase consideration is \$4,267,900.00 in cash, subject to all easements, right of ways, and other restrictions of record. The Board of Commissioners has determined that the property subject to conveyance has a fair market value of \$4,267,900.00.

The land will be used for an industrial project with an approximate investment of \$40,000,000 and the

creation of 35 new jobs with a probable hourly wage of \$30.28 per hour for employees on the property. McGee Corporation intends to build a new 366,000 square-foot manufacturing facility on the property which will serve as its headquarters for design, sales, manufacturing, and distribution. This sale is made pursuant to private negotiation under G.S. 158-7.1.

FINANCIAL IMPACT:

Union County would receive \$4,267,900.00 in cash in exchange for the land. The project would also bring a prospective \$40,000,000 in new capital investment and at least 35 new jobs earning a probable wage of \$30.28 per hour into Union County.

**RESOLUTION FOR THE CONVEYANCE OF COUNTY PROPERTY TO
MCGEE CORPORATION FOR ECONOMIC DEVELOPMENT PURSUANT TO
N.C.G.S. § 158-7.1**

WHEREAS, Union County owns approximately 89 acres of property off of Goldmine Road, near the intersection of Goldmine Road and Price Short Cut Road, in Union County, as such property may be more particularly referenced as Union County Tax Parcel #09372003D (the “Original Property”); and

WHEREAS, the Original Property was previously acquired by Union County for an industrial park or to be held for resale for industrial or commercial use, pursuant to N.C.G.S. § 158-7.1; and

WHEREAS, N.C.G.S. § 158-7.1 authorizes a county to convey real property by private negotiation and sale property acquired for an industrial park or held for resale for industrial or commercial use; and

WHEREAS, the McGee Corporation, their subsidiary or affiliated entity, (collectively “McGee”) desires to purchase 60.97 acres of the Original Property, as such parcel is shown as Lot 2 on the attached Exhibit A (the “Property”), for industrial or commercial use, including the construction of an approximate 366,000 square foot manufacturing facility, and the purchase and installation of new production equipment; and

WHEREAS, McGee’s purchase of this land is in concert with the County’s economic development objectives, which are the stimulation of the local economy, growth of the tax base, promotion of business, and creation of job opportunities within Union County; and

WHEREAS, a public hearing was held on December 8, 2025, to consider whether to approve the conveyance of the Property to McGee; and

WHEREAS, the Board of Commissioners deems it wise to convey the Property to McGee by private negotiation and sale, for the consideration noted herein, pursuant to authority set forth in N.C.G.S. § 158-7.1, along with all other applicable law.

NOW, THEREFORE, the Union County Board of Commissioners resolves as follows:

1. The Board of Commissioners hereby authorizes the sale of the Property by private negotiation and sale to the McGee Corporation, their subsidiary or affiliated entity, for the sum of Four Million Two Hundred Sixty-Seven Thousand Nine Hundred and 00/100 Dollars (\$4,267,900.00).

2. The Property will be used for an industrial project and will stimulate the local economy, promote business, and result in a prospective \$40,000,000 in new capital investment, and the creation of thirty-five (35) new jobs with a probable hourly wage of \$30.28 per hour for employees at the Property.
3. The fair market value of the interest to be conveyed is Four Million Two Hundred Sixty-Seven Thousand Nine Hundred and 00/100 Dollars (\$4,267,900.00), subject to all easements, right of ways, and other restrictions of record.
4. The County Manager, or his designee, is authorized to execute any and all documents necessary to convey the Property to McGee, including execution of any amendments to, and ratifications of, previous agreements and documents related to this transaction.

The Subdivision Plat shall be properly approved under the applicable subdivision ordinance and recorded with the register of deeds prior to the Deed (as defined in Subsection 2.6.1). If Seller is unable to obtain a Subdivision Plat reasonably acceptable to Purchaser, or if such Subdivision Plat cannot be approved under the applicable subdivision ordinance prior to the expiration of Purchaser’s Due Diligence Period and Subdivision Approval cannot otherwise be obtained, then Purchaser shall have the right to terminate this Agreement upon written notice to Seller. Environmental Features

Petition: 2025-RZ-010
Name: Haney

Size: 0.51 acres
Tax Parcel: 09-131-001

Utilities: Public water and sewer are not available to the site.

Zoning and Land Use History: The parcel site has been zoned RA-40 since zoning was initiated. A 2.43 acre site approximately one half mile north was proposed for rezoning to B-4 in 1989, but was denied. A 6.391 acre site approximately 2/3 of a mile north of the site was rezoned to Light Industrial in 2023. A special use permit for the permanent location of a mobile home approximately 1,000 feet north of the site was approved in 1981.

Schools: Because this rezoning request is commercial in nature, UCPS was not consulted for comments.

Transportation: This site is on US 601, which is a NCDOT-maintained facility. This section of US 601 carries approximately 12,500 vehicles per day. There are no funded road improvement projects in the immediate vicinity of the rezoning. A traffic Impact Analysis (TIA) was not required for this rezoning. Because there are no proposed uses with the rezoning, staff are unable to assess impacts on the corridor.

Planning Documents

Union County Comprehensive Plan: The Union County 2050 comprehensive plan identifies this area as an Employment Corridor overlaid upon Rural Residential. The proposed zoning district is therefore considered appropriate, although the small size of the site could result in strip development if duplicated along the corridor. A lack of utilities may mean that the site cannot be fully utilized with a significant number of employees or customers.

Land Use Map

Petition: 2025-RZ-010
Name: Haney

Size: 0.51 acres
Tax Parcel: 09-131-001

Public and Municipal Comments

Public Comments: A community meeting was not required since this is not a conditional rezoning request. No one spoke at the October 21 Land Use Board meeting.

Municipal Comments: Monroe was not consulted due to the distance to their municipal limits.

Land Use Board Recommendation

The Land Use Board evaluated this rezoning request at its October 21, 2025, meeting. The Board recommended approval on a 5-1 vote, citing consistency with the land use map.

