Please explain your interest in serving on the above named board:

I am passionate about advancing initiatives that address social determinants of health, expand access for vulnerable populations, and help guide policy and resource allocation. I am committed to contributing thoughtful, strategic insight to support the Board’s mission and long-term impact. While I am not a licensed provider, I understand there are current vacancies for “Consumer of Human Services” and “Other Person” representatives and would welcome the opportunity to serve in either capacity.

Any other comments:

As someone deeply invested in community health and well-being, I am motivated to contribute to efforts that create more inclusive and accessible systems of care. I would be honored to support the Board's work and help advance initiatives that make a meaningful difference for Union County residents.
