Introductory Section

November 6, 2025

To the Honorable Members of the Board of Commissioners, and Residents of Union County:

Introduction

I am pleased to provide the Board of County Commissioners and the residents of Union County the Annual Comprehensive Financial Report for the fiscal year ended June 30, 2025. The Annual Comprehensive Financial Report provides users with insight into the financial operations and condition of the County from the preceding fiscal year. In this document you will find financial statements, demographic and financial data, compliance reports, auditor's opinions, and other information.

The transmittal letter, which is not audited but reviewed by the auditors, provides context for the financial statements, and serves as a financial condition scorecard. The information included in the transmittal provides a bridge to the upcoming financial planning/budgetary cycle. It is the management's hope that the information in the transmittal letter provides a complete financial picture. The transmittal includes the compliance discussion, a county profile, a discussion of debt and fiscal indicators, management comments on the County's financial condition, upcoming events and major initiatives, and finally awards and acknowledgements.

Compliance Discussion

Laws of the State of North Carolina, along with policies and procedures of the North Carolina Local Government Commission, require all local governments in the State to publish a complete set of annual financial statements. The financial statements are presented in conformity with generally accepted accounting principles (GAAP) in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed certified public accountants. Pursuant to those requirements, I hereby issue the annual financial report of Union County (the County) for the fiscal year ended June 30, 2025.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, County management has established a comprehensive framework of internal controls that are designed to both protect the government's assets from loss, theft, or misuse and to compile sufficiently reliable information for the preparation of the County's financial statements. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of material misstatements. With management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Cherry Bekaert LLP, a firm of licensed certified public accountants, has issued an unmodified opinion on Union County's financial statements for the year ended June 30, 2025. The report of the independent auditor is located at the front of the financial section. The audit also meets the requirements of the Federal Single Audit Act Amendment of 1996, the State Single Audit Act, and N.C.G.S. §159-34. The reports required by these Acts are submitted as separate reports, which include the schedules of federal and state awards, findings and questioned costs, and the report of independent auditor's on internal control and compliance.

Management’s discussion and analysis (MD&A) immediately follows the report of independent auditor and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

County Profile

Union County, established in 1842, is in the south-central portion of North Carolina adjacent to Charlotte/Mecklenburg County and borders South Carolina. The County occupies approximately 643 square miles and serves an estimated 266,672 residents.

The County operates under a Commission-Manager form of government. The governing body of the County is the Board of County Commissioners, which formulates policies for the administration of the County. In addition, the Board annually adopts a balanced budget and establishes tax rates for the support of County programs. The Board consists of five commissioners, elected on a staggered basis for terms of four years.

The County Manager is appointed by and serves at the pleasure of the Board as the County’s Chief Executive Officer. The County Manager has appointive and removal authority over county employees. The County Manager is responsible for the daily operations of the County Government. In addition, the Manager’s responsibilities include implementation of policies established by the Board of County Commissioners, as well as the administration of the annual adopted budget.

The County provides a wide range of services including public safety, human services (Social Services, Health, Veterans' Services and Transportation), funding for education, cultural and recreational activities, and general administration. Additionally, the County owns and operates water, sewer, and solid waste systems. The annual financial report includes all funds of the County, and all activities considered to be a part of (controlled by or dependent on) the County.

The Board of County Commissioners adopts an annual budget for the fiscal year no later than July 1. The budget serves as the foundation for the County’s financial planning and fiscal control. As required by the North Carolina Budget and Fiscal Control Act, the Board of County Commissioners adopt an annual budget for all governmental and proprietary operating funds except those authorized by project ordinance, which are multi-year in nature.

Appropriations to the various funds are formally budgeted, in FY 2025 on a fund level by function and at the fund level for the special revenue funds, and on a program basis for capital project (multi-year) funds. The Board approves budget amendments that increase the total appropriation of any fund. For expenditure control purposes, the budget is monitored and controlled on a function, division and line-item level.

Local Economy

The overall economic indicators for the County reflect a positive trend. Union County is assigned a Tier 3 rating by the State of North Carolina, indicating lower economic distress and higher development potential. The County’s economy is navigating national headwinds with local strengths. The County’s low unemployment of , expanding job sectors, and stable real estate market position it well for continued growth, though inflation, interest rates, and policy uncertainty remain key variables to watch.

During the past ten years, the County has seen consistent growth in population. This is reflected in the consistently strong number of permits issued for residential and commercial construction projects. The permits for the current year are referenced in the Management’s Discussion and Analysis and detailed in the Statistical

Section of this report. Contributing to the County’s growth is its proximity to the City of Charlotte and Mecklenburg County, which contain the largest population in the State and comprise the major urban center of North Carolina’s piedmont crescent. The County’s diverse economic base and the interdependence of the Charlotte-Gastonia-Concord Metropolitan Statistical Area or MSA are major factors that have contributed to the County’s rapid growth during the previous decade.

Union County’s strong economic indicators reinforce its capacity to reliably fund essential public services, including law enforcement, education, fire protection, emergency medical response, libraries, and critical infrastructure such as water and sewer systems. The County’s current financial position remains stable and well-managed. However, leadership remains vigilant in monitoring economic trends. Should conditions shift unfavorably, the County is prepared to evaluate and implement corrective measures to ensure long-term fiscal sustainability and uninterrupted service delivery.

Long-Term Financial Planning

While the County is fiscally sound and has enough resources to withstand economic downturn, the County continues to have a relatively high debt burden. The impact of this can be seen in the debt service burden, with every dollar of operating revenue generated in the general fund, 14.30 percent goes toward debt service. This is compounded by the fact that the debt the County carries is largely on assets that it does not own.

The general government debt burden ratio has seen a reduction of 2.05 percent from 2021. This positive trend is reflective of the continued revenue growth in the County and the Board of County Commissioners’ conservative approach on issuing new debt. Based on the Board of County Commissioners’ adopted policy of adding additional tax rate to support new voter approved debt, the debt funds were created, and an ad valorem tax rate has been established to fund the debt service for the all-County general debt.

The Board continues to indicate that it will be vigilant in its policy consideration and focus on continued, strategic decisions that promote economic growth and manage the long-term liabilities of the County while continuing to focus on reducing the long-term debt portfolio and paying off debt. At the end of FY 2025, the County’s outstanding debt is \$775,796,000, a decrease from the FY 2024 outstanding debt of \$827,565,000. This decrease is due to principal payments made in FY 2025.

The debt per capita indicator measures the changes in long-term debt in relationship to the changes in population. In theory, the debt per capita information demonstrates each person in Union County’s fair share of the general government debt. The Debt Per Capita decreased by \$251 per person during the last year; confirming, the County’s outlook for debt remains positive.

Management Comments on Financial Condition

The indicators and financial data provided through the Annual Comprehensive Financial Report for the Year Ended June 30, 2025, provides a solid footing for the long-term financial planning of the organization. This information can help inform the Board of County Commissioner and management’s policymaking process. In addition, this information serves as an evaluative tool for other users of financial information and the financial markets. Several overarching comments or observations can be made concerning the County’s financial condition.

- The County’s ad valorem tax base is strong. While residential property is the largest component (approximately 76%), all indicators point to continued strong growth. The County completed a

countywide reappraisal effective January 1, 2025, which resulted in approximately a 60% increase in the ad valorem tax base. This will be reflected in the fiscal year 2026 tax billing. The continued strong growth and value indicates that the County will still have enough resources in the future to provide services and meet its obligations.

- The County’s expenditures are well managed. The Board of County Commissioners chose to remain at the current tax rate and minimize the growth in the services. This is evident in the limited growth in expenditures per capita. The Board has focused on adding services as service demand has presented itself, with the growth primarily occurring in public safety, human services, and education as well as general government departments focusing on safety and strategic management.
- The County has a strong working relationship with its community partners. Counties in North Carolina function as part of the governance environment. The County works with non-profits and other entities to provide economic development, fire services, emergency medical services, and hospital services. In addition, the County works closely, as a primary funding source, with Union County Public Schools and South Piedmont Community College. It’s through this intertwined approach that the County and these groups can provide efficient and effective services to the community and reduce duplications where possible.
- The County’s financial policy framework continues to strengthen its fiscal position. The Board of County Commissioners remains focused on implementing sound, sustainable financial practices. A key component of this strategy is the fund balance policy, which restricts the use of one-time revenues to one-time expenditures. While this approach may appear modest in scope, its long-term impact is substantial—ensuring that recurring operational costs are consistently supported by recurring revenue streams.
- The County’s debt portfolio is well managed. Through a combination of aggressively reworking the debt portfolio to minimize risk and interest cost and prudently issuing new debt, the County has seen its long-term government debt portfolio continue to remain positive. Comparing the long-term debt as a percentage of assessed value, the County has gone from 1.58 percent in FY 2020 to 1.01 percent in FY 2025. This indicates that the County has the capacity to issue new voter approved debt without negatively affecting its ability to pay.

Secondly, the commitment to fund the actuarially required contribution to the OPEB trust has a lasting influence on the employee legacy costs of the organization. The commitment to pay now, versus a pay-go strategy later, provides financial flexibility for future Boards and the County. This again demonstrates the continued commitment to the long-term sustainability of the organization.

These are just a few of the highlights from the Annual Comprehensive Financial Report. A wealth of financial operational information can be gleaned from the report. The common theme that is clear is the strong financial position of the County is a result of the commitment from the Board and management to fiscal prudent policy making and a commitment to the long-term financial sustainability of the organization.

Upcoming Events and Major Initiatives

Beyond the long-term financial planning and the look back at the financial results for FY 2025, several significant events and initiatives will occur during the upcoming year FY 2026.

- The general fund capital improvement projects adopted for FY 2026 includes continued funding to maintain existing facilities and provides capital funding for our public safety partners.
- In July of 2025 the County issued a two-thirds general obligation bond and issued voter approved general obligation bonds. The two-thirds bond will provide funding for renovations of the Judicial Center, Government Center and provide for additional general government space needs. The voter approved general obligation bond provides funding for South Piedmont Community College's Center for Entrepreneurship and for Union County Public Schools renovations of the old Forest Hills High School to become East Union Middle School and design for a new Parkwood High School.
- During FY 2026, Union County will begin designing to construct a new facility for the South Piedmont Regional Autopsy Center providing forensic pathology services that will serve Union County along with surrounding counties in the region. This is a regional effort with funding provided by the State of North Carolina for design and construction of the new facility.
- Union County is continuing work on the BARN project, a new facility to support agricultural start-up companies and agricultural producers/growers.
- The County funded the third and final phase of the Classification and Compensation Study, focusing on market adjustments to employee salaries.
- Union County Water continues to focus on infrastructure needs. Projects funded this year include Twelve Mile Creek Wastewater System Improvements, Catawba River Water Treatment Plant Improvements, and expanding the Union County Water Operations Center. The proposed FY 2026 budget also includes enhancements to current service levels, such as the addition of a Locator Crew to manage a growing number of service locate calls, and an After-Hours Repair Crew, which is expected to save the department approximately \$200,000 in overtime costs. Other proposed enhancements include: an Assistant Director for Business Operations for job continuity planning, a Construction Program Manager for the Engineering division, an additional Engineer position for the Planning and Resource Management division, and several additional personnel requests in the Water and Wastewater Operations division.

Additional information concerning new initiatives can be found on the, Union County's Budget Department webpage. <https://www.unioncountync.gov/government/departments-a-e/budget>

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Union County for its Annual Comprehensive Financial

Report for the fiscal year ended June 30, 2024. This is the 15th consecutive year in which the County has received this recognition. To be awarded a Certificate of Achievement, the government was required to publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfied both generally accepted accounting principles and applicable program requirements. The GFOA award is valid for a period of one year.

Each of the County's departments maintain a strong commitment to the goals, vision and mission statements of the County and this is reflected in its provision of services to the citizens of Union County. Finance appreciates the cooperation of all County departments in conducting financial activities, including the preparation of this report.

The successful preparation of the Fiscal Year 2025 Annual Comprehensive Financial Report reflects the dedication and expertise of Union County's Finance team. We extend our sincere appreciation to Ebru Cukro, Haley Smith, Kiara McClendon, Brady Chaffin, Shannon McDonald, Heather Howey, Mia Griffin, Ashley Steele, and John Buchanan for their continued contributions and their specific efforts in compiling and reviewing this year's report. Their commitment to excellence and fiscal transparency plays a vital role in supporting the County's financial integrity and stakeholder confidence.

Finance also wishes to express appreciation to the Board of County Commissioners, County Manager, Brian Matthews, Deputy County Manager, Patrick Niland, and Assistant County Manager, Clayton Voignier and for their continued support.

Respectfully submitted,

Beverly L. Liles

Report of Independent Auditor

To the Board of County Commissioners
Union County, North Carolina

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Union County, North Carolina (the "County") as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 21 to the financial statements, the County restated its beginning net position of the government-wide activities and fund balance for a non-major special revenue fund to reflect the correction of an error that occurred in the prior year. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying combining and individual fund financial statements and schedules and additional financial data, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and additional financial data are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended June 30, 2024 (none of which is presented herein), and we expressed unmodified opinions on those basic financial statements. Those audits were conducted for purposes of forming an opinion on the basic financial statements as a whole. The accompanying combining and individual fund financial statements and schedules, which include prior year comparative amounts, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2024 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*. In our opinion, the prior year comparative amounts in the accompanying combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects in relation to, the basic financial statements from which it has been derived.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 6, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

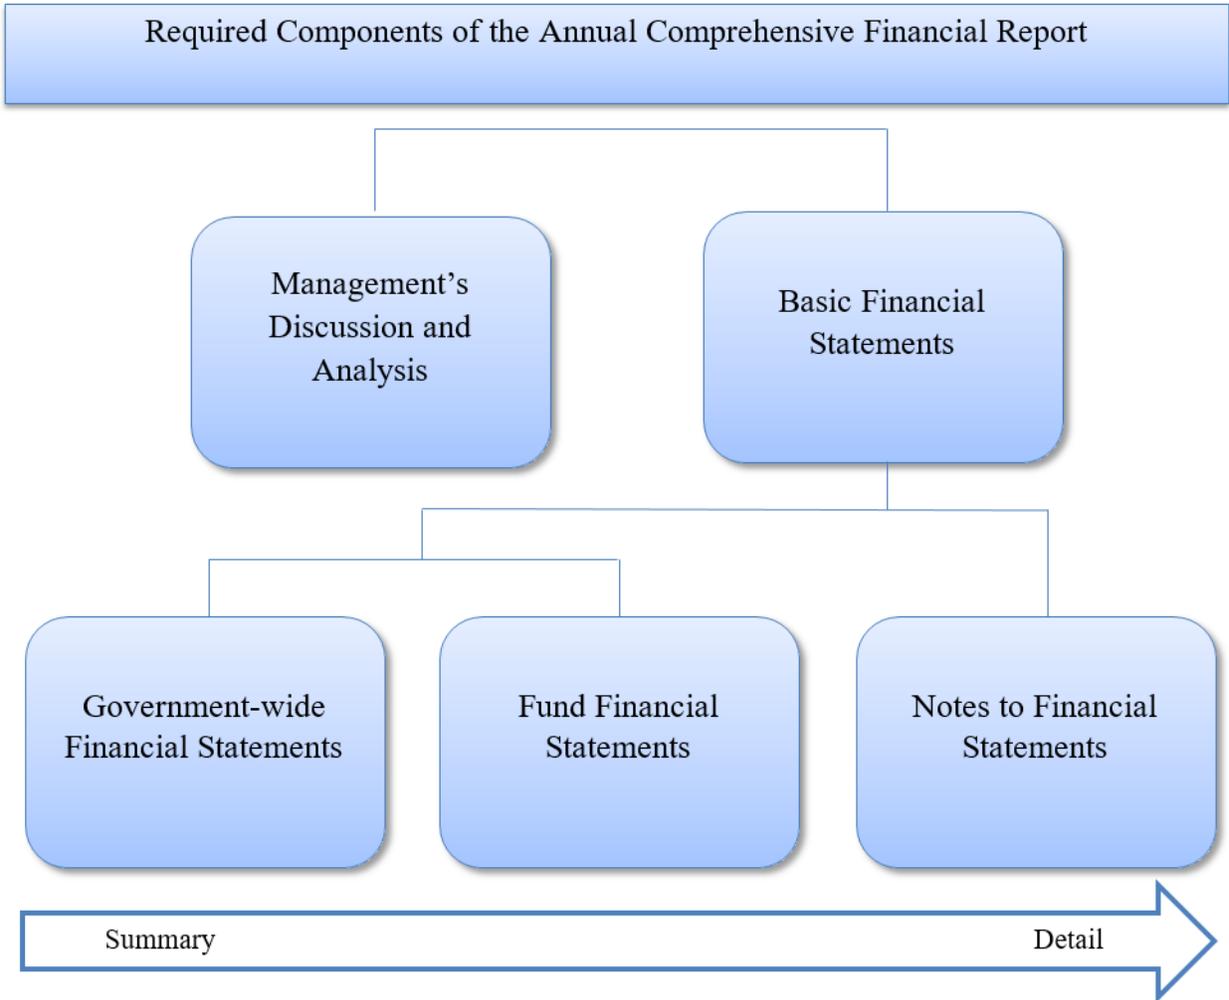

As management of Union County (the "County"), we offer readers of Union County's financial statements narrative overview and analysis of the financial activities of Union County for the fiscal year ended June 30, 2025. We encourage readers to read the information presented here in conjunction with additional information furnished in the letter of transmittal, which begins on page A3 of this report, and the County's financial statements, which follow this narrative.

Financial Highlights

- The assets and deferred outflows of resources exceeded the liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$413,516,257 (*net position*), a decrease of \$7,957,331.
- Union County's governmental activities' total net position reflected a deficit of \$97,525,120. In accordance with North Carolina general statutes, the County is financially responsible for funding school facilities and the issuance of any debt in connection with school facilities; however, since school assets are not reflected in the County's financial statements, school capital improvements are expended annually.
- At the close of the current fiscal year, Union County's governmental funds reported combined fund balances of \$265,961,971, a decrease of \$79,799,018 in comparison with the prior year. Approximately 8.8 percent of this amount \$23,397,531 is available for appropriation at the County's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, the unrestricted fund balance (the total of the *committed*, *assigned*, and *unassigned* components of *fund balance*) for the general fund was \$111,815,442, or approximately 29.4 percent of total general fund expenditures for FY 2025.
- Union County's total outstanding long-term debt decreased by \$59,757,000 or 6.5 percent during the current fiscal year. The key factors in this change in the debt balance were annual debt service payments during FY 2025.
- Union County maintained its ratings to Aaa/AAA/AAA on the general obligation bond ratings. Union County's enterprise system revenue bonds maintained its AA+/AA bond ratings from Standard & Poor's and Fitch, respectively.