Staff Comments and Recommendation

This part of Union County is identified for employment uses as an overlay over rural residential and agricultural land uses. Because this is a straight rezoning request, all potential uses must be considered when making a recommendation. The small size of the parcel, lack of utilities, plus recent stormwater detention requirements result in reduced available land even before considering significant buffer and setback requirements as a percentage of the overall parcel. Any use with employees or customers would require bathrooms, necessitating septic and well being located on site, which means uses without employees may be the most appropriate uses on site. US 601 is a high-speed multi-lane corridor, and having multiple small commercial properties along the corridor, each with their own driveway, could result in an unattractive stripped environment that would reduce the utility of the highway and be inconsistent with the Employment Corridor designation. Because of these aspects of the development, staff recommend **denial** of this rezoning application.

Reference: Straight Rezoning Request
2916 Pageland Hwy, Monroe NC 28110
Parcel # 091 31 001

My name is Michael Haney and I'm a long-time resident of Union County. I've recently acquired the .51-acre Pageland Highway parcel with the intention of developing a self-storage facility.

This parcel is currently zoned RA 40 and I'm requesting a straight rezoning to Highway Corridor (HC). Zoning HC appears to be consistent with the intended use fronting highway 601 (Pageland Hwy).

Sincerely,

Statements of Consistency and Reasonableness for Proposed Amendment to the Union County Zoning Map

The Union County Land Use Board recommended that the Union County Board of Commissioners approve the rezoning petition (RZ-2025-010) submitted by Mike Haney, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling approximately 0.51 acres appearing on the tax map as tax parcel 09-131-001 along US 601 from RA-40 to Highway Corridor (HC).

CONSISTENCY AND REASONABLENESS STATEMENT FOR APPROVAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS CONSISTENT WITH THE CURRENT PLAN) (RZ-2025-010)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the “Board”) does hereby find and determine that adoption of the proposed map amendment is consistent with the currently adopted Union County Comprehensive Plan (the “Plan”). The adoption of the proposed map amendment (i) takes into account the need to amend the zoning map to meet the needs of the community, and (ii) is reasonable and in the public interest because:

1. The proposed use is consistent with the Plan. The Plan’s Land Use Map identifies this area as Rural Residential with an Employment Corridor overlay. The Plan provides that a variety of employment uses may be appropriate along an Employment Corridor. Development uses that may be appropriate include distribution, logistics, aeronautics, industrial, and agri-business. A rezoning to Highway Corridor would allow for many of these development uses contemplated for an Employment Corridor under the Plan..
2. The benefits to the community at large, the neighbors, and the property owners of the proposed rezoning outweigh any detriments to the neighbors and others caused by the rezoning. The benefits of this rezoning include potentially allowing for increased employment or business uses for the surrounding community to utilize, as well as developing an area designated in the Plan for development along a significant transportation corridor in the County. The potential detriments of the use established by this rezoning could include increased noise, light, and traffic exposure, as well as increased public services impacts.

**CONSISTENCY AND REASONABLENESS STATEMENT FOR DENIAL OF THE
PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE
CURRENT PLAN) (RZ-2025-010)**

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the “Board”) does hereby find and determine that this rezoning petition is inconsistent with the Union County Comprehensive Plan (the “Plan”) and that denial of the proposed map amendment is reasonable and in the public interest because:

1. Future allowed commercial use on the property under certain uses allowed in Highway Corridor districts could result in increased congestion on the roads and streets adjacent and nearby to the property. Traffic congestion is a noted concern in the Plan.
2. Certain uses allowed in a Highway Corridor zoning district are not employment uses that are contemplated uses in an Employment Corridor as identified in the Plan.
3. The proposed rezoning will facilitate ongoing and potential future industrial uses in close proximity to existing residential uses, including residential uses in areas identified as Rural Residential.

ORDINANCE APPROVING REVISION TO THE OFFICIAL ZONING MAP OF UNION COUNTY, NORTH CAROLINA

WHEREAS, the Union County Board of County Commissioners (the “Board”) heretofore enacted the “Unified Development Ordinance of Union County, North Carolina,” including any amendments thereto (the “UDO”) and the official Union County Zoning Map (“Zoning Map”); and

WHEREAS, Union County has received rezoning petition RZ-2025-010 submitted by Mike Haney, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling approximately 0.51 acres appearing on the tax map as tax parcel 09-131-001 along US 601 from RA-40 to Highway Corridor (HC); and

WHEREAS, the Union County Land Use Board considered and made a recommendation concerning approval or denial of the Rezoning Petition; and

WHEREAS, the Board has determined that approval of the Rezoning Petition and rezoning the subject parcels from RA-40 to Highway Corridor (HC) is reasonable and in the public interest, including for those reasons set forth in the contemporaneously adopted consistency and reasonableness statement.

NOW, THEREFORE, BE IT ORDAINED by the Union County Board of Commissioners as follows:

1. The Zoning Map is hereby amended by rezoning the parcel appearing on the tax map as tax parcel 09-131-001 along US 601 from RA-40 to Highway Corridor (HC).
2. This ordinance is effective upon adoption.

Adopted this ____ day of _____, 2025.

Environmental Features: There is a stream and significant amount of floodplain on the site. The current flood plain is shown on the following map, but the proposed updated floodplain will slightly expand the impacted area on the site. The proposed layout accommodates the new floodplain. Secrest Shortcut Road has been closed for flooding four times since 2018.

