

Sent on behalf of Dr. Tom Wroth, CEO of Community Care of North Carolina

June 21, 2024

Dear **Union County Health Department:**

I am pleased to inform you that Community Care of North Carolina, Inc. ("CCNC") has awarded your practice a one-time capacity building grant in the amount of **\$23,125.50** which represents \$13.50 per member as calculated based on your total April 2024 attribution of **1,713 members** as reported in the member files provided to CCNC by each of the Medicaid Prepaid Health Plans (PHP) for that month. As attribution rates vary from month to month, this attribution data was the most current and accurate data available. If your practice is a multi-site organization, please note that individual payments will be made at the location level.

Please note, this Capacity Grant Award letter is being sent to you as the Primary Business Contact for your practice and we encourage you to share with others in your organization that may need official notification of the grant.

The purpose of this grant is to further CCNC's charitable mission to improve the health and quality of life of all North Carolinians by building and supporting better community-based health care delivery systems and should be applied consistently therewith. Acceptable uses for these funds include, but are not limited to:

- Expanding access to care for the increasing Medicaid expansion population
- Offering extended hours and open access scheduling
- Purchasing equipment (e.g. vaccine storage, A1C machines, technology)
- Hiring staff to manage quality improvement
- Improving workflows to close care gaps and quality gaps
- Employing certified coder/risk coder
- Ensuring timely transitional care visits and care management referrals
- Other activities to drive value-based care performance improvement

Consistent with CCNC's tax-exempt status, grant funds may not be used for lobbying or partisan political activities.

This grant period will be one (1) year and the award will be made in a single payment by EFT, labeled "**Capacity Bldg Grant 2024**" on or before June 28, 2024. Your acceptance of these funds will constitute your agreement to use the funds for capacity-building purposes, such as those described above. Any funds remaining at the end of the grant period must be used for value-based care capacity building purposes.

Thank you for all that you continue to do for the health and quality of life of your patients.

Sincerely,

A handwritten signature in cursive script that reads 'TWroth'.

Tom Wroth, MD, MPH
President and CEO