Overview of the Financial Statements

The management's discussion and analysis are intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Union County.

Basic Financial Statements

The first two statements (Exhibits A & B) in the basic financial statements are the **Government-Wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits C through L) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, each of which are added together in separate columns on the basic financial statements. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The *statement of net position* presents financial information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide statements are divided into two categories: 1) governmental activities and 2) business-type activities. The governmental activities include most of the County's basic services such as public safety, human services, education, cultural and recreational, general government, and economic and physical development. Property taxes, local option sales taxes, and state and federal grant funds finance most of these activities. The business-type activities are those the County charges customers to provide. These include the water, sewer and solid waste services offered by Union County.

The government-wide financial statements are on Exhibits A & B of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Union County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or noncompliance) with finance-related legal requirements, such as the North Carolina General Statutes or the County's budget ordinance. All of the County's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps to determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the *Statement of Net Position* and the *Statement of*

Activities, Exhibits A and B) and governmental funds (Exhibits C and E) is described in reconciliations (Exhibits D and F) that are a part of the fund financial statements.

Union County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The *budgetary comparison statement* uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Union County maintains two different types of proprietary funds, Enterprise and Internal Service. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Union County uses enterprise funds to account for its water and sewer activity and solid waste activity.

Internal service funds are an accounting mechanism used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for health benefits, worker's compensation and property and casualty insurance. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer and Solid Waste operations. Conversely, the internal service funds are combined in a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds are provided in the form of combining statements, in the combining and individual fund statements and schedules section of this report.

The basic proprietary fund financial statements can be found in Exhibits H through J of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Union County maintains five different fiduciary funds. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the County's own programs. The accounting method used for fiduciary funds is much like that used for proprietary funds.

Union County maintains two different types of fiduciary funds; *pension trust funds* and *custodial funds*. Two *Pension Trust Funds* are used to report resources held in trust for qualified County retirees covered by the Special Separation Allowance Fund and the Other Post-employment Retiree Healthcare Benefits (OPEB) Fund.

The *Custodial Funds* report resources held by Union County in a custodial capacity for individuals, private organizations, or other governments. These funds include the Jail Inmate Fund, Municipal Tax Collection Fund, and Gross Rental Receipts Tax Fund.

The basic fiduciary fund financial statements can be found in Schedules 62 and 63 of this report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements begin on page C15 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain *required supplementary information* concerning Union County's progress in funding its obligation to provide special separation allowance benefits, pension benefits and other post-employment retiree healthcare benefits (OPEB) to its retired employees. Required supplementary information can be found beginning on page D-1 of this report.

The combining statements referred to earlier in connection with non-major governmental funds, internal service funds, and fiduciary pension trust and custodial funds are presented immediately following the required supplementary information on pensions and OPEB. Combining and individual fund statements and schedules can be found on Schedules 1 through 17 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial condition. The assets and deferred outflows of resources exceeded the liabilities and deferred inflows of resources by \$413,516,257 as of June 30, 2025. Reflected in the deferred outflows were contributions to the pension plans as well as deferred loss on refundings and deferred unamortized debt defeasances. Deferred Inflows reflected the pension plans, leases, and deferred gain on debt refundings. One of the largest portions, \$413,118,160, reflects the County's net investment in capital assets (e.g. land, buildings, machinery, equipment, vehicles, right to use assets and infrastructure) less any related outstanding debt that was issued to acquire those assets. The increase in capital assets in FY 2025 over FY 2024, is contributed to improvements to Public Safety improvements as well as recognizing right to use subscription assets. Also, contributing is construction on numerous projects and donation of water and sewer lines constructed for new developments. Union County uses capital assets to provide services to citizens; consequently, these assets are not available for future spending.

Although Union County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Union County's net position, \$71,068,744, represents resources that are subject to external restrictions on how they may be used. The remaining deficit balance of \$70,670,647 is unrestricted.

At the end of the current fiscal year, Union County reports a negative balance unrestricted category of net position for governmental activities and positive balances for business-type activities. The same situation held true in prior fiscal years.

	Net Position					
	June 30, 2025 and 2024					
	Governmental Activities		Business-type Activities		Total	
	2025	2024*	2025	2024	2025	2024

Total net position (2024 Restated)	\$ (97,525,120)	\$ (13,303,598)	\$ 511,041,377	\$ 448,668,951	\$ 413,516,257	\$ 435,365,353

**Restatement to FY2024 for correction of an error, see Note 21A & B

As with many counties in the State of North Carolina, the County's Governmental Activities deficit in unrestricted net position in the amount of \$273,053,871 is due primarily to the portion of the County's outstanding debt incurred for the Union County Board of Education (the "school") and South Piedmont Community College (the "community college"). Under North Carolina general statute, the County is responsible for providing capital funding for the school and community college systems. The County has chosen to meet its legal obligation to provide the systems' capital funding by using a mixture of County funds, general obligation debt and installment financing. The assets funded by the County, unless otherwise obligated, are titled to, and utilized by the school and community college systems. Since the County, as the issuing government, acquires no capital assets, the County has incurred a liability without a corresponding increase in assets.

Though the County has a negative unrestricted net position, the County's finances continue to be strong. The County's property tax collection rate is at 100%. During FY 2025, the County opened a new facility; the Union County Southwest Regional Library, spent down bond funds on several open projects, completed the Yadkin Regional Water Treatment Plant and entered into additional right to use assets for leases and subscriptions. These accomplishments increased the overall value in capital assets by \$44,972,816.

Long term liabilities decreased \$43,242,199 from FY 2024. This reflects the liabilities for the County's outstanding debt, County's pension plans including the Local Government Employees Retirement System with a net liability of \$63,916,763, OPEB with a net liability of \$75,572,778 and a net liability of \$14,792,958 in the Separation Allowance Fund. Other liabilities include accrued landfill post-closure care cost, grant funding due to other governments mainly from unspent American Rescue Plan Act funding. The deferred inflows in FY 2025 increased by \$12,478,802 compared to FY 2024. The majority of this increase reflects pension plan changes in assumptions, pension plan differences between expected and actual experiences.

The County's overall net position decreased \$21,849,096 from the prior fiscal year as restated. Key elements of this decrease are included below:

Union County, North Carolina Changes in Net Position June 30, 2025 and 2024						
	Governmental Activities		Business-type Activities		Total

Net position as of June 30	\$ (97,525,120)	\$ (13,303,598)	\$ 511,041,377	\$ 448,668,951	\$ 413,516,257	\$ 421,473,588

*Restatement to FY2024 for correction of an error, see Note 21A & B

Governmental Activities – During the current fiscal year, net position for governmental activities decreased by \$84,221,522 over restated F2024, to reach a negative balance of \$97,525,120. This is primarily due to previously mentioned increase in expenses in all functional programs. The most significant factor in the increase in expenses is personnel cost. An additional 34 full-time employees were added in FY 2025, and the County implemented the second phase of its classification and compensation plan to make market adjustments to employees salaries to help recruit highly qualified candidates and retain high-performing employees. In addition to the increase in salaries, the County implemented Governmental Accounting Standards Board (GASB) Statement 101 for Compensated Absences and had an increase in OPEB expenses related to a change to offer insurance to all employees that complete 20 consecutive years of service will be eligible to receive health insurance on the same basis as active employees once retired. Property taxes increased mainly due to new development and increases in values, compared to FY 2024 as the County continues to see significant growth, which offset some of the increase in expenses.

The majority of the County's expenses are related to education, \$228,898,675 (43.5 percent); public safety, \$129,619,494 (24.7 percent); and human services, \$80,253,669 (15.3 percent).

FY 2025 Program Revenues and Expenses - Government Activities

	General Government	Public Safety	Economic and Physical Development	Human Services	Culture and Recreation	Education	Interest on Long-Term Debt
Program Revenues	\$ 12,163,675	\$ 14,749,677	\$ 8,350,996	\$ 29,480,035	\$ 1,301,563	\$ 18,356,024	-
Expenses	\$ 44,067,108	\$ 129,619,494	\$ 11,509,257	\$ 80,253,669	\$ 13,928,898	\$ 228,898,675	\$ 17,468,740

Business-type Activities – For Union County’s business-type activities, the results for the current fiscal year were positive in that overall net position increased by \$62,372,426 to reach an ending balance of \$511,041,377. The FY 2025 budget reflected an increase of water and sewer revenue based on rate increase as well as a growing customer base that contributed to the necessary funding for capital and operations. Solid Waste saw an increase in charges for services over expenses during FY 2025.

The majority of the County’s business-type expenses are related to water and sewer, \$129,239,499 (90.9 percent) and solid waste, \$12,866,429 (9.1 percent). As noted in the governmental funds, increases in personnel and personnel costs were also significant in the business-type activities.

FY 2025 Program Revenues and Expenses - Business-type Activities			
	Water and Sewer		Solid Waste
Program Revenues	\$	177,161,296	\$ 14,087,883
Expenses	\$	129,239,499	\$ 12,866,429

Financial Analysis of the County’s Funds

As noted earlier, Union County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of Union County’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County’s financing requirements. In particular, unassigned fund balance (fund balance available for appropriation), may serve as a useful measure of a government’s net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, Union County itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by Union County’s Board of Commissioners.

At June 30, 2025, Union County’s governmental funds reported combined fund balances of \$265,961,971, a decrease of \$79,799,018 in comparison with the prior year as restated. Approximately 8.8 percent of this amount \$23,397,531 constitutes *unassigned fund balance*, which is available for appropriation at the Board of County Commissioners’ discretion. The remainder of the fund balance is either *nonspendable*, *restricted*, *committed*, or *assigned* to indicate that it is 1) nonspendable and not in a spendable form \$11,260 2) restricted to specific purposes as imposed by law \$112,014,003 3) committed amounts that can be used only for the

specific purposes determined by a formal action of the Board of County Commissioners \$76,746,600, or 4) assigned and intended to be used for specific purposes \$53,792,577.

Governmental Funds Components of Fund Balance for the Fiscal Year Ended June 30, 2025 and 2024		
	2025	2024*
Nonspendable	\$ 11,260	\$ 70,090
Restricted (2024 Restated)	112,014,003	184,813,646
Committed	76,746,600	71,513,449
Assigned	53,792,577	73,961,288
Unassigned - other	23,397,531	15,402,516

*Restatement to FY2024 for correction of an error, see Note 21A & B

The General Fund is the chief operating fund of Union County. At the end of the current fiscal year, the County's unassigned fund balance of the General Fund was \$22,551,919, while total fund balance decreased by \$1,916,236, from \$151,997,735 to \$150,081,499. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures.

The Board of Commissioners has determined that the County should maintain an available reserved fund balance of 20 percent of total expenditures including regular inter-fund transfers in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. As of June 30, 2025 the County has a fund balance (based on committed, assigned, and unassigned) of 29.4 percent of general fund expenditures, while total fund balances represent 39.5 percent of that same amount.

General Fund Components of Fund Balance for the Fiscal Year Ended June 30, 2025 and 2024		
	2025	2024
Nonspendable	\$ 11,260	\$ 70,090
Restricted	38,254,797	37,155,303
Committed	76,746,600	71,513,449
Assigned	12,516,923	25,177,750
Unassigned - other	22,551,919	18,081,143

During fiscal year 2025, Union County appropriated unassigned fund balance for one-time expenditures and an overall increase in expenditures as noted earlier. Local Option Sales Tax collections increased slightly over prior year. Ad Valorem collections were higher than estimated.

The General Special Revenue Fund saw an increase of \$208,992 in the overall fund balance in FY 2025. The majority of this increase is related to an increase in grant funding.

The fund balance of the General Capital Project Fund, a major fund, had a net decrease of \$79,857,684 to \$103,560,268. There were \$108,628,268 of capital and related expenditures during the current fiscal year. There were \$23,023,499 in transfers from other governmental funds.

Proprietary Funds – Union County’s proprietary funds provide the same type of information found in the government-wide statements but in more detail.

Unrestricted net position of the Water and Sewer Fund at the end of the year was \$193,110,402; an increase of \$16,355,838. The overall net position of the Water and Sewer Fund increased by \$60,337,670 to \$495,136,046. A portion of the net position, net investment in capital assets increased by \$44,064,278 to \$301,730,312.

Unrestricted net position of the Solid Waste Fund at the end of the year was \$9,674,672; an increase of \$2,572,022. The increase in the unrestricted net position is related to an increase in revenue collections.

General Fund Budgetary Highlights

Original Budget Compared to Final Budget – During the year the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

The General Fund final budget for expenditures increased \$14,102,904 primarily due to increases in public safety ,program expenses for salaries as well as transfers to other funds for capital outlay. The General Fund final budget for revenue increased by \$2,177,668, primarily due to an expected increase in grant revenue.

Final Budget Compared to Actual Results – The most significant differences between estimated revenues and actual revenues were as follows:

FY 2025 General Fund Revenue Compared to Estimates			
	Estimated	Actual	Differences
Ad valorem taxes	\$ 240,778,067	\$ 247,329,501	\$ 6,551,434
Local option sales tax	72,833,751	73,187,411	353,660
Other taxes and license	4,525,000	4,034,104	(490,896)
Intergovernmental	50,127,803	45,935,639	(4,192,164)
Permits and fees	5,057,724	7,014,645	1,956,921
Sales and services	7,255,745	8,665,436	1,409,691
Investment earnings	3,635,000	9,659,207	6,024,207
Miscellaneous	8,142,060	9,659,151	1,517,091

Ad valorem taxes collected over the estimated budget amount were due to discoveries and conservative budgeting during FY 2025. The trends in local option sales tax collected increased slightly compared to prior year trends. It is anticipated that local option sales tax trends will continue to see minimal growth across the State of North Carolina, intergovernmental revenues were collected at less than estimated revenues due to unspent grant funding programs mainly within health and human services, investment earnings were higher than expected as rates remained mostly unchanged.

Capital Assets and Debt Administration

Capital Assets – Union County’s investment in capital assets for its governmental and business-type activities as of June 30, 2025, amounts to \$896,621,939 (net of accumulated depreciation). This investment in capital assets includes land, buildings, machinery, equipment, vehicles, park facilities, right to use leased assets, right to use subscription assets and water and wastewater infrastructure. The total increase in capital assets for the current fiscal year was approximately 5.3 percent.

Union County, North Carolina Capital Assets (net of depreciation)						
	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Land	\$ 23,634,785	\$ 21,424,623	\$ 9,850,609	\$ 8,895,834	\$ 33,485,394	\$ 30,320,457
Buildings	116,966,316	120,583,641	9,396,449	9,690,230	126,362,765	130,273,871
Improvements	3,586,635	2,833,954	604,226,112	586,984,459	607,812,747	589,818,413
Machinery and equipment	16,248,456	13,761,253	5,823,991	5,943,321	22,072,447	19,704,574
Construction in progress	5,855,132	3,641,316	93,900,217	71,049,416	99,755,349	74,690,732
Right to use leases	1,203,733	1,447,729	46,219	66,364	1,249,952	1,514,093
Right to use subscriptions	4,310,161	4,516,023.00	1,573,124	810,960	5,883,285	5,326,983.00
Total Capital Assets	\$ 171,805,218	\$ 168,208,539	\$ 724,816,721	\$ 683,440,584	\$ 896,621,939	\$ 851,649,123

Major capital asset transactions during the year include:

- Purchase and replacement of public safety vehicles and related mobile data equipment; and replacement of transportation, water and sewer operations, and solid waste operations vehicles
- Finalized construction of Southwest Union Library
- Continuation of engineering, design and construction of 762 Zone Elevated Storage Tank
- Continuation of construction of Short Water Line Extensions
- Continuation of engineering, design and construction of Twelve Mile Creek sewer system expansion
- Continuation of engineering, design and construction of 853 West Pressure Zone improvements
- Continuation of construction of Yadkin River Water Supply water system improvements

Additional information on Union County’s capital assets can be found in Note 5 of this report.

Long-Term Financing – At the end of the current fiscal year, the County had total long-term financing liabilities of \$827,565,000 Of this amount, \$385,927,000 is debt backed by the full faith and credit of the government. The remainder of Union County’s long-term obligations is comprised of certificates of participation, installment financing, limited obligation bonds, revenue bonds, right-to-use leases, and subscription based information technology agreements.

Union County, North Carolina Long-term Financings							
	Governmental Activities		Business-type Activities		Total		
	2025	2024	2025	2024	2025	2024

Subscription Liabilities	\$ 3,982,008	\$ 4,299,293	\$ 1,361,473	\$ 687,868	5,343,481	4,987,161	
Total	\$ 415,955,154	\$ 459,223,087	\$ 437,419,593	\$ 451,070,387	\$ 853,374,747	\$ 910,293,474	

Union County’s total outstanding principal financing debt decreased by \$56,918,727 during the past fiscal year. The change is due to annual debt service payments.

As mentioned in the financial highlights section of this document, Union County maintained its ratings of Aaa/AAA/AA on the general obligation bonds. The Enterprise System Revenue bond rating for the County was maintained at AA+ from Standard & Poor's Corporation and at Aa1/AA from Fitch Ratings and Moody's Investment Services at Aa2/Aa1. The bond rating is a clear indication of the sound financial condition of Union County. Union County is one of the few counties in the country that maintains high financial ratings from all major rating agencies. This achievement is a key factor in keeping interest costs low on the County’s outstanding debt.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government’s boundaries. The legal debt margin for Union County is \$2,895,057,320.

Additional information regarding Union County’s long-term debt can be found in Note 14 of this report.