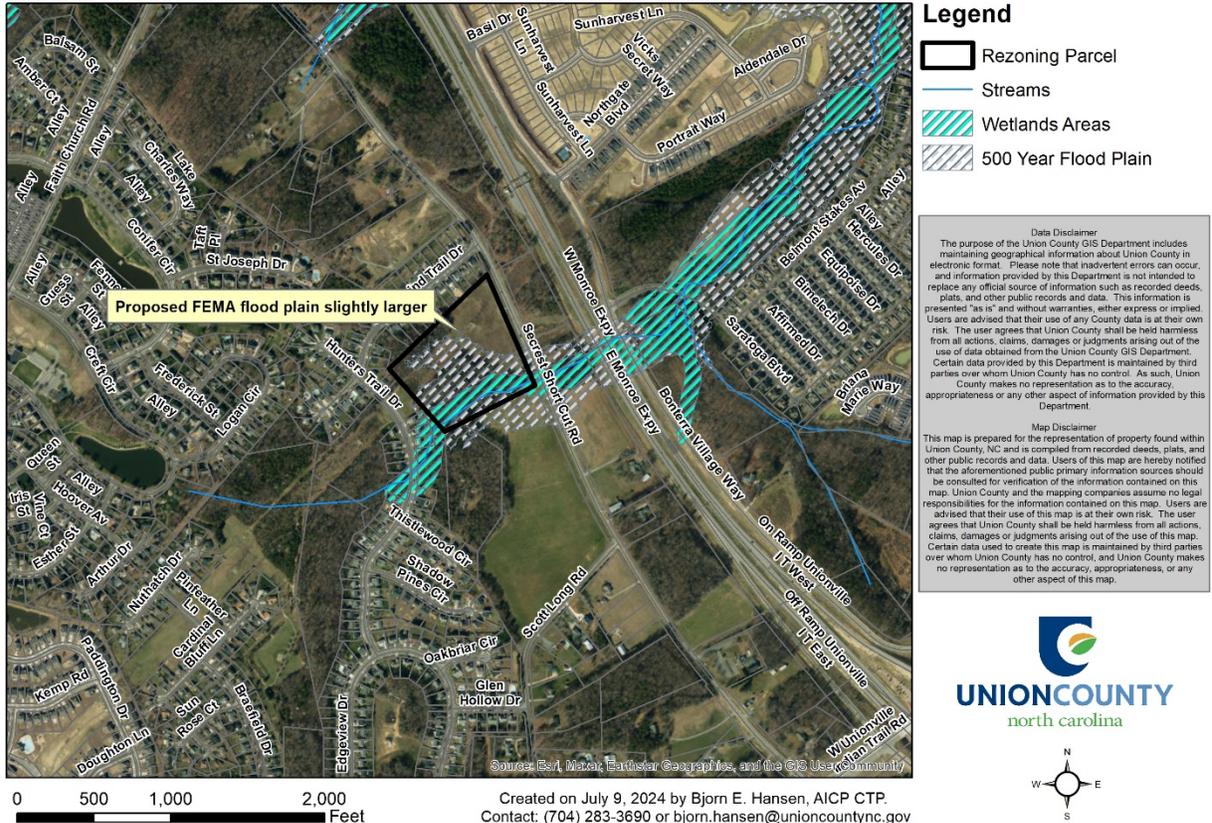

Environmental Features

Petition: 2024-CZ-005

Name: Secrest

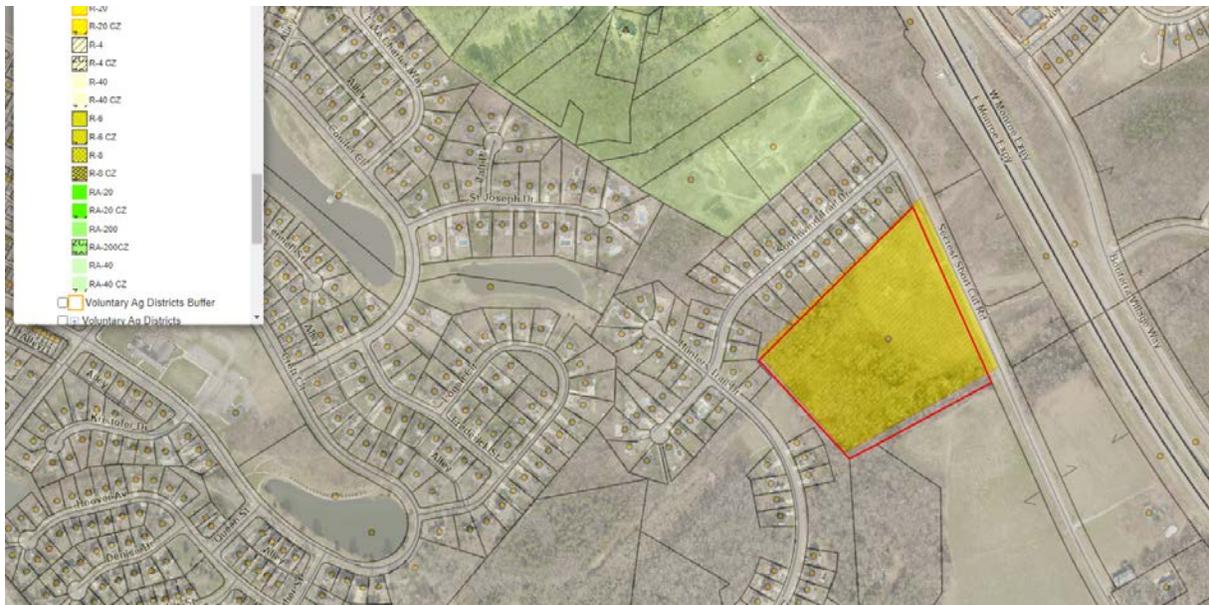

Size: 12.398 acres

Tax Parcel: 07-04-002A

Utilities: The development will utilize Union County water and sewer service.

Zoning and Land Use History: The parcel site has been zoned R-20 since zoning was initiated in Union County. Since most development in the area has occurred inside Indian Trail, there have been few actions by Union County. There currently is a proposed rezoning to Light Industrial approximately a half mile to the north at the corner of Faith Church and Secrest Short Cut. That proposed development is inside Hemby Bridge, meaning Union County is processing the rezoning.

Schools: Because this rezoning is commercial in nature, UCPS was not consulted for comments.

Transportation: This site will have access from Secret Short Cut Road. The road already includes a left turn lane, so no additional road improvements would be required as a result of this rezoning and development. Due to the variability of flea markets, it is difficult to predict traffic generation by this type of use. There is no established rate for this land use in the Institute of Transportation Engineers (ITE) trip generation manual. These types of uses have peak generation on weekends, meaning weekday impacts are minimal. The associated driver school would likewise have a small traffic impact.

Secret Short Cut Road carries approximately 11,500 vehicles per day in 2023, up from a COVID era 9,100 vehicles per day shown in the following map. There are no funded road improvements in the vicinity of the proposed rezoning.

Planning Documents

Union County Comprehensive Plan: The Union County 2050 comprehensive plan identifies this area as an Employment Corridor overlaid upon a Transition Zone. The proposed retail and service uses are therefore considered appropriate, although the amount of retail should be limited due to traffic impacts along the corridor. The flea market uses proposed under B-4 require a special use permit, which can be incorporated into the rezoning. The applicant has stated in their application, submitted documentation or staff have concluded through a site plan review that it meets the five findings of fact necessary for a special use permit:

1. The proposed use and development comply with all regulations and standards generally applicable within the zoning district and specifically applicable to the particular type of special use.
2. The proposed development will not materially endanger the public health or safety.

3. The proposed development will not substantially injure the value of abutting property, or is a public necessity.
4. The proposed development will be in harmony with the area in which it is located.
5. The proposed development will be in general conformity with the comprehensive plan.

Public and Municipal Comments

Public Comments: A community meeting was held July 31, 2025. Eleven residents attended and had questions and concerns over buffering, business plan for flea market, proximity of driveway to nearby neighborhoods, and flooding on Secrest Short Cut Road.

One resident spoke at the October 21, 2025, Land Use Board meeting. They expressed concern over noise and traffic impacts. Two residents have emailed letters of support for the rezoning.

Municipal Comments: Indian Trail, Hemby Bridge, and Lake Park were consulted and had the following comments:

Indian Trail: Indian Trail has had multiple conversations with the property owners and various potential buyers due to it being in a doughnut hole area. We provided several options for development of the property (several residential options & light industrial options). The floodplain and utility easements consume most of the lot and the options are limited by those factors regardless of the land use. The Secret Shortcut Small area plan that the Town and the County adopted calls for this parcel to be medium density residential and open space/environmentally sensitive. The Town of Indian Trail's Comprehensive plan calls for the same as well. The Town of Indian Trail strongly opposes this request and especially with the limited amount of information provided.

Hemby Bridge: We really appreciate your willingness to involve surrounding municipalities for input as it will definitely affect all of us. As far as Hemby Bridge, we have experienced numerous requests for commercial zoning in the past couple of years, which has forced the board to draw a hard line against rezoning, especially from residential to commercial located in residential areas. The town would request that the county to deny the rezoning.

Lake Park: The Village of Lake Park is not in favor of the rezoning due to traffic concerns.

Land Use Board Recommendation

The Land Use Board reviewed this proposal and recommended denial on a 5-1 vote its October 21, 2025, meeting, citing flooding concerns and proximity to residential areas.

Staff Comments and Recommendation

This part of Union County is identified for employment uses as an Employment Corridor overlay over a Transition Zone. Because this is a non-residential request, the Employment Corridor recommendations apply. Employment Corridors have access to transportation infrastructure such as railways, airports and major roads, and have available land with close proximity to similar uses. Employment Corridors connect employment nodes and other large job centers throughout the County and neighboring counties. A variety of employment uses may be appropriate along these corridors. The proposed retail uses are appropriate in limited frequency, and the driving school is appropriate within the overlay. The proposed site plan meets the requirements of the Unified Development Ordinance and the uses are consistent with the adopted plan. **Because of these aspects of the development, staff recommend approval of this rezoning application.**

PROJECT : Rezone 11 acre site on Secret Shortcut Road from R20 to B4 ~~HC~~ (tbd)
(See attached Site Plan)

CLIENT : Mehmet Ilik – purchaser (pending)

CURRENT OWNERS : Amy R. Cline and Annette R. Mills

PROPOSED USE : Flea Market on Weekends – Driving School weekdays

More than half of the property is currently Flood Plain – see attachment- and there is a large Power Line Right of Way dividing the useable portion. A large part of the useable portion across the power R/W is wooded and proposed to remain so. The proposal is for a remaining useable portion to be used for overflow parking.

Two entrance/exit drives are proposed off of Secret Shortcut Road – one to the main parking and one to an overflow area. There are existing turn lanes to each driveway entrance, although the turns need to be re-striped to serve the opposite direction.

The proposed areas to be rezoned =	26,657 sf - overflow parking
(areas are approximate,	9,884 sf - power R/W crossing
subject to survey)	41,155 sf - building + parking

The current plan is construct a building (probably metal building) of approximately 9,600 square feet (or what area is feasible) to provide necessary toilets, an office, and covered vendor spaces. Other outdoor spaces will be available to vendors on weekends as needed.

RE: Impact Study – Proposed Flea Market (Artisan Market) and Office Building, Secret Short Cut Road, Union County, NC.

Dear Mr. Ilik:

At your request, we have prepared a summary of our findings relating to an impact study of surrounding developments for a proposed flea market and office building development. The study evaluates real estate transactions for comparable properties near the same or a similar use elsewhere to determine if the development will harm property values.

Our analysis focuses on whether the proposed development will injure the value of surrounding property. To determine the impact, if any, the consultant focuses research on a neighborhood overview as well as an analysis on the proposed development's conformity with the surrounding neighborhood. We then research similar developments with adjacent or nearby sales and then compare those sales to similar sales further away. This attempts to isolate any potential influence from the development.

In order to assess conformity with the surrounding neighborhood, we have researched the future land use plan for the subject's neighborhood and nearby proposed developments.

We also compare sales on adjacent properties to those for non-adjacent properties and then analyze the results. It is noted that when selecting data to analyze, we select comparable developments that also include a flea market development. We have also selected other more intensive commercial uses such as car washes and collision centers. The best available data was selected and included in this study.