Economic Factors and Next Year’s Budgets and Rates

- The following economic factors currently affect Union County and were considered during the development of the FY 2026 budget and rates:
- North Carolina’s statewide unemployment rate (not seasonally adjusted) was 4.0 percent in June 2025, increasing slightly from the June 2024 revised rate of 3.9 percent.
- The North Carolina unemployment rate has been stable during the first half of 2025 at 4.0 percent. Projections are mixed for the remainder of 2025 with some sources predicting a potential increase of about a 0.50 percent, by December 2025
- North Carolina real GDP is forecast to increase by 2.1 percent over the 2025 level. This would be the sixth consecutive year of GDP growth. All fifteen of the state’s economic sectors are expected to experience output increases in 2026. The sectors with the strongest expected growth rates are information with a projected increase of 3.9 percent, followed by agriculture with an increase of 3.8 percent, mining with an increase of 3.5 percent and construction with an increase of 2.6 percent.

- North Carolina establishments are forecasted to add 80,850 new jobs during the 2026 year. a net increase of 1.6 percent.
- During fiscal year 2025 there were 390 commercial, and 4,228 residential construction permits issued county-wide, compared to fiscal year 2023 of 375 commercial and 4,037 residential permits: showing an increase in the residential number of permits. It is anticipated that the number of residential permits for 2026 would remain relatively flat with current housing market trends.

Budget Highlights for the Fiscal Year Ending June 30, 2026

Countywide, for FY 2026, estimated revenues and expenditures, including debt service expenditures, are anticipated to increase by 7.3 percent, or about \$42.2 million, going from \$578.1 million to \$620.3 million.

Governmental Activities – Ad Valorem Taxes and Local Option Sales Tax provide the largest portion of funding for Union County. Ad Valorem Taxes are estimated to generate \$264.7 million in FY 2026 largely due to steady growth in the housing market as new residents prove Union County to be a community of choice. This is an increase of 2.4 percent over the FY 2025 amount of \$244.1 million. The tax rate for FY 2026 was set to 43.42 cents. This year was a revaluation year for the County, and the 43.42 rate represents 1.82 cents over the revenue neutral tax rate. Local sales tax is estimated to increase from the 2025 budget by \$3.6 million in FY 2025, an increase of 5 percent.

The Adopted FY 2026 General Fund Budget, as mentioned earlier, includes an increase over prior year's budget for operations and enhancements including increasing staff, establishing a Deputy Sheriff Cadet training program, second phase of class and compensation adjustments, implementing an unmanned aerial vehicle (drone) program and establishing a joint swift water emergency management response program with the City of Monroe. The Education Budgetary Operating Fund will see an increase of more than \$10 million. This increase in total expense is mainly due to increased funding to Union County Public School that will fund increases to insurance and utility costs, salary and benefit increases, required increase for charter school payments, and year one of a five-year phased plan to have a School Nurse at every school. The Economic Development fund increases are attributable to hiring two additional staff members for the County to have its own Economic Development department.

Business-type Activities – Enterprise charges provide most revenue sources for business type activities. Enterprise charges for water and wastewater are expected to increase by \$8.0 million in FY 2026 or 9% as a result of rate increases. Expenditures for water and wastewater are budgeted to increase by approximately. 9.4% mainly as a result of additional personnel, class and compensation adjustments. The FY 2026 budget for Solid Waste reflects an 11.3 percent increase over the FY 2025 adopted budget. This rise in expenditures is balanced by anticipated increases in fee revenue for FY 2026 The budget includes several fee adjustments designed to keep up with inflation, establish a more resilient revenue structure, support capital improvement, and build an operating reserve equivalent to 180 days of expenses.

It is important to note, as in previous years, the enterprise revenues are used only in the operations of the enterprises and are not used to fund general County operations.

Request for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or request for additional information should be directed to Beverly Liles, Finance Director/Chief Financial Officer, Union County, 500 N. Main Street, Monroe, North Carolina. You can also call (704)-283-3813, visit our website at www.unioncountync.gov, or send an email to finance@unioncountync.gov for more information.

**Reconciliation of the Balance Sheet of Governmental Funds to the
Statement of Net Position**

June 30, 2025

Amounts reported for governmental activities in the statement of net position are different because:

Ending fund balance - governmental funds	\$ 265,961,971
Capital assets in governmental activities are not financial resources and, therefore, are not reported in the funds.	171,805,218
Other long-term assets, related to the net pension asset, are not current financial resources and therefore are deferred in the funds.	348,375
Other long-term assets, \$11,186,982 of opioid settlement receivables and \$488,801 related to property taxes receivable that are not current financial resources and therefore are deferred in the funds.	11,675,783
Deferred gains on advance refunding, deferred inflows.	(3,845,334)
Deferred loss on advance refunding, deferred outflows.	11,102,142
Deferred accrued interest on lease receivables are not current financial resources and therefore are deferred in the funds.	1,932,753
Contributions to pension plans in the current fiscal year are deferred outflows of resources.	12,882,703
Internal service funds are used by management to charge the costs of health and dental insurance to individual funds. The current assets and liabilities are included in governmental activities in the statement of net position.	79,787
Internal service funds are used by management to charge the costs of workers' compensation to individual funds. The current assets and liabilities are included in governmental activities in the statement of net position.	1,836,268
Internal service funds are used by management to charge the costs of property and casualty insurance to individual funds. The current assets and liabilities are included in governmental activities in the statement of net position.	1,013,429
Internal balance due from Business-Type Activities to Governmental Activities.	401,850
OPEB related deferrals.	(12,295,542)
Pension related deferrals.	17,681,671
Long-term liabilities that are not due in the current period and therefore are not reported in the funds:	
Compensated absences	(12,505,298)
Net other postemployment benefits	(64,542,173)
Net pension liability for LGERS	(54,914,166)
Net pension liability for separation allowance	(13,866,401)
Leases payable and accrued interest	(1,231,634)
Subscription based agreements payable and accrued interest	(4,065,555)
Arbitrage rebate liability payable	(6,348,569)
Bonds and installment financing payable and accrued interest	(420,632,398)
Net position of governmental activities	<u>\$ (97,525,120)</u>

**Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds to the
Statement of Activities**

For the Year Ended June 30, 2025

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ (79,799,018)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.	3,596,679
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds as follows:	
Deferred property taxes	16,831
Opioid settlement revenues	(1,580,930)
Government funds report accrued interest receivable on lease as a deferred inflow. However, in the Statement of Activities these transaction are eliminated and reflection as an increase in revenue.	(29,675)
Revenues in the statement of activities from internal service funds' investment earnings.	285,830
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	42,689,341
Contributions to the pension plans in the current fiscal year are not included on the statement of activities.	12,882,703
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(58,664,549)
Accrued interest payable related to lease agreements	(174)
Accrued interest payable related to subscriptions agreements	5,509
The internal service fund, determined to be governmental fund type, is used by management to charge the costs, net of investment earnings, of health and dental insurance program.	(4,163,471)
The internal service fund, determined to be governmental fund type, is used by management to charge the costs, net of investment earnings, of workers' compensation program.	461,000
The internal service fund, determined to be governmental fund type, is used by management to charge the costs, net of investment earnings, of property and casualty insurance program.	78,402
Change in net position of governmental activities	<u>\$ (84,221,522)</u>

The notes to the financial statements are an integral part of this statement.

Union County, North Carolina

Notes to the Financial Statements

For the Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Union County, North Carolina (the "County") and its component units conform to generally accepted accounting principles (GAAP) as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a five-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10 (hereinafter references to the North Carolina General Statutes will be cited as G.S.). As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. The County has determined that it has three blended component units, although legally separate entities, which are, in substance, a part of the County's operations.

Union County Industrial Facilities and Pollution Control Financing Authority

Union County Industrial Facilities and Pollution Control Financing Authority ("Authority") is a component unit of the County and exists to issue revenue bond debt of private business for economic development purposes. The Authority is governed by a seven-member board, all of whom are appointed by the County Board of Commissioners ("Board"). The Board can remove any Authority member with or without cause. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. The Authority does not issue separate financial statements.

Union County Public Facilities Corporation

The Union County Public Facilities Corporation (the "Corporation") is a component unit of the County and exists to issue or refund certain types of debt. The Corporation is governed by a three-member board, all of whom are appointed by the Union County Board of Commissioners. The Board of Commissioners also retains the authority to remove any member of the Corporation's board, with or without cause. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. The Authority does not issue separate financial statements.

Union County Water and Sewer District

Union County Water and Sewer District (the "District") is a municipal corporation created on January 3, 2017, pursuant to the authority set forth in Article 6 of Chapter 162A of the North Carolina General Statutes. Pursuant to generally accepted accounting principles, the District is considered a blended component unit of Union County.

The governing body of the District is the Union County Water and Sewer District Board of Governors ("Board of Governors"). Pursuant to N.C.G.S. § 162A-9, the Board of Governors, as the District's governing body, is the Union County Board of Commissioners. The District is subject to the Local Government and Fiscal Control Act.

The District has operated the County's Water and Sewer system operations under the name Union County Public Works, setting certain rate and fee schedules, and performing other functions as set forth in an interlocal agreement between the District and the County (approved by the Board of County Commissioners on February 20, 2017, and the District's Board of Governors on April 17, 2017). During

the October 17, 2022, Union County Board of Commissioners meeting the Board adopted a resolution to abolish the Union County Water and Sewer District as of July 1, 2023 and was closed off the general ledger in fiscal year 2024. The fiscal year 2025 statements will only show this Budget and Actual statement for comparative information for the year ending June 30, 2024.

B. Basis of Presentation

Government-Wide Statements: The statement of net position and the statement of activities display information about the primary government net position (Union County). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. Interfund activities between the governmental activities and the business-type activities have not been eliminated. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues, such as investment earnings, are ancillary activities.

The County reports the following major governmental funds:

General Fund – This is the County's primary operating fund. The General Fund accounts for all financial resources of the general government except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, sales taxes, federal and state grants, and various other taxes and licenses. The primary expenditures are for general government, public safety, human services, education and debt service. The General Fund includes the Debt Service Budgetary Fund, Education Operating Budgetary Fund, Education Debt Service Budgetary Fund and the Economic Development Fund. Portions of the county-wide tax rate are also budgeted to the Debt Service Budgetary Fund and Education Debt Service Budgetary Fund to cover principal payments, interest payments and service fees on general obligation bonds approved by voters. The Economic Development fund was created to appropriate funding for economic development debt service requirements and future economic development projects.

General Capital Project Fund – The sources of this fund are primarily transfers from the General Fund and general obligation bonds which are expended for capital asset acquisition, improvement and construction of various governmental projects, and funds for recurring capital contributions for educational purposes and facilities.

General Special Revenue Fund – The sources of this fund are primarily revenues from multi-year special revenues such as federal and state grants or special purpose revenues. The fund also accounts for the transactions related to the American Rescue Plan Funds.

The County reports the following major enterprise fund:

Water and Sewer Fund – This fund accounts for the County’s water and sewer operations. The Water and Sewer Capital Project Fund and the Union County Water and Sewer System Development Fees Capital Reserve Fund are consolidated with the Water and Sewer Fund (the operating fund) for financial reporting purposes.

The County reports the following nonmajor enterprise fund:

Solid Waste Fund – The Solid Waste Fund accounts for the County’s solid waste operations. The Solid Waste Capital Reserve Fund is a reserve established by the County to accumulate the funds necessary to cover the post closure care costs that will be incurred by the landfill in the future. The Solid Waste Capital Reserve Fund is consolidated with the Solid Waste Fund (the operating fund) for financial reporting purposes.

Additionally, the County reports the following fund types:

Special Revenue Funds - Special Revenue Funds account for specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The County maintains twenty-seven Special Revenue Funds including eighteen Fire District Funds, the Fee Supported Fire Districts Fund, the Emergency Telephone System Fund, the General Special Revenue Fund, the DSS Representative Payee Fund, the Automation Enhancement Fund, the Fines and Forfeitures Fund, the Civil Fees Fund, the Opioid Settlement Fund and the Reappraisal Fund.

Capital Project Funds - Capital Project Funds account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Proprietary Funds are used to account for the County’s business-type activities. The County reports the Water and Sewer Fund as a major enterprise fund, and the Solid Waste Fund as non-major enterprise fund. Proprietary funds also include the following fund types:

Internal Service Funds - Internal Service Funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the government, on a cost reimbursement basis. The County has three Internal Service Funds: the Health Benefits Fund (which includes dental benefits), the Workers’ Compensation Fund, and the Property and Casualty Fund. The Health Benefits Fund accounts for the accumulation and allocation of costs associated with insurance for employee, retirees (under 65 years of age), and family medical and dental claims. The Workers’ Compensation Fund accounts for the costs associated with workers’ compensation claims. The Property and Casualty Fund, acting as a self-insurance fund for property and casualty claims, provides for premium payments and losses. County departments contribute funding to the Property and Casualty Fund through an allocation or internal service charge based on the individual department’s relative risk of loss and its proportional cost of premiums.

Fiduciary Funds account for the assets held by the County in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. Fiduciary Funds include the following funds:

Pension Trust Fund - The County maintains two Pension Trust Funds - the Special Separation Allowance Fund and the Other Post-employment Retiree Healthcare Benefits (OPEB) Fund. Pension

Trust Funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, or other post-employment benefit plans. The Special Separation Allowance Fund is a single-employer, public employee retirement system. The resources in the Special Separation Allowance Fund have been set aside to pay future obligation of the Special Separation Allowance and are held in a trust that is required by GAAP. For reporting purposes, the measurement date for the Special Separation Allowance Trust is December 31st. The resolution to establish the Separation Allowance Trust was approved by the Board of County Commissioners and funded in June 2017 for the fiscal year ending June 30, 2017 (reporting date). The Other Post-employment Retiree Healthcare Benefits Fund accounts for a portion of the County's contributions to the net OPEB obligation for healthcare coverage provided to qualified retirees.

Custodial Funds - These funds are custodial in nature and uses the economic resources measurement focus. Custodial Funds are used to account for assets the County holds on behalf of others. The County maintains three Custodial Funds: the Jail Inmate Fund, which accounts for monies deposited and held for individual inmates in the Union County Jail; the Municipal Tax Collection Fund, which accounts for registered motor vehicle property taxes that are billed and collected by the County for various municipalities within the County; and the Gross Rental Receipts Tax Fund, which accounts for municipalities that levy a local tax on gross receipts derived from the short-term lease or rental of vehicles at retail to the general public, which serves as a substitute to the ad valorem tax previously levied on such property.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-Wide, Proprietary, Fiduciary Fund and Custodial Financial Statements. The government-wide, proprietary fiduciary and custodial fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary fund and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water and Sewer Fund, Solid Waste Fund and the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have

matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases and IT subscriptions are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year.

Those revenues susceptible to accrual are sales taxes and certain intergovernmental revenues, both collected and held by the state at year-end on behalf of the County. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

D. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, Allens Crossroad Fire District, Bakers Fire District, Beaver Lane Fire District, Fairview Fire District, Griffith Road Fire District, Hemby Bridge Fire District, Jackson Fire District, Lanes Creek Fire District, New Salem Fire District, Providence Fire District, Sandy Ridge Fire District, Springs Fire District, Stack Road Fire District, Stallings Fire District, Unionville Fire District, Waxhaw Fire District, Wesley Chapel Fire District, Wingate Fire District, Fee Supported Fire Districts, Emergency Telephone System, DSS Representative Payee Fund, Automation Enhancement Special Revenue Fund, Fines and Forfeitures Fund, Reappraisal Fund and Civil Fees Fund; Business Type Activity Funds (operating funds), Pension Trust, and Internal Service Funds. All annual appropriations lapse at fiscal year end. Project ordinances (multi-year budgets) are adopted for the General Special Revenue Fund, Opioid Settlement Special Revenue Fund, General Capital Project Fund, the Solid Waste Capital Project Fund, and the Water and Sewer Capital Projects Fund which is consolidated with the Water and Sewer Fund (enterprise operating fund) for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the function level for the General Fund; at the fund level for Special Revenue and Enterprise Funds; and at the program level for the Capital Projects Fund. The County Manager is authorized by resolution to transfer appropriations between function appropriations, within the same fund, without limitation. The County Manager is also authorized to transfer personnel compensation pay plan adjustments, limited to the amount approved by the Board of County Commissioners in the original budget ordinance for the fiscal year, and insurance appropriations both contained in non-departmental to the benefiting departments without limitation. The County Manager is authorized to appropriate funds identified as restrictions or assignments of fund balance as reflected in the financial statements. The County Manager is also authorized to appropriate funds for grant applications authorized by or grant agreements accepted by the governing body thereby increasing the total appropriation for the fund. The County Manager reports to the governing body all budget ordinance transfers, appropriations and adjustments on a monthly basis. During the year, several budget amendments to the original budget became necessary. Budget data presented in the financial statements represent the final authorized amounts as of June 30, 2025. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Deposits and Investments

All deposits of the County are made in board-designated official depositories and are secured as required by G.S. 159-31. The County may designate as an official depository any bank or savings association whose principal office is located in North Carolina. Also, the County may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States, obligations of the State of North Carolina, bonds and notes of any North Carolina local government or public authority, obligations of certain non-guaranteed federal agencies, certain high quality issues of commercial paper and bankers' acceptances, and the North Carolina Capital Management Trust ("NCCMT").

General Statute 159-30.1 allows the County to establish an Other Post-employment Benefit (OPEB) Trust managed by the staff of the Department of the State Treasurer and operated in accordance with State laws and regulations. It is not registered with the SEC and G.S. 159-30(g) allows the County to make contributions to the Trust. The State Treasurer, in their discretion, may invest the proceeds in equities of certain publicly held companies and long or short term fixed income investments as detailed in G.S. 147-69.2(b)(1-6) and (8). Funds submitted are managed in three different sub-funds: the State Treasurer's Short Term Investment Fund (STIF) consisting of short to intermediate treasuries, agencies and corporate issues authorized by G.S. 147-69.1, the Bond Index Fund (BIF) consisting of high quality debt securities eligible under G.S. 147-69.2(b)(1)-(6), and BlackRock's MSCI ACWI EQ Index Non-Lendable Class B Fund authorized under G.S. 147-69.2(b)(8).

At June 30, 2025 Union County's Irrevocable OPEB Trust had \$79,244,995 invested in the Ancillary Governmental Participant Investment Program (AGPIP) established by the NC Department of State Treasurer (NCDST), pursuant to G.S. 159-30.1. The AGPIP Program may invest in public equities and both long-term and short-term fixed income obligations as determined by the State Treasurer pursuant to the General Statutes. At year-end, the Union County's Irrevocable OPEB Trust was invested as follows: Short Term Investment Fund (STIF) 25%, which is reported as cash and cash equivalents; Bond Index Fund (BIF) 40% and Equity Index Fund (EIF) 35% (the equities were split with 64.67% in domestic securities and 35.33% in international securities).