PROPOSED DEVELOPMENT

The subject property will be a Flea/Artisan Market and Office Building on an 11.859-acre tract at 6615 Secrest Short Cut Road in Indian Trail, Union County, NC. The property is currently mostly vacant except for a Duke Energy Power Tower and a 150' wide easement bisects the property.

The property is planned for a 9,600 square foot indoor artisan market to include a 7,200 square foot flea market and a 2,400-square-foot office area to be used for a driving school. It will have 63 spaces for parking.

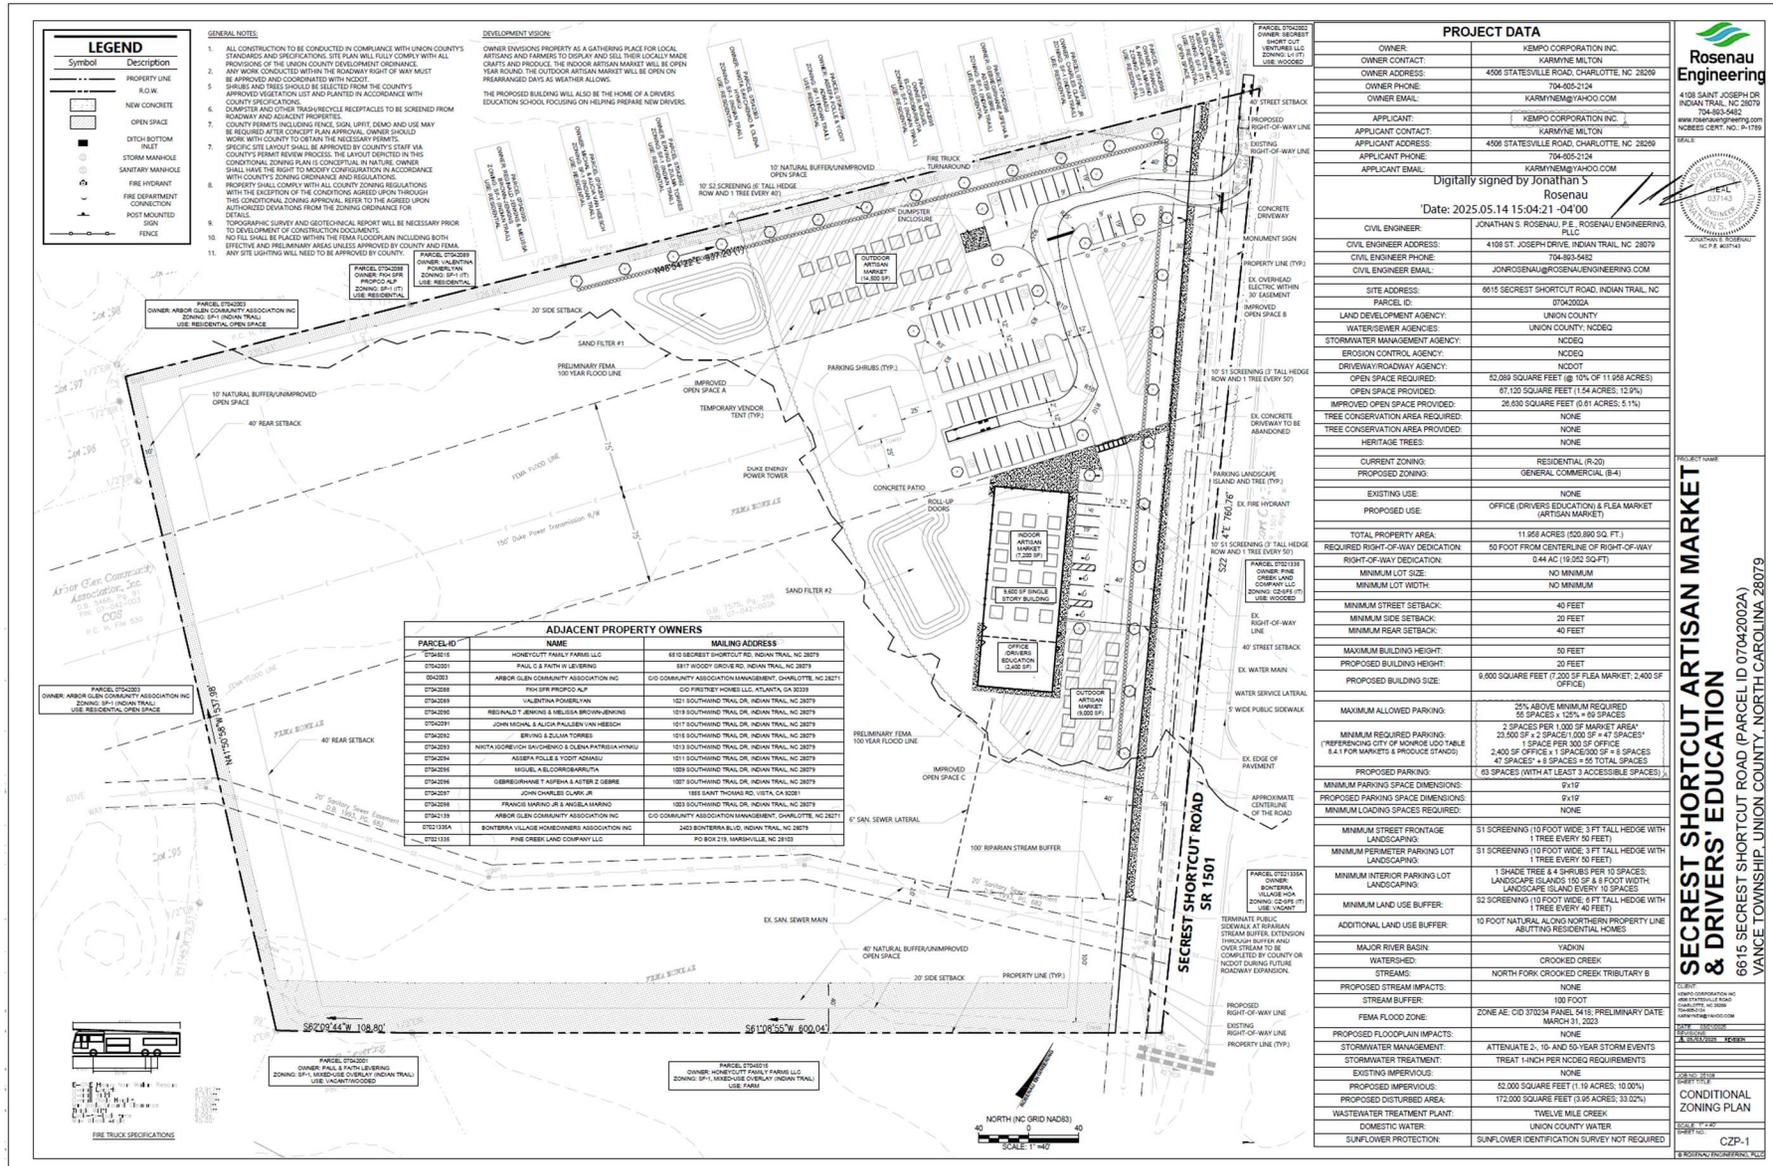

Currently the closest homes are 90 feet away or more from the property line. The development includes a 10-foot natural buffer followed by a 10-foot screening buffer including 6' hedges and trees every 40 feet. The proposed outdoor parking and the outdoor artisan market area are on the other side of the buffers from the homes. The proposed office and market building is over 300 feet away from any homes.

Surrounding uses include vacant farmland, woodland, HOA land and single family homes generally ranging between 1,800 and 3,000 square feet and built in the early 2000's. Recent sales are near \$400,000.

An aerial, site plan, photographs and area map are shown to follow.

SECRET SHORT CUT SMALL AREA PLAN SHOWING SUBJECT AS AN EMPLOYMENT CORRIDOR AND/OR MIXED-RESIDENTIAL

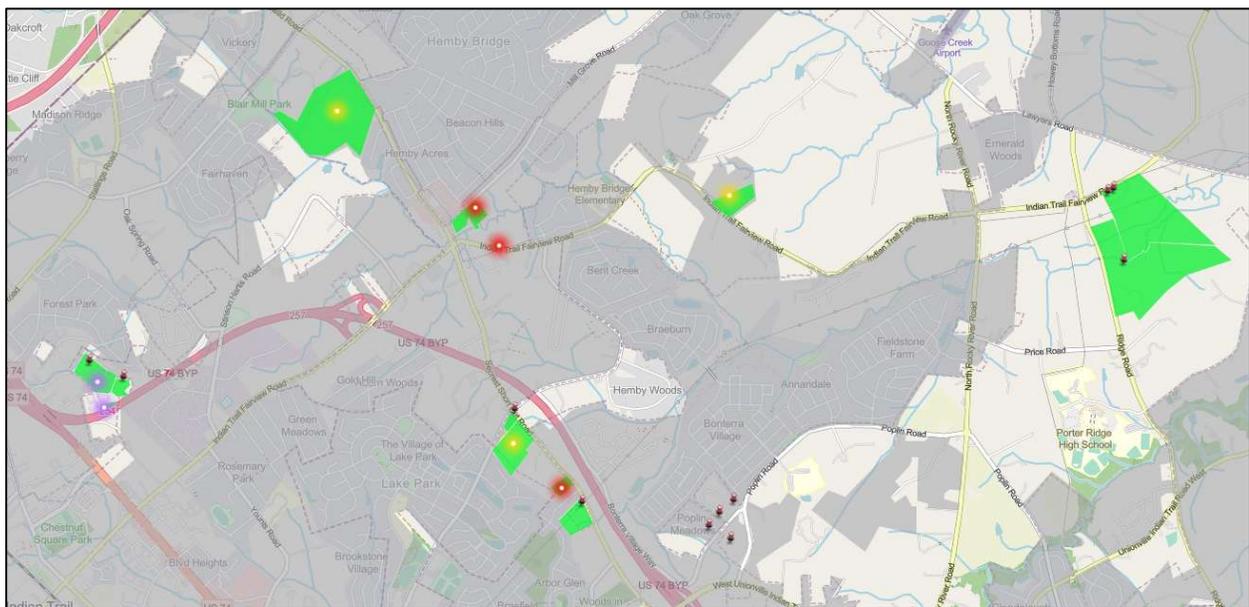

Future Land Use Plan and Small Area Plan Conclusions

The subject is designated for “Employment Corridor and/or “Mixed Residential” development in the plans. The proposed development appears consistent with the land use plans.

Area Proposed and Approved Developments

When evaluating the growth patterns of the subject’s neighborhood, we also consider proposed and approved developments.