At June 30, 2025 Union County's Separation Allowance Trust had \$7,846,161 invested in the Ancillary Governmental Participant Investment Program (AGPIP) established by the NC Department of State Treasurer (NCDST), pursuant to G.S. 159-30.1. The AGPIP Program may invest in public equities and both long-term and short-term fixed income obligations as determined by the State Treasurer pursuant to the General Statutes. At year-end, the Union County's Separation Allowance Trust was invested as follows: Short Term Investment Fund (STIF) 100%, which is reported as cash and cash equivalents.

The County's investments are carried at fair value as determined by quoted market prices.

The North Carolina Local Government Investment Pool (NCLGIP) and North Carolina Capital Management Trust (NCCMT) is a SEC registered money market mutual fund allowable by G.S. 159-30(c)8. The NCCMT Government Portfolio, which invests in treasuries and governmental agencies, is a money market mutual fund (2a-7) and maintains an AAAM rating from S&P and AAAMf by Moody's Investor Service. The NCCMT Government Portfolio is reported at fair value.

Ownership of the STIF is determined on a fair market valuation basis as of fiscal year-end in accordance with the STIF operation procedures. TIF investments are valued by the custodian using Level 2 inputs which in this case involves inputs - other than quoted prices - included within Level 1 that are either directly or indirectly observable for the asset or liability. The STIF is valued at \$1 per share. The STIF portfolio is unrated and had a weighted average maturity at June 30, 2025 of 2.1 years. Under the

authority of G.S. 147-69.3, no unrealized gains or losses of the STIF are distributed to participants of the fund.

Ownership of the BIF is determined monthly at fair value using the same Level 2 inputs as the STIF and is based upon units of participation. Units of participation are calculated monthly based upon inflows and outflows as well as allocations of net earnings. On June 30, 2025 the BIF, which does not have a credit rating, was valued at \$1 per unit and had an average maturity of 8.11 years.

The BlackRock's MSCI ACWI EQ Index Non-Lendable Class B fund, authorized under G.S. 147-69.2(b)(8), is a common trust fund considered to be commingled in nature. The Fund's fair value is the number of shares times the net asset value as determined by a third party. At June 30, 2025, the fair value of the funds was \$44.333857 per share. Fair value for this Blackrock fund is determined using Level 1 inputs which are directly observable, quoted prices (unadjusted) in active markets for identical assets or liabilities.

Cash and Investments

The County pools monies from several funds, except the Social Services Fund, Sheriff's Civil Fee Fund and the Jail Inmate Fund to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The County considers demand deposits and investments with a maturity date of ninety days or less at time of purchase to be cash and cash equivalents.

2. Restricted Assets

The unexpended debt proceeds of the General Fund and the Water and Sewer Fund are due to bonds issued by the County which are classified as restricted assets because their use is completely restricted to the purpose for which the bonds were originally issued. Customer deposits held by the County before any services are supplied and those held as account security deposits are restricted to the services for which the deposits were collected. The restricted assets of the General Capital Project Fund are unexpended recurring capital contributions, from the General Fund, for educational purposes and facilities of the Union County Board of Education. The restricted assets of the General Special Revenue Fund and the Opioid Settlement Fund are unexpended funds, which are restricted for the purpose of drug enforcement programs and other multi-year grant programs.

Restricted Cash and Investments

Governmental Activities:

General Capital Project Fund	2019A general obligation bond construction	\$	6,871,700
General Capital Project Fund	2019B general obligation bond construction		208,852
General Capital Project Fund	2019C general obligation bond construction		2,697,162
General Capital Project Fund	2022 general obligation bond construction		8,353,782

Water and Sewer Fund	2019A revenue bond debt service reserve		56,364
Water and Sewer Fund	2021 revenue bond debt service reserve		171,794
Water and Sewer Fund	Customer deposits		1,812,384
			<u>2,107,716</u>

Solid Waste Fund	Customer deposits		<u>30,000</u>
------------------	-------------------	--	---------------

Total Restricted Cash and Investments		\$	<u>80,434,483</u>
---------------------------------------	--	----	-------------------

3. Ad Valorem Taxes Receivable and Deferred Revenues

In accordance with G.S. 105-347 and G.S. 159-13(a), the County levies ad valorem taxes on property, other than motor vehicles, on July 1, the beginning of the fiscal year. These taxes are due on September 1 (lien date); however, interest and penalties do not accrue until the following January 6, when property taxes attach as enforceable liens. The taxes are based on the assessed values as of January 1, 2024.

4. Lease Receivable

The County's lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is recognized on a straight-line basis over the term of the lease. Any variable payments are reported as inflows when received.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories and Prepaid Items

The inventories of the County are valued at cost (first-in, first-out), which approximates market. The inventory of the County's Enterprise Funds consists of materials and supplies held for consumption. The cost is recorded as an expense when the inventory is consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures as used rather than when purchased.

Capital Assets

Purchased or constructed capital assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value at the date of donation. Capital assets, which include property, plant, intangible assets, right to use leases, right to use subscription based information technology, and equipment, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 (amount not rounded) and an estimated useful life in excess of two years. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. The County has set a capitalization threshold to recognize the right to use lease and subscriptions assets that have a total asset balance of \$100,000 or more.

The County holds title to certain Union County Board of Education properties that have not been included in the County's capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Union County Board of Education.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Furniture and equipment	5-10
Computer software (intangible)	5-10
Vehicles	4-5
Land Improvements	20-30
Buildings	25-40
Building Improvements	7-30
Plant Distribution, Collection	25
Water rights (intangible)	40

The right to use assets are initially measured at an amount equal to the initial measurement of the related liability plus any payments made prior to the term, less any incentives, and plus ancillary charges necessary to place the underlying asset into service. The right to use assets are amortized on a straight-line basis over the life of the related arrangement.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net assets that applies to future periods and so will not be recognized as an expense or expenditure until then. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net assets that applies to future periods and so will not be recognized as revenue until then.

8. Long-term Obligations (Debt)

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. The Water and Sewer Fund's revenue bond and general obligation bond debt service requirements are being met by water and sewer revenues, but the County's taxing power is pledged to make the general obligation debt service payments if water and sewer revenues should ever be insufficient.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources.

9. Compensated Absences

The County recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee) during or upon separation from employment. Based on the criteria listed, three types of leave qualify for liability recognition for compensated absences - *compensatory time*, *vacation*, and *sick leave*. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because an employee resigns or retires. The liability for compensated absences includes salary-related benefits, where applicable.

Compensatory Time

The compensatory time policy for overtime hours worked provides for time off in lieu of immediate overtime pay for covered nonexempt employees at the option of the County Manager. Time off may be accrued at the rate of one and one-half hours for each hour of overtime worked. The maximum compensatory time that may be accrued by an eligible employee shall be 480 hours (320 actual overtime hours) for nonexempt law enforcement and detention employees and 240 hours (160 actual overtime hours) for all other nonexempt employees. Once the maximums have been met, overtime compensation will be paid for any additional overtime hours worked. Vacation leave, holiday leave and compensatory time are fully vested when earned.

Vacation

The vacation policy of the County provides for the accumulation of up to thirty (30) days earned vacation leave which are eligible for payment at the employee's current pay rate upon separation from employment.

Sick Leave

The County's sick leave policy provides for an unlimited accumulation of earned but unused sick leave. All sick leave lapses when employees leave the employ of the County and, upon separation from service, no monetary obligation exists. However, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences.

10. Opioid Settlement Funds

In April 2022, drug manufacturer Johnson & Johnson, and three drug distributors, McKesson, AmerisourceBergen, and Cardinal Health, finalized a \$26 billion-dollar nationwide settlement related to multiple opioid lawsuits. These funds will be disbursed to each participating state over an 18-year period according to an allocation agreement reached with all participating states. The majority of these funds are intended for opioid abatement, and the distribution of the funds will be front loaded.

North Carolina's Memorandum of Agreement (MOA) between the state and local governments for the settlement funds allocates the funds as follows:

- 15% directly to the State ("State Abatement Fund")
- 80% to abatement funds established by Local Governments ("Local Abatement Funds")
- 5% to a County Incentive Fund.

Per the terms of the MOA, the County created a special revenue fund, the Opioid Settlement Fund, to account for these funds. All funds are to be used for opioid abatement and remediation activities. Funds are restricted until expended. As of June 30, 2025, funds of \$1,740,004 have been expended. The MOA offered the County two options of expending the funds. The County opted for Option A, which allows the County to fund one or more high-impact strategies from a list of evidence-based strategies to combat the opioid epidemic.

11. Reimbursements for Pandemic-related Expenditures

In FY 2021, the American Rescue Plan Act (ARPA) established the Coronavirus State and Local Fiscal Recovery Funds to support urgent COVID-19 response efforts and replace lost revenue for the eligible state, local, territorial, and tribal governments. The County was allocated \$46,589,799 of fiscal recovery funds to be paid in two equal installments. The first installment of \$23,294,900 was received in June 2021. The second installment was received in June 2022. County staff and the Board of Commissioners have elected to use \$10,000,000 of the ARPA funds for revenue replacement, \$13,539,197 for rehiring public sector staff, \$3,602,313 for COVID mitigation, \$17,498,289 in strategic investments in County services, and \$1,950,000 in administration.

12. Net Position / Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through State statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-spendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories and Prepaid Balances - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories and prepaid balances, which are not spendable resources.

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or as imposed by law through constitutional provisions or enabling legislation.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that was designed to improve and maintain the fiscal health of local government units. Restricted by State statute ("RSS"), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute." *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.* RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Grants and Contributions - portion of fund balance that is restricted by revenue source as delineated in the following tables by function and purpose.

Committed Fund Balance - Portion of fund balance that can only be used for specific purposes imposed by majority vote of the County's Board of Commissioners. Any changes or removal of specific purposes requires majority action by the Board of Commissioners. Such formal action may be in the form of an ordinance and may only be modified or rescinded by a subsequent formal action.

Committed for Reserves - General Fund - As part of the adopted budget ordinance, the Board of County Commissioners established a twenty percent fund balance reserve requirement. Twenty percent is based on the general fund expenditures excluding debt service payments. This commitment is reaffirmed annually in the County's adopted budget ordinance.

Assigned Fund Balance - portion of fund balance that the County governing board has budgeted.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body can approve these appropriations. Also, a resolution approved June 20, 2005 authorizes the County Manager, or his/her designee, to transfer appropriations between line item expenditures within a departmental appropriation and fund without limitation. The County Manager may also transfer amounts between departmental appropriations within the same fund. The County Manager is authorized to increase appropriations in the annual operating funds for carryovers representing contract balances, purchase order encumbrances and designations for special projects and purposes as reflected in the audit report.

Assigned for General Capital Project Fund - portion of fund balance that has been budgeted by the board for various projects as delineated in the following table by function and purpose.

Unassigned Fund Balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. The General Fund is the only fund that reports a positive unassigned fund balance amount.

The County's standard practice when an expenditure is incurred for purposes which both restricted and unrestricted fund balance is available, the restricted funds should be spent first, followed in order by committed funds, then assigned funds, and finally unassigned funds, if available, unless the Board has provided otherwise in its commitment or assigned actions.

The following table provides the detailed fund balance information for fund balance amounts in Exhibit C:

Fund balances:	Major			Non-major	Total Governmental Funds
	General Fund	General Capital Project Fund	General Special Revenue Fund	Other Governmental Funds	
Nonspendable:					
Prepaid items	\$ 11,260	\$ -	\$ -	\$ -	\$ 11,260

Total	<u>\$ 150,081,499</u>	<u>\$ 103,560,268</u>	<u>\$ 2,648,768</u>	<u>\$ 9,671,436</u>	<u>\$ 265,961,971</u>

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted fund balances available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

State law [G.S. 159-13(b)(16)] restricts the appropriation of fund balance to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances and deferred revenues arising from cash receipts, as these amounts stand at the close of the fiscal year next preceding the budget year.

Union County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that the fund balance policy level is at least equal to or greater than 20% of the adopted General Fund budgets. This policy is adopted annually on the adoption of the Budget Ordinance. Any portion of the General Fund unassigned fund balance above the fund balance policy level of 20% of the combined budgeted expenditures may be appropriated for one-time expenditures or to reduce long-term liabilities.

The County has also adopted fund balance targets for the maintenance of adequate fund balance, which is necessary to provide working capital, funds for unanticipated expenditures, funds for capital expenditures in advance of their reimbursement from debt proceeds and other revenue sources. The Water and Sewer Operating Fund target fund balances are estimated at 365 days cash on hand, as measured by unrestricted cash and investments minus non-GAAP liabilities divided by operating expense. General Fund and Water and Sewer Operating Fund fund balances in excess of target levels will be transferred to capital reserve funds to provide equity resources to fund the County's capital improvement plan or will be used to redeem outstanding debt.

15. Defined Benefit Pension and OPEB Plans

The County participates in two cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System ("LGERS") and the Registers of Deeds' Supplemental Pension Fund ("RODSPF") collectively the "state-administered defined benefit pension plans". The County also administers a single employer defined benefit plan; the Special Separation Allowance (for Law Enforcement and eligible General class employees) and a single employer defined benefit plan; the Other Post-employment Retiree Healthcare Benefits plan (OPEB). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans' fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments are reported at fair value.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes reconciliation between fund balance - total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. Long-term liabilities that are not due and payable in the current period, that do not require current resources to pay and therefore, are not recorded in the funds are a part of this reconciliation. Included in these liabilities are bonds and installment financing principal payments, leases payable, subscription payable and related accrued interest payable.

Description	Amount
Bonds and installment financing principal payments	\$ (415,955,154)
Accrued interest payable - bonds	(4,677,244)
Bond and installment financing payable and accrued interest	<u>\$ (420,632,398)</u>
Leases payable	\$ (1,230,528)
Accrued interest payable - leases	(1,106)
Leases payable and accrued interest	<u>\$ (1,231,634)</u>
Subscription based agreements payable	\$ (3,982,008)
Accrued interest payable - subscriptions	(83,547)
Subscription based agreements payable and accrued interest	<u>\$ (4,065,555)</u>

B. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities.

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$4,422,504 as follows:

Description	Amount
Capital outlay and right-to-use assets expenditures recorded in the fund statements but capitalized as assets in the statement of activities	\$ 16,614,321
Depreciation/amortization expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements	(12,829,541)
Loss on disposal of assets	(188,101)
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. The details of these differences are as follows:</p>	
Principal payments on debt	39,799,000
Debt issuance premium amortization	3,468,933
Debt issuance deferred inflows of gain amortization	753,756
Issuance of lease liability	(296,512)
Issuance of subscription liability	(1,391,229)
Debt issuance refunding loss	(1,013,397)
Defeasance amortization over remaining life of debt	(873,687)
Lease principal expense	533,962
Subscriptions principal expense	1,708,515
Accrued interest payable related to lease and subscription agreements	5,335
<p>Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements.</p>	
Difference in interest expense between fund statements (modified accrual) and government-wide statements (full accrual)	474,893
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources	(4,454,465)
Arbitrage rebate	(1,598,638)
County's portion of collective pension expense	(17,255,500)
County's other post employment benefit expense	(35,830,839)
Contribution to the pension plan in the current fiscal year	12,882,703
<p>Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.</p>	
Reversal of deferred tax revenue recorded at 7/1/24	(1,098,604)
Recording of tax receipts deferred in the fund statements as of 6/30/25	707,014
Decrease in accrued taxes receivable for year ended 6/30/25	408,421
Accrued interest receivable on leases	(29,675)
Opioid settlement revenues	(1,580,930)
Internal service funds' net investment earnings	285,830
Health and dental insurance costs, net of investment earnings	(4,163,471)
Workers' compensation costs, net of investment earnings	461,000
Property and casualty costs, net of investment earnings	<u>78,402</u>
Net adjustment to increase net changes in fund balances-total governmental funds to arrive at changes in net position-governmental activities	<u>\$ (4,422,504)</u>

NOTE 3 - DEPOSITS AND INVESTMENTS

The County pools cash resources into a centralized cash account (Central Depository) to facilitate the management of cash and maximize investment income. The Central Depository is used by all funds except the Social Services Fund, Sheriff's Office Civil Fee Fund and the Jail Inmate Fund and the portion of the Other Postemployment Retiree Healthcare Benefits (OPEB) Pension Trust Fund that has not yet been remitted to the OPEB Trust managed by the staff of the Department of the State Treasurer (as explained in Note 1. E. 1.). Each fund owns a pro rata share of the cash and investments, and the amount applicable to a particular fund is readily identifiable. Allocation of investment income is made to each fund based on its pro rata share.

The Social Services Fund, the Union County Sheriff's Office Civil Fees Fund and the Jail Inmate Fund monies are each held in official depositories of the County in separate accounts for the benefit of certain individuals.

All of the County's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's agent in the County's name. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County, these deposits are considered to be held by the County's agent in the County's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County does not have policies regarding custodial credit risk for deposits.

At June 30, 2025, the County's deposits had a carrying amount of \$22,307,698 and a bank balance of \$21,595,382. Of the bank balance, \$487,735 was covered by federal depository insurance and \$21,107,647 in interest bearing deposits were covered by collateral held under the Pooling Method. Also, at June 30, 2025, the County had \$11,270 cash on hand.

As of June 30, 2025, the County had the following investments and maturities.

Investment Type	Valuation Measurement Method	Fair Value	Less Than 6 Months	6 - 12 Months	1 - 3 Years	3 - 5 Years
NC Cash Management Trust - Government Portfolio	Fair Value - Level 1	\$ 359,399,653	\$ 359,399,653	\$ -	\$ -	\$ -
North Carolina Investment Pool	Fair Value - Level 1	33,241,339	33,241,339	-	-	-
US Treasuries	Fair Value - Level 1	22,687,663	-	-	-	22,687,663
US Government Agencies	Fair Value - Level 1	29,272,843	450,855	7,419,532	14,419,301	6,983,155
Total		<u>\$ 444,601,498</u>	<u>\$ 393,091,847</u>	<u>\$ 7,419,532</u>	<u>\$ 14,419,301</u>	<u>\$ 29,670,818</u>

All investments are measured using the market value approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy. Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level Two debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The cash and investments described above include those recorded in the County's Statement of Net Position (\$559,318,679) and Custodial Funds (\$815,736).