Recently a church, a manufacturing plant, a sewer plant and subdivisions were approved in the subject area. Currently, a tow truck lot is proposed northeast of the subject at Secret Short Cut Road and Faith Church Road adjacent to the proposed Enclave, 18-lot subdivision.

PROPOSED OR APPROVED DEVELOPMENTS NEAR SUBJECT

Area Development Conclusions

The subject area is growing, which indicates an increased demand for commercial development in the subject’s immediate neighborhood. Therefore, it is our opinion that the subject’s proposed use conforms with the growth patterns of the subject’s immediate neighborhood.

Sales of Properties Near Comparable Developments

We have analyzed sales in the past years of homes that are abutting a flea market development and sales that are not. The data indicates there is no detrimental impact or loss in value for home values that are closer to the development than similar homes in the same neighborhood. While efforts to include the most similar properties were made, we recognize that there are various influencing characteristics on value, other than location. These characteristics may include size, age and quality/condition. The analysis below intends to provide factual data. The comparable properties and houses were chosen based on their location in relation to one another with no information intentionally removed. The purpose of the analysis was to research the facts, followed by an analysis of the resulting information.

Millers Flea Market – 3674 Highway 51, Fort Mill

This approximate 31,000 square foot indoor flea market also has outdoor areas on over 15 acres. The property has been active as a flea market for decades and is one of the largest in the Charlotte MSA.