Also, at June 30, 2025, the Special Separation Allowance Pension Trust Fund deposits had a carrying amount and bank balance of \$7,846,161 as shown on the Statement of Fiduciary Net Position.

Also, at June 30, 2025, the Other Post-employment Retiree Healthcare Benefits (OPEB) Pension Trust Fund deposits had a carrying amount and bank balance of \$79,244,995 as shown on the Statement of Fiduciary Net Position.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits investments to maturities of no more than five years. Also, the County's investment policy requires purchases of securities to be laddered with staggered maturity dates and limits all securities to a final maturity of no more than five years.

Credit Risk. The County limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs); however, the County has no formal policy on managing credit risk. As of June 30, 2025, the County had no investment in commercial paper. The North Carolina Capital Management Trust (NCCMT) is a SEC registered money market mutual fund that is certified by the Local Government Commission under the provisions of G.S. 159-30(c)8 and the North Carolina Administrative Code, Title 20, Chapter 03, Section .0700. The Government Portfolio is a 2a7 fund that invests in treasuries, government agencies, and repurchase agreements collateralized by treasuries. It is rated AAAM by S&P and AAA-mf by Moody's Investor Services and is reported at fair value. The North Carolina Investment Pool (NCIP or Pool) is a commingled local government investment pool established to invest idle funds in various short-term investments in accordance with NC G.S. 159-30(c)(10). The County's investment in the North Carolina Investment Pool carried a AAAM by Standard & Poor's and AAAMmf by Fitch as of June 30, 2025. As of June 30, 2025, the County's investments in US Treasuries and US Agencies (Federal Home Loan Bank, Federal Farm Credit Bank, Fannie Mae and Freddie Mac) are rated AA+ by Standard & Poor's, AA+ by Fitch Ratings, and Aa1 by Moody's Investors Service.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no investments with custodial credit risk. The County has no policy on custodial credit risk.

Concentration of Credit Risk – Cash and Investments. The County has adopted a policy stating that of total cash and investments, the County places a limit of 10 percent on the amount that the County may invest in any one issuer of commercial paper, no more exposure than 25 percent in commercial paper, and no limitations on Federal Agencies. At June 30, 2025, the County was not holding more than 10 percent of the total cash and investments portfolio in any one issuer of commercial paper.

Concentration of Credit Risk – Investments. As of June 30, 2025, the County was not holding more than 5% of the County's investments in US Agencies.

At June 30, 2025, the County's Other Post-employment Retiree Healthcare Benefits (OPEB) Pension Trust Fund had \$79,244,995 invested in the State Treasurer's Local Government Other Post-Employment Benefits (OPEB) Trust Fund pursuant to G.S. 159-30.1. The amount, valued at fair market value, represents a portion of the County's contribution to the net OPEB liability. The State Treasurer's OPEB Trust may invest in public equities and both long-term and short-term fixed income obligations as determined by the State Treasurer pursuant to the General Statutes. At year-end, the County's OPEB Trust was invested as follows: State Treasurer's Short-Term Investment Fund (STIF) 19.69%; State Treasurer's Bond Index Fund (BIF) 29.52%; State Treasurer's Equity Index Fund (EIF) 50.79%.

Interest Rate Risk: The County does not have a formal investment interest rate policy that manages its exposure to fair value losses arising from increasing interest rates.

Short Term Investment Fund (STIF) investments are measured at fair value by the custodian using Level 2 inputs. The STIF is valued at \$1 per share. The STIF portfolio is unrated and had a weighted average maturity on June 30, 2025 of 2.1 years.

Bond Index Fund (BIF) does not have a credit rating, was valued at \$1 per unit, and had an average maturity of 8.11 years on June 30, 2025.

The Equity Index Fund (EIF) is a common trust fund considered to be commingled in nature. On June 30, 2025, the net asset value was \$44.333857 per share. Fair value for this fund is determined using Level 1 inputs.

Credit Risk: The County does not have a formal investment policy regarding credit risk for the OPEB Pension Trust Fund invested in the State Treasurer's Local Government OPEB Trust Fund. The STIF is unrated and authorized under NC General Statute 159-30(c)(8). The State Treasurer's STIF is invested in highly liquid fixed income securities consisting primarily of short to intermediate treasuries, agencies, and money market instruments. The BIF is unrated and authorized under NC General Statute 147-69.1 and 147-69.2. The State Treasurer's BIF is invested in high quality debt securities eligible under G.S. 147-69.2(b)(1)-(6).

Valuation technique: North Carolina Department of State Treasurer OPEB Trust investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

NOTE 4 - RECEIVABLES

A. Receivables and Allowances for Doubtful Accounts

Receivables and their associated allowance for doubtful accounts at the government-wide level at June 30, 2025, were as follows:

	Accounts	Taxes and Related Accrued Interest	Total
Governmental Activities:			
General	\$ 29,345,859	\$ 2,927,228	\$ 32,273,087
Capital Projects	1,935,010	-	1,935,010
Major Special Revenue	533,372	-	533,372
Non-Major Special Revenue	13,624,613	-	13,624,613
Internal Service	1,365,286	6,686	1,371,972
Total Receivables	<u>46,804,140</u>	<u>2,933,914</u>	<u>49,738,054</u>
Allowance for doubtful accounts	-	(27,912)	(27,912)
Total-governmental activities	<u>\$ 46,804,140</u>	<u>\$ 2,906,002</u>	<u>\$ 49,710,142</u>
Business-type Activities:			
Water and Sewer	\$ 14,864,638	\$ -	\$ 14,864,638
Solid Waste	1,312,369	-	1,312,369
Total Receivables	<u>16,177,007</u>	-	<u>16,177,007</u>
Allowance for doubtful accounts	(962,787)	-	(962,787)
Total-business-type activities	<u>\$ 15,214,220</u>	<u>\$ -</u>	<u>\$ 15,214,220</u>

B. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, the County may tax agriculture, horticulture, and forestland at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Fiscal Year	Tax Year	Tax	Interest	Total
2021	2020	\$ 7,490,120	\$ 430,682	\$ 7,920,802
2022	2021	7,292,237	419,304	7,711,541
2023	2022	7,249,148	416,826	7,665,974
2024	2023	7,105,137	408,545	7,513,682
2025	2024	7,009,502	403,046	7,412,548
		<u>\$ 36,146,144</u>	<u>\$ 2,078,403</u>	<u>\$ 38,224,547</u>

C. Lease Receivables

Union County's lease receivable is measured at the present value of lease payments expected to be received during the lease term. Under the lease agreement, the County receives predetermined lease payments. These payments are recorded as an inflow of resources in the period the payment is received. This includes lease payments related to the hospital space leased to Atrium Health.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is recognized on a straight-line basis over the term of the lease.

<u>Fiscal Year</u>	<u>Lease Payment</u>	<u>Interest Income</u>	<u>Lease Revenue</u>
2026	\$ 6,222,610	\$ 3,865,507	\$ 2,357,103
2027	6,284,836	3,804,623	2,480,213
2028	6,284,836	3,740,559	2,544,277
2029	6,284,836	3,674,840	2,609,996
2030	6,284,836	3,607,424	2,677,412
2031-2035	31,675,574	16,953,421	14,722,153
2036-2040	31,992,330	14,934,503	17,057,827
2041-2045	32,312,253	12,597,774	19,714,479
2046-2050	32,635,376	9,899,580	22,735,796
2051-2055	32,961,729	6,790,327	26,171,402
2056-2061	39,962,827	3,381,657	36,581,170
Total	<u>\$ 232,902,043</u>	<u>\$ 83,250,215</u>	<u>\$ 149,651,828</u>

NOTE 5 - CAPITAL ASSETS

Capital asset activity for the governmental activities for the year ended June 30, 2025 was as follows:

	Beginning Balances	Additions	Retirements & Adjustments	Transfers	Ending Balances
Governmental activities:					
Capital assets not being depreciated/amortized:					
Land	\$ 21,424,623	\$ 2,210,162	\$ -	\$ -	\$ 23,634,785
Construction in progress	3,641,316	5,798,582	-	(3,584,766)	5,855,132
Total capital assets not being depreciated	<u>25,065,939</u>	<u>8,008,744</u>	<u>-</u>	<u>(3,584,766)</u>	<u>29,489,917</u>
Capital assets being depreciated/amortized:					
Other improvements	8,979,240	1,028,369	-	-	10,007,609
Buildings	181,032,087	827,037	25,875	1,010,796	182,844,045
Furniture and equipment	43,708,373	1,687,333	27,609	2,372,398	47,740,495
Vehicles	20,803,585	3,162,150	964,272	201,572	23,203,035
Computer software	910,583	-	-	-	910,583

NOTE 7 - PENSION PLAN OBLIGATIONS

A. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State's ACFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in

active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2024, was 15.04% of compensation for law enforcement officers and 13.63% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$13,859,434 for the year ended June 30, 2025.

Refunds of Contributions. County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the County reported a liability of \$63,916,763 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. The total pension liability was then rolled forward to the measurement date of June 30, 2024 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At the measurement date of June 30, 2024, the County's proportion was 0.948%, which was an decrease of 0.030% from its proportion measured as of June 30, 2023.

For the fiscal year ended June 30, 2025, the County recognized a pension expense of \$18,941,545. At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 11,200,637	\$ 75,309
Net difference between projected and actual earnings on pension plan investments	8,689,446	-
Changes in proportion and differences between County contributions and proportionate share of contributions	156,400	1,189,543
County contributions subsequent to the measurement date	13,859,434	-
Total	<u>\$ 33,905,917</u>	<u>\$ 1,264,852</u>

\$13,859,434 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2026	\$ 5,823,268
2027	12,165,151
2028	1,775,742
2029	(982,530)
Total	<u>\$ 18,781,631</u>

Actuarial Assumptions. The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 8.25 percent
Investment rate of return	6.50 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer), and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The mortality rates also contain a provision to reflect future mortality improvements. The actuarial assumptions used in the December 31, 2022 were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2024 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	33.0 %	2.4 %
Global Equity	38.0 %	6.9 %
Real Estate	8.0 %	6.0 %
Alternatives	8.0 %	8.6 %
Opportunistic Fixed Income	7.0 %	5.3 %
Inflation Sensitive	6.0 %	4.3 %
Total	<u>100.0 %</u>	

The information above is based on 30-year expectations developed with the consulting actuary for the asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.76%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 6.50%, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50%) or 1-percentage-point higher (7.50%) than the current rate:

	1% Decrease (5.50%)	Discount Rate (6.50%)	1% Increase (7.50%)
County's proportionate share of the net pension liability (asset)	\$ 113,262,376	\$ 63,916,763	\$ 23,323,210

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

B. Special Separation Allowance

Description

The County administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified employees. The Separation Allowance was enacted by the General Assembly on January 1, 1987 for law enforcement officers. The Union County Board of Commissioners extended this benefit to all County employees effective July 1, 1990. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the employee for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Separation Allowance is reported in the County's report as a pension trust fund. The Separation Allowance does not issue separate financial statements. The net position and change of net position for the Separation Allowance Trust as of June 30, 2025 is as follows:

	<u>Statement of Fiduciary Net Position</u>
ASSETS	
Investments:	
Separation Allowance Trust Fund	\$ 7,831,040
Total Assets	<u>7,831,040</u>
Net Position	
Separation Allowance Trust Fund	\$ 7,831,040
Total Net Position	<u><u>7,831,040</u></u>
<u>Changes in Net Position</u>	
ADDITIONS	
Employer Contributions	\$ 2,981,045
Net investment income	<u>320,784</u>
Total Additions	<u>3,301,829</u>
DEDUCTIONS	
Benefits	\$ 1,772,203
Total Deductions	<u>1,772,203</u>
Change in net position	<u>1,529,626</u>
NET POSITION	
Beginning	<u>6,301,414</u>
Ending	<u>\$ 7,831,040</u>

Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. General Statute 159.30.2 authorizes a local government to establish and fund an irrevocable trust for the purpose of paying special separation allowance benefits for which the unit of local government is liable. The County established an irrevocable trust for the Separation Allowance plan on June 6, 2016.

The eligibility of local law enforcement officers for special separation allowance shall be determined in accordance with North Carolina General Statute 143-166.42. All permanent full-time and permanent part-time County employees employed before July 1, 2013 are covered by the Separation Allowance. To qualify for the allowance the employee must have completed 30 years or more of creditable service or have attained 55 years of age and completed five or more years of creditable service; and not have attained 62 years of age; and have completed at least five years of continuous service preceding a service retirement.

Discount Rate

The discount rate used to measure the total pension liability as of December 31, 2024 (measurement date) was 4.28%. Since the Separation Allowance assets are not invested, the discount rate used is equal to the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating AA/Aa or higher. The index used for this purpose is the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2024.

The projection of cash flows used to determine the discount rate assumed that the employer would contribute the actuarially determined contribution in the future. The long-term expected rate of return on pension plan investments is assumed to be 4.28% annually.

Net Pension Liability

The components of the net pension liability of the County as of June 30, 2025 are as follows:

Total pension liability	\$ 21,460,271
Plan fiduciary assets	6,667,313
Net pension liability	<u>\$ 14,792,958</u>
Plan fiduciary assets as a percentage of total pension liability	31.07%

At June 30, 2025, the County reported a net pension liability of \$14,792,958. The net pension liability was measured as of December 31, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. The total pension liability was then rolled forward to the measurement date of December 31, 2024.

For the fiscal year ended June 30, 2025, the County recognized pension expense in the amount of \$2,647,780. As of the December 31, 2024 measurement date, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,772,991	\$ -
Changes of assumptions and other inputs	390,986	1,850,849
Net difference between projected and actual earnings on plan investments	197,725	-
Employer contributions subsequent to the measurement date	1,011,247	-
Total	<u>\$ 4,372,949</u>	<u>\$ 1,850,849</u>

\$1,011,247 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an decrease of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	Deferred Outflows of Resources	Deferred Inflows of Resources	Amount recognized in Pension Expense as an increase or (decrease) to Pension
2026	\$ 1,259,834	\$ 824,574	\$ 435,260
2027	972,510	741,540	230,970
2028	769,303	197,375	571,928
2029	360,055	87,360	272,695
2030	-	-	-
Total	<u>\$ 3,361,702</u>	<u>\$ 1,850,849</u>	<u>\$ 1,510,853</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan, calculated using the discount rate of percent, as well as what the Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease 3.28%	Current Discount Rate 4.28%	1% Increase 5.28%
Net pension liability	\$ 16,458,806	\$ 14,792,958	\$ 13,272,568

Changes in the Net Pension Liability

	Total Pension Liability	Plan Net Position	Net Pension Liability
Balance as of December 31, 2023	\$ 20,295,344	\$ 5,118,983	\$ 15,176,361
Changes for the year:			
Service Cost	643,346	-	643,346
Interest	780,511	-	780,511
Difference between expected and actual experience	1,757,592	-	1,757,592
Changes of assumptions or other inputs	(451,368)	-	(451,368)
Contributions - employer	-	2,896,542	(2,896,542)
Net investment income	-	216,942	(216,942)
Benefits paid	(1,565,154)	(1,565,154)	-
Net changes	<u>1,164,927</u>	<u>1,548,330</u>	<u>(383,403)</u>
Balance as of December 31, 2024	<u>\$ 21,460,271</u>	<u>\$ 6,667,313</u>	<u>\$ 14,792,958</u>

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 4.00% at the December 31, 2023 measurement date to 4.28% at the December 31, 2024 measurement date.

C. Supplemental Retirement Income Plan

Description

All regular full-time and regular part-time Union County employees participate in the Supplemental Retirement Income Plan 401(k), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The plan provides retirement benefits to law enforcement officers employed by the County, and the Union County Board of County Commissioners has agreed to extend this benefit to all non-law enforcement employees. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan is included in the ACFR for the State of North Carolina. The State's ACFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy

Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to 5% of each officer's salary and the Union County Board of County Commissioners has agreed to contribute an equal amount for all regular full-time and regular part-time non-law enforcement employee salaries. All amounts contributed are vested immediately. County employees may also make voluntary contributions to the plan. Contributions for the year ended June 30, 2025 totaled \$7,614,385 consisting of \$2,675,424 in employee contributions and \$4,938,961 in employer contributions.

D. Register of Deeds' Supplemental Pension Fund

Plan Description. The County is a participating employer in the Registers of Deeds' Supplemental Pension Fund (RODSPF), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. Union County also contributes to the RODSPF, a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the ACFR for the State of North Carolina. The State's ACFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$27,445 for the year ended June 30, 2025.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the County reported an asset of \$348,375 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2024. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2023. The total pension liability was then rolled forward to the measurement date of June 30, 2024 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At the June 30, 2024 measurement date, the County's proportion was 3.023%, which was a decrease of 0.073% from its proportion measured as of June 30, 2023.

For the year ended June 30, 2025, the County recognized pension expense of \$73,404. At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 7,649	\$ 6,228
Net difference between projected and actual earnings on pension plan investments	134,537	-
Changes in proportion and differences between County contributions and proportionate share of contributions	8,518	15,286
County contributions subsequent to the measurement date	27,445	-
Total	<u>\$ 178,149</u>	<u>\$ 21,514</u>

\$27,445 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2026. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2026	\$ 54,277
2027	62,215
2028	12,214
2029	484
Total	<u>\$ 129,190</u>

Actuarial Assumptions. The total pension liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	12/31/2023
Actuarial Cost Method	Entry Age
Amortization Method	Level Dollar
Amortization Period	12 Year Closed Periods
Asset Valuation Method	Asset returns in excess of or less than the expected return on market value of assets reflected over a five year period (not greater than 120% or market value and not less than 80% of market value)
Actuarial Assumptions	
Investment Rate of Return	6.5%
Projected Salary Increases	3.25%-8.25%
Inflation	2.50%
Salary Increases Includes	
Inflation and Productivity Factor	3.25%
Cost of Living Adjustments	N/A

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer), and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

Assumptions are based on the experience investigation prepared as of December 31, 2019 and adopted by the Board of Trustees on January 28, 2021 for use beginning with the December 31, 2020 annual actuarial valuation.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant white papers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class.

Discount rate. The discount rate used to measure the total pension liability was 6.5% except for Register of Deeds' Supplemental Pension Fund which was 3% for the December 31, 2023 valuation. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 6.5 percent (3% for RODSPF), as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (5.5%; RODSPF 2%) or 1-percentage-point higher (7.5%; RODSPF 4%) than the current rate:

	1% Decrease (2.00%)	Discount Rate (3.00%)	1% Increase (4.00%)
County's proportionate share of the net pension liability (asset)	\$ (230,829)	\$ (348,375)	\$ (447,388)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued ACFR for the State of North Carolina.

E. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as December 31, 2023. The total pension liability for Special Separation Allowance was measured as of December 31, 2024, with an actuarial valuation date of December 31, 2023.

The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expense:

	LGERS	ROD	SEPA	Total
Proportionate Share of Net Pension Liability (Asset)	\$ 63,916,763	\$ (348,375)	N/A	\$ 63,568,388
Proportion of the Net Pension Liability (Asset)	0.979	% (3.023)	% N/A	-
Net Pension Liability	-	-	14,792,958	14,792,958
Pension Expense	\$ 18,941,545	\$ 73,404	\$ 2,647,780	21,662,729

At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	LGERS	ROD	SEPA	Total
Deferred Outflows of Resources				
Differences between expected and actual experience	\$ 11,200,637	\$ 7,649	\$ 2,772,991	\$ 13,981,277
Change of assumptions	8,689,446	-	390,986	9,080,432
Net difference between projected and actual earnings on pension plan investments	-	134,537	197,725	332,262
Changes in proportion and differences between County contributions and proportionate share of contributions	156,400	8,518	-	164,918
County contributions subsequent to the measurement date	13,859,434	27,445	1,011,247	14,898,126
Deferred Inflows of Resources				
Differences between expected and actual experience	\$ 75,309	\$ 6,228	-	81,537
Changes of assumptions	-	-	1,850,849	1,850,849
Changes in proportion and differences between County contributions and proportionate share of contributions	1,189,543	15,286	-	1,204,829

NOTE 8 - DEFERRED COMPENSATION PLAN

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation distribution is not available to employees until termination, retirement, death, or unforeseeable emergency.

NOTE 9 – OTHER POSTEMPLOYMENT BENEFITS

A. Other Post-employment Retiree Healthcare Benefits (OPEB)

Plan Description - Eligibility. Under the terms of a County resolution, the County administers a single-employer defined benefit Retiree Healthcare Benefits Plan (the RHCB Plan). Any full-time employee of the County of Union who (1) was employed by Union County before July 1, 2008, (2) retire from service under the provisions of the North Carolina Local Governmental Employees' Retirement System (NCLGERS) or the North Carolina Law Enforcement Officer's Benefit and Retirement Fund (NCLEOBRF), (3) immediately prior to such retirement earns ten (10) consecutive years of credible, continuous service with the County, shall be eligible to continue coverage under the County's Group Health Insurance Program on the same basis as active full-time employees of the County.

Any full-time employee of the County of Union who (1) was employed by Union County on or after July 1, 2008, (2) retire from service under the provisions of the NCLGERS or NCLEOBRF, (3) immediately prior to such retirement earns twenty (20) consecutive years of credible, continuous service with the County, shall be eligible to continue coverage under the County's Group Health Insurance Program on the same basis as active full-time employees of the County. The plan, which has a June 30, 2025 year-end does not issue a stand-alone report. The net position and change in net position schedules are listed below for the OPEB trust as of June 30, 2025.

	<u>Statement of Fiduciary Net Position</u>
ASSETS	
Investments:	
State Treasurer's Office OPEB Trust	\$ 79,244,995
Total assets	<u>79,244,995</u>

State Treasurer's Office OPEB Trust	79,244,995
Total net position	<u>\$ 79,244,995</u>
Changes in Net Position	
ADDITIONS	
Employer contributions	\$ 4,487,718
Net investment income	7,682,268
Total additions	<u>12,169,986</u>
DEDUCTIONS	
Benefits	4,487,718
Total deductions	<u>4,487,718</u>
Change in net position	<u>7,682,268</u>
NET POSITION	
Beginning	<u>71,562,727</u>
Ending	<u>\$ 79,244,995</u>

Benefits Provided. Eligible retirees younger than age 65 and their eligible dependents receive the same medical benefits (including prescription drug and vision benefits) as active, full-time employees through the County group health and dental plan. Retirees pay the same monthly premium(s) for coverage as active employees.

Coverage for eligible retirees and covered spouses in the County group health and dental plan ends on the day the retiree attains age 65. In addition, all coverage (except COBRA) in the group health and dental plan ends for eligible dependents upon the death of an eligible retiree who had not attained age 65.

Upon attaining age 65, eligible retirees are enrolled by the County in a Supplement to Medicare plan that is combined with a prescription Part D plan. These plans are sponsored and premium is paid by the County. Retiree participants do not contribute towards the premium cost of these plans. Spouses of post-65 retirees are not eligible for coverage in either supplemental plan.

Plan membership. At June 30, 2024 the HCB Plan membership consisted of the following:

	2024
Inactive plan members or beneficiaries currently receiving benefit payments	465
Active plan members	1,313
Total	<u>1,778</u>

Contributions. The County pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a County resolution that can be amended, subject to certain limitations, by the County Board of County Commissioners. The County has chosen to fund the healthcare benefits on a pay as you go basis. Active employees do not contribute to the plan. The County determines the annual contribution to the trust based on the actuarial determined contribution suggested by the prior year actuarial report. Once approved by the Board of County Commissioners, the County makes cash contributions to the trust throughout the year.

Investment Policy. The County makes cash contributions to the Trust throughout the fiscal year. The Trustee is responsible for maintaining records and accounts for the assets of the Trust. The County invests the assets of the Trust pursuant to the North Carolina General Statute 159-30 or deposited with the State Treasurer for investment pursuant to General Statute 147-69.2.

Several factors should be considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed by the investment consultant for each major asset class. These ranges should be combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant may cover a shorter investment horizon and may not be useful in setting the long-term rate of return for funding OPEB plans which are likely to cover a longer time frame. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

As of the most recent adoption of the current long-term rate of return by the Plan, the target asset allocation for each major asset class, as provided by the Plan, are summarized in the following table:

Asset Class	Target Allocation
Equity Index Fund	25.00%
Bond Index Fund	25.00%
Short Term Investment Fund	25.00%
Other Investments	25.00%
Total	100.00%

Rate of return. For the year ended June 30, 2025, the annual money weighted rate of return on investments, net of investment expense, was 10.74 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Net OPEB Liability. The Net OPEB Liability is equal to the Total OPEB Liability less the Fiduciary Net Position. The result as the June 30, 2025 measurement date is presented in the table below:

Measurement Date of June 30, 2025	
Total OPEB Liability	\$ 154,817,773
Fiduciary Net Position	79,244,995
Net OPEB Liability	\$ 75,572,778
Ratio of Fiduciary Net Position to Total OPEB Liability	51.19%

Actuarial Assumptions. The Total OPEB Liability was determined by an actuarial valuation as of June 30, 2024, using the following key actuarial assumptions and other inputs:

Inflation	2.50%
Real wage growth	0.75%
Wage inflation	3.25%
Salary increases, including wage inflation	
General Employees	3.25% - 8.41%
Firefighters	3.25% - 8.15%
Law Enforcement Officers	3.25% - 7.90%
Long-term Investment Rate of Return, net of OPEB plan investment expense, including price inflation	3.50%
Municipal Bond Index Rate	
Prior Measurement Date	3.93%
Measurement Date	5.20%
Year Fiduciary Net Position to be depleted	
Prior Measurement Date	N/A
Measurement Date	N/A
Single Equivalent Interest Rate, net of OPEB plan investment expense, including price inflation	
Prior Measurement Date	2.85%
Measurement Date	3.50%
Health Care Cost Trends	
Pre-Medicare	7.00% for 2024 decreasing to an ultimate rate of 4.50% by 2034
Medicare	5.125% for 2024 decreasing to an ultimate rate of 4.50% by 2027
Dental	3.50%

The discount rate used to measure the TOL was based upon the long-term expected rate of return. Mortality rates were based on the PUB-2010 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2019. The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2024 valuation were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019, adopted by the LGERS Board. The remaining actuarial assumptions (e.g., health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2024 valuation were based on a review of recent plan experience performed concurrently with the June 30, 2024 valuation.

Discount Rate. The discount rate used to measure the TOL as of the measurement date was 3.50%. The projection's basis was an actuarial valuation performed as of June 30, 2024. In addition to the actuarial methods and assumptions of the June 30, 2024 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present of the valuation date. In subsequent projection years, total payroll was assumed to increase annually using the payroll growth assumptions.
- Active employees do not explicitly contribute to the Plan.
- Projected assets include employer contributions each year of an amount equal to the average of the last five years employer contribution. The contribution consists of deposits to the trust and direct payments to plan members as benefits come due. The employer is assumed to have the ability and willingness to make benefit payments from its own resources for all periods in the projection
- Projected assets do not include employer contributions that fund the estimated service costs of future employees.
- Cash flows occur mid-year.

Based on these assumptions, the Plan's fiduciary net position was projected to not be depleted.

The FNP projections are based upon the Plan's financial status on the Valuation Date, the indicated set of methods and assumptions. As such, the FNP projections are not reflective of the cash flows and asset accumulations that would occur on an ongoing plan basis, reflecting the impact of future members. Therefore, the results of this test do not necessarily indicate whether or not the fund will actually run out of money, the financial condition of the Plan, or the Plan's ability to make benefit payments in future years.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate. The following exhibit presents the Net OPEB Liability (NOL) of the Plan, calculated using the discount rate of 3.50%, as well as what the Plan's NOL would be if it were calculated using a Discount Rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Changes in the Discount Rate		
	1% Decrease 2.50%	Current Discount Rate 3.50%	1% Increase 4.50%
Net OPEB Liability	\$ 104,376,423	\$ 75,572,778	\$ 53,019,134

Sensitivity of the Net OPEB Liability to Changes in Health Care Cost Trends. The following exhibit presents the Net OPEB Liability (NOL) of the Plan, calculated using the health care cost trend rates, as well as what the Plan's NOL would be if it were calculated using a health care cost trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

Health Care Cost Trend Rates

	1% Decrease	Current	1% Increase
Net OPEB Liability	\$ 49,193,440	\$ 75,572,778	\$ 110,298,788

Changes in Net OPEB Liability, OPEB Expense and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB. At June 30, 2024, the County reported a net OPEB liability of \$65,990,547. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2024 utilizing update procedures incorporating the actuarial assumptions.

At June 30, 2025, the components of the net OPEB liability of the County, measured as of June 30, 2025, were as follows:

	Total OPEB Liability	Increase/(Decrease) Plan Fiduciary Net Position	Net OPEB Liability
Balance as of June 30, 2024	\$ 137,553,174	\$ 71,562,727	\$ 65,990,447
Changes for the year:			
Services Cost at the end of the year	2,893,350	-	2,893,350
Interest on TOL and Cash Flows	3,856,765	-	3,856,765
Change in benefit terms	40,440,121	-	40,440,121
Difference between expected and actual experience	(13,200,418)	-	(13,200,418)
Changes of assumptions or other inputs	(12,237,501)	-	(12,237,501)
Contributions - employer	-	4,487,718	(4,487,718)
Net investment income	-	7,682,268	(7,682,268)
Benefit payments	(4,487,718)	(4,487,718)	-
Net changes	17,264,599	7,682,268	9,582,331
Balance as of June 30, 2025	<u>\$ 154,817,773</u>	<u>\$ 79,244,995</u>	<u>\$ 75,572,778</u>

For the year ended June 30, 2025, the County recognized OPEB expense of \$46,461,760. At June 30, 2025, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 69,788	\$ 11,530,520
Changes of assumptions or other inputs	16,129,499	13,406,317
Net difference between projected and actual earnings on plan investments	-	5,659,367
Total	<u>\$ 16,199,287</u>	<u>\$ 30,596,204</u>

Amounts reported as Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB benefits will be recognized in OPEB Expense as follows:

Measurement Period Ended	
June 30:	
2026	\$ 4,509,194
2027	(1,556,079)
2028	(5,508,843)
2029	(4,809,865)
2030	(3,681,319)
Thereafter	\$ (3,350,005)
Total	<u>\$ (14,396,917)</u>

B. Other Employment Benefits - Death Benefits

Under the terms of the Board of Commissioner's resolution, the County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death, are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. All death benefit payments are made from the Death Benefit Plan. The County has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the County, the County does not determine the number of eligible participants. The County's required contributions for employees not engaged in law enforcement and for law enforcement officers represented 0.05% and 0.14% of covered payroll, respectively. For the fiscal year ended June 30, 2025, the County contributed \$39,455 for employees not engaged in law enforcement and \$27,747 for employees for law enforcement officers for a total of \$67,202.

NOTE 10 - CLOSURE AND POST CLOSURE CARE COSTS - LANDFILL FACILITY

State and federal laws and regulations required the County to place a final cover on its landfill facility when it stopped accepting municipal solid waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure of the municipal solid waste collection cell. The County has continued to collect construction and demolition waste in different cells which are opened based on demand and closed when each cell reaches its capacity. Closure and post closure care costs have been accumulated up to the dates of closure for each of the cells; therefore, the County has reported these closure and post closure care costs as an operating expense in each prior period based on landfill capacity used as of each balance sheet date. The County stopped accepting municipal solid waste into its Austin-Chaney Road facility, permit number 90-01, on December 31, 1997. The site still serves as a transfer station for the collection of local municipal solid waste, which is transported to other sites outside of the County. The \$5,509,035 reported as landfill closure and post closure care liability at June 30, 2025 represents a cumulative liability based on the estimated post closure maintenance and monitoring costs associated with the construction and demolition cells and closure costs associated with 37.6% of the closed construction and demolition cells. At June 30, 2025, there was an increase of \$136,054 from the prior year. The liability represents the estimated present value of the amount needed to fund the post closure care costs that will be incurred during the 30-year period after closure. Actual post closure costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has met and continues to meet the requirements of a local government financial test that is one option under state and federal laws and regulations that helps determine if a unit is financially able to meet closure and post closure care requirements. The County elected to establish a reserve fund several years ago to accumulate resources for the payment of closure and post closure care costs. The actual landfill closure and post closure costs have been less than engineering estimates due to use of County personnel for closure activities and proper planning for closure. The Solid Waste Capital Reserve Fund has remaining funds being held in investments with a fair value of \$6,537,047. The County expects that future inflation costs will be paid from the interest earnings on these remaining funds. However, if interest earnings are inadequate or additional post closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future transfer station users or by future tax revenues.

NOTE 11 - COMMITMENTS

A. Contractual Commitments

The County had several outstanding projects as of June 30, 2025. At year-end, the significant contractual commitments include the following:

Project	Spent to Date	Remaining Commitment
General Capital Project Fund		
Planning NC DOT Projects	\$ 87,500	\$ 1,004,500
Water and Sewer Operating Fund		
AMI Services	615,029	1,784,971
Water Capital Projects:		
SCADA Master Plan - Water	1,057,171	3,074,291
Yadkin River Water Supply	21,823,775	4,850,570
Advanced Metering Infrastructure	12,880,877	1,621,364
Shortline Water Extension Fiscal Year 2022	-	3,116,338
Sewer Capital Projects:		
SCADA Master Plan Update - Sewer	1,057,171	3,074,290
Crooked Ck Interceptor Improvment Phase 2	6,261,783	10,591,813
Potter-Pleasant Plains WW Interceptor	-	2,263,280
Grassy Branch WRF Expansion	4,407,667	5,753,599
12 Mile Creek Exp 7.5 - 9 MGD	6,046,523	47,408,287
Total	<u>\$ 54,237,496</u>	<u>\$ 84,543,303</u>

The General capital projects are commitments of the General Capital Projects Fund and are funded by a combination of certificates of participation, installment financing, general obligation bonds, grants, and General Fund monies. The Water and Sewer Capital Projects are commitments of the County's Water and Sewer Capital Projects Fund and are funded by a combination of revenue bonds and other enterprise fund monies.

B. Other Commitments

The County has an economic development and incentive grants program that is offered to companies meeting certain agreed upon criteria. Amounts to be paid in the future under these agreements are not readily determinable; however, management estimates an amount of up to \$7,315,895 and expects the payments to be made over the next five years.

NOTE 12 - RISK MANAGEMENT

The County is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County carries commercial insurance for these risks of loss, with the exception of injuries to employees. The County self-insures

workers' compensation, medical, and dental claims and purchases stop-loss insurance for workers' compensation and medical claims that exceed certain amounts.

There has been no significant reduction in insurance coverage from the previous year and settled claims subject to insurance coverage have not exceeded insurance policy limits in the last three years.

The County has established three Internal Service Funds to account for self-insured risk financing. Funding of the Health Benefit Fund is based upon an analysis of historical and projected medical and dental claims paid by the third-party administrator and the availability of contributions from the County, the County's employees, and unrestricted net position to fund projected claims. Funding of the Workers' Compensation Fund is based upon payroll rates established by the State of North Carolina and the availability of unrestricted net position to fund projected claims. Funding of the Property and Casualty Fund is allocated based on a percentage of the department's budget.

The County's medical and Rx benefits are partially self-insured. Individual member claims are self-insured up to \$300,000 annually. Specific Stop-Loss Insurance is purchased to cover individual member claims in excess of the self-insured retention. In addition, Aggregate Stop-Loss Insurance is purchased to cover the combined eligible claims expense of all members in excess of 125% of expected eligible claims incurred and paid during the coverage period. Claims paid through an individual member HRA (Health Reimbursement Account) are excluded from specific and aggregate stop-loss coverage. Claims are administered under contract with a third-party administrator. Claim reserves are established at the end of the plan year (currently June 30) based on a combination of insurance industry standards, the County and third-party administrator's analysis of claims submission, processing, and payment.