Beginning in 2018, Pulte Homes built many single-family homes as part of the McCulloch subdivision. We have researched the homes closest to the flea market and compared them to the homes further away.

The three sales near the flea market ranged from \$119 to \$123 per square foot and the sales away from the flea market ranged from \$105 to \$130 per square foot.

There is no evidence that being near the flea market impacted values negatively. An overview follows.

Additional Sales Adjacent to Commercial Development

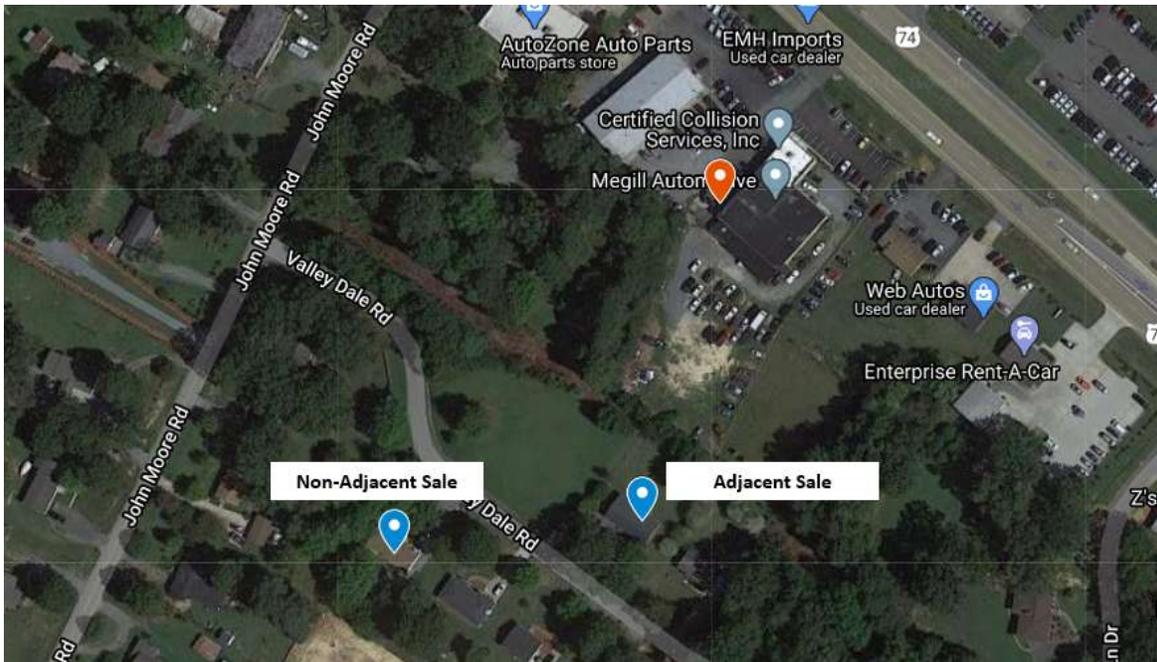

We also researched sales of properties abutting comparable developments versus sales of properties not abutting comparable developments as well as sales of properties before and after the construction of a comparable development. There were limited available sales abutting comparable developments near the subject’s market and the best available data is included below. The first set of sales includes two parcels of commercial land that neighbor a Caliber Collision constructed in Fort Mill in 2018. The sales data shows there was no reduction in price per acre for neighboring commercial land after the construction of the Caliber Collision.

The second set of sales analyzed includes two residential properties. One sale was located adjacent to Certified Collision Services in Monroe and the second sale was a comparable dwelling that was not located adjacent to the Certified Collision Services. The sales did not show a decrease in value for being located adjacent to the automotive property. We recognize that there are various influencing characteristics on value, other than location. These characteristics may include size, age, and quality/condition.

Additional General Research Regarding Impacts of Commercial Development

We also researched a study of the impacts of commercial development on surrounding residential property values conducted by Jonathan A. Wiley, Ph.D., Associate Professor in the Department of Real Estate at Georgia State University. His study found that while retail developments may impact an initial negative price impact (typically during construction), following the completion of a new retail development, there is a sharp upward trend in surrounding residential property values within a 0.75-mile radius. Therefore, his study concluded that residential properties in an area slated for new retail development, overall sell at a significant premium compared to the residential properties that were outside of the 0.75-mile radius. The article goes on to say that while homeowners and brokers may have strong opinions to the contrary, the research concluded in his study did not find substantive evidence to support an overall or long-term negative impact on surrounding residential properties as a result of commercial development.

IMPACT STUDY CONCLUSIONS

As discussed in previous sections, the subject's proposed development is consistent with the neighborhood and in conformity with the projected growth patterns based on Future Land Use Plans. We also consider the neighboring residential properties and the potential impact, if any, to the residential properties. Based on data analyzed in the impact analysis, there is no detrimental impact on neighboring properties, and the use conforms to the neighborhood.

The data outlined above includes an analysis of existing development and growth patterns for the subject's neighborhood as well as a comparable summary of sales of properties abutting comparable developments. The analysis above intends to provide factual data gathered from the subject and surrounding markets. The purpose of the analysis was to

research the facts, followed by an analysis of the resulting information.

Sincerely yours,

T. B. HARRIS, JR. & ASSOCIATES

Good Morning Bjorn –

Thank you for sharing and allowing us to comment. Indian Trail has had multiple conversations with the property owners and various potential buyers due to it being in a doughnut hole area. We provided several options for development of the property (several residential options & light industrial options). The floodplain and utility easements consume most of the lot and the options are limited by those factors regardless of the land use. The Secrest Shortcut Small area plan that the Town and the County adopted calls for this parcel to be medium density residential and open space/environmentally sensitive. The Town of Indian Trail's Comprehensive plan calls for the same as well. The Town of Indian Trail strongly opposes this request and especially with the limited amount of information provided. Thank you!

It would be a school for student drivers, so assume teenagers. The configuration for the building has not been determined. That will be a site plan review question. And the S2 (trees and shrubs) screening would be based on a B-4 zoning classification, which is 40' feet front and rear and 20' on the sides. That will be another comment since they are referencing the setback requirements for R-20 (the current zoning) in the lower right corner. They already show sufficient setbacks so the plan won't change based on that comment.

Is the Driving School a proposed truck driving school and is the Flea Market open stalls like the one on 74 or enclosed buildings? What type of screening would be involved for the commercial site?

Thanks for reaching out

We really appreciate your willingness to involve surrounding municipalities for input as it will definitely effect all of us

As far as Hemby Bridge, we have experienced numerous requests for commercial zoning in the past couple of years, which has force the board to draw a hard line against rezoning, especially from residential to commercial located in residential areas

The town would request that the county to deny the rezoning

Thanks again

Statements of Consistency and Reasonableness for Proposed Amendment to the Union County Zoning Map

The Union County Land Use Board recommended that the Union County Board of Commissioners deny the rezoning petition (CZ-2024-005) submitted by Karmyne Milton, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 11.958 acres appearing on the tax map as tax parcel 07-042-002A along Secrest Short Cut Road from R-20 to B-4 with Conditions.

CONSISTENCY AND REASONABLENESS STATEMENT FOR APPROVAL OF THE PROPOSED AMENDMENT (THE PROPOSAL IS CONSISTENT WITH THE CURRENT PLAN) (CZ-2024-005)

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the “Board”) does hereby find and determine that adoption of the proposed map amendment is consistent with the currently adopted Union County Comprehensive Plan (the “Plan”). The adoption of the proposed map amendment (i) takes into account the need to amend the zoning map to meet the needs of the community, and (ii) is reasonable and in the public interest because:

1. The proposed use is consistent with the Plan. The Plan’s Land Use Map identifies this area as in an Employment Corridor. The Plan provides that a variety of employment uses may be appropriate along an Employment Corridor. Dependent on location and adjacent facilities, the Plan sets forth that development uses that may be appropriate include distribution, logistics, aeronautics, industrial and agri-business. Retail uses, while not specifically listed in the non-exhaustive list of potential uses in the Employment Corridor overlay, would be complementary with other employment uses and consistent with the uses contemplated in an Employment Corridor in the Plan.
2. Flea markets are allowed in this district with a special use permit. The applicant has included all information required for special use approval with the conditional zoning map amendment application, in accordance with Section 80.050-G(3) of the Unified Development Ordinance of Union County, North Carolina.
3. The use will increase business opportunities and business and economic development in Union County, which is a goal of the Plan.
4. The use set forth under the conditions would meet Union County development standards.

**CONSISTENCY AND REASONABLENESS STATEMENT FOR DENIAL OF THE
PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE
CURRENT PLAN) (CZ-2024-005)**

Pursuant to N.C.G.S. § 160D-605, the Union County Board of Commissioners (the “Board”) does hereby find and determine that this rezoning petition is inconsistent with the Union County Comprehensive Plan (the “Plan”) and that denial of the proposed map amendment is reasonable and in the public interest because:

1. Although the proposed use is in an Employment Corridor as identified on the Plan’s Land Use Map, the Plan identifies certain examples of employment uses may be appropriate in an Employment Corridor. These examples of employment uses that may be appropriate include distribution, logistics, aeronautics, industrial, and agri-businesses. The particular retail use proposed here is materially different from, and inconsistent with, the types of uses contemplated in the Employment Corridor.
2. The proposed use will increase traffic along Secrest Short Cut Road. Traffic congestion is a noted concern in the Plan.
3. The commercial uses are immediately adjacent to existing residential uses, with a commercial use being of a markedly different characters from these immediately adjacent existing uses.

BOCC Motions for Proposed Amendment to the Union County Zoning Map (CZ-2024-005)

The Union County Land Use Board recommended that the Union County Board of Commissioners deny the rezoning petition CZ-2024-005, submitted by Karmyne Milton, requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 11.958 acres appearing on the tax map as tax parcel 07-042-002A along Secrest Short Cut Road from R-20 to B-4 with Conditions.

TO APPROVE THE PROPOSED AMENDMENT (THE PROPOSAL IS CONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Adopt the Ordinance Approving Revision to the Official Zoning Map of Union County, North Carolina, and (ii) adopt the consistency and reasonableness statement for approval.

TO DENY THE PROPOSED AMENDMENT (THE PROPOSAL IS INCONSISTENT WITH THE CURRENT PLAN)

Motion

(i) Deny rezoning petition CZ-2024-005 from Karmyne Milton; and (ii) adopt the consistency and reasonableness statement for denial.

ORDINANCE APPROVING REVISION TO THE OFFICIAL ZONING MAP OF UNION COUNTY, NORTH CAROLINA

WHEREAS, the Union County Board of County Commissioners (the “Board”) heretofore enacted the “Unified Development Ordinance of Union County, North Carolina,” including any amendments thereto (the “UDO”) and the official Union County Zoning Map (“Zoning Map”); and

WHEREAS, Union County has received rezoning petition (CZ-2024-005) submitted by Karmyne Milton (the “Applicant”), requesting a revision of the Union County Zoning Map by rezoning one parcel totaling 11.958 acres appearing on the tax map as tax parcel 07-042-002A along Secrest Short Cut Road from R-20 to B-4 with Conditions.

WHEREAS, the Union County Land Use Board considered and made a recommendation concerning approval or denial of the Rezoning Petition; and

WHEREAS, the Board has determined that approval of the Rezoning Petition and rezoning the subject parcels from R-20 to B-4 with Conditions is reasonable and in the public interest, including for those reasons set forth in the contemporaneously adopted consistency and reasonableness statement.

NOW, THEREFORE, BE IT ORDAINED by the Union County Board of Commissioners as follows:

1. The Zoning Map is hereby amended by rezoning the parcel appearing on the tax map as tax parcel 07-042-002A in the Vance Township from R-20 to B-4 with Conditions.
2. The conditions accepted by the Applicant are hereby approved and incorporated into the B-4 with Conditions rezoning of the parcel.