The County's workers' compensation is self-insured; stop-loss insurance provides statutory worker compensation benefits above the County's self-insurance limit of \$575,000 per occurrence for police/fire employees and \$400,000 per occurrence for all other employees. A "buffer" layer of insurance provides coverage of \$175,000 over the \$575,000 limit for police/fire employees and \$200,000 over the \$400,000 for all other employees. An excess workers' compensation carrier provides coverage in excess of \$750,000 for police/fire employees and \$600,000 for all other employees. Claims are administered under contract with a third-party administrator. Claim reserves are established when an injury occurs, and the ultimate expected exposure of each claim can be reasonably estimated by the third-party claims administrator.

Unpaid liabilities at year end are as follows:

	Health Benefit Fund		Worker's Compensation Fund		Property and Casualty Fund	
	Year Ended	Year Ended	Year Ended	Year Ended	Year Ended	Year Ended
	June 30, 2025	June 30, 2024	June 30, 2025	June 30, 2024	June 30, 2025	June 30, 2024
Unpaid Claims beginning of fiscal year	\$ 1,954,336	\$ 1,707,079	\$ 462,283	\$ 484,717	\$ 459,603	\$ 362,260
Incurred claims and premiums	29,753,239	23,979,775	(303,875)	340,836	1,945,129	2,012,059
Claims and premiums paid	(29,004,263)	(23,732,518)	79,491	(363,270)	(1,906,886)	(1,914,716)
Unpaid Claims end of fiscal year	<u>\$ 2,703,312</u>	<u>\$ 1,954,336</u>	<u>\$ 237,899</u>	<u>\$ 462,283</u>	<u>\$ 497,846</u>	<u>\$ 459,603</u>

The County carries commercial insurance for its exposure to various risks related to torts, theft, damage to, and destruction of assets and errors and omissions. The finance officer is bonded at \$1,000,000; the tax administrator is bonded at \$60,000, the sheriff is bonded at \$5,000, and the register of deeds is bonded at \$25,000. The remaining employees are covered by a crime insurance policy with limits of \$1,000,000 per loss. The County has \$12,500,000 in flood coverage with a \$100,000 deductible for all structures.

The County also has a Network Security & Privacy Liability insurance (Cyber) policy with limits of \$3,000,000.

NOTE 13 - CLAIMS AND JUDGEMENTS

At June 30, 2025, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

NOTE 14 - LONG-TERM OBLIGATIONS

A. General Obligation Bonds, Notes from Direct Borrowings and Direct Placements, Installment Financings, Revenue Bonds' Indebtedness, and Derivatives

General Obligation Bonds: The general obligation bonds are issued for school facilities and various general government capital projects and items are serviced by the General Fund. The general obligation bonds are collateralized by the full faith, credit, and taxing power of the County. Principal and interest requirements are appropriated when due for all debt.

General Obligation Bonds from direct placements: The County's outstanding notes from direct borrowings and direct placements were issued for school facilities capital projects and are serviced by the General Fund. The outstanding notes were entered into to mitigate interest rate risk associated with variable rate debt by converting the variable interest rates on the 2004A, 2007A, and 2007C general obligation bonds to fixed rate bonds. The County's outstanding notes are secured by a general obligation pledge of the full faith and credit of the County. The outstanding notes contain a provision that in the event of default the outstanding amounts of the obligation become immediately due and payable. The outstanding notes have no subjective acceleration clauses.

Installment Financing: Installment financing, certificates of participation ("COPs") and limited obligation bonds (LOBs) are issued for school facilities and various general government capital projects and items are serviced by the General Fund. The COPs and Installment Financing are collateralized by the assets financed and are not secured by the taxing power of the County. The 2012 and 2023 Limited Obligation Bonds were issued pursuant to a deed of trust that requires that legal title to the tract of land that Marvin Ridge Schools (the property) resides on remain with the County as long as the debt is outstanding because the property is pledged as collateral for debt. The 2020 Installment Financing were issued pursuant to a deed of trust that requires that legal title to the tract of land that the Union County Progress Building resides on remain with the County as long as the debt is outstanding because the property is pledged as collateral for debt. The COPs and Installment Financings require the County to follow customary covenants including providing insurance certificates, budget data, and financial information on an annual basis.

Revenue Bonds: The revenue bonds are secured by the pledge of net revenues derived from the acquired or constructed assets of the water and sewer system. The derivative is an interest swap agreement with the objective of protecting Union County against the risk of interest rate changes in connection with revenue bond variable rate debt and to effect lower debt service costs on the County's fixed rate debt. Any derivative that the County enters into must first have the approval of the Local Government Commission (LGC) and the County Commissioners. Revenue Bonds are described further in Note 14. D.

The other long-term obligations, were issued for acquired or constructed assets of the water and sewer system are described further in Note 14 D.

1. Long-term obligations at June 30, 2025 are reflected in the following table. Bonds and installment financings appearing in the table that have associated derivative products are denoted with a lower case letter of the alphabet in parenthesis.

	<u>Issue Date</u>	<u>Due Serially To</u>	<u>Interest Rate</u>	<u>Original Issue</u>	<u>Principal Balance June 30, 2025</u>
1. General Obligation Bonds (GO Bonds)					
2013A Refunding Bonds (School Facility)	March 19, 2013	March 01, 2029	1.50% - 5.00%	\$ 42,890,000	\$ 18,600,000

Total	<u>\$ 415,955,154</u>	<u>\$ 437,419,593</u>	<u>\$ 853,374,747</u>

	Revenue		Total Long-term Obligations	
	Bonds		for Governmental and Business-type Activities	
	Principal	Interest	Principal	Interest
Business Type Activities				
2026	\$ 12,575,000	\$ 13,170,971	\$ 50,974,000	\$ 27,648,025
2027	13,195,000	12,542,221	49,638,000	25,523,614
2028	13,835,000	11,906,621	49,638,000	23,361,979
2029	14,525,000	11,214,871	49,042,000	21,329,423
2030	15,145,000	6,969,121	46,897,000	15,760,003
2031-2035	82,855,000	46,252,431	178,399,000	76,271,647
2036-2040	91,280,000	33,576,284	165,633,000	47,643,594
2041-2045	73,070,000	20,140,825	102,000,000	24,594,325
2046-2050	68,595,000	8,542,050	68,595,000	8,542,050
2051-2055	14,980,000	449,400	14,980,000	449,400
	<u>\$ 400,055,000</u>	<u>\$ 164,764,795</u>	<u>\$ 775,796,000</u>	<u>\$ 271,124,060</u>

As of June 30, 2025, Union County had \$32,725,000 of general obligation bonds authorized and unissued and had a legal debt margin of \$2,895,057,320.

C. Changes in Long-Term Obligations

The following is a summary of changes in long-term obligations for the year ended June 30, 2025 (and agrees to table in Note 14 part A):

	Balance June 30, 2024	Additions	Reductions	Balance June 30, 2025	Due Within One Year
Governmental Activities:					
Bonds Payable					
General obligation bonds	\$ 318,525,000	\$ -	\$ 26,680,000	\$ 291,845,000	\$ 25,430,000
GO Bonds from direct placements	67,402,000	-	7,890,000	59,512,000	9,665,000
Certificates of participation	25,135,000	-	4,855,000	20,280,000	2,930,000
Installment financing	4,478,000	-	374,000	4,104,000	374,000
Premium	43,683,087	-	3,468,933	40,214,154	3,339,503
Total Bonds Payable	<u>459,223,087</u>	<u>-</u>	<u>43,267,933</u>	<u>415,955,154</u>	<u>41,738,503</u>
Compensated absences *	8,049,191	4,456,107	-	12,505,298	7,897,943
Lease liability	1,467,978	296,512	533,962	1,230,528	519,853
Subscription liability	4,299,293	1,391,229	1,708,514	3,982,008	1,693,103
Net OPEB liability	56,337,584	8,204,589	-	64,542,173	-
Net pension liability (LGERS)	55,746,602	-	832,436	54,914,166	-
Net pension liability, separation allowance	14,201,434	-	335,033	13,866,401	-
Government activities long term liabilities	<u>\$ 599,325,169</u>	<u>\$ 14,348,437</u>	<u>\$ 46,677,878</u>	<u>\$ 566,995,728</u>	<u>\$ 51,849,402</u>
Business-type Activities:					
Bonds Payable					
Revenue bonds	\$ 412,025,000	\$ -	\$ 11,970,000	\$ 400,055,000	\$ 12,575,000
Premium	39,045,387	-	1,680,794	37,364,593	1,680,794
Total Bonds Payable	<u>451,070,387</u>	<u>-</u>	<u>13,650,794</u>	<u>437,419,593</u>	<u>14,255,794</u>
Compensated absences *	1,266,721	698,059	-	1,964,780	1,210,971
Accrued landfill post-closure care costs	5,372,981	136,054	-	5,509,035	-
Lease liability	67,365	-	20,395	46,970	21,661
Subscription liability	687,868	1,248,928	575,323	1,361,473	582,159
Net OPEB liability	9,652,863	1,377,742	-	11,030,605	-
Net pension liability (LGERS)	9,063,020	-	60,423	9,002,597	-
Net pension liability, separation allowance	974,927	-	48,370	926,557	-
Business-type activities long term liabilities	<u>\$ 478,156,132</u>	<u>\$ 3,460,783</u>	<u>\$ 14,355,305</u>	<u>\$ 467,261,610</u>	<u>\$ 16,070,585</u>

* The change in compensated absences above is a net change for the year.

LGERS, Separation Allowance, and OPEB for governmental activities typically have been liquidated in the General Fund or one of the Enterprise Funds depending on the location status of the employee at the time of liquidation.

D. Revenue Bonds

The County issued combined system enterprise revenue bonds for water and sewer system improvements pursuant to a General Trust Indenture dated as of May 1, 1996; Series Indenture Number 2, dated as of May 15, 2003; Series Indenture Number 3, dated as of August 1, 2009; Series Indenture Number 4, dated as of August 4, 2011; Series Indenture Number 5, dated as of December 1, 2011; Series Indenture Number 6, dated as of December 1, 2015; and Series Indenture Number 7, dated as of August 1, 2017; and Series Indenture Number 8, (together the "Indentures") between the County and First Union National Bank of North Carolina (now succeeded by U.S. Bank National Association), as trustee. The Indentures authorize and secure all outstanding revenue bonds of the County's water and sewer system and contain several financial and operating covenants governing such matters as rates, additional bonds, reserve funds, annual budgets, maintenance of the system, and insurance. The General Trust Indenture contains a provision that in the event of default the trustee may, or if required by the owners of not less than a majority of the principal amount of the bonds, must declare the bonds to be immediately due and payable. The net revenues of the combined water and sewer system are the assets pledged as collateral for the outstanding revenue bonds.

The rate covenant of the County is as follows: Before the commencement of each fiscal year, the County will fix, establish or maintain or cause to be fixed, established and maintained such rates and charges for the provision of services of the Enterprise Systems and revise or cause to be revised the same, as necessary, as will produce revenues at least equal in such Fiscal Year to the total of the current expenses budgeted for such Fiscal Year, as may be amended from time to time, plus 120% of (1.20 times) the Principal and Interest Requirements on the Bonds to become due during that Fiscal Year plus 100% of (1.00 times) the Principal and Interest Requirement on General Obligation Indebtedness and Subordinate Indebtedness to become due in such Fiscal Year plus 100% of (1.00 times) the Principal and Interest Requirements on Other Indebtedness to become due in such Fiscal Year plus 100% (1.00 times) the amount required to reimburse the provider of a qualified reserve fund substitute for any amounts owing hereunder.

Revenues mean all rates, fees (including any tap, system development fees (formerly named capacity impact fees), rental, assessments or other charges or other money received by the County in connection with the ownership, management and operation of the water and sewer system, and all parts thereof, including amounts received from the investments of moneys (with the exception of investment earnings on revenue bonds construction funds), all as calculated in accordance with generally accepted accounting principles. Current expenses means the current expenses of operation, maintenance and current repair of the water and sewer system, as calculated in accordance with generally accepted accounting principles. Current expenses do not include depreciation expense or moneys payable as interest on bonds.

The County believes it is in compliance with all such covenants during the fiscal year ended June 30, 2025. The calculation for the various debt service coverage ratios for the year ended June 30, 2025 is as follows:

Revenues	\$ 103,625,919
Current Expenses	52,537,460
Net revenues available for debt service	<u>\$ 51,088,459</u>
Senior debt service coverage:	
Debt service, principal and interest paid	\$ 25,739,471
Subordinate debt service:	
Debt service, principal and interest paid	-
Total debt service:	
Total debt service, principal and interest paid	25,739,471
Add: 20% of senior debt service	5,147,894
Adjusted debt service requirements	<u>\$ 30,887,365</u>
Coverage Test 1	
Net revenues / adjusted debt service	1.65
Coverage Test 2	
Net revenues / total debt service	1.98

E. Conduit Debt Obligations

Union County Industrial Facility and Pollution Control Financing Authority (the "Authority") has issued industrial revenue bonds to provide financial assistance to private businesses for economic development purposes. These bonds are secured by the properties financed as well as letters of credit and are payable solely from payments received from the private businesses involved. Ownership of the acquired facilities is in the name of the private business served by the bond issuance. Neither the County, the Authority, the State, or any political subdivision thereof is obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2025, there are no industrial revenue bonds outstanding.

F. Debt Related to Capital Activities

As of June 30, 2025, of the total Governmental Activities debt listed, \$82,261,469 relates to assets the County holds title to. As of June 30, 2025, there is \$16,422,558 in unspent restricted cash related to this debt amount. The remaining \$338,906,221 in outstanding debt is for Union County Public Schools Facilities and South Piedmont Community College.

G. Leases

The County has entered into agreements to lease certain buildings and equipment. The lease agreements have been recorded at the present value of the future minimum lease payments as of the date of their inception.

The future lease obligations and the net present value of these lease payments as of June 30, 2025, were as follows:

<u>Year Ending June 30</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total</u>
2026	541,514	12,853	\$ 554,367
2027	400,583	8,734	409,317
2028	198,778	4,975	203,753
2029	136,623	1,781	138,404
	<u>\$ 1,277,498</u>	<u>\$ 28,343</u>	<u>\$ 1,305,841</u>

H. Subscriptions

The County has entered into agreements to subscribe to certain software. The agreements have been recorded at the present value of the future minimum lease payments as of the date of their inception.

<u>Year Ending June 30</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total</u>
2026	2,275,262	146,838	\$ 2,422,100
2027	1,378,585	85,213	1,463,798
2028	777,735	44,119	821,854
2029	393,868	21,549	415,417
2030	203,614	10,286	213,900
2031	208,393	5,507	213,900
2032	106,024	926	106,950
	<u>\$ 5,343,481</u>	<u>\$ 314,438</u>	<u>\$ 5,657,919</u>

NOTE 15 - INTERFUND BALANCES AND ACTIVITY

A. INTERFUND BALANCES

The composition of inter-fund balances as of June 30, 2025 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Water & Sewer Fund	\$ 330,108
General Fund	Solid Waste Fund	71,742
		<u>\$ 401,850 *</u>

*Adjustment to reflect the consolidation of internal service fund activities related to enterprise funds (as shown on Exhibit A).

B. INTERFUND ACTIVITY

Transfers to/from other funds at June 30, 2025, consist of the following:

Transfers From:	Transfers To:						Total
	General Fund	General Capital Project Fund	Water & Sewer Capital Project Fund	Solid Waste Fund	General Special Revenue Fund	Non-Major Special Revenue Funds	
General Fund	\$ -	\$ 23,123,499	\$ -	\$ 650,000	\$ 28,060	\$ 7,135,798	\$ 30,937,357
General Capital Project Fund	-	-	-	-	100,000	-	\$ 100,000
General Special Revenue Fund	1,786,822	-	4,902,476	-	-	-	6,689,298
Non-Major Special Revenue Funds	149,999	-	-	-	-	-	149,999
Total	\$ 1,936,821	\$ 23,123,499	\$ 4,902,476	\$ 650,000	\$ 128,060	\$ 7,135,798	\$ 37,876,654

Interfund transfers from General Fund consisted of \$650,000 transfer to Solid Waste Fund for the implementation of free disposal of bagged household waste program, and \$28,060 to General Special Revenue Fund for the local grant match for Transportation Carbon Reduction Grant. Also from General Fund, \$7,135,797 was transferred to Non-Major Special Revenue Funds that includes the budget appropriation to Fire Districts for \$7,008,989; adjustment to Emergency Telephone Fund for the expenditures over the amount that was approved by the PSAP Board for \$1,808, and \$125,000 from General Fund to Reappraisal Fund.

There was a transfer from the Reappraisal Fund to General Fund of \$150,000.

There were transfers from General Special Revenue Fund to other funds including General Fund for \$1,786,822 to rehire public sector staff using ARPA funding; and \$4,902,476 to Water and Sewer Capital Project Fund to appropriate ARPA funding for Crooked Creek Interceptor Improvements Phase II.

Transfer of \$23,123,499 from General Fund to General Capital Project Fund was for the purpose of funding ongoing and planned projects.

Total	<u>\$ 151,058,824</u>	<u>\$ 11,236,307</u>

NOTE 17 - JOINT VENTURES

A. Catawba River Treatment Plant

Union County and Lancaster County Water and Sewer District ("district") constructed a water impoundment and treatment facility on the Catawba River in Lancaster County. The joint venture is known as the Catawba River Water Treatment Plant (the "CRWTP"). The agreement between the two parties called for the payment of one-half the audited and agreed upon costs of acquiring, constructing, and equipping the project. The County has a 50% undivided interest in the facility. Management of the facility is the responsibility of a joint board. The joint board is composed of an equal number of members from the district and County. A minimum of three (3) members from the district and County each serve on the joint board. The district has responsibility for operating the facility under the joint board's direction.

The agreement further calls for an annual audit each June 30 to determine actual expenses and gallons used. A final settlement will be made each year based on audited amounts. Operating costs of the facility will be split between the parties based on metered gallons drawn by each. The joint venture serves only the County and district as customers. All purchases of water are considered to be related party transactions. During the year, the County purchased \$3,790,228 of water.

The County's net investment is recorded in the Water and Sewer Enterprise Fund and is accounted for on the equity method. The County's equity interest as of June 30, 2025 was \$44,735,036. This included the County's share of the recognized loss of \$978,448 for the year, which includes an adjustment from the prior year for compensated absences and the current year change in net position. Complete separate financial statements for the joint venture may be obtained from Catawba River Water Treatment Plant, 5107 Riverside Road, P.O. Box 214, Van Wyck, SC 29744. Summary financial information as of, and for the fiscal year ended June 30, 2025, is as follows:

Cash and investments	\$ 3,453,747
Other assets	<u>92,914,873</u>
Total assets and deferred outflows	<u>\$ 96,368,620</u>
Total liabilities and deferred inflows	\$ 6,898,548
Total net position	<u>89,470,072</u>
Total liabilities, deferred inflows and net position	<u>\$ 96,368,620</u>
Total revenues	\$ 8,224,368
Total expenses	(10,314,578)
Capital contributions	349,859
Net increase in net position	<u>\$ (1,740,351)</u>

B. South Piedmont Community College

The County, in conjunction with the State of North Carolina and Anson County Community College, participates in a joint venture to operate the Union Campus of South Piedmont Community College. The County appoints three members of the 14-member board of trustees of each community college. The president of the community colleges' student government association serves as a non-voting, ex-officio member of the board of trustees. The community colleges are included as component units of the state. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues debt to provide financing for new and restructured facilities. The outstanding principal debt as of June 30, 2025, was \$31,117,000. The County contributed \$3,830,426 to South Piedmont Community College for operating and \$8,433,650 for capital purposes during the fiscal year ended June 30, 2025. The majority of the capital purchases are being paid for by general obligation bond proceeds that were issued on August 22, 2019 and on April 12, 2022. In addition, the County made debt service payments of \$3,458,356 during the fiscal year on debt issued for the community college capital facilities. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2025. Complete financial statements for the community colleges may be obtained from the community colleges' administrative offices at South Piedmont Community College, East Campus, P.O. Box 126, Polkton, NC 28135.

NOTE 18 - JOINTLY GOVERNED ORGANIZATION

Centralina Council of Governments

The Centralina Council of Governments is a voluntary association of nine County governments and seventy municipalities. The Council was established by the participating governments to coordinate funding from federal and state agencies. Each participating government appoints one member to the council's governing board, whose responsibilities include approving the budget and designating the management of the Council. The County paid membership dues of \$68,711 during the fiscal year ended June 30, 2025. The County was the sub-recipient of a grant for \$1,507,365 from the U.S. Department of Health and Human Services and the Division of Aging and Adult Services of the North Carolina Department of Human Resources that was passed through the Council.

NOTE 19 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

NOTE 20 - SIGNIFICANT EFFECTS OF SUBSEQUENT EVENTS

In July of 2025, the County issued 2025 2/3rds General Obligation Bonds in the amount of \$13,000,000 and 2025 voter approved General Obligation Bonds in the amount of \$72,150,000. The 2025 2/3rds proceeds will be used to pay for renovations and/or expansions to the County's general administration spaces including but not limited to the Judicial Center and Government Center. The 2025 General Obligation bonds proceeds will be used for Union County Public Schools and South Piedmont Community College. Union County Public Schools projects include renovation to the previous Forest Hills High School to become the new East Union Middle School and design for a new Parkwood High School. South Piedmont Community College's project includes a new Center for Entrepreneurship.

NOTE 21 - CHANGE IN ACCOUNTING PRINCIPLES

A. Correction of an Error in Previously Issued Financial Statements

During fiscal year 2025, it was discovered that the Opioid Settlement Funds received from participating the Memorandum of Agreement with the State created an exchange transactions between the County and the pharmaceutical companies, therefore requiring a correction of error for the receivable amount due over the life of the settlement agreement. The effect of correcting that error is shown in the table below.

B. Adjustments to and Restatements of Beginning Balances

	6/30/2024		6/30/2024
	As Previously	Error	As Restated
	Reported	Correction	As Restated
Government-Wide			
Governmental Activities	\$ (27,195,363)	\$ 13,891,765	\$ (13,303,598)
Total Government-Wide	<u>\$ (27,195,363)</u>	<u>\$ 13,891,765</u>	<u>\$ (13,303,598)</u>
Opioid Special Revenue Fund			
Non-major Special Revenue Fund	\$ 2,937,847	\$ 1,123,853	\$ 4,061,700
Total Opioid Special Revenue Fund	<u>\$ 2,937,847</u>	<u>\$ 1,123,853</u>	<u>\$ 4,061,700</u>

Notes to the Required Schedules:

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

Changes of benefit terms. None

Changes of assumption. The discount rate increased from 4.00% to 4.28% The assumed inflation rate remained at 2.50% with real wage growth being 0.75% per annum.

Method and assumptions used in calculations of actuarially determined contributions. The actuarially determined contribution rates are determined on an annual basis. The following actuarial methods and assumptions were used to determine contribution rates reported in that schedule:

Actuarial cost method	Entry Age Normal
Amortization method	Level Dollar, Closed
Remaining amortization method	8 years as of December 31, 2022
Asset valuation method	Market value
Inflation	2.50%
Salary increase	3.25-7.75%, including inflation for Law Enforcement Officers 3.25-8.25%, including inflation for General Employees
Investment rate of return inflation	4.28% for FY2025, net of pension plan investment expense, including inflation

Notes to the Required Schedules:

Methods and assumptions used in calculations of Actuarially Determined Contributions. The Actuarially Determined Contribution rates, as a percentage of payroll, used to determine the Actuarially Determined Contribution amounts in the Schedule of Employer Contributions (Schedule A) are calculated with each biennial actuarial valuation. The following actuarial methods and assumptions were used to determine contribution rates reported in that schedule for the year ending June 30, 2024:

Actuarial cost method	Entry Age Normal
Amortization method	Level Dollar
Amortization period	22 Years
Asset valuation method	Market Value of Assets
Inflation	2.50%
Real wage growth	0.75%
Wage inflation	3.25%
Salary increases, including wage inflation	
General Employees	3.25% - 8.41%
Firefighters	3.25% - 8.15%
Law Enforcement Officers	3.25% - 7.90%
Long-term Investment Rate of Return, net of OPEB plan investment expense, including price inflation	3.50%
Municipal Bond Index Rate	
Prior Measurement Date	3.93%
Measurement Date	5.20%
Year FNP is projected to be depleted	
Prior Measurement Date	N/A
Measurement Date	N/A
Single Equivalent Interest Rate, net of OPEB plan investment expense, including price inflation	
Prior Measurement Date	2.85%
Measurement Date	3.50%
Health Care Cost Trends	
Pre-Medicare	7.00% for 2022 decreasing to an ultimate rate of 4.50% by 2034
Medicare	5.125% for 2022 decreasing to an ultimate rate of 4.50% by 2027
Dental	3.5%

Special Revenue Funds

Special Revenue Funds account for specific revenues that are legally restricted to expenditure for particular purposes.

Allens Crossroad Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Bakers Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Beaver Lane Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Fairview Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Griffith Road Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Hemby Bridge Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Jackson Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Lanes Creek Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

New Salem Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Providence Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Sandy Ridge Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Springs Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Stack Road Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Stallings Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Unionville Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Waxhaw Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Wesley Chapel Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Wingate Fire District Fund - This fund accounts for the ad valorem tax levies of this fire district in Union County.

Fee Supported Fire Districts Fund - This fund accounts for the fees levied in these fire districts in Union County.

Automation Enhancement Fund - This fund accounts for ten percent (10%) of the fees collected, by the County's Register of Deeds, pursuant to G.S. 161-10 and retained by the county, or three dollars and twenty cents (\$3.20) in the case of a fee collected pursuant to G.S. 161-10(a)(1a) for the first page of a deed trust or mortgage, which is set aside annually and placed in a nonreverting Automation Enhancement (and Preservation) Fund, the proceeds of which shall be expended on computer or imaging technology and needs associated with the preservation and storage of public records in the office of the register of deeds.

Union County Sheriff's Office Civil Fees Fund - This fund accounts for monies held by the Union County Sheriff's Office for court costs related to civil cases, estates or special proceedings. The Sheriff is authorized to distribute payment of monies collected upon execution.

DSS Representative Payee Fund - This fund accounts for monies held by the Department of Social Services for the benefit of certain individuals.

Emergency Telephone System Fund - This fund accounts for the user fees charged to support the emergency telephone system.

Fines and Forfeitures Fund - This fund accounts for fines and forfeitures collected by the County that are required to be remitted to the Union County Public Schools Board of Education.

Opioid Settlement Fund - This multi-year fund accounts for opioid settlement funds from a national settlement agreement that must be used to combat the opioid crisis.

Reappraisal Fund - This fund is used to pay for the reappraisal of real property. It is created through the county's budget ordinance to set aside funds to be used in the reappraisal process.

General Special Revenue Fund - This multi-year fund accounts for multi-year special revenues.

Enterprise Funds

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the cost of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Water and Sewer Fund - This fund accounts for the County's water and sewer operations.

Solid Waste Fund - This fund accounts for the County's solid waste operations.

Fiduciary Funds

Trust Funds account for assets held by the County in a trustee capacity. Custodial Funds account for assets held by the County as an agent for individuals or other governments.

Pension Trust Fund

Special Separation Allowance Fund - This fund accounts for the accumulation of resources for the payment of special separation benefits to qualified County employees.

Other Postemployment Retiree Healthcare Benefits (OPEB) Fund - This fund accounts for the accumulation of resources for the payment of retirees' healthcare benefits to qualified County employees.

Custodial Funds

Jail Inmate Fund - This fund accounts for monies held by the Union County Sheriff's Office (Jail) for the benefit of certain individuals.

Municipal Tax Collection Fund - This fund accounts for the proceeds of taxes that are collected by the County on behalf of the municipalities within the County.

Gross Rental Receipts Tax Fund - This fund accounts for the proceeds of municipalities that levy a local tax on gross receipts derived from the short-term lease or rental of vehicles at retail to the general public, which are collected by the County on behalf of the municipalities within the County.

Note: Assessed valuations are established by the Board of County Commissioners at 100% of estimated market value. A revaluation of real property is required by the North Carolina General Statutes at least every eight years. The Board of County Commissioners may accelerate the frequency of revaluations. Prior revaluations were completed for tax years 2015 and 2021.

Compliance Section

Report of Independent Auditor on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of County Commissioners
Union County, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Union County, North Carolina (the “County”), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated November 6, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (“internal control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, significant deficiencies or material weaknesses may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Cherry Bekaert LLP

Charlotte, North Carolina
November 6, 2025

Report of Independent Auditor on Compliance for Each Major Federal Program and on Internal Control over Compliance Required by the Uniform Guidance and the State Single Audit Implementation Act

To the Board of County Commissioners
Union County, North Carolina

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Union County, North Carolina's (the "County") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2025. The County's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and the State Single Audit Implementation Act. Our responsibilities under those standards, Uniform Guidance, and the State Single Audit Implementation Act are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities in accordance with the relevant requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and to express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with general accepted auditing standards, *Government Auditing Standards*, Uniform Guidance, and the State Single Audit Implementation Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with general accepted auditing standards, *Government Auditing Standards*, Uniform Guidance, and the State Single Audit Implementation Act we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the County's compliance with applicable compliance requirements referred to above and performing such other procedures as the auditor considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on the major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-001 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Schedule of Expenditures of Federal and State Awards Required by Uniform Guidance and State Single Audit Implementation Act

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated November 6, 2025, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal and State awards is presented for purposes of additional analysis as required by the Uniform Guidance and State Single Audit Implementation Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and State awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Report of Independent Auditor on Compliance for Each Major State Program and on Internal Control over Compliance Required by the Uniform Guidance and the State Single Audit Implementation Act

To the Board of County Commissioners
Union County, North Carolina

Report on Compliance for Each Major State Program

Opinion on Each Major State Program

We have audited Union County, North Carolina's (the "County") compliance with the types of compliance requirements identified as subject to audit in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the County's major State programs for the year ended June 30, 2025. The County's major State programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2025.

Basis for Opinion on Each Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and the State Single Audit Implementation Act. Our responsibilities under those standards, Uniform Guidance, and the State Single Audit Implementation Act are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities in accordance with the relevant requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major State program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's State programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and to express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America, *Government Auditing Standards*, Uniform Guidance, and the State Single Audit Implementation Act will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major State program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, Uniform Guidance, and the State Single Audit Implementation Act, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as the auditor considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the State Single Audit Implementation Act and which are described in the accompanying schedule of findings and questioned costs as item 2025-001. Our opinion on the major State program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2025-001 to be a material weakness.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Schedule of Expenditures of Federal and State Awards Required by Uniform Guidance and State Single Audit Implementation Act

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated November 6, 2025, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal and State awards is presented for purposes of additional analysis as required by the Uniform Guidance and State Single Audit Implementation Act and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and State awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

YEAR ENDED JUNE 30, 2025

Section III – Federal Award Findings and Questioned Costs

U.S. Department of Health and Human Services

Pass-through Entity: North Carolina Department of Health and Human Services

Program Name: Medical Assistance

Federal Assistance Listing Number: 93.778

Material Weakness and Nonmaterial Noncompliance – Eligibility

Finding 2025-001

Criteria or Specific Requirement: Per Section 200.303 of the Uniform Grant Guidance, a non-federal entity must establish and maintain effective internal control over the federal award that provides reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award.

The County should have adequate documentation for each participant that supports each eligibility determination and the information entered into NCFAST. We noted several errors related to the following compliance criteria:

- a) Self-income conversion and calculation should be completed in accordance with policy manual and income calculated should agree to self-employment records or tax return and to the amount entered in NCFAST.
- b) The self-attestation wages should be compared to the information in NCFAST.
- c) The Caseworker should prepare and submit a DMA-5097 form in the case of incompatible income verification and self-attestation income as described in the Eligibility Review Document.
- d) For countable earned and unearned income, the income conversion and computation should be completed in accordance with policy manuals, and amounts should agree to NCFAST.
- e) Forced eligibility cases should maintain the proper documentation within NCFAST to support the determination for the required forced eligibility.

Condition: There were 15 instances out of 60 program participants tested for control testing where the County did not remediate the errors identified within their internal review timely.

The following are the results of nonmaterial noncompliance noted for each criteria listed above out of the 60 program participants selected for compliance testing:

- a) There was one instance where self-income calculation did not agree to self-employment records or amount entered into NCFAST.
- b) There were two instances where self-attestation of wages did not agree to wages entered into NCFAST.
- c) There was one instance where income was incompatible between the income verification and self-attestation income but no DMA-5097 was sent.
- d) There was one instance where countable earned income was not properly included in NCFAST.
- e) There were two instances where the support for forced eligibility was not properly maintained in NCFAST.

Context: There were 3 out of 60 unique participants tested with the errors noted in the compliance testing.

Questioned Costs: We noted no federal questioned costs for the County as the State of North Carolina makes all benefit payments to participants directly. Due to split eligibility determinations between the Counties and the State of North Carolina for Medicaid, we found \$18,734 in benefit payments made by the State of North Carolina to ineligible participants based on an improper eligibility determinations at the County related to three individuals in condition above.

Cause: County oversight was inadequate during application reviews.

UNION COUNTY, NORTH CAROLINA
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)

YEAR ENDED JUNE 30, 2025

Section III – Federal Award Findings and Questioned Costs (continued)

Effect: By not having the required documentation in the files or information being incorrectly documented, eligibility cannot be readily substantiated and there is a risk the County could provide funding to individuals who are not eligible.

Recommendation: Although these issues will occur from time to time considering the volume of case files, the County should review their processes to ensure proper supporting documentation of eligibility is maintained within each case file. Additionally, the County should monitor compliance with policies requiring timely correction of identified documentation issues.

Views of Responsible Officials: Management agrees with the finding and is implementing procedures to correct this which is further discussed in the Corrective Action Plan.

Corrective Action Plan: See Corrective Action Plan prepared by the County.

Section IV – State Award Findings and Questioned Costs

Finding 2025-001 as listed in Section III *Federal Award Findings and Questioned Costs* is also considered a State award finding.

**Corrective Action Plan
Union County Audit Findings
June 30, 2025**

Responsible Parties:

**Janet Payne, Human Services Director
Ashley Lantz, Department of Social Services Director**

Finding 2025-001, Medicaid Program - Significant Deficiency-Eligibility

Response/Corrective Action:

Findings: During the FY26 Single Audit of Medicaid, it was determined that the Union County Medicaid program has deficiencies in the areas of oversight, income and deduction calculations, self employment income, self attestation, and internal controls related to 2nd party review corrections.

Root Cause: It has been determined that staffing issues as well as deficiencies in training, due to vacancies on the training team, and lack of supervisor oversight due to span of control contributed to these deficiencies.

Corrective Action: Due the the preliminary findings of the Single Audit, Union County Medicaid has already begun working on corrective actions. We have completed the following actions:

- When an error is determined on an internal or external 2nd party review, the worker has 2 days to complete the correction. Once corrections are completed, the worker is to notify the supervisor that it has been completed. Supervisors are given 2 days to review the corrections. This is being added to our 2nd party review sheet for tracking effective 2/1. Initial tracking will be available once all February 2nd party reviews are completed.
- Updates to our training are currently in progress for both new and seasoned staff. We anticipate these updates to be completed mid-February 2026 with training being completed by May 31, 2026 with all Medicaid staff.
- Division Manager began monthly meetings with Medicaid leadership in November 2025. Monthly meetings focus on previous month's 2nd party review findings and training needs as a way to ensure ongoing training needs are properly addressed.

Corrective action currently in process includes the following:

- Training on audit findings will be conducted by May 31, 2026. Pre and post assessments will be given to determine effectiveness of training. All staff will sign a statement of attendance and understanding upon the completion of trainings. Training topics will include income, self-employment income and deductions, self attestation, notices, and proper documentation.
- Continuing education training will be completed monthly. Trainings will vary from month to month and will focus on common errors found in 2nd party reviews. Sessions will be conducted in small groups to allow better communication and more one on one time between the trainers and staff. Continuing education training will begin by May 31, 2026.

- Supervisors will continue to conduct 2nd party reviews to assess comprehension and adherence to Medicaid policy. Each month, beginning March 2026, Division Manager will receive a report from CQI to ensure that the 2 day correction and review mandate is being adhered to.

It is important to note that the Medicaid Program Manager position is now vacant. The position will be filled as quickly as possible, and the Division Manager is currently taking over all roles of the Program Manager.

Union County will implement the Corrective Action Plan by June 30, 2026.

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Union County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2025. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Union County it is not intended to and does not present the financial position, changes in net position or cash flows of Union County.

2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. Indirect Cost Rate

Union County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
